

# Due Diligence Report on Social Safeguards

---

June 2015

## IND: Madhya Pradesh District Connectivity Sector Project

Non-sample roads (Sagar Division)

1. Nirtala-Mandi Bamora Road
2. Bandri-Jaruwakheda Road
3. Damoh-Hindoriya-Patera Road
4. Prithvipur-Niwari Road
5. Palera-Baldeogarh Road
6. Ajaygarh-Bariyarpur Road

Prepared by the Madhya Pradesh Road Development Corporation, Government of India for the Asian Development Bank.

## CURRENCY EQUIVALENTS

Currency unit – Indian Rupees (INR)

(as of June 2015)

INR1.00	=	\$ 0.01562
\$1.00	=	INR 64.0385

## I. PROJECT OVERVIEW

### A. Project Background

1. The Government of Madhya Pradesh (GOMP) has been using a combination of budgetary, PPP, and ADB financing, to improve road network in Madhya Pradesh. ADB has supported numerous state highways and rural roads. However, the intermediate tier, major district roads (MDRs), have not been specifically targeted for improvement resulting in overall poor overall road network connectivity. MDRs form the key linkage between rural, peri-urban and urban areas, and have to be essentially developed to complete state road connectivity. GOMP has now proposed to improve the MDRs through the Madhya Pradesh District Connectivity Sector Project (the Project) financed by ADB. The Project will improve transport connectivity in the state by rehabilitating and upgrading major district roads (MDRs). The Project constitutes (i) rehabilitating and upgrading about 1,600 km of MDRs; (ii) improving road maintenance and asset management; and (iii) developing an efficient accident response system. MPRDC specifically, targeting MDRs to form key linkage between rural, peri-urban and urban areas and complete state road connectivity. The Executing Agency (EA) will be the GOMP acting through the Madhya Pradesh Road Development Authority (MPRDC) and the IAs will be the 10 Project Implementation Units (PIUs).

2. Under the sector loan modality of ADB, a resettlement framework for the project as a whole has been prepared. Sample projects are prepared at time of board approval and non-sample projects are being finalized by different consultants appointed for different MPRDC Divisions. Four sample roads have been fully appraised and 43 non-sample roads including this road are being prepared for approval. For all project roads, the improvement will be limited to within the existing right-of-way, therefore, no land acquisition is envisaged. The details of the project roads are given in following table:

**Table 1: Sample Subproject Details**

Road Name	Length (km)	District (s) Served	CD Block(s) Served
Nirtala-Mandi Bamora Road	24.9	Sagar	Khurai
Bandri – Jaruwakheda Road	24.2	Sagar	Khurai
Damoh-Hindoriya-Patera Road	26.4	Damoh	Damoh & Patera
Prithvipur – Niwari Road	22.6	Tikamgarh	Prithvipur & Niwari
Palera – Baldeogarh Road	38.4	Tikamgarh	Palera & Baldeogarh
Ajaygarh – Bariyarpur Road	24	Panna	Ajaygarh
Total	160.5	4	

## II. OBJECTIVES OF DUE DILIGENCE REPORT (DDR)

3. Objectives of this due diligence report is to: (i) determine whether the section of the subproject road is free of any resettlement impacts, e.g., land acquisition, displacement, adverse impacts on income and livelihood of both titled, non-titled Displaced Persons (DPs); and (ii) review the present field situation of this subproject.

4. The DDR also details the consultation process where the Grievance Redress Process was discussed with people living along the project corridor.

## **B. Methodology of due diligence**

5. A survey of the subproject affected households was carried out along the road in the months of April-June 2014 by respective Detailed Project Report (DPR) Consultant. The census was carried out based upon the detailed design drawings prepared by the DPR Consultant. The main objective of the survey was to prepare an inventory of all the affected assets and affected households. Another objective of the survey was to estimate the extent of resettlement impacts due to the Subproject implementation and to prepare a Resettlement Plan accordingly for compensating and providing necessary assistance to the eligible affected people based on ADB guidelines and prevailing law of India. The affected households were interviewed in the Subproject corridor by using structured questionnaire and discussions with the APs and other local people.

6. Along with the census survey of affected households, socioeconomic survey (20% sample) was also carried out in project area to understand social and economical scenario of the project area in the month of May 2014. Poverty and Social Analysis report has been prepared and submitted to ADB.

7. Special public consultations were arranged in the built up areas along the road, including where during initial assessment scope of temporary disruption of livelihood was observed. During field visits, the survey team of respective DPR Consultant made sure to note any views of persons who may be temporarily disrupted their livelihood during road construction activity.

8. During public consultations, information of project was explained by the representatives of DPR Consultant and MPRDC. Grievance Redress Mechanism was explained and distributed written note in local language (Hindi) on GRM along with list (names, address and contact numbers) of Grievance Redress Committees (GRCs) both MPRDC and divisional level to *Gram Panchayat*, and village key persons.

## **C. Measures to Minimize Impact**

9. The Design Standards of Indian Road Congress has been followed as the basis for the technical design of this Subproject. As an approach to reduce resettlement impact, the detailed design width has taken a variable width approach, ranging from 4.75 to 10 meters in different sections of road alignment as technically required. The detailed engineering design has taken 4.75 meters width for the single lane carriageway including hard shoulders and side drain within the built-up area.

## **III. GRIEVANCE REDRESS MECHANISM**

10. To gear up Grievance Redress System within project, a temporary "Grievance Redress Committees" both State (MPRDC) and Divisional level (PIU) have been established in time for community consultations. A guiding note of concept, importance and responsibilities of GRC have been prepared and distributed to all the respective members.

