FAISALABAD – KHANEWAL MOTORWAY PROJECT (M4)
 2nd Internal Monitoring Report for the Implementation of LARP & CAP of
 National Motorway M-4 Shorkot-Khanewal Section Project
 (120+268 – 184+487 = 64 km).

1. INTRODUCTION

1.1 Background

1. With financial assistance by ADB, NHA is implementing National Motorway M-4 Gojra-Shorkot-Khanewal Project. For execution of project works the National Motorway M-4 Gojra-Shorkot-Khanewal Section (126 Km) is divided in two projects i.e. P: 48402-001 M-4 Gojra-Shorkot Section-62 Km (M-4 Section-II) and P: 48402-002 M-4 Shorkot-Khanewal Section -64 Km (M-4 Section-III). P: 48402-001 M-4 Gojra-Shorkot Section-62 Km (M-4 Section-II) is being implemented under loan Pak 3300 approved in December 2015 and M-4 Shorkot-Khanewal Section-64 km (P: 48402-002) is being implemented as Additional Finance Projects under Loan 3395 through a co-financing arrangement with AIIB. This report is the second internal quarterly monitoring report on the implementation of LARP for M-4 Shorkot-Khanewal Section/Section-III (P: 48402-002).

2. M-4 Section-III starts at M-4 chainage 120+268 (end point of M-4 Gojra-Shorkot Section) at Mouza Kakki Kohna and after crossing through various rural settlements, ends at chainage 184+487 km in Mouza Shamkot (near Khanewal city). The project works include construction of four lane dual carriage way with four (4) interchanges located at Chainage 148+400 km (Abdul Hakeem Interchange), Chainage 166+00 km (Makhdoompur Interchange), Chainage 178+070 km (Kabirwala Interchange) and 184+00 km (Khanewal Interchange). The project is located in the jurisdiction of two districts named Jhang and Khanewal. The location map of the proposed section is given in Figure 1.

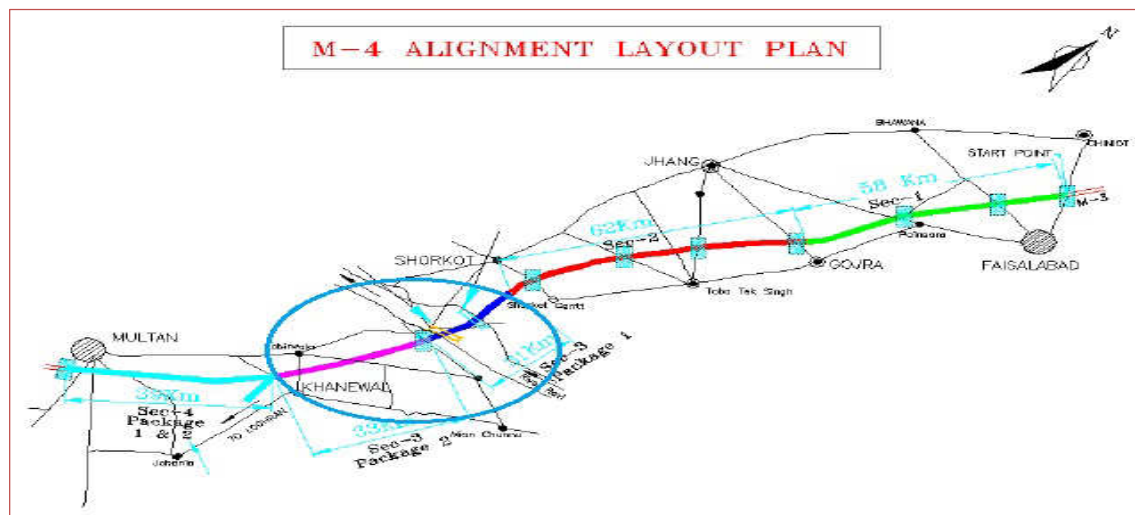

Figure 1: Location Map of M-4

1.2 Land Acquisition and Resettlement Impacts of M-4 Shorkot-Khanewal Project.

3. The project road alignment passes through green fields for which 100 meter ROW of 64 Km long carriageway and 40 meter ROW of interchange loops carriageways has been acquired to execute the project civil works. The ROW land was acquired following

the provisions of Land Acquisition Act 1894 and ADB's Safeguards Policy Statement (SPS, 2009). A Land Acquisition and Resettlement Plan (LARP) was finalized, approved and disclosed by ADB in January 2016. After fulfilling legal procedures under LAA provisions, between years 2013-2016, land awards for ROW carriageway land and one interchange carriageway land located in District Jahng and Khanewal were announced and implementation started subsequently. However, the legal process for land awards of three interchanges is still in process.

4. Table 1.1 provides a summary of LAR impacts as of ADB cleared LARP and updated databases as of the 2nd Internal Monitoring Report. The updated status of entitled allowances is provided in Table 1.2 below:

¹ In the updated databases acquired land area at i) and iii) and compensation cost at i) changed because public ROW land occupied under irrigation water channels in acquired area were deducted from the area of the affected private land i) and added to govt land at iii). While, at ii), updated database is as of published notification 6 and BOR costs to be awarded accordingly. The number of DPs changed in updated database because of apportionment of entitled compensation between joint land holders.

² Due to acquisition of land, DPs also face loss for assets like structures, trees and crops on the acquired land. So, the DPs mentioned against losses other than land are also counted above in the Land Owner DPs. Prior to payment for acquired assets, area and type of assets is verified by land staff. Verified assets and entitled DPs are encoded into the database.

³ These include two government schools (one middle (upto grade-viii) and one primary (upto grade-v) and three prayer places i.e. two small mosques and one prayer place with small wall, constructed by the DPs in acquired land. The government schools will be demolished and shifted out of ROW.

⁴ In the LARP database, the total number of payable DPs losing fruit trees (712 DPs) and non-fruit trees (693 DPs) were summed up mistakenly and due to double count the total of DPs losing trees are shown as 1405. The updated MIS database removed double count. QActual number of DPs losing trees is 740.

