

CONTRIBUTION TO THE ADB RESULTS FRAMEWORK

1. The project contributes to country outcomes in the priority sector of urban development and finance sector development in Strategy 2020 of the Asian Development Bank (ADB).¹ The following table shows the relevant measures of the project's contribution to ADB's results framework at the country level:

Table 1: Project's Contribution to ADB Result Framework

Results Framework Indicator (Level 2)	Target	Methods and/or Comments
New households connected to water supply	375	The current project will provide low cost affordable housing loan to at least 3,750 households, and it is assumed that at least 10% of these households were not previously connected to water supply.
Households served with new sanitation connections	3,000	The current project will provide low cost affordable housing loan to at least 3,750 households, and it is assumed that at least 80% of these households will benefit from new (including improved) sanitation services.

2. The project also contributes to ADB's results framework at level 3 on ADB's operation effectiveness by increasing:

- (i) the proportion of lending to Strategy 2020 core operational areas to 80% by 2012,
- (ii) the proportion of projects supporting private sector development to 30% by 2012, and
- (iii) the proportion of projects supporting environmental sustainability to 25% by 2012.