## **IV. INSTITUTIONAL ARRANGEMENT AND IMPLEMENTATION**

11. The Executing Agency for the project is GOMP through MPRDC. MPRDC is wholly owned by GoMP and has been equipped with adequate capacity to implement the project. The implementation arrangements basically follow the ongoing MPSRSP-II. A General Manager (GM) at MPRDC headquarter has been designated as person in charge for project implementation. The Environmental and Social Cell at MPRDC headquarters, reporting to the General Manager, will be

responsible for ensuring compliance with environmental and social safeguards of project roads. MPRDC has seven division offices (Bhopal, Jabalpur, Sagar, Gwalior, Ujjain, Indoor, and Rewa) acting as Project Implementation Units (PIUs), each headed by a Divisional Manager (Tech.) will be responsible for project road implementation in the field. MPRDC will engage Construction Supervision Consultants to act as the engineer for the construction contracts.

## V. CONCLUSIONS

12. The results of this Due Diligence study concludes that, there should be no issues of land acquisition and payment of compensation related to this project, if the detailed designs for the project does not change substantially. In case any claims or complaints are submitted during the project implementation period, an effective and efficient Grievance Redress Mechanism, being already in place, will enhance provision of timely and sensible hearings and facilitate solutions.

## VI. ROAD SPECIFIC FINDINGS

13. The following section presents the road-specific findings.

### A. Nirtala - Mandi Bamora Road

#### 1. Present Road Location

14. Madhya Pradesh the second largest state of the country has a geographic area of 30.82 million hectare, which constitutes 9.37% of the land area of the country. "Madhya Pradesh" by virtue of its geographical location can be termed as "Heart of India". The project roads starts from 0.00 km at Nirtala village at T-Junction at Sagar - Bina (NH-26) Road (24°4'28.97"N Latitude, 78°17'45.39"E Longitude) and ends at T-Junction of Kurwai-Pathari at Mandi Bamora Road at Km 24.9 and Latitude 24° 3'14.06"N, 78°5'17.09"E Longitude). It starts from Nirtala and passes through Bagthari, Sarkhedi, Silgaon, Ishawara, Rehatwas, and Dhansra, Gorha Villages. The road ("The Project Road") is situated in Central part of Madhya Pradesh State having a total length of 24.9 Km.

15. The project involves widening & Strengthening of existing roads within available ROW to in Intermediate lane (5.50m wide with 2.25m earthen shoulder both side). The total length of the project road is 24.9 km. This road will provide better connectivity to Nirtala to Mandi Bamora.

#### 2. Location Map and Binderies

### 3. Findings

16. Socioeconomic survey of the Subproject affected households was carried out along the road in the months of July 2014 by respective DPR Consultant. The census was carried out based upon the detailed design drawings prepared by the DPR Consultant. The main objective of the survey was to prepare an inventory of all the affected assets and affected households. Another objective of the survey was to estimate the extent of resettlement impacts due to the Subproject implementation and to prepare a Resettlement Plan accordingly for compensating and providing necessary assistance to the eligible affected people based on ADB guidelines and prevailing law of India. During field visit of PPTA team (Social and Environmental experts) in the month of July 2014, along with MPRDC and DPR Consultants representatives, it was observed that there will be no permanent or partial impact on any assets and also no road side vendor, encroachers or shop keepers will experience temporary disruption of livelihood during civil work activity.

17. Since there are no permanent or partial impact on any asset or temporary disruption of livelihood, it is decided to prepare a due diligence report for this section of road. The Project falls in **category C**, therefore no resettlement plan is required as there is no private land acquisition or acquisition of other assets. There is no displacement of people and there is no loss of permanent income is caused by sub project. Table 2 details the findings.

**Table 2: Resettlement Impact**

<b>Nature of impact</b>	<b>Magnitude of impact</b>
Number of houses to be displaced	No houses exist within ROW in built up and open area, therefore there are no resettlement issues related with housing.
Number of Directly Affected Persons (AP's)	There are no directly affected persons.
Loss of Agricultural Area / Cropland	There is no agriculture land require for improvement of existing road, therefore no loss of agricultural area / cropland.
Loss of Orchards	There are no losses of orchards.
Loss of structures / buildings	There is no loss of any structure / building.
Loss of individual and community livelihoods	There will be no loss of livelihood permanently or temporarily.
Temporary Disruption of Livelihood	No shop keeper, vendor or encroacher will experience temporary disruption of livelihood during civil work activity.
Damage or disturbance to public utility	Total 18 telephone / electric polls will be power relocated. No hand pumps supplying drinking water require relocation (Ref. DPR).
Loss of grazing and fishing activities	There is no loss of grazing and fishing activity.
Loss of community properties	There is no loss of community property
Government property	No Government property loss
Government property	No Government property loss
Indigenous People	There is no impact on Indigenous People
Project Awareness	Majority community beneficiaries are aware
Gender Impacts	During the discussion with community, especially with women it was observed that women's status is considered to be below that of men.

<b>Nature of impact</b>	<b>Magnitude of impact</b>
	They have low participation in decision making for socioeconomic activities.
Resettlement Budget	Not applicable
Implementation Schedule	Not applicable
Monitoring and Evaluation	The Monitoring & Evaluation activities of this sub-project will be limited to monitoring the implementation of construction. It will be ensured that the contractors include the employment of local labor force in the construction and post construction activities. A separate internal monitoring framework is designed (Appendix 6: Internal Monitoring (People's awareness and feedback)).