1.3 Objectives of the IMR and Monitoring Indicators

5. This 2nd Internal monitoring report (IMR) is for the period from July to September 2016. It aims to provide an update on:

- i) Delivery of compensation against acquired assets and allowances;
- ii) Community consultations, LARP disclosures and information dissemination measures implemented;
- iii) Grievance redress mechanism established and progress on grievances received and redressed; and
- iv) Recommended actions to improve safeguards management and timely delivery of compensation.

1.4 Monitoring Methodology

6. Monitoring is a continuous function for assessment of achieved progress on specified objectives and it is based on review, collection and compilation of data as well as the different actions and activities performed to achieve the targeted goals. In Land Acquisition and Resettlement Planning, the monitoring is a tool to review achieved progress on monitor able indicators outlined in the LARP including but not limited to i) status of land acquisition and delivery of compensations for acquired assets, ii) implementation of resettlement/rehabilitation and livelihood restoration measures, iii) activities/actions performed to outreach affected communities and stakeholders for information dissemination and coordination to fulfill LAR objectives and iv) handling of grievances and gender concerns etc.

7. Methodolgy for this monitoring report includes a review of LARP implementation progress data and consultations with key informants and the displaced persons. The monitoring instruments included i) review of census information from the updated LARP, ii) consultations with DPS and key informant interviews and iii) review of the a) compensation payment progress achieved for acquired land and land-based assets, c)

⁵ The additional crop allowance is paid against acquired crop area to DPS entitled for crop compensation, so costs and number of DPS are updated following updated crop area and number of DPS in table 1-1 above.

monthly progress reports compiled by the land acquisition unit and SSMC teams, d) consultation and field visit reports compiled by the social mobilizers and DPCs consultation record, e) GRC meeting minutes and other available record on implementation of LARP provisions. Community meetings and consultations/interviews with the affected communities were also conducted.

2. LAR IMPLEMENTATION STATUS

8. Out of 1514.4 acres of privately owned land that needs to be acquired, 1461.93 acres of the main carriageway ROW and one interchange land owned by 6218 DPs had been awarded between Septmebr 2015 and Feburary 2016 (**refer Annex-1A**). The required compensation amounts have been deposited at the District Treasury for disbursement. The land awards were announced in the presence of affected people in respective villages and compensation payment process started immediately after announment of awards. As per LAA procedures, DPs have up to six weeks from date of announcement to challenge the award. DPs who were not around at the time of award have up to 6 months to be notified and come forward to submit their documents and claim their compensation. In areas where land awards have been announced, several notifications, including visits and announcements in communities have been conducted. For the entire carriageway and one interchange, adequate time (6 months) for claiming compensation and sufficient notification and efforts to reach DPs have been made as required by law and the LARP. For the remaining 52.47 acres for three Interchanges, the legal process for the announcement of awards for 214 DPs is expected to be completed by December 2016.

9. Day to day LARP implementation and monitoring is bestowed on Land Acquisition Unit in PIU/PMU established for M-4. Safeguards management capacity of PMU/PIU and effective implementation and monitoring of LARP is ensured through Social Safeguards Management Consultants at M-4 Project. Periodic internal monitoring reports are prepared and shared with the NHA EALS and ADB and this is second internal monitoring report covering LARP implementation period from July 2016-Septemebr 2016.

10. The subsequent sections provide a brief on the LARP implementation progress achieved including LARP database management, compensation payments, issues encountered, outreach to DPs, consultations and information disclosure activities performed, and grievance redress mechanism. The IMR also includes progress on obtaining additional documentation for DPs facing different types of legal and administrative impediments.

2.1 Updating MIS database management and monitoring

11. Development of the MIS database (Access based) management system for the project is ongoing..The following key tasks have been carried out during the reporting period:

- Collected the LARP data from NHA and NESPAK relating to Section-III and started its updating keeping in view different categories payments of compensation such as land, structure, crops, trees and allowances and change in the titleholder because of inheritance/ ownership transfer cases.
- Designed a database for data inputting & analysis keeping in view the different categories of payment. The data is being entered based on the Revenue record locally. Available LAR data is incorporated in the MIS system and countercheck/verification of entered data is under progress to make MIS free form errors and multiple entries. The MIS system for M-4 Section-III will be in place in November 2016.

2.2 LARP implementation as of 1st Monitoring Report (April to June 2016)

12. As of June 2016, Rs 508.903 million (Rs 441.813 million compensation cost for land and land based assets and Rs. 67.093 million for entitled R&R Allowances) remains

to be disbursed for 3261 DPs (3047 DPs for awarded land and 214 DPs for unawarded land were to be paid). Full assessed compensation cost had been deposited in treasury for entire awarded and unawarded land and land based assets while amount for allowances is provided in the project account. Categories of undisbursed compensation for awarded and unawarded land and number of unpaid DPs in different impact categories as of the previous monitoring report is provided in Table 2.1 below:

2.3 LARP Implementation progress achieved in reporting period (July-September 2016)

13. As of 30 September 2016, Rs, 167.981 million has been paid to 1105 DPs for acquired assets i.e. land and land based assets. Disbursement of resettlement and rehabilitation assistance started. A total of Rs. 33.367 million against different categories of allowances has been provided.

