

## Tajikistan: Inclusive Health Project

Project Name	Inclusive Health Project
Project Number	51010-001
Country	Tajikistan
Project Status	Active
Project Type / Modality of Assistance	Technical Assistance
Source of Funding / Amount	<b>TA 9498-TAJ: Inclusive Health Project</b> Technical Assistance Special Fund US\$ 700,000.00
Strategic Agendas	Inclusive economic growth
Drivers of Change	Private sector development
Sector / Subsector	<b>Health</b> - Health sector development and reform
Gender Equity and Mainstreaming	Gender equity
Description	The TRTA will provide technical inputs and assessments to assist the Government and ADB to develop a project that is aligned with the Tajikistan country partnership strategy 2018 2020 and the _National Health Strategy for Tajikistan 2010 2020_.
Project Rationale and Linkage to Country/Regional Strategy	As discussed with GoT, Asian Development Bank (ADB) may help improve integrated MCH care delivery at both primary and secondary health care levels in disadvantaged districts. While many developing partners have spent considerable effort in helping the government improve primary health care (PHC) facilities through rehabilitation, provision of equipment, and capitation and performance-based financing pilots, not much attention was paid integrating and rationalizing care on both PHC and hospital sectors to improve maternal and child health (MCH) services delivery holistically, and improve it sustainably. The proposed project will have three components, as follows: (i) refurbish existing health facilities to deliver quality MCH services; (ii) improve quality of MCH care; and (iii) support reforms in health financing and behavior change.