#### **4. Public Consultation, Disclosure and Information Dissemination**

##### **a. Public Consultation**

18. During socioeconomic survey of project area, public consultation was arranged on July 8, 2014 in village Nirtala, Sarkhedi, Rahatwas, Bamora and Dhansara villages on Khurai Block of Sagar district. (Appendix A.2: scanned copy of list of participants and signatures and Appendix A.3: public consultation photographs). During public consultation focus was mainly given on project details, benefits of the project etc.

- The respective civil work contractors should have discussion and share construction plan with road side residents and shop keepers prior to construction activity;
- Assurance of quality work required;
- Provision of drainage along the road is must;
- The respective civil work contractor should have mechanism to control air (dust) and noise pollution during construction within built up area.

19. At the end, Grievance Redress Mechanism and responsibilities of Grievance Redress Committee was explained and a note on GRM and information of GRCs (Hindi) was distributed to all people.

**Table 3: Public Consultation Profile**

<b>Sr. No.</b>	<b>Village/Town of Consultation</b>	<b>Block/District</b>	<b>Date of Consultation</b>	<b>No. of Participants</b>		
				<b>M</b>	<b>F</b>	<b>T</b>
1	Nirtala	Khurai/ Sagar	08/07/2014	1	8	9
2	Sarkhedi	Khurai/ Sagar	08/07/2014	-	9	9
3	Rahatwas	Khurai/ Sagar	08/07/2014	9	6	15
4	Bamora	Khurai/ Sagar	08/07/2014	15	1	16
5	Dhansara	Khurai/ Sagar	08/07/2014	17	-	17
			<b>TOTAL</b>	<b>42</b>	<b>24</b>	<b>66</b>

##### **b. Community's Overall Response to the Proposed Sub-Project**

20. The major concern of the community is of bad condition of existing road. Some residents also demanded employment of local persons during the construction activity period. The local communities' responses to the subproject are summarized as follows:

- **Project Awareness:** The majority of the beneficiary, especially men communities were found aware of the Project activities.
- **Effects on business and living conditions:** Almost all of the community expect a positive impact of the sub-project in terms of improved living standards.
- **Job Opportunities:** The communities requested to be hired for unskilled to semi-skilled jobs during the construction and operation of the project activities. In such case, priority will be given to women headed households identified during socioeconomic survey (Appendix A.4: Profile of Women Headed HH).
- **Provision of Drainage:** almost all the villagers reside along the road has made request of appropriate and effective drainage system.
- **Road Safety:** there is a possibility of accidents due to better quality of road; therefore road safety measures are necessary.
- **Road Quality:** the quality of road must be up to standards and road should be constructed within given time.

## B. Bandri-Jaruwakheda (MDR) Road

### 1. Present Road Location

21. Madhya Pradesh the second largest state of the country has a geographic area of 30.82 million hectare, which constitutes 9.37% of the land area of the country. "Madhya Pradesh" by virtue of its geographical location can be termed as "Heart of India". The project roads starts from 00.00 km at Bandri village at T-Junction at Sagar - Bina (NH-26) Road (24° 2'47.51"N Latitude, 78°37'51.72"E Longitude and ends at T Junction of Sagar – Jhasi Road at Km 24.7 Latitude 23°58'28.92"N, 78°28'57.03"E Longitude). It starts from Bandri and passes through Pithoriya, Semra, Basiya Gaon, Basiya Gaud, Mudra and Mudra-Juaruakheda Villages. The road ("The Project Road") is situated in Central part of Madhya Pradesh State having a total length of 24.2 Km.

22. The project involves widening & Strengthening of existing roads within available ROW to in Intermediate lane (5.50m wide with 2.25m earthen shoulder both side). The total length of the project road is 24.2 km. This road will provide better connectivity to Bandri and Jaruwakheda.

### 2. Location Map and Binderies

### 3. Findings

23. Socioeconomic survey of the Subproject affected households was carried out along the road in the months of July 2014 by respective DPR Consultant. The census was carried out based upon the detailed design drawings prepared by the DPR Consultant. The main objective of the survey was to prepare an inventory of all the affected assets and affected households. Another objective of the survey was to estimate the extent of resettlement impacts due to the Subproject implementation and to prepare a Resettlement Plan accordingly for compensating and providing necessary assistance to the eligible affected people based on ADB guidelines and prevailing law of India. During field visit of PPTA team (Social and Environmental experts) in the month of July 2014 along with MPRDC and DPR Consultants representatives, it was observed that there will be no permanent or partial impact on any assets and also no road side vendor, encroachers or shop keepers will experience temporary disruption of livelihood during civil work activity.

24. Since there are no permanent or partial impact on any asset or temporary disruption of livelihood, it is decided to prepare a due diligence report for this section of road. The Project falls in category C, therefore no resettlement plan is required as there is no private land acquisition or acquisition of other assets. There is no displacement of people and there is no loss of permanent income is caused by sub project. Table 4 details the findings.

**Table 4: Resettlement Impact**

<b>Nature of impact</b>	<b>Magnitude of impact</b>
Number of houses to be displaced	No houses exist within ROW in built up and open area, therefore there are no resettlement issues related with housing.
Number of Directly Affected Persons (AP's)	There are no directly affected persons.
Loss of Agricultural Area / Cropland	There is no agriculture land require for improvement of existing road, therefore no loss of agricultural area / cropland.
Loss of Orchards	There are no losses of orchards.
Loss of structures / buildings	There is no loss of any structure / building.
Loss of individual and community livelihoods	There will be no loss of livelihood permanently or temporarily.
Temporary Disruption of Livelihood	No shop keeper, vendor or encroacher will experience temporary disruption of livelihood during civil work activity.
Damage or disturbance to public utility	Total 5 telephone / electric polls will be power relocated. No hand pumps supplying drinking water require relocation (Ref. DPR).
Loss of grazing and fishing activities	There is no loss of grazing and fishing activity.
Loss of community properties	There is no loss of community property
Government property	No Government property loss
Government property	No Government property loss
Indigenous People	There is no impact on Indigenous People
Project Awareness	Majority community beneficiaries are aware
Gender Impacts	During the discussion with community, especially with women it was observed that women's status is considered to be below that of men. They have low participation in decision making for socioeconomic activities.

