

CONTRIBUTION TO THE ADB RESULTS FRAMEWORK

No.	Level 2 Results Framework Indicators (Outputs and Outcomes)	Targets	Methods / Comments
Transport			
1	Roads built or upgraded - Provincial, district, and rural roads (kilometers)	100 km	The project is connecting approximately 100 km of major road links in Guadalcanal Province by reinstating the infrastructure damaged by the April 2014 floods.

Climate Resilience

None.

The project will contribute to the environment, one of Asian Development Bank's (ADB) core areas of operation under Strategy 2020. In particular, it will support Solomon Islands in adapting "to the unavoidable impacts of climate change—including those related to health—through national and municipal planning, investments in defensive measures, (...) and "climate-proofing" projects." The project will also contribute to improve capacity for disaster risk management, as identified in Strategy 2020 Core Areas of Operation as a vital part of the development process.¹
