

# Resettlement Plan

---

March 2022

## India: Chennai Metro Rail Investment Project Corridor 5 (Part 1)

Prepared by the Department of Planning, Development and Special Initiatives, Government of Tamil Nadu, acting through the Chennai Metro Rail Limited (CMRL), for Asian Development Bank (ADB).

## CURRENCY EQUIVALENT

(as of 28 February 2022)

Currency unit	–	Indian Rupee (₹)
₹1.00	=	\$0.01333
\$1.00	=	₹74.9915

## ABBREVIATIONS

ADB	–	Asian Development Bank
AIIB	–	Asian Infrastructure Investment Bank
CMRL	–	Chennai Metro Rail Limited
CPIAL	–	Consumer Price Index for Agricultural Labourers
ESF	–	environment and social framework
GRC	–	grievance redress committee
GRM	–	grievance redress mechanism
LARRA	–	Land Acquisition Rehabilitation and Resettlement Authority
MDB	–	multilateral development bank
MRTS	–	mass rapid transit system
NDB	–	New Development Bank
NGO	–	nongovernment organization
PIU	–	project implementation unit
PMU	–	project management unit
RFCTLARR	–	Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement
RPF	–	resettlement planning framework
R&R	–	resettlement and rehabilitation
SoR	–	schedule of rates
SMU	–	social management unit
SIA	–	social impact assessment
SPS	–	safeguard policy statement

## NOTES

(i) The fiscal year (FY) of the Government of India ends on 31 March. FY before a calendar year denotes the year in which the fiscal year ends, e.g., FY2020 ends on 31 March 2020.

(ii) In this report, "\$" refers to US dollars

This Resettlement Plan is a document of the borrower. The views expressed herein do not necessarily represent those of ADB's Board of Directors, Management, or staff, and may be preliminary in nature. Your attention is directed to the [“terms of use”](#) section on ADB's website.

In preparing any country program or strategy, financing any project, or by making any designation of or reference to a particular territory or geographic area in this document, the Asian Development Bank does not intend to make any judgments as to the legal or other status of any territory or area.

## **EXECUTIVE SUMMARY**

1. The Chennai Metro Phase 2 Corridor 5 from CMBT to Sholinganallur is being taken up to provide the better Metro connectivity to employment centres on this section.
2. This document is prepared for Corridor 5 from CMBT to Sholinganallur excluding CMBT and Sholinganallur stations. It includes 29 elevated stations, viaduct and electrical works. The report identifies the project impacts, and provides the mitigation measures taken to address the impacts. Chennai Metro Rail Limited (CMRL) prepared a Resettlement Planning Framework comprising its policy of compensation and updated entitlement matrix which meet the requirements of ADB SPS and valid for all Chennai metro Phase 2 projects. Land acquisition will be carried out according to Tamil Nadu Acquisition of Land for Industrial Purposes Act 1997/2019.
3. Based on project described in the Detailed Project Report and preliminary socio-economic survey, 88 families will be displaced from residential structures and 1,203 from commercial structures; and 21 families from residential cum commercial structures. There are 3,251 total affected persons. These figures will be confirmed during the confirmation of impacts and affected person in the award enquiry phase of the land acquisition and resettlement following the national procedure.
4. Community consultations were conducted at proposed station locations to elicit suggestions on R&R benefits and project aspects like fare tariff. Meetings were held with identified affected persons to communicate that compensation and R&R benefits will be paid as per approved Resettlement planning Framework.
5. A grievance redress mechanism will be put in place. At the first level the grievances are received by the Project Implementation Unit and addressed by Grievance Redress Committee comprising officers of CMRL. Registration of grievances, time-bound redressal and disclosure is CMRL's responsibility.
6. Mitigation is provided through compensation and assistance to affected persons to mitigate loss of land, properties, loss of rental incomes, loss of livelihood and business income.
7. The land acquisition requirement is 3.759 ha and land to be transferred from Government agencies is 5.557 ha. Public Notices for acquisition and invitation of objections have been issued.
8. The preliminary estimate of land and resettlement cost for this project is Rs 12,590 million, including land and all resettlement related activities for the project.
9. A Project Implementation Unit has been established for the project headed by Project Director reporting to Director Projects, CMRL and Managing Director, CMRL will be set up. This set up takes care of all the technical and financial aspects of the project. All land acquisition and resettlement activities will be carried out by office of Safeguards Expert, CMRL.
10. The project will be commissioned in 53 months starting from the date of award of civil contracts. The RP shall be updated prior to award of contract and compensation to affected peoples shall be delivered prior to displacement. As of date of RP, there is no contract awarded yet.