Nature of impact	Magnitude of impact
Resettlement Budget	Not applicable
Implementation Schedule	Not applicable
Monitoring and Evaluation	The Monitoring & Evaluation activities of this sub-project will be limited to monitoring the implementation of construction. It will be ensured that the contractors include the employment of local labor force in the construction and post construction activities. A separate internal monitoring framework is designed (Appendix 6: Internal Monitoring (People's awareness and feedback)).

#### 4. Public Consultation, Disclosure and Information Dissemination

##### a. Public Consultation

25. During socioeconomic survey of project area, public consultation was arranged on July 08, 2014 in village Pithoriya, Mudra and Basiya Gaud on (Khurai and Rahatgarh Block) of Sagar district. (Appendix B.2: scanned copy of list of participants and signatures and Appendix B.3: public consultation photographs). During public consultation focus was mainly given on project details, benefits of the project etc.

- The respective civil work contractors should have discussion and share construction plan with road side residents and shop keepers prior to construction activity;
- Assurance of quality work required;
- Provision of drainage along the road is must;
- The respective civil work contractor should have mechanism to control air (dust) and noise pollution during construction within built up area.

26. At the end, Grievance Redress Mechanism and responsibilities of Grievance Redress Committee was explained and a note on GRM and information of GRCs (Hindi) was distributed to all people. The consultation ended with signing of MOU by respective shop owners.

**Table 5: Public Consultation Profile**

Sr. No.	Village/Town of Consultation	Block / District	Date of Consultation	No. of Participants		
				M	F	T
1	Pithoriya	Khurai / Sagar	08/07/2014	-	14	14
2	Mudra Village	Rahatgarh / Sagar	08/07/2014	17	7	24
3	Basiya gaud	Khurai / Sagar	08/07/2014	15	-	15
<b>TOTAL</b>				<b>32</b>	<b>21</b>	<b>53</b>

##### b. Community's Overall Response to the Proposed Sub-Project

27. The major concern of the community is of bad condition of existing road. Some residents also demanded employment of local persons during the construction activity period. The local communities' responses to the subproject are summarized as follows:

- **Project Awareness:** The majority of the beneficiary, especially men communities were found aware of the Project activities.
- **Effects on business and living conditions:** Almost all of the community expect a positive impact of the sub-project in terms of improved living standards.

- **Job Opportunities:** The communities requested to be hired for unskilled to semi-skilled jobs during the construction and operation of the project activities. In such case, priority will be given to women headed households identified during socioeconomic survey (Appendix A.4: Profile of Women Headed HH).
- **Provision of Drainage:** almost all the villagers reside along the road has made request of appropriate and effective drainage system.
- **Road Safety:** there is a possibility of accidents due to better quality of road; therefore road safety measures are necessary.
- **Road Quality:** the quality of road must be up to standards and road should be constructed within given time.

## C. Damoh-Hindoriya-Patera (MDR) Road

### 1. Present Road Location

28. Madhya Pradesh the second largest state of the country has a geographic area of 30.82 million hectare, which constitutes 9.37% of the land area of the country. "Madhya Pradesh" by virtue of its geographical location can be termed as "Heart of India". The project road starts from Damoh-Bandakpur Y-Junction at Samnna village Km 6 away from damoh city (23°51'19.50"N Latitude, 79°29'13.06"E Longitude) and ends at Y- JunctionHatta-Kundalpur (SH-14) Road (Latitude 23°59'46.64"N, 79°40'56.58"E Longitude). It starts from Samannaand passes through Kariya Hajari, Aamkheda, Luhara Hindoriya, Deovdongra, Bamanpura and Patera Villages. The road ("The Project Road") is situated in Central part of Madhya Pradesh State having a total length of 26.4 Km.

29. The project involves widening & Strengthening of existing roads within available ROW to in Intermediate lane (5.50m wide with 2.25m earthen shoulder both side). The total length of the project road is 26.4 km. This road will provide better connectivity to Damoh and Patera.

### 2. Location Map and Binderies

### 3. Findings

30. Socioeconomic survey of the Subproject affected households was carried out along the road in the months of July 2014 by respective DPR Consultant. The census was carried out based upon the detailed design drawings prepared by the DPR Consultant. The main objective of the survey was to prepare an inventory of all the affected assets and affected households. Another objective of the survey was to estimate the extent of resettlement impacts due to the Subproject implementation and to prepare a Resettlement Plan accordingly for compensating and providing necessary assistance to the eligible affected people based on ADB guidelines and prevailing law of India. During field visit by PPTA team (Social and Environmental Experts) in the month of July 2014 along with MPRDC and DPR Consultants representatives, it was observed that there will be no permanent or partial impact on any assets and also no road side vendor, encroachers or shop keepers will experience temporary disruption of livelihood during civil work activity.

31. Since there are no permanent or partial impact on any asset or temporary disruption of livelihood, it is decided to prepare a due diligence report for this section of road. The Project falls in **category C**, therefore no resettlement plan is required as there is no private land acquisition or acquisition of other assets. There is no displacement of people and there is no loss of permanent income is caused by sub project. Table 6 details the findings.