14. The payments made during the reporting period (July-September 2016) against different impact categories and entitled resettlement and rehabilitation assistance allowances are summarized in bullet points below. Overall LAR implementation status is

⁶ The allowances costs and DPs are updated as of MIS database in September, 2016. The allowances entitlements are linked to assets acquired, so to avoid double count for multiple impacts DPs in allowance category are not summed up as total.

discussed in the next sections and tables 2.2 to 2.6. A comparative summary of implementation progress since last monitoring report is shown in table 2.7:

- **Land Compensation:** Rs.160.997 million paid to 1105 DPs;
- **Crop Compensation:** Rs. 2.81 million paid to 35 DPs;
- **Structures Compensation:** Rs. 3.155 million paid to 11 DPs;
- **Trees Compensation:** Rs. 1.018 million paid to 21 DPs ;
- **Rehabilitation and livelihood restoration allowances:**
 - Additional Crop Compensation: Rs. 26.839 million paid to 549 DPs;
 - Livelihood Allowance: Rs. 1.823 paid to 46 DPs and ;
 - Transport Allowance: Rs. 0.975 million paid to 59 DPs ;
 - Business Allowance: Rs. 1.070 million paid to 22 DPs ;
 - Vulnerable Allowance: Rs. 0.911 million paid to 23 DPs ;
 - Employment Losses Allowance: Rs. 0.198 million paid to 5 DPs.
 - Electricity Allowance: Rs. 1.320 million paid to 33 DPs.
 - House Rent: Rs. 0.23 million paid to 46 DPs

2.3.1 Overall compensation payment and LARP implementation progress.

15. The compensation payment for awarded land (1461.93 acres) progressed satisfactorily and compensation is paid to almost all payable DPs. The remaining undisbursed compensation is due to non-submission of compensation claims by the DPs due to lack of interest or legal and administrative impediments faced by them. While, to ensure announcement of land awards for 52.47 acres of land acquired for interchange ROW at three locations, corrigendum for notification under section-5 and section 6 have been published and it is expected that compensation payment for interchanges ROW land can start after announcement of land awards expected by December 2016.

2.3.2 Payment of Land Compensation for awarded land

16. Compensation awarded for 1461.93 acres⁷ of private land for carriageway ROW and one interchange ROW is Rs. 1370.627 million that was to be paid to 6218 entitled DPs. As of September 2016, Rs. 1258.144 million (92%) against 1307.29 acres (89.4%) of land to 4276 (68.8%) entitled DPs has been paid. Efforts are being made to outreach and mobilize all payable DPs for submission of claims and document the DPs having legal and administrative impediments. For the 52.47 acres unawarded land for the interchanges ROW, compensation payment for 214 DPs will start after announcement of awards. Village-wise payment details is added as **Annex-1B**.

⁷ Awarded 1461.93 acres of land include 1444.83 acres for carriage way ROW and 17.1 acres for one interchange ROW carriageway.

⁸ The compensation rates for interchanges ROW are updated are as per BORs assessed cost to be announced in land awards while in LARP estimated rates were used for budget estimation purpose.

2.3.3 Payment of Crop Compensation

17. As of September 2016, crop compensation amounting to Rs. 101.082 million for the awarded land is due to 1023 DPs. Of this, 81.612 million (80.7%) has been paid to 766 DPs (74.9%). For the remaining 38.74 acres of unawarded land, approximately Rs. 1.855 million is due to 37 DPs. Table 2.3 summarizes compensation payment status. Village-wise detail of crop compensation is added as **Annex-2**.

2.3.4 Payment of Structures

18. The total amount of compensation for affected structures and other farm assets (tube wells & hand pumps) is Rs. 108.60 million. Out of which, Rs. 85.57 million (79%) has been paid by September 2016. The remaining payment is under process. Detail of compensation payment for different categories of structures with number of paid DPs against each category has been reflected in table 2.4 below. Village-wise details are provided as **Annex-3**:

2.3.5 Payment of Trees

19. Rs. 78.207 million had to be paid to 740 DPs (Rs 70.095 million for 698 DPs against trees on awarded land and remaining Rs 8.111 million for 42 DPs against tree on unawarded land) for tree losses. Rs. 63.309 million (91.8%) has been made to 530 DPs as per land awards. Detail of tree compensation has been summarized in table 2.5 below. Village-wise payment status is shown on **Annex-4**:

⁹. Respective owners of the small mosques have been paid. For the shifting of two public schools, the Education Department and District Government have been requested to provide an estimate of the cost for an alternative land and building cost. The compensation costs will be provided as per final assessment from project account and will be updated accordingly.

¹⁰ The Miscellaneous structures include thatch huts or similar structures located on farmland or extended with residential structures in rural areas. During compensation delivery numbers of DPs entitled for compensation of such structures increased.

2.3.6 Payment of Allowances

20. Payment for resettlement and rehabilitation allowances could start as and when the LARPs are reviewed and cleared by ADB as verified in the land awards. Payment of compensation for R&R allowances has started and land acquisition unit is making its efforts to disburse payments of resettlement/ rehabilitation allowances including additional crop compensation, livelihood restoration allowance, house rent allowances, business loss allowances, employment loss allowances, electricity and transportation cost and vulnerability allowances to all entitled payable DPs.

21. The entitlements for allowances are linked with the acquired assets (land structure and crops) and could be paid to the DPs as and when they collect their compensation for acquired land or asset. Accordingly, after due verification of paid DPs, compensation disbursement files (with requisite support documents) were prepared and entitled resettlement and rehabilitation cost amounting Rs 33.367 million (49.4%) has been disbursed. The payment detail for different entitled allowances is provided in table below.

22. The efforts are still in progress to catch-up allowance payments to ensure all payable DPs are paid and the numbers are consistent as of paid DPs in asset category. The village-wise compensation payment status for different R&R allowances is given as **Annex -5 to Annex -12**.

2.4 Undisbursed compensation:

23. Rs. 273.81 million (15.5%) and Rs 34.22 million for allowances (50.6%) is still undisbursed. The payment of allowances started in reporting quarter and the achieved progress is 49.4% and it is committed that all payable DPs will receive their allowances by December 2016. For asset compensation, the leftover payment is due to legal and administrative impediments explained in section 3. The detail of undisbursed amount for compensation of assets and allowances with number of unpaid DPs is explained in table 3.6 below.