## **I. INTRODUCTION**

### **A. Project Background**

1. Chennai Metropolitan Area (CMA) extends over area of 1189 sq.km which comprises Chennai District and part of Thiruvallur District and part of Kancheepuram District. In year 2011, resident population of CMA was 8.0 million. As per Chennai Second Master Plan 2026, the estimated population of CMA in year 2026 is 12.6 million people with an estimate of daily passenger traffic of 20.8 million in 2026. CMA has emerged as a leading national automotive hub with major manufacturers operating their plants in the area. CMA also houses a growing number of software and financial services firms. In year 2015, average journey speed was 17 kmph during peak hours. As per Business-As-Usual scenario in Comprehensive Mobility Plan (CMP) 2018, major roads are forecast to function in excess of their capacity in year 2035 at average speed 19 kmph. CMP identified projects so as to increase public transport share in person trips by motorized vehicular modes in year 2035 to 60% compared to 44% in year 2015 ie., 41% of trips by all modes in year 2035 compared to 30% in 2015. Among these projects are 8 mass transport corridors, one of which is from Madhavaram to Sholingnallur to ECR: the former section of this corridor is Corridor 5.

2. With a view to develop effective and efficient mass transit systems in addition to the existing public transportation and Phase-I Metro rail system, the Government of Tamil Nadu has decided to implement Corridor 5 as a part of Phase-II Metro Rail Network.

3. In view of the global health alert due to the COVID-19, the processes involved in the preparation of the RP has been strictly implemented with due consideration of the health protocol. It has become very evident that such protocols are observed in at least two major undertakings: during public consultations and during data gathering. The conduct of public consultations and/or meetings, ensured that the venue can accommodate the number of target participants with appropriate physical distancing. The venue had been properly disinfected, and chairs are arranged at least a meter apart. Prior to participants' entry to the venue, a temperature check was conducted to ensure that no participants with fever can attend the meeting, participants are all provided with face masks and alcohol, or hand sanitizer is available. No physical contact (e.g., handshake, embracing, etc.) were always observed. Data gathering for the RP has likewise ensured all protocols were observed, especially in the conduct of interviews (e.g., during SES, IOL etc.), the interviewer always had wear facemask and maintained a distance of at least a meter away from interviewee. Throughout the process, the interviewer observed the "no contact policy (e.g., handshake, embracing, etc.)" always and where appropriate virtual methods were employed. All other resettlement activities conformed with government health advisories. When government health agencies/authorities issue strict quarantine measures, all resettlement activities were put in abeyance until all restrictions are lifted.

### **B. Outcome of the Project**

4. The project on implementation, will provide major socio-economic benefits to the society particularly in the influence zone of the corridor, such as:

- (i) Provide safe, reliable, affordable and environment friendly public mass transit system for Chennai Metropolitan Area with efficient connectivity to the major and growing service employment centres at Siruseri.

- (ii) Result in larger share of public transport in meeting mobility needs of the city.
- (iii) Lead to enhanced economic productivity of the city and thereby assistance for more job creation.

### **C. Project Description**

5. Chennai suburban railway network supplements Mass Rapid Transit System (MRTS). MRTS of length 19.35 km from Chennai Beach to Velachery is in operation, land acquisition for balance MRTS section from Velachery to St Thomas Mount is in process. Chennai Metro Phase 1 of 45 km is in operation, work on 9 km extension from Washermanpet to Wimco Nagar is scheduled to be completed soon.

6. Work on priority metro railway sections i.e., approx. 35 km from Madhavaram to Sholinganallur on Corridor 3 and approx. 16 km on Corridor 5 of Phase 2 metro is in progress. Work on balance 9.627 km Corridor 3 and balance 30.125 km Corridor 5 is under initiation. This report pertains to balance 30.125 km of Corridor 5 after CMBT up to Sholinganallur station fully elevated and covering 10 stations. Phase 2 metro network is depicted in **Figure 1**.

