Investment Type(s)	Loan
Investment Amount (USD)	$ 200.00 million
Loan Amount (USD)	$ 200.00 million
Project Cost (USD)	$ 634.10 million

Project Description

According to ADB website, ADB is helping the People’s Republic of China develop an efficient, safe, and affordable multimodal transport system in Anhui province. The project will upgrade provincial and national highways, develop highway sections designed to support public and nonmotorized transport, improve the inland waterway network’s capacity, construct an intermodal inland river port, and build institutional capacity. The project will:

1. Upgrade sections of provincial and national highways in Anhui Province and improve the safety features on these roads
2. Develop new highway sections designed to support public and nonmotorized transport
3. Improve the capacity of the province's inland waterway network
4. Construct an intermodal inland river port on the upgraded inland water channel
5. Strengthen institutional capacity for road and inland water transport

Investment Description

- Asian Development Bank (ADB)

No. 221 Middle Changjiang Road
Hefei, Anhui, P.R. of China 230001

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