3 REASONS FOR PENDING PAYMENTS WITH WAY FORWARD

3.1 Reasons for Pending Payments

23. The land acquisition process follows the provisions of Land Acquisition Act 1894 and compensation payment process under law started immediate after announcement of land awards by the LAC. Since after announcement of land awards, NHA continued its efforts to reach unpaid DPs and ensure delivery of compensation to all payable DPs. However, due to legal and administrative impediments, payment of awarded compensation against acquired assets and delivery of entitled resettlement and rehabilitation costs for 1,942 DPs (31.2%) is still pending. In addition, 214 DPs representing 52.47 acres of unawarded interchanges ROW land are unpaid. Thus, total unpaid DPs for awarded and unawarded land become 2156. The PMU and PIU assisted by SSMC team is making efforts for early awards of interchanges land and are pursuing the unpaid DPs to mobilize them to come-up and collect compensation after overcoming their issues. The main reasons contributing towards the delay in payments are as below:

- **Unawarded land:** Delay in awards: For 52.47 acres interchange ROW land at three locations, the payment process for 214 entitled DPs could not start.
- **Inheritance mutation issues:** The inheritance mutation for 110 DPs was not recorded and the land has not been transferred to the legal heirs.
- **Living out of project area:** There are 181 DPs who are reported as absentee land owners living in other places/cities in the country and are not showing up to collect compensation.
- **Living overseas/abroad:** 16 Land owner DPs are migrated to other countries and are not showing-up to collect their entitled compensation.
- **DPs not showing up to claim compensation:** Despite continued liaison and delivery of notices, about 1465 DPs living in affected villages or nearby, not showing-up to claim compensation either due to meager compensation amounts¹¹ (603 DPs), lack of interest to submit claim or some other reasons (862 DPs).
- **Title Disputes/court cases:** 139 Land Owners/ DPs have land title disputes/issues and the compensation could not be paid to them until and unless land title issues are resolved/decided by the competent revenue authorities / Courts.
- **Underage DPs (Juvenile) or DPs lacking CNIC¹²:** There are 31 DPs who are either of underage (juvenile) or lack identification documents like Computerized National Identity Card.

24. Besides above said impediments, one includes meager compensation amounts entitled to DPs due to which they show reluctance or unwillingness to claim compensation costs. Majority of DPs who do not show up to claim compensation are those with meager compensation compensation. For some DPs, this is compounded by other impediments. impediments. The Cost-wise breakdown showing number of DPs with compensation amounts up to Rs 5000 (meager) and above is given in Table 3.1 as below.

¹¹ Compensation amount upto Rs. 5000 is defined as meager amount and it is likely most of the DPs in this category may lack interest in claiming compensation following prevalent payment mode under LAA 1894.

¹² CNIC, Computerized National Identity Card.

3.2 NHA's efforts and actions taken to Address Pending Payments

25. For delivery of pending compensation, NHA continued its efforts to outreach unpaid DPs and ensure delivery of compensation to all payable DPs. Community outreach was implemented as part of land acquisition process under law and disclosure of LARP provisions. Under LAA provisions, different notices before and after land awards were issued to DPs advising them on land acquisition process and submission of compensation claims. NHA continued its community outreach efforts for by coordinating and mobilizing the affected people through SSMC team engaged for implementation and monitoring of LARP. LAC and land acquisition staff also conducted frequent field visits of affected villages for information dissemination and delivery of compensation vouchers. Despite these efforts, the compensation payment for the left over DPs progressed very slow because, either the DPs are not showing-up to claim compensation or they face legal and administrative impediments causing difficulties in processing of claims. The efforts exhausted so far and particularly during reporting period are elaborated below:

3.2.1 Community Outreach under LAA provisions.

26. As was reported in first internal monitoring report, different notices were delivered to the DPs under LAA 1894 provisions to inform DPs about land acquisition process, appear in land award meetings and submit their compensation claims. In particular, following notices were delivered to inform DPs about land acquisition and submission of compensation claims under LA provisions. Copies of the notices are attached as **Annex-13**.

- Copy of notices delivered under section 5-A of LAA 1894.
- Copies of Notices delivered under Section 9 and 10.
- Copy of notices informing DPs to collect their compensation for land and other entitled allowances.

- The Notices sent through registered mail on known addresses of DPs reported to be living out of project area. Sample receipts of registered mail are attached.

3.2.2 Compensation delivery Efforts by LAC:

27. To boost up the payment progress (DP wise particularly) under land awards, instead of waiting the DPs to come up in project office, the LAC along with record and land staff visited all project villages in reporting months (August and September). Following a structured visit plan (**Annex 14**) LAC visited all affected villages, conducted meetings with village notables, shared lists of unpaid DPs and facilitated available DPs in processing of their claims and recorded reasons for DPs not showing-up for submission of claims. All such field visits were duly informed to the local communities and meeting reports were prepared (**Annex 15**).

28. To address meager compensation issue, NHA through LAC requested guidance and permission from the Board of Revenue to allow payment of meager amounts (less than Rs. 10,000) in cash to the DPs. Copy of the letter is attached as **Annex 16**. The land acquisition unit is continuously following up with BOR for an early response and plausible direction in this regard.

3.2.3 Proclamation /Announcement regarding Compensation Payment

29. Along with formal means of communication and field visits by the LAC and land staff explained above, other informal means like announcements through loudspeakers in each affected village were implemented time and again. Through announcement, the DPs were advised to submit their compensation claims and collect their compensation as early as possible. The field reports for such proclamation campaigns were recorded and some sample report are attached as **Annex 17**. In addition to this, information dissemination panels, flex boards and banners bearing information about compensation payment and contact persons/officers were displayed in all affected villages. The Picture showing such banners are attached as **Annex -18**.

3.2.4 Advertisement of Unpaid DPs in Local Newspaper:

30. After exhausting all good faith efforts to approach unpaid DPs at village and project level through delivery of formal notices, NHA at first instance published a general advertisement in news paper the Daily Dunia and the Daily Express on August 3, 2016 and later on as a last resort, published the names of unpaid cases (DPs) of each village in local newspaper the Daily Express on September 29, 2016. Copies of both advertisements are added as **Annex- 19**. By such advertisement, the canvas of community outreach efforts was expanded country wide to ensure the leftover over payment could be made to all DPs if they approach NHA.

