Business Opportunities

Consulting Services ADB will engage a consulting firm using output-based terms of reference, full technical proposal, and fixed budget selection method. This method is preferred so that all responding-firms can determine how they can best deliver the detailed outputs for the expected price, utilizing the best combination of inputs. The consulting firm will lead an international study tour involving six officials visiting two countries over 10 days and linking with knowledge partners. The firm will host all workshops and training sessions under the TA and will disseminate flyers and materials related to these.