**Table 6: Resettlement Impact**

<b>Nature of impact</b>	<b>Magnitude of impact</b>
Number of houses to be displaced	No houses exist within ROW in built up and open area, therefore there are no resettlement issues related with housing.
Number of Directly Affected Persons (AP's)	There are no directly affected persons.
Loss of Agricultural Area / Cropland	There is no agriculture land require for improvement of existing road, therefore no loss of agricultural area / cropland.
Loss of Orchards	There are no losses of orchards.
Loss of structures / buildings	There is no loss of any structure / building.
Loss of individual and community livelihoods	There will be no loss of livelihood permanently or temporarily.
Temporary Disruption of Livelihood	No shop keeper, vendor or encroacher will experience temporary disruption of livelihood during civil work activity.
Damage or disturbance to public utility	Total 4 telephone / electric polls will be power relocated. No hand pumps supplying drinking water require relocation (Ref. DPR).
Loss of grazing and fishing activities	There is no loss of grazing and fishing activity.
Loss of community properties	There is no loss of community property
Government property	No Government property loss
Government property	No Government property loss
Indigenous People	There is no impact on Indigenous People
Project Awareness	Majority community beneficiaries are aware
Gender Impacts	During the discussion with community, especially with women it was observed that women's status is considered to be below that of men. They have low participation in decision making for socioeconomic activities.
Resettlement Budget	Not applicable

Nature of impact	Magnitude of impact
Implementation Schedule	Not applicable
Monitoring and Evaluation	The Monitoring & Evaluation activities of this sub-project will be limited to monitoring the implementation of construction. It will be ensured that the contractors include the employment of local labor force in the construction and post construction activities. A separate internal monitoring framework is designed (Appendix 6: Internal Monitoring (People's awareness and feedback)).

### 3. Public Consultation, Disclosure and Information Dissemination

#### a. Public Consultation

32. During socioeconomic survey of project area, public consultation was arranged on July 07, 2014 in village Karaiya Hazari, Amhakheda, Luharra, Hindoriya, Kakrana and Patera on Damoh Block of Damoh district. (Appendix C.2: scanned copy of list of participants and signatures and Appendix C.3: public consultation photographs). During public consultation focus was mainly given on project details, benefits of the project etc.

- The respective civil work contractors should have discussion and share construction plan with road side residents and shop keepers prior to construction activity;
- Assurance of quality work required;
- Provision of drainage along the road is must;
- The respective civil work contractor should have mechanism to control air (dust) and noise pollution during construction within built up area.

33. At the end, Grievance Redress Mechanism and responsibilities of Grievance Redress Committee was explained and a note on GRM and information of GRCs (Hindi) was distributed to all people. The consultation ended with signing of MOU by respective shop owners.

## D. Prithvipur-Niwari (MDR) Road

### 1. Present Road Location

35. Madhya Pradesh the second largest state of the country has a geographic area of 30.82 million hectare, which constitutes 9.37% of the land area of the country. "Madhya Pradesh" by virtue of its geographical location can be termed as "Heart of India". The project roads starts from 0.00 km at Prithvipur village at T-Junction at Jhansi-Tikamgarh (NH-12A) Road (25°12'32.35"N Latitude, 78°44'53.35"E Longitude) and Ends at Niwari Village T-Junction of (Chatarpur-Jhansi)(NH-76) Road at Km 24.9 (Latitude 25°22'7.56"N, 78°48'46.09"E Longitude). It starts from Prithvipur and passes through Jiyar Bhata, Ladwari, Rajapur, Kulua Khas and Niwari fatak at Niwari Villages. The road ("The Project Road") is situated in Central part of Madhya Pradesh State having a total length of 22.6 Km.

36. The project involves widening & Strengthening of existing roads within available ROW to in Intermediate lane (5.50m wide with 2.25m earthen shoulder both side). The total length of the project road is 22.6 km. This road will provide better connectivity to Prithvipur and Niwari.

### 2. Location Map and Binderies

### 3. Findings

37. Socioeconomic survey of the Subproject affected households was carried out along the road in the months of July 2014 by respective DPR Consultant. The census was carried out based upon the detailed design drawings prepared by the DPR Consultant. The main objective of the survey was to prepare an inventory of all the affected assets and affected households. Another objective of the survey was to estimate the extent of resettlement impacts due to the Subproject implementation and to prepare a Resettlement Plan accordingly for compensating and providing

necessary assistance to the eligible affected people based on ADB guidelines and prevailing law of India. During field visit of ADB Staff Consultant (Social Development) on Feb. 27, 2015 along with MPRDC and DPR Consultants representatives, it was observed that there will be no permanent or partial impact on any assets and also no road side vendor, encroachers or shop keepers will experience temporary disruption of livelihood during civil work activity.

38. Since there are no permanent or partial impact on any asset or temporary disruption of livelihood, it is decided to prepare a due diligence report for this section of road. The Project falls in **category C**, therefore no resettlement plan is required as there is no private land acquisition or acquisition of other assets. There is no displacement of people and there is no loss of permanent income is caused by sub project. Table 8 details the findings.