3.2.5 Community Outreach by SSMC team:

31. The LAU/SSMC team kept a close liaison with the APs and a structured field visit plan was implemented for information dissemination, delivery of compensation cheques at the doorsteps of the DPs, identification of unpaid DPs with different legal and administrative impediments. During reporting period total 148 consultations were made by the male and female social mobilizers, wherein 1286 DPs/ members of DPCs as well as local community participated. During such consultations with DPs and DPCs, the information disclosed include project LAR impacts, compensation eligibility and entitlements as per LARP provisions, submission of compensation claim for acquired assets (land, crops, trees and structures etc) and other

compensation entitlements under LARP provisions including resettlement, income/ livelihood restoration allowances. The pictorial profile provided at the end of report illustrate such meeting conducted in different villages and list of consultations and participants is given as **Annex- 20-**. In such meeting the DPs were assisted in processing of compensation claims and collecting entitled rehabilitation and resettlement costs and the DPs having legal and administrative impediments were recorded. The notices were delivered to the DPs in person with properly procured acknowledgment from DPs (copy of delivered notice duly acknowledged by DPs attached as **Annex-21**.

32. Additional Documentation Recorded: During field visits the SSMC team exhausted efforts to record additional documentation for DPs having legal and administrative impediments. The documents recorded included collection of addresses of migrated DPs from their relatives and local communities living in affected villages. The collected addresses were shared with LAC through land acquisition unit for delivery of notices to the DPs through registered mail. Additional documentation including certification statements from the legal heirs of deceased DPs, natural guardians of under age DPs and those who lack interest in submission of compensation claims are with unknown whereabouts were recorded and summarized below:

- **DPs Living out of project area:** Addresses of the migrated DPs were recorded with assistance of their relatives, local community and the village headman/president of the DPC. And accordingly notices were delivered by the LAC through registered mail at the known addresses of the DPs.
- **DPs with mutation Issues:** For the deceased DPs with pending mutation, the legal heirs of the DPs were coordinated and mobilized for early mutation and processing of compensation claims. Certification statement from legal heirs were recorded as per template provided in Guidance Notes for handling compensation cases with legal and administrative impediments (copy of recorded statement is shown at **Annex 22**.
- **Underage (Juvenile) DPs:** The Natural guardians of the juvenile DPs were coordinated and mobilized for getting valid legal guardian certificate for processing of compensation claim. Meanwhile, a certification statement from the natural guardian was recorded and shown as **Annex 23**.
- **DPs with meager compensation amounts or lack of interest to take compensation:** During community meetings for recording additional documentation, local community informed that the whereabouts of some of migrated DPs are not known to the community. In such cases, the certification statement to that effect was recorded which was witnessed and confirmed by the village headman/president of the DPC and is attached a sample copy as **Annex 24**. Besides, during consultations some of the DPs with meagre compensation amounts informed their lack of interest to receive compensation. Accordingly, the statements were recorded from the willing DPs who are not interested to claim compensation due to meager amounts. A copy of the same is attached as **Annex-25**.

3.3 Efforts Exhausted by NHA with Way Forward

33. The Matrix below provide a summary on efforts exhausted for each unpaid land category and proposed actions with responsibility as way forward to ensure compensation is delivered to all identified unpaid DP as and when their issues are resolved:

3.4 Future efforts/actions to improve compensation progress.

34. The payment progress achieved so far reflects that disbursement of 8 % of land compensation cost for awarded land is still pending and for 31.2% of entitled DPs, while payment for R&R allowances is started recently and requires additional efforts to catch progress and ensure all DPs compensation against their land and land based assets are also provided with the entitled allowance as per LARP provisions. In addition to payment of compensation, additional documentation for unpaid DPs with legal and administrative impediments are to be recorded. So, it is planned that a close liaison will be maintained with unpaid DPs to ensure payment of compensation and entitled allowances to all payable DPs and document reasons and certification statement for those DPs having legal and administrative impediments causing delay in compensation delivery. The actions and activities planned for coming months to complete disbursement of compensation under LARP and record additional documentation for compensation cases with legal and administrative impediments include:

- **Mobilization of DPs:** The PIU staff in coordination with SSMC will continue consultative process in all identified villages and shall motivate and facilitate the payable DPs in processing of claims and delivery of compensation for land award and R&R allowances in all project villages. In this regard, under supervision of resettlement specialist, two teams of social mobilizers will coordinate with the unpaid DPs in all affected villages. The payable DPs will be mobilized for submission of claims

with support documents and the DPs with legal and administrative impediments will be identified, and certification statements and whereabouts of DPs will be recorded. The future plan of field activities by the social mobilization team is given in Table 3.3:

- In addition to above, the PIU staff will continue conducting coordination meetings with DCOs of both districts of Jhang and Khanewal to seek his guidance and support to push lower tier land revenue staff for taking special interest and facilitating DPs in getting land title documents for processing of compensation claims. In addition, his support will be requested for early resolution of legal and administrative impediments like mutation of land records wherever the mutations are found pending, making corrections in the record if required and timely issuance as well as verification of land title documents to speed up the process of payment disbursement.