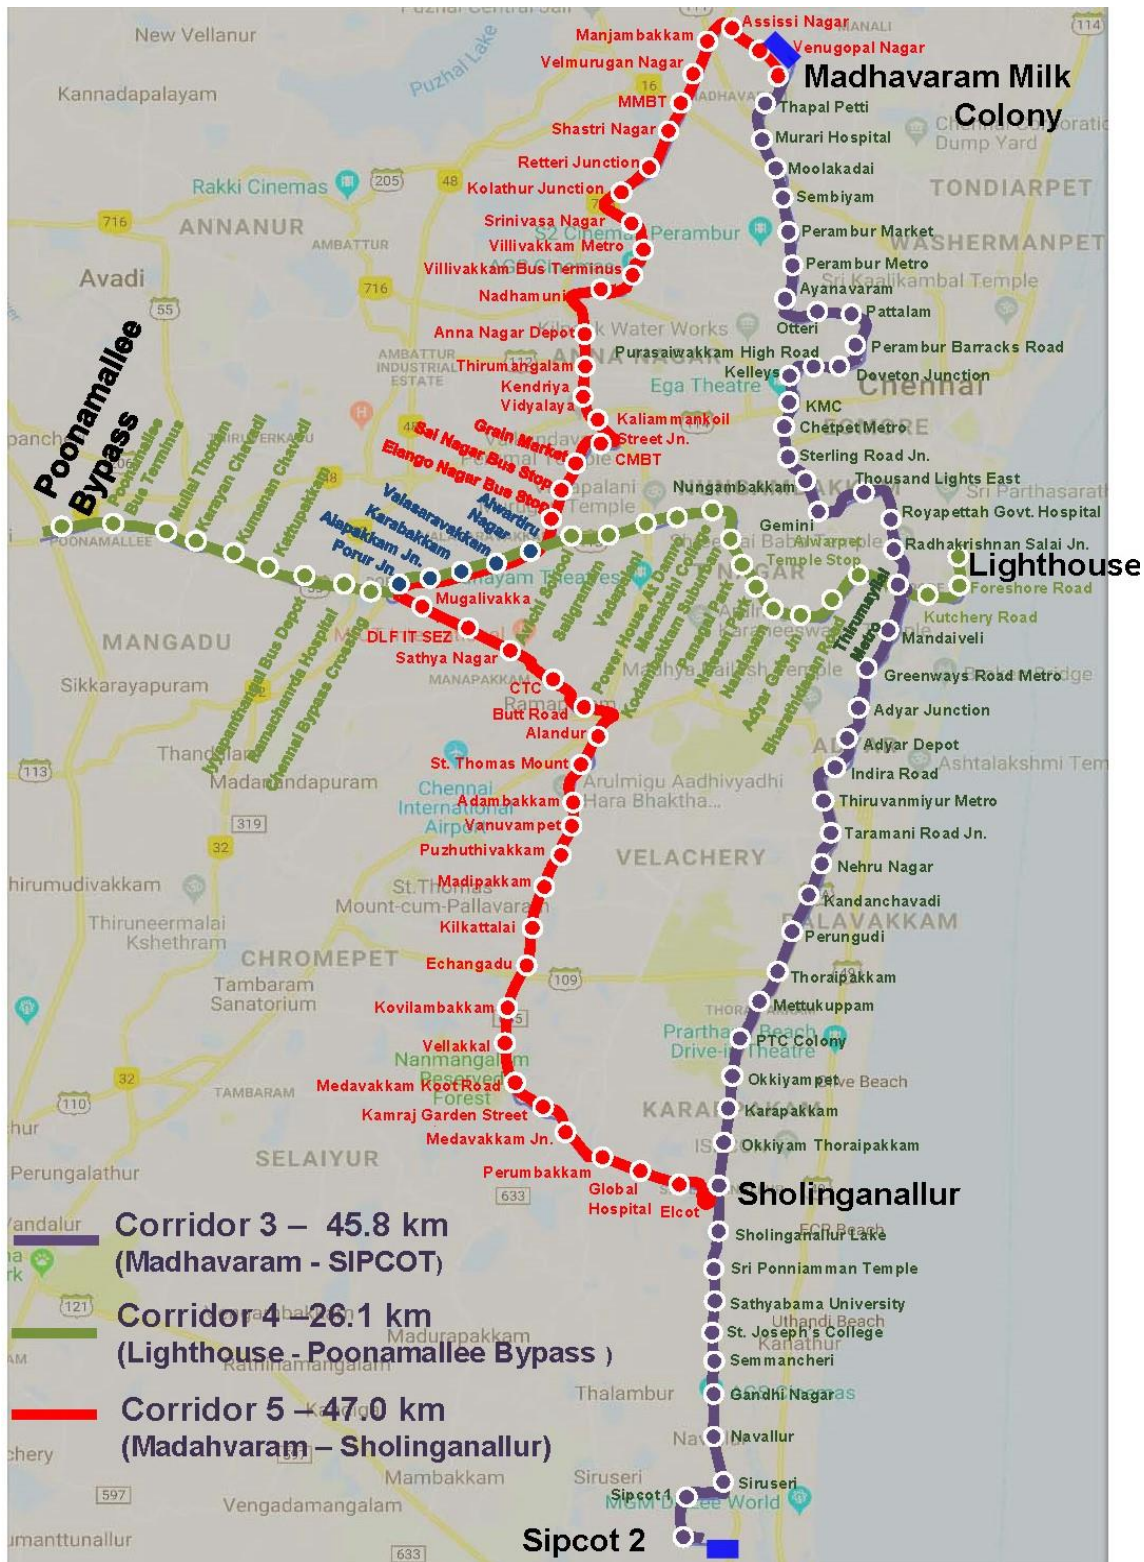

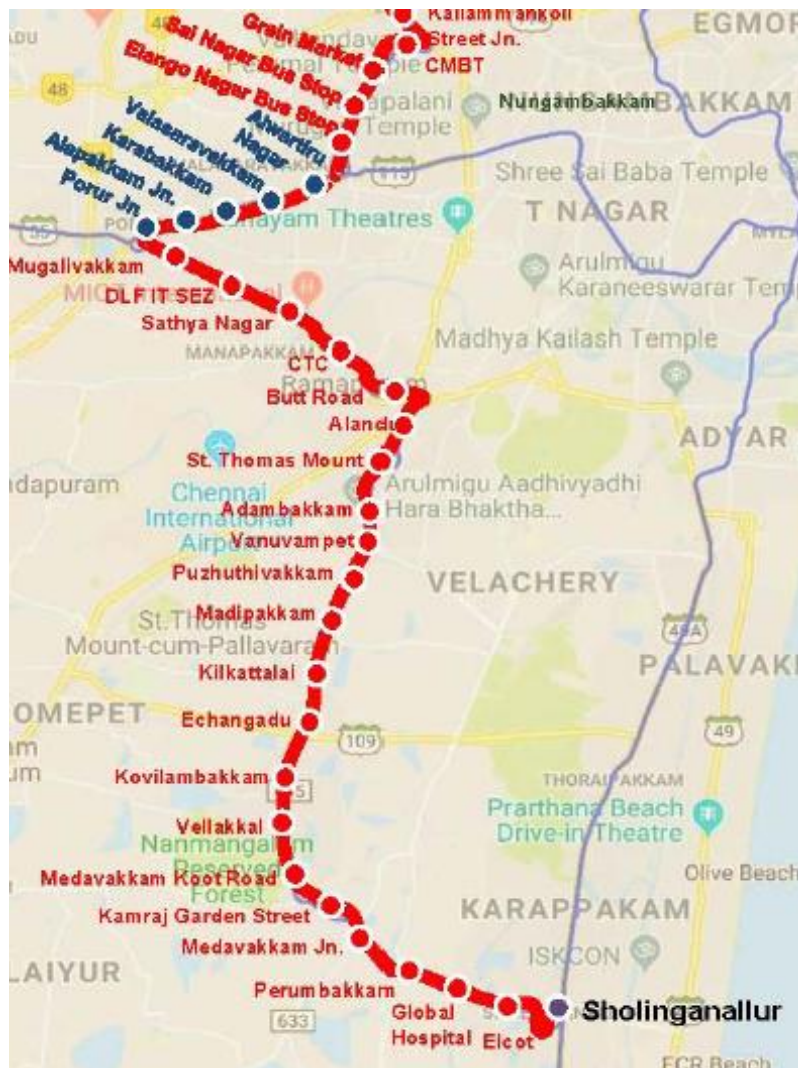

Figure 1: Phase 2 Metro Network

## DPR of Chennai Metro Phase 2, Dec 2018

As derived from Detailed Project Report of December 2018, the capital cost of Corridor 5 including taxes and duties for December 2018 is estimated at USD 1037 million. Based on optimized project design in November 2021, estimated cost of acquisition of land and structures is USD 172 million and Resettlement & Rehabilitation cost is USD 3.80 million – this estimate will be updated upon completion of acquisition and rehabilitation **Figure 2** shows the alignment and station locations of Corridor 5.