**Table 8: Resettlement Impact**

<b>Nature of impact</b>	<b>Magnitude of impact</b>
Number of houses to be displaced	No houses exist within ROW in built up and open area, therefore there are no resettlement issues related with housing.
Number of Directly Affected Persons (AP's)	There are no directly affected persons.
Loss of Agricultural Area / Cropland	There is no agriculture land require for improvement of existing road, therefore no loss of agricultural area / cropland.
Loss of Orchards	There are no losses of orchards.
Loss of structures / buildings	There is no loss of any structure / building.
Loss of individual and community livelihoods	There will be no loss of livelihood permanently or temporarily.
Temporary Disruption of Livelihood	No shop keeper, vendor or encroacher will experience temporary disruption of livelihood during civil work activity.
Damage or disturbance to public utility	Total 26 telephone / electric polls will be power relocated. No hand pumps supplying drinking water require relocation (Ref. DPR).
Loss of grazing and fishing activities	There is no loss of grazing and fishing activity.
Loss of community properties	There is no loss of community property
Government property	No Government property loss
Government property	No Government property loss
Indigenous People	There is no impact on Indigenous People
Project Awareness	Majority community beneficiaries are aware
Gender Impacts	During the discussion with community, especially with women it was observed that women's status is considered to be below that of men. They have low participation in decision making for socioeconomic activities.
Resettlement Budget	Not applicable
Implementation Schedule	Not applicable
Monitoring and Evaluation	The Monitoring & Evaluation activities of this sub-project will be limited to monitoring the implementation of construction. It will be ensured that the contractors include the employment of local labor force in the construction and post construction activities. A separate internal monitoring framework is designed (Appendix 6: Internal Monitoring (People's awareness and feedback).

#### 4. Public Consultation, Disclosure and Information Dissemination

##### a. Public Consultation

39. During socioeconomic survey of project area, public consultation was arranged on July 06, 2014 in village Jiyar Bhata, Kulua, Ladwari, Rajapur and Niwari on prithvipur Block of Tikamgarh district. (Appendix D.2: scanned copy of list of participants and signatures and Appendix D.3: public consultation photographs). During public consultation focus was mainly given on project details, benefits of the project etc.

- The respective civil work contractors should have discussion and share construction plan with road side residents and shop keepers prior to construction activity;
- Assurance of quality work required;
- Provision of drainage along the road is must;
- The respective civil work contractor should have mechanism to control air (dust) and noise pollution during construction within built up area.

40. At the end, Grievance Redress Mechanism and responsibilities of Grievance Redress Committee was explained and a note on GRM and information of GRCs (Hindi) was distributed to all people. The consultation ended with signing of MOU by respective shop owners.

**Table 9: Public Consultation Profile**

Sr. No.	Village/Town of Consultation	Block / District	Date of Consultation	No. of Participants		
				M	F	T
1	Jiyar Bhata	Prithvipur / Tikamgarh	06/07/2014	10	7	17
2	Kulua	Prithvipur / Tikamgarh	06/07/2014	9	7	16
3	Ladwari	Prithvipur / Tikamgarh	06/07/2014	13	-	13
4	Rajapur	Prithvipur / Tikamgarh	06/07/2014	14	2	16
5	Niwari	Prithvipur / Tikamgarh	06/07/2014	17	-	17
			<b>TOTAL</b>	<b>63</b>	<b>16</b>	<b>79</b>

##### b. Community's Overall Response to the Proposed Sub-Project

41. The major concern of the community is of bad condition of existing road. Some residents also demanded employment of local persons during the construction activity period. The local communities' responses to the subproject are summarized as follows:

- **Project Awareness:** The majority of the beneficiary, especially men communities were found aware of the Project activities.
- **Effects on business and living conditions:** Almost all of the community expect a positive impact of the sub-project in terms of improved living standards.
- **Job Opportunities:** The communities requested to be hired for unskilled to semi-skilled jobs during the construction and operation of the project activities. In such case, priority will be given to women headed households identified during socioeconomic survey (Appendix A.4: Profile of Women Headed HH).
- **Provision of Drainage:** almost all the villagers reside along the road has made request of appropriate and effective drainage system.
- **Road Safety:** there is a possibility of accidents due to better quality of road; therefore road safety measures are necessary.
- **Road Quality:** the quality of road must be up to standards and road should be constructed within given time.

## E. Palera-Baldeogarh (MDR) Road

### 1. Present Road Location

42. Madhya Pradesh the second largest state of the country has a geographic area of 30.82 million hectare, which constitutes 9.37% of the land area of the country. "Madhya Pradesh" by virtue of its geographical location can be termed as "Heart of India". The project roads starts from 0.00 km at Palera village at Y-Junction at (Palera-Tikamgarh) Road (25° 1'27.91"N Latitude, 79°13'28.60"E Longitude and ends at T-Junction of Chhatarpur-Tikamgarh(SH-10) at Baldeogarh Road at Km 38.4 (Latitude 24°45'16.16"N and 79° 3'54.38"E Longitude). Palera-Baldeogarh road ("The Project Road") is situated in Central part of Madhya Pradesh State having a total length of 38.4 Km. It starts from Palera and passes through Lahar Bzurg, Pucch Khirkiya, Rampura, Pathargua, Matol Khas, Khera kanchanpura, Shivanagar, Phuter Chakar, Khargapur, Bhelsi and Baldeogarh Villages. The road ("The Project Road") is situated in Central part of Madhya Pradesh State having a total length of 38.4Km.

43. The project involves widening & Strengthening of existing roads within available ROW to in Intermediate lane (5.50m wide with 2.25m earthen shoulder both side). The total length of the project road is 38.4 km. This road will provide better connectivity to Plaera and Baldeogarh.