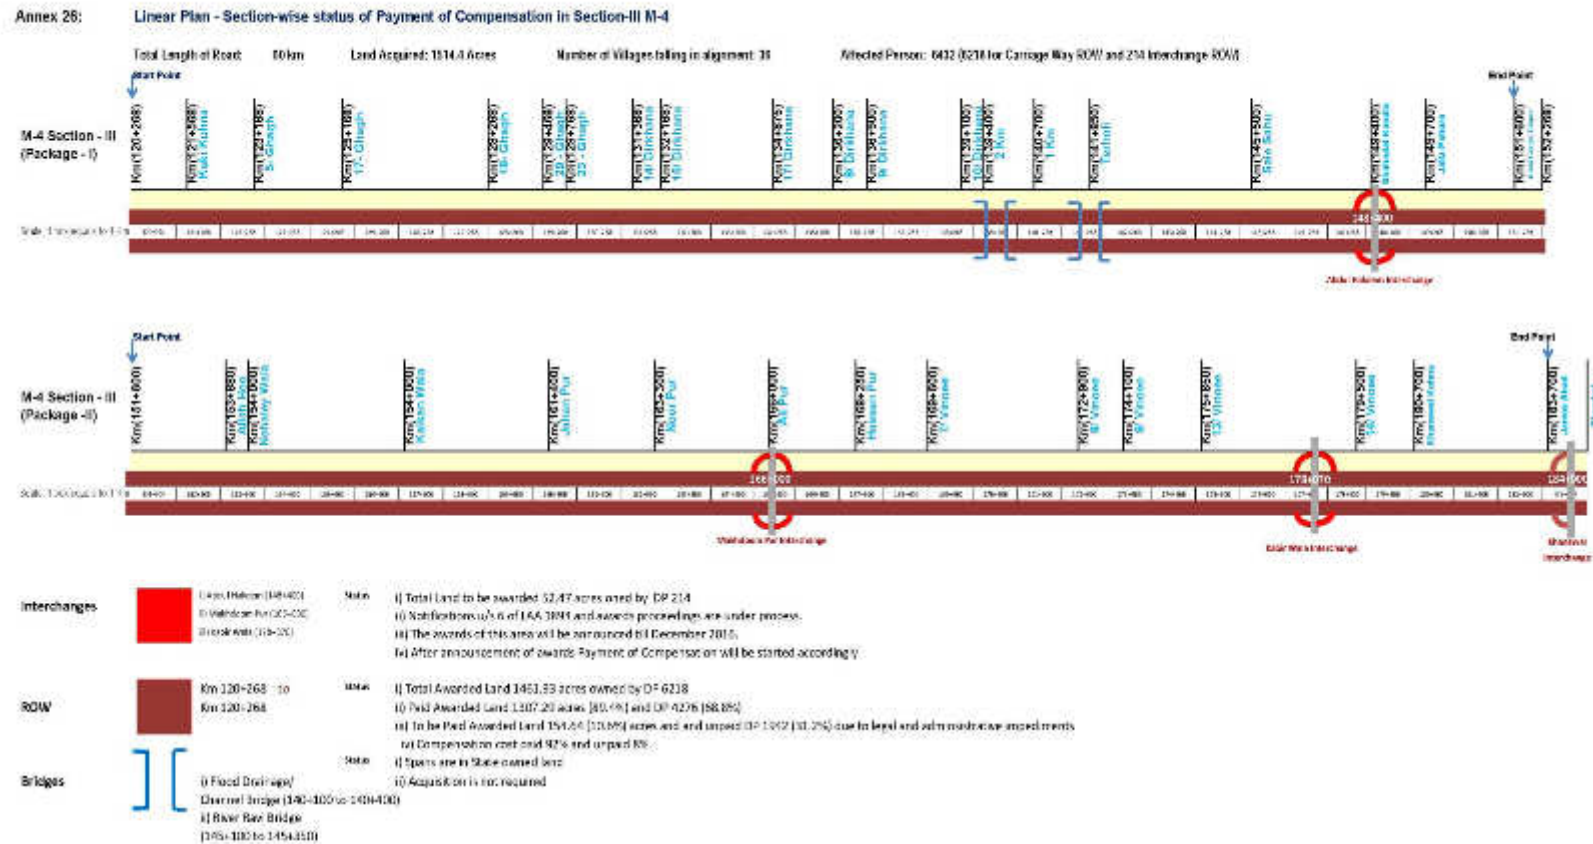

3.5 Linear Plan showing status of main carriageway and interchanges Row land

35. The review of land acquisition process reflect that the land awards for carriageway ROW (shown brown in linear plan attached) were announced between september 2015 and February 2016 while for three interchanges ROW (shown as red in attached linear map) land awards could be announced by December 2016. A time limit of six months could be considered adequate for DPs to show-up and receive their entitled compensation from the date of recent award while in case of carriageway ROW land the time elapsed since last award is eight months.

36. The updated status reflected that in cases of awarded carriageway ROW land (1461.93 acre), compensation payment progress achieved for acquired land is 92% and almost all payable DPs 4276 (68.8%) have been compensated for acquired 1307.29 acre (89.4%) of land, while 1942 DPs (31.2%) with legal and administrative impediment remain unpaid for 154.64 acre (10.6%) acquired land scattered as small land parcels in 64 Km length of the acquired carriageway ROW. While, In case of 52.47 acres of interchanges ROW land owned by 214 DPs at three locations, legal process for announcement of land awards is being followed and compensation payment will start after announcement of awards by December 2016. The overall villagewise land awards and payment status of carriageway ROW land (1461.9 acres) is shown in Annex-1A and presented on linear map provided as **Fig-II**.

37. A Land Acquisition Unit in PMU/PIU of M-4 and SSMC teams are making efforts to outreach and mobilize unpaid DPs for submission of their claims and collect compensation after resolving their impediments. Besides, additional documentation including recording of certification statements of the available DPs and collecting current contact addresses of non-resident DPs in project vicinity is in progress. Based on above discussion it can be safely concluded that compensation has been paid to all payable DPs for acquired and awarded carriageway ROW land and other assets. While measures for livelihood restoration and delivery of entitled allowances are in place as well as efforts are in progress to catch-up payment of allowances and for recording additional documentation including certification statements for DPs having legal and administrative impediments.

4 CONSULTATIONS, PARTICIPATION AND INFORMATION DISCLOSURE

4.1 Community Consultations

38. During reporting period, PIU maintained a continuous liaison with the project affected communities for information dissemination and community consultation purposes. The tasks performed by the LAR management team during the reporting period are discussed as below:

4.1.1 Community Consultations with Male and Female DPs

39. During reporting period, the SSMC social Mobilization team conducted consultation meetings in project villages of M-4 section-III for community mobilization, information dissemination and formation of DPCs, disbursement of compensation payment, to collect updated status of DPs and to find out contact numbers & addresses of migrated DPs. A total 148 (126 M, 22 F) consultation meetings, where held in which 1286 (1139 M, 147 F) DPs participated from project affected villages.