7. Corridor 5 project will require transfer of 3.759 ha government land and acquisition of 5.557 ha private land. 88 families will be displaced from residential structures, 1203 families from commercial structures and 21 families from residential cum commercial structures. These figures will be revised upon completion of micro plan of impacts.

**Figure 2: Corridor 5 (DPR of Chennai Metro Phase 2, Dec 2018)**

#### D. Project Components

8. The project components of Corridor 5, for which land is required include the following: (i) stations; (ii) viaduct and (iii) electrical substations.

9. **Stations.** There are 29 stations – all elevated – proposed: five stations are common with Corridor 4. The chainage and inter-station distances are given in the **Table 1.1**

**Table I-1: List of Stations**

Sl. No	Station Name	Chainage (m)	Inter station Distance (m)	Elevated/ Underground
1	Koyambedu Market Metro	17055	1022	Elevated
2	Natesan Nagar Metro	17895	842	Elevated
3	Virugambakkam Metro	18737	0	Elevated
4	Alwarthirunagar Metro	Common with C4	0	Elevated
5	Valasaravakkam Metro		0	Elevated
6	Karambakkam Metro		0	Elevated
7	Alapakkam Metro		0	Elevated
8	Porur Metro		0	Elevated
9	Mugalivakkam Metro	23855	1265	Elevated
10	Ramapuram Metro	25120	1035	Elevated
11	Manapakkam Metro	26155	1201	Elevated
12	Chennai Trade Centre Metro	27356	1313	Elevated
13	Butt Road Metro	28669	1113	Elevated
14	Alandur Metro	29782	1279	Elevated
15	St. Thomas Metro	31061	952	Elevated
16	Adambakkam Metro	32013	730	Elevated
17	Vanuvampet Metro	32743	852	Elevated
18	Ullagaram Metro	33595	921	Elevated
19	Madipakkam Metro	34516	901	Elevated
20	Kilkattalai	35417	941	Elevated
21	Echangadu Metro	36358	1013	Elevated
22	Kovilambakkam Metro	37371	1072	Elevated
23	Vellakkal Metro	38443	1154	Elevated
24	Medavakkam I Metro	39597	1200	Elevated
25	Medavakkam II Metro	40797	775	Elevated
26	Medavakkam III Metro	41572	673	Elevated
27	Perumbakkam Metro	42245	1012	Elevated
28	Classical Tamil Institute Metro	43257	1166	Elevated
29	ELCOT Park Metro	44423		Elevated
30	Sholinganallur Metro	Common with C3		Elevated

Source: CMRL, 25 November 2021

10. Corridor 5 metro line is proposed to run elevated along Arcot Road, Mt Poonamallee High Road, Medavakkam Main Road and Perumbakkam Main Road. The proposed stations are located within road right of way or partially outside the right of way.

11. Feeder buses are proposed at 9 locations, bicycle sharing at 10 stations and pick/drop zones for autorickshaw, taxi with pedestrian connectivity at stations are planned. Off street parking for park and ride is proposed at Grain Market, St Thomas Mount and Perumbakkam stations. At grade pedestrian crossings are planned. All these facilities are proposed within road right of way.

- (i) **Viaduct:** The viaduct is planned within road right of way and requires land acquisition at certain stations and viaduct sections.
- (ii) **Electrical Works:** Four Receiving Substations are proposed one each at Mugalivakkam, St Thomas Mount, Medavakkam and Perumbakkam.

## E. Objective of the Report

12. This report documents social and economic disruption / displacement to households<sup>1</sup>/individuals/communities arising out of acquisition of land and other assets due to implementation of Corridor 5, mitigation measures and plan for implementation of mitigation measures. The report presents a resettlement plan which is in compliance with laws enacted by Government of Tamil Nadu, RTFCTLARR Act 2013, ADB guidelines and CMRL Policy.

13. This resettlement plan is prepared to ensure compliance with ADBs SPS requirements for involuntary resettlement which includes:

- (i) Screening to identify involuntary resettlement impacts and risks. Minimizing and avoiding resettlement impacts of each subproject by exploring all viable alternative designs.
- (ii) Carrying out consultations with displaced persons, host communities and NGOs, informing all displaced persons of their entitlements and resettlement options, ensuring their participation in planning, implementation, and monitoring and evaluation of resettlement programs.
- (iii) Where the resettlement impacts are unavoidable, the displaced persons should be assisted in improving or at least regaining their standard of living.
- (iv) Vulnerable groups, including households headed by women, the elderly, the disabled, and indigenous groups, those without legal title to land and property, and those living Below Poverty Line will be given special assistance to improve their socioeconomic status.
- (v) The absence of formal title to land is not a bar to policy entitlements.
- (vi) Compensation for all lost assets acquired or affected is based on the principle of replacement cost.
- (vii) Restoration of livelihoods and residences of the displaced persons will be facilitated with adequate resources according to the RP and before the start of civil works construction.
- (viii) Where physical displacement takes place, displaced persons are to be assisted in integrating economically and socially into host communities in such a way that any adverse impacts on the host communities are minimized and social harmony is promoted;
- (ix) All payments, including compensation for the loss of land, assets, structures, trees, income, and common properties will be made prior to physical or economic displacement and the commencement of civil works construction.

---

<sup>1</sup> Household or family means affected family in accordance with Sec 3(c) of RTFCTLARR Act, 2013

- (x) Disclose the draft resettlement plan, including documentation of the consultation process in a timely manner to displaced persons and other stakeholders. Disclose the final resettlement plan and other documents such as the monitoring reports to displaced persons and other stakeholders.

## **F. Methodology**

14. This report has been prepared based on the information collected through interview of all impacted families and consultations with community groups at locations of stations. Meetings were also held in CMRL office where representatives of impacted families were informed of the project and efforts to reduce and minimize adverse impacts. Information on CMRL policy and method of compensating for acquired land and structures, entitlement of resettlement and rehabilitation allowances approved by CMRL were inputs to this report. Quantity of land and structures impacted was estimated by CMRL based on footprint of the viaduct and stations as per Detailed Project Report of December 2018. Format of Socio Economic Survey (SES) conducted in year 2019 is placed at **Annexure 1**.

15. After finalization of project designs, a census survey of impacted families and measurement of land and structures impacted will be carried out.

16. A comparison of the National laws, Project policy and ADB Safeguard Policy Statement requirements shows that ADB SPS requirements are satisfied in Corridor 5.

## **G. Minimizing Project Impacts**

17. Project impacts have been minimized by using good design practices. These include:

- i. The proposed stations are located within the road right of way or partially outside the right of way.
- ii. As far as possible station location/ entry/ exit points have been located on government lands or lands that are private but vacant, thus minimizing resettlement and physical displacement
- iii. The viaduct is planned on the median of the major roads and requires minimum land acquisition except on curves.

## **H. Cut-off date**

18. For title holders, cutoff date for eligibility is the date of issue of newspaper notification of acquisition of respective property. Such newspaper notifications were issued from 14<sup>th</sup> June 2019 to 14<sup>th</sup> November 2020, July 2021 and October 2021 (**Annexure 2**) and will continue. For non-titleholders, tenants and wage employees the start date of socio-economic field survey in respective station or section of alignment is the cut-off date.

# **II. SCOPE OF LAND ACQUISITION AND RESETTLEMENT**

## A. Land Acquisition

19. The scope of land acquisition and resettlement is identified based on footprint of the project facilities as per approved drawings of detailed design. Socioeconomic survey and public consultations were conducted as part of the Detailed Project Report in years 2016 to 2018. Census survey and consultations were conducted in 2018 and 2019 wherein survey on a few sections could not be completed due to low participation. Detailed design was revised till April 2021. Survey on revised sections and balance survey from 2019 could not be done in 2020 due to locked business places and out-of-bounds homes due to lockdown and restrictions on gatherings as a result of pandemic. This survey was completed in 2021 and now the baseline is ready. The project impacts are summarized in **Table 2.1**, reflect the total land acquisition and the total number of households affected in this section.

**Table II-1: Summary of Impacts**

SN	Impact /Types of loss	Unit	Quantity

Source: Socio Economic Survey, April 2021 to June 2021

@ CMRL, Nov 2021

20. Land will be acquired in accordance with provisions of **Tamil Nadu Acquisition of Land for Industrial Purposes Act 1997 (Tamil Nadu Act 10 of 1999)** and while determining the compensation for land, the competent authority will be guided by the provisions of Sec 26, Sec 27, Sec 28, Sec 29 and Sec 30 of RFCTLARR Act, 2013. The project will ensure that physical and economic displacement will take place only after payment of amounts of compensation and R&R benefits.

Public notice was issued on 21st February 2019 in newspapers of acquisition of respective property under Section 3/2 of Tamil Nadu Acquisition of Land for Industrial Purposes Act 1997 (Tamil Nadu Act 10 of 1999).

