Business Opportunities

Consulting Services The proposed TA will engage one international consultant (4 person-months), as an individual consultant, and a consulting firm consisting of five national consultants (20 person-months) with expertise in environmental planning, environmental policy, environmental engineering, environmental economics, and green financing, all with a focus on air pollution prevention and control. Resource persons may be invited to review the consultants' outputs and share knowledge during workshops and conferences. The consultants will be engaged in accordance with ADB's Guidelines on the Use of Consultants (2013, as amended from time to time), using the quality- and cost-based selection method with a quality-cost ratio of 90:10 by inviting simplified technical proposal.