40. During consultations, the DPs were informed about compensation payment process and submission of their claim for receiving compensation for the lost assets including land, crops, trees, and structures etc. The DPs were also informed to receive their income/ livelihood restoration allowances as per LARP provisions. Besides LARP disclosure and compensation delivery mechanism, the DPs were also informed about grievance redress mechanism and role and functions of DPCs were elaborated during consultations.

4.1.2 DPC Formation

42. During reporting period, male and female social mobilizers coordinated with male and female DPs in project villages of M-4 Section-III and mobilized and assisted them in formation of DPC for future coordination. The objective for formation of DPC, its roles and functions were explained to the displaced persons and they were mobilized to select/nominate their representatives. Upon receipt of resolution passed by the DPs with list of selected members to be included in DPC the PIU notified 19 DPCs (11 Male, 8 Female) in 11 project-affected

villages. DPC notification is attached as **Annex-26** and list of male and female DPCs have been attached as **Annex-27**.

4.1.3 Internal and External Coordination meetings to Ensure compensation Payment

43. During this period, internal coordination meetings were held to discuss the LAR implementation progress, status of DPC formation, constraints and problems faced, grievances handling and redress mechanism, and LAR progress and monitoring reports etc. Total 41 coordination meetings 39 internal and 2 external meetings were held wherein the SSMC team, Director (L&S), Assistant Director (L&S) of NHA Faisalabad participated to discuss LAR implementation status and monitoring issues and arrangements in place to ensure the payment to undisbursed DPs and resolve grievances received and recorded during monitoring period. The issues discussed in meeting included, field activities, updated progress, status of MIS database, logistic requirements, as well as monthly progress reports and work plans for the monitoring period i.e. July to September 2016. Brief about meetings conducted during reporting period is given in below Table 4.2.

5 GRIEVANCE REDRESS MECHANISM AND COMPLAINTS HANDLING

5.1 General

44. A grievance redress mechanism has been established at the PIU level and a grievance redress committee is established with the primary objective to mediate conflict and resolve grievances of affected people at project level and avoid undue litigations. Grievance Redress Committee at the project level is fully functional and the complaints are being recorded as and when received and resolved on regular basis. The GRC meet once a month regularly mostly on last Friday of the month, however, in case of urgency the GRC calls its meeting and when required to address the complaints in a timely manner.

- A Grievance Redress Register is maintained at PIU level to register/ enter the community complaints as and when received. In this regards a focal person is deputed to log the complaints in complaint register. The record of grievances on grievance register (GR) is being maintained by the focal person i.e. Resettlement Specialist under the main responsibility of Director (L&S) at PMU/ PIU. A sample copy of filled Grievance Redress Register with complaints log maintained is presented at **Annex-28**.
- Monthly meeting of grievance redress committee (GRC) are being conducted once a month generally i.e. on last Friday of each month under the overall supervision of the Director Land M-4. GRC members participate in these meeting to review fact-finding reports and complainants' concerns, and recommend actions to be implemented to resolve the grievance.

5.2 Over All Status of Complaints Resolution

45. In project villages of M-4 Shorkot-Khanewal Section, payment disbursement to DPs is in progress and SSMC team is coordinating with DPs continuously to inform them about compensation delivery and available mechanism for redress of grievances if any. During this quarter, complaints about payment of residential structure, compensation for trees, demand for water Course and under pass were received. These complaints were logged in the grievance record register, fact-findings and field investigations were carried-out. The complainants concerns were reviewed and discussed in the monthly meeting of grievance redress committee (GRC) held on 29-07-2016, 26-08-2016 and 23-09-2016.

46. As of close of reporting period, three GRC meetings have been conducted under supervision of the Director Land M-4 to resolve complaints for M-4 Gojra-Shorkot-Project wherein complaints for both sections (M-4 Gojra-Shorkot Section and M-4 Shorkot Khanewal Section) are reviewed and decisions were taken. During reporting period, 8 complaints were received which are presented in the Table 5.1.

6 GENDER ISSUES/ ANALYSIS IN LARP IMPLEMENTATION

47. The LARP impacts identified on the women include loss of the assets owned in their name that need gender participation during consultation and information dissemination about LARP implementation and delivery of compensation. Besides, there may be construction related social issues associated with gender including restricted access and mobility to perform daily chores due to ongoing construction activity. Hence, to overcome the constraints faced by the women efforts were made to mobilize them and ensure their participation in consultative process during implementation of LARP and execution of construction activities.

48. In this regard, female social mobilizers coordinated with Female asset owner DPs and local female community members informing them about LAR implementation arrangements and ensure their participation in the ongoing consultative process. Meeting sessions were conducted in project villages wherein 221 Female participated in 27 meetings organized in different project villages. The gender related issues of the project were highlighted and females were mobilized to form female displaced person committees for future coordination and discuss their concerns and raise their voices to get their issue resolved. Accordingly 8 female DPCs have been formed.

7 CONCLUSIONS& RECOMMENDATIONS

7.1 Conclusions

49. The updated LARP implementation status reflected that in case of awarded carriageway ROW land (1461.93 acre), compensation payment progress achieved for acquired land is 92% and almost all payable DPs 4276 (68.8%) have been compensated for acquired 1307.29 acre (89.4%) of land, while 1942 DPs (31.2%) with legal and administrative impediment remain unpaid for 154.64 acre (10.6%) acquired land scattered as small land parcels in 64 Km length of the acquired carriageway ROW. While, In case of 52.47 acres of interchanges ROW land owned by 214 DPs at three locations, legal process for announcement of land awards is being followed and compensation payment will start after announcement of awards by December 2016.

50. The Payment of allowances was started in current monitoring period and almost 50% entitled allowances cost has been disbursed to entitled DPs in different categories of allowances. With measure in place and achieved progress during current monitoring report, it can be safely said that the remaining payable DPs will be paid for R&R allowances before December 2016 and updated payment status will be shared in next monitoring report accordingly.

