Project Description

The project will improve urban environment and public health conditions through improved urban services in Mandalay. The TA will assess technical appropriateness, financial and economic viability, and environmental and social soundness and develop MUSIP2 suitable for ADB financing.

The TA outputs will be (i) sector and subsector analyses, (ii) MUSIP2 outputs prioritized and identified, (iii) feasibility of the proposed investments for priority infrastructure construction and improvements determined, and (iv) institutional capacity strengthening and public awareness programs prepared. The TA will also prepare the project administration manual that includes all information and schedule describing project implementation.

Investment Description

- Asian Development Bank (ADB)

Urban Climate Change Resilience Trust Fund under the Urban Financing Partnership Facility US$ 0.23 million

Chan Aye Thar San Township
Mandalay, Myanmar

ACCOUNTABILITY MECHANISM OF ADB

The Accountability Mechanism is an independent complaint mechanism and fact-finding body for people who believe they are likely to be, or have been, adversely affected by an Asian Development Bank-financed project. If you submit a complaint to the Accountability Mechanism, they may investigate to assess whether the Asian Development Bank is following its own policies and procedures for preventing harm to people or the environment. You can learn more about the Accountability Mechanism and how to file a complaint at: http://www.adb.org/site/accountability-mechanism/main