21. The Government will publish in the Tamil Nadu Government Gazette a notice specifying the particular purpose for which such land is required namely `Chennai Metro Phase II MDB Projects` under Sub-section (1) of section 3. Please see para 17 on Cut-off date.

22. **Restriction of land use or access:** The piers and viaducts are all planned on the median of the road/ or on the service road. There will be no adverse impact on the adjoining property and as a result there will be no restrictions of the land use because of the metro viaduct. Even in the station locations there is a service road provided around the entry structure and as a result the adjoining properties will also have no restrictions on the land use.

23. Number of structures / assets which might be fully acquired is 237. Estimate of land to be acquired does not include land for shifting of overhead power lines.

24. As per alignment drawings revised upto 25 November 2021, land to be acquired permanently is 37,577 sqm of government land comprising 15,422 sqm for stations and 22,155 sqm for viaduct; 55,554 sqm is private land comprising 21,026 sqm for stations and 34,528 sqm for viaduct. The land acquisition is listed in **Table 2.2**.

### B. Resettlement Impacts

25. Corridor 5 will impact 2,245 households including 1,321 households displaced leading to loss of homes, business premises, business income and rental income. List of affected families is placed at **Annexure 3**. Classification of structures and families impacted is presented in **Table 2.3** and **Table 2.4** respectively.

**Table II-3: Impact on Structures**

Tenure	Residential		Commercial		Resi + commercial		Agricultural or industrial land or vacant structure		Total No. of structures

### Partial and fully affected structures

26. If a structure is partially affected, the portion up to the line of acquisition is paid at replacement cost. The structural engineer verifies whether the building is safe and viable in case partial acquisition. The structural engineer will demarcate the line of shifting which is beyond the line of acquisition and for such additional area, replacement cost is paid.

**Table II-4: Impact on Families**

\$ These employees were found during the survey to be resident on premises of displaced workplaces. This combination is not mentioned as a separate category in the Entitlement Matrix and therefore provision has been made for them only in employee category of the Matrix but not in resident category.

27. Commercial establishments affected are 1850 in number. Their profile is presented in **Table 2.5**. About 60% of the business establishments are manned by a single person.

**Table II-5: Employees in affected commercial establishments**

Size of Establishment	Number of Establishment	Percentage
One person only (Owner /Operator)	1140	61.62%
Employed 1 to 5 persons	482	26.05%
Employed more than 5 persons*	228	12.32%
Total	1850	100.00%

\*Up to 20 persons, Source: Socioeconomic Survey, April 2021 to June 2021.

### Temporary impacts during construction

28. Any impacts during construction will be addressed according to the Environmental Management Plan for the Project. For labour camps and construction yards, land under viaduct and stations falling within road right of way, and construction vehicle movement along the outer boundary of certain stations located on straight sections off the road right of way, land will be acquired temporarily: rental shall be paid as per the Entitlement Matrix. Diversion of non-construction vehicles will be done through alternative roads since the worksites are located in urban area. Upon conclusive tree inventory, compensatory tree planting at alternate locations shall be done; temporary noise barriers will be installed, measures to minimize fugitive dust and surface and groundwater pollution and manage solid waste disposal shall be implemented. Area of temporary acquisition does not include area for labour camps and construction yards: these two components will be confirmed after the construction contractors mobilise for civil works.

### Indigenous Peoples

29. No indigenous population, as defined under the SPS, was found in the project area.

### Common Property Resources (CPRs)

30. CPRs impacted are 171 in number; breakup is in **Table 2.6**.

**Table II-6: Location of affected CPRs**

### III. SOCIOECONOMIC INFORMATION AND PROFILE

31. The total project affected households is 2245. Out of the 2245, there are 1321 households who will be displaced and therefore entitled to receive resettlement assistance from CMRL. Socioeconomic Survey of affected families was conducted through interviews of heads of families.

#### Profile of Affected Persons

##### A. Demography

32. **Table 3.1** provides the number of affected households and affected population.

**Table III-1: Affected Households/Persons**

Profile	Number
Number of Total Affected Households	2,245
Number of Total Population	7,339
Average household size	3.2

Source: Socio Economic Survey, April 2021 to June 2021

##### B. Religion

33. 80% of affected families are Hindus. **Table 3.2** provides the religion wise distribution of the affected families.