### 2. Location Map and Binderies

### 3. Findings

44. Socioeconomic survey of the Subproject affected households was carried out along the road in the months of July 2014 by respective DPR Consultant. The census was carried out based upon the detailed design drawings prepared by the DPR Consultant. The main objective of the survey was to prepare an inventory of all the affected assets and affected households. Another objective of the survey was to estimate the extent of resettlement impacts due to the Subproject

implementation and to prepare a Resettlement Plan accordingly for compensating and providing necessary assistance to the eligible affected people based on ADB guidelines and prevailing law of India. During field visit of ADB Staff Consultant (Social Development) on Feb 27, 2015 along with MPRDC and DPR Consultants representatives, it was observed that there will be no permanent or partial impact on any assets and also no road side vendor, encroachers or shop keepers will experience temporary disruption of livelihood during civil work activity.

45. Since there are no permanent or partial impact on any asset or temporary disruption of livelihood, it is decided to prepare a due diligence report for this section of road. The Project falls in **category C**, therefore no resettlement plan is required as there is no private land acquisition or acquisition of other assets. There is no displacement of people and there is no loss of permanent income is caused by sub project. Table 10 details the findings.

**Table 10: Resettlement Impact**

<b>Nature of impact</b>	<b>Magnitude of impact</b>
Number of houses to be displaced	No houses exist within ROW in built up and open area, therefore there are no resettlement issues related with housing.
Number of Directly Affected Persons (AP's)	There are no directly affected persons.
Loss of Agricultural Area / Cropland	There is no agriculture land require for improvement of existing road, therefore no loss of agricultural area / cropland.
Loss of Orchards	There are no losses of orchards.
Loss of structures / buildings	There is no loss of any structure / building.
Loss of individual and community livelihoods	There will be no loss of livelihood permanently or temporarily.
Temporary Disruption of Livelihood	No shop keeper, vendor or encroacher will experience temporary disruption of livelihood during civil work activity.
Damage or disturbance to public utility	Total 21 telephone / electric polls will be power relocated. 1 hand pumps supplying drinking water require relocation (Ref. DPR).
Loss of grazing and fishing activities	There is no loss of grazing and fishing activity.
Loss of community properties	There is no loss of community property
Government property	No Government property loss
Government property	No Government property loss
Indigenous People	There is no impact on Indigenous People
Project Awareness	Majority community beneficiaries are aware
Gender Impacts	During the discussion with community, especially with women it was observed that women's status is considered to be below that of men. They have low participation in decision making for socioeconomic activities.
Resettlement Budget	Not applicable
Implementation Schedule	Not applicable
Monitoring and Evaluation	The Monitoring & Evaluation activities of this sub-project will be limited to monitoring the implementation of construction. It will be ensured that the contractors include the employment of local labor force in the construction and post construction activities. A separate internal monitoring framework is designed (Appendix 6: Internal Monitoring (People's awareness and feedback).

#### 4. Public Consultation, Disclosure and Information Dissemination

##### a. Public Consultation

46. During socioeconomic survey of project area, public consultation was arranged on Sept. 16, 2014 in village Tamora, Patharguan, Bhelsi, Phuter, and Rampur/Niwari on Palera and Baldeogarh Block of Tikamgarh district. (Appendix E.2: scanned copy of list of participants and signatures and Appendix E.3: public consultation photographs). During public consultation focus was mainly given on project details, benefits of the project etc.

- The respective civil work contractors should have discussion and share construction plan with road side residents and shop keepers prior to construction activity;
- Assurance of quality work required;
- Provision of drainage along the road is must;
- The respective civil work contractor should have mechanism to control air (dust) and noise pollution during construction within built up area.

47. At the end, Grievance Redress Mechanism and responsibilities of Grievance Redress Committee was explained and a note on GRM and information of GRCs (Hindi) was distributed to all people. The consultation ended with signing of MOU by respective shop owners.

**Table 11: Public Consultation Profile**

Sr. No.	Village/Town of Consultation	Block / district	Date of Consultation	No. of Participants		
				M	F	T
1	Rampura/Niwari	Palera	16/09/2014	11	-	11
2	Phuter	Baldeogarh	16/09/2014	-	10	10
3	Bhelsi	Baldeogarh	16/09/2014	-	16	16
4	Pathrguan	Baldeogarh	16/09/2014	12	-	12
5	Tamora	Baldeogarh	16/09/2014	7	10	17
			<b>TOTAL</b>	<b>30</b>	<b>36</b>	<b>66</b>

##### b. Community's Overall Response to the Proposed Sub-Project

48. The major concern of the community is of bad condition of existing road. Some residents also demanded employment of local persons during the construction activity period. The local communities' responses to the subproject are summarized as follows:

- **Project Awareness:** The majority of the beneficiary, especially men communities were found aware of the Project activities.
- **Effects on business and living conditions:** Almost all of the community expect a positive impact of the sub-project in terms of improved living standards.
- **Job Opportunities:** The communities requested to be hired for unskilled to semi-skilled jobs during the construction and operation of the project activities. In such case, priority will be given to women headed households identified during socioeconomic survey (Appendix A.4: Profile of Women Headed HH).
- **Provision of Drainage:** almost all the villagers reside along the road has made request of appropriate and effective drainage system.
- **Road Safety:** there is a possibility of accidents due to better quality of road; therefore road safety measures are necessary.
- **Road Quality:** the quality of road must be up to standards and road should be constructed within given time.

## F. Ajaygarh - Bariyarpur (MDR) Road

### 1. Present Road Location

49. Madhya Pradesh the second largest state of the country has a geographic area of 30.82 million hectare, which constitutes 9.37% of the land area of the country. "Madhya Pradesh" by virtue of its geographical location can be termed as "Heart of India". The project road starts from Y-Junction Ajaygarh-panna (SH-49) km0.00 at Ajaygarh Village (24°54'14.95"N, Latitude, 80°15'53.51"E Longitude) and End at T-Junction of Bariyarpur Village at km 24 (Latitude 24°51'4.82"N, 80°5'58"E Longitude).It starts from Ajaygarh and passes through Bahadur Ganj, Aamaha, Sinhai, Kuwarpur, Banhari Kala, Sabdua Dewra and Bariyarpur Villages. The road ("The Project Road") is situated in Central part of Madhya Pradesh State having a total length of 24 Km.