51. In case of awarded carriageway ROW land the time elapsed since last award (Feb-2016) is 8 months. So, based on achieved progress and efforts exhausted to outreach and pay compensation to remaining unpaid DPs (1942) having legal and administrative impediments and measures in place for delivery of rehabilitation/livelihood restoration allowances it can be safely concluded that the LARP implementation for carriageway ROW (shown as brown in linear map Fig-II) has been achieved satisfactorily. While, the efforts are being ensured for early announcement of land awards for interchanges land shown as red in the attached linear plan. Thus, the carriageway ROW can be considered for allowing commencement of works while the interchanges ROW land could be kept on hold till announcement of land awards and confirmation of LARP implementation as per requirements.

7.2 Recommendations

52. On the basis of above-mentioned LARP implementation progress, following actions are recommended for early awards for interchanges ROW land and delivery of undisbursed payments to DPs having legal and administrative impediments:

- **Unawarded 52.47 acres interchanges land:** the PIU will coordinate and assist the LAC to complete all legal requirements to ensure announcement of land awards for three interchanges ROW land and start disbursement of compensation by December 2016 to ensure payment to entitled 214 DPs.
- **Payment of Allowances to catch progress:** In case of undisbursed compensation amount for entitled allowances for acquired carriageway ROW land, PIU LARU and SSMC will maintain a close liaison and shall continue supporting unpaid DPs in processing of their claim files and payment of entitled allowances. Particularly the efforts will be focused to catch allowances payment progress to ensure unpaid number are consistent with unpaid DPs in linked asset category.
- **DPs with Legal and Administrative Impediments:** In case of undisbursed compensation to 1942 DPs for carriageway ROW land, PIU LARU and SSMC will maintain a close liaison with the available Displaced Persons as suggested to mobilize and assist available DPs in processing of compensation for acquired assets and entitled

R&R allowances as and when they overcome their impediments. In this regard a structured field visit plan as suggested in table 3.3 will be implemented. During such field visits, efforts will be exhausted to mobilize unpaid DPs and record additional documentation following templates provided in the ADB's Guidance notes on "Handling Compensation Cases with Legal and Administrative Impediments". In this regards following additional documents for DPs falling in different categories impediments will be recorded.

- DPs living out of project area with country or overseas. Current places of residence for DPs living out of project area will be recorded with assistance of the locals and village notables and notices will be delivered through registered mail on their known addresses. In case of DPs with their whereabouts unknown, the certification statement from village notables will be recorded.
- DPs with Inheritance Mutation issues: The legal heirs of the DPs will be coordinated and certification statements will be recorded confirming payment of compensation will be made as and when they will come-up with requisite title documents after mutation in land records. Besides, the legal heirs will be assisted for early inheritance mutations in land record and delivery of compensation as per recorded mutations.
- Underage (Juvenile) DPs: The elders/natural guardians of underage DPs will be coordinated and mobilized for getting legal guardians certificates and certification statements will be recorded confirming payment of compensation as and when they will come-up with requisite legal guardian certificate.
- DPs with meager compensation amounts or lack of interest to take compensation: Efforts will be ensured to mobilize DPs for submission of compensation claims with requisite title documents. And if DPs are unwilling to claim meager compensation amounts, the statements to that effect will be recorded from willing DPs. Meanwhile, BOR will be coordinated through PMU and EALS to seek guidance on payment of meager compensation amounts in cash as a follow-up to earlier request sent to BOR by LAC.

گاؤں: 9 D خسرہ نمبر:

میں: محمد عبدالعزیز بحیثیت صدر DPC گاؤں: 9 D

تصدیق کرتا ہوں کہ

1) متاثرہ شخص اور اس کا خاندان جس کی زمین موٹروے میں آئی ہے۔ اور NHA نے حاصل کی ہے اور ریکارڈ میں بھی موجود ہے۔ یہ خاندان عرصہ 80 سال سے کبھی گاؤں میں نہیں دیکھا گیا۔

2) میری معلومات کے مطابق متاثرہ شخص اور اس کا خاندان کبھی اس گاؤں میں رہائش پذیر نہ ہے۔ اور نہ ہی ان کا کوئی رشتہ دار موجود ہے۔ اور نہ ہی ہمیں معلومات حاصل ہیں کہ یہ لوگ اور ان کے رشتہ دار کس جگہ رہائش پذیر ہیں۔

3) میں تصدیق کرتا ہوں کہ SSMC فیم، متعلقہ محکمہ نے اس متاثرہ خاندان اور ان کا رشتہ داروں کی موجودہ رہائش کے بارے میں جاننے کی کوشش کی لیکن ان کی رہائش کے بارے میں معلوم نہ ہو سکا۔ لہذا ان متاثرہ افراد کی رقم سرکاری خزانہ میں جمع کرا دی جائے اور وہ اپنا کلیم داخل کروا کر اپنی رقم وصول کر لیں۔

4) میں یہ بیان پابوش و جو اس تحریر کر رہا ہوں۔ جو کہ گاؤں کا نمبر دار اور متعلقہ پنواری بھی اس کی گواہی دیں گے۔

گواہ:

ہم بطور نمبر دار گاؤں اور متعلقہ پنواری گاؤں محمد اسلم ولدیت محمد اسلم ولدیت DPC جناب محمد اسلم ولدیت کو ذاتی طور پر جانتے ہیں جو کہ گاؤں: 9 D کا رہائشی ہے۔ ہم مندرجہ بالا بیان کی تصدیق کرتے ہیں جو کہ اس نے متاثرہ شخص کے بارے میں دی ہے کہ متاثرہ شخص محمد عبدالعزیز ولدیت محمد اسلم ولدیت اور اس کا خاندان اور نہ ہی اس کا کوئی رشتہ دار اس گاؤں میں عرصہ سال سے رہائش پذیر ہے۔ یہ کہ اس کا موجودہ ایڈریس گاؤں کے کسی شخص کو معلوم نہ ہے۔

I Mr., Irfan s/o Fazal-ur-Rehman, is affected by M-4 and my compensation is very meager while I will have to spend more on claim processing. I have no objection to starting Motor works and I should not be compelled to collect compensation. The amount in my name may be deposited in treasury and I will receive if I had the opportunity.