50. The project involves widening & Strengthening of existing roads within available ROW to in Intermediate lane (5.50m wide with 2.25m earthen shoulder both side). The total length of the project road is 24 km. This road will provide better connectivity to Ajaygarh to Bariyarpur.

### 2. Location Map and Boundaries

### 3. Findings

51. Socioeconomic survey of the Subproject affected households was carried out along the road in the months of July 2014 by respective DPR Consultant. The census was carried out based upon the detailed design drawings prepared by the DPR Consultant. The main objective of the survey was to prepare an inventory of all the affected assets and affected households. Another objective of the survey was to estimate the extent of resettlement impacts due to the Subproject implementation and to prepare a Resettlement Plan accordingly for compensating and providing necessary assistance to the eligible affected people based on ADB guidelines and prevailing law of India. During field visit of ADB Staff Consultant (Social Development) on Feb 26, 2015 along with MPRDC and DPR Consultants representatives, it was observed that there will be no permanent or partial impact on any assets and also no road side vendor, encroachers or shop keepers will experience temporary disruption of livelihood during civil work activity.

52. Since there are no permanent or partial impact on any asset or temporary disruption of livelihood, it is decided to prepare a due diligence report for this section of road. The Project falls in **category C**, therefore no resettlement plan is required as there is no private land acquisition or acquisition of other assets. There is no displacement of people and there is no loss of permanent income is caused by sub project. Table 12 details the findings.

**Table 12: Resettlement Impact**

<b>Nature of impact</b>	<b>Magnitude of impact</b>
Number of houses to be displaced	No houses exist within ROW in built up and open area, therefore there are no resettlement issues related with housing.
Number of Directly Affected Persons (AP's)	There are no directly affected persons.
Loss of Agricultural Area / Cropland	There is no agriculture land require for improvement of existing road, therefore no loss of agricultural area / cropland.
Loss of Orchards	There are no losses of orchards.
Loss of structures / buildings	There is no loss of any structure / building.
Loss of individual and community livelihoods	There will be no loss of livelihood permanently or temporarily.
Temporary Disruption of Livelihood	No shop keeper, vendor or encroacher will experience temporary disruption of livelihood during civil work activity.
Damage or disturbance to public utility	Total 8 telephone / electric polls will be power relocated. No hand pumps supplying drinking water require relocation (Ref. DPR).
Loss of grazing and fishing activities	There is no loss of grazing and fishing activity.
Loss of community properties	There is no loss of community property
Government property	No Government property loss
Government property	No Government property loss
Indigenous People	There is no impact on Indigenous People
Project Awareness	Majority community beneficiaries are aware
Gender Impacts	During the discussion with community, especially with women it was observed that women's status is considered to be below that of men. They have low participation in decision making for socioeconomic activities.

Nature of impact	Magnitude of impact
Resettlement Budget	Not applicable
Implementation Schedule	Not applicable
Monitoring and Evaluation	The Monitoring & Evaluation activities of this sub-project will be limited to monitoring the implementation of construction. It will be ensured that the contractors include the employment of local labor force in the construction and post construction activities. A separate internal monitoring framework is designed (Appendix 6: Internal Monitoring (People's awareness and feedback)).

#### 4. Public Consultation, Disclosure and Information Dissemination

##### a. Public Consultation

53. During socioeconomic survey of project area, public consultation was arranged on Sept. 02, 2014 in village Amha, Bahadur, Sinhai, Banhari, Sabdua, Kuarpur and bariyarpur on Panna Block of Panna district. (Appendix F.2: scanned copy of list of participants and signatures and Appendix F.3: public consultation photographs). During public consultation focus was mainly given on project details, benefits of the project etc.

- The respective civil work contractors should have discussion and share construction plan with road side residents and shop keepers prior to construction activity;
- Assurance of quality work required;
- Provision of drainage along the road is must;
- The respective civil work contractor should have mechanism to control air (dust) and noise pollution during construction within built up area.

54. At the end, Grievance Redress Mechanism and responsibilities of Grievance Redress Committee was explained and a note on GRM and information of GRCs (Hindi) was distributed to all people. The consultation ended with signing of MOU by respective shop owners.

**Table 13: Public Consultation Profile**

7	Bariyarpur	Panna	02/09/2014	15	17	32
			<b>TOTAL</b>	59	52	<b>111</b>

##### b. Community's Overall Response to the Proposed Sub-Project

55. The major concern of the community is of bad condition of existing road. Some residents also demanded employment of local persons during the construction activity period. The local communities' responses to the subproject are summarized as follows:

- **Project Awareness:** The majority of the beneficiary, especially men communities were found aware of the Project activities.
- **Effects on business and living conditions:** Almost all of the community expect a positive impact of the sub-project in terms of improved living standards.
- **Job Opportunities:** The communities requested to be hired for unskilled to semi-skilled jobs during the construction and operation of the project activities. In such case, priority will be given to women headed households identified during socioeconomic survey (Appendix A.4: Profile of Women Headed HH).
- **Provision of Drainage:** almost all the villagers reside along the road has made request of appropriate and effective drainage system.
- **Road Safety:** there is a possibility of accidents due to better quality of road; therefore road safety measures are necessary.
- **Road Quality:** the quality of road must be up to standards and road should be constructed within given time.