**Table III-2: Religion**

Religion	No of PAFs	Percentage
Hindu	1,785	79.51
Muslim	133	5.92
Christians	147	6.55
Others	180	8.02
Total	2,245	100.00

Source: Socio Economic Survey, April 2021 to June 2021

##### C. Social stratification

34. Schedule Caste, scheduled Tribe and other backward communities account for 56% of the affected families. **Table 3.3** provides details of social stratification.

**Table III-3: Social Stratification**

Caste	No of PAF	Percentage
SC	532	23.70
ST	38	1.69
OBC	687	30.60
General	988	44.01
Total	2245	100.00

Source: Socio Economic Survey, April-June 2021.

## D. Education

35. 75% are literate. The distribution is in **Table 3.4**.

**Table III-4: Education**

Category	Male		Female		Total	
	No.	%	No.	%	No.	%
Illiterate	973	23.38%	888	27.95%	1861	25.36%
Primary	456	10.96%	307	9.66%	763	10.40%
Upper primary	385	9.25%	265	8.34%	650	8.86%
High school	573	13.77%	392	12.34%	965	13.15%
Higher secondary school	535	12.85%	485	15.27%	1020	13.90%
College	1240	29.79%	840	26.44%	2080	28.34%
Total	4162	100.00%	3177	100.00%	7339	100.00%

Source: Socio Economic Survey, April-June 2021

## E. Age and gender distribution

36. Age distribution is placed in **Table 3.5**.

**Table III-5: Distribution of Affected Persons by Age and Sex**

Age Group	Male		Female		Total	
	No.	%	No.	%	No.	%
Below 18	1,082	26.00%	619	19.48%	1,701	23.18%
18-60	2,573	61.82%	2,166	68.18%	4,739	64.57%
Above 60	507	12.18%	392	12.34%	899	12.25%
Total	4,162	100.00%	3,177	100.00%	7,339	100.00%

Source: Socio Economic Survey, April-June 2021

## F. Occupation

37. About 72% of heads of affected families are engaged in private livelihood as shown in **Table 3.6**.

**Table III-6: Occupation of head of household**

Business		Govt. Job		Housewife		Student		Self-employed		Others		Total	
No.	%	No.	%	No.	%	No.	%	No.	%	No.	%	No.	%
1386	61.74%	3	0.13%	40	1.78%	0	0.00%	218	9.71%	598	26.64%	2245	100.00%

Source: Socio Economic Survey, April-June 2021

## G. Monthly Income

38. Income distribution is presented in Table 3.7. Of 486 affected families who provided income data, all earned more than Rs 70,000 per month.

**Table III-7: Distribution of monthly Income of Affected Households**

Head of Household income (Rs)	Number	Percentage %
1000-5000	163	7.26%
5000 – 10000	202	9.00%
10000 – 20000	405	18.04%
20000 – 30000	441	19.64%
30000 – 100000	552	24.59%
Above 100000	482	21.47%
<b>Total</b>	<b>2245</b>	<b>100%</b>

Source: Socio Economic Survey, April-June 2021

## H. Vulnerable Persons

39. The vulnerability status is presented in Table 3.8.

**Table III-8: Impact to Vulnerable Households**

Vulnerable Type	Number of PAFs	Percentage
Women Headed Households	12	1.53%
Scheduled Tribe households	38	4.85%
Scheduled Caste households	532	67.94%
BPL ** Households	**	**
Landless/non-titleholders***	***	***
Others(HH with Disabled Member, Elderly HH, Minor with no support)	201	25.67%
<b>Total</b>	<b>783</b>	<b>100.00</b>

Source: Socio Economic Survey, April-June 2021

\*\* All households reported income more than Rs 1,00,000. BPL is Below Poverty Line. Poverty line is defined as annual family income of Rs 90,624 for average PAF family size of 4 at an assumed average markup of 5% per year from 2009-10 to 2021-22, based on poverty line defined as monthly per capita expenditure amount Rs. 1180 in urban areas in Tamilnadu in year 2009-10 (Table 4.3, Report of The Expert Group to Review the Methodology for Measurement of Poverty, Planning Commission, Govt of India, June 2014).

\*\*\*vulnerability assessment on landless/non-titleholders will be confirmed during award enquiry phase following national procedure and shall be reflected accordingly in RP information update.

## IV. CONSULTATION, PARTICIPATION AND DISCLOSURE

### A. Consultation and Participation Process

40. Consultations with various stakeholders will be carried out throughout the project cycle. The consultations will be conducted by the PIU and the NGO. Stakeholders will include primary stakeholders who are project displaced persons and the PIU. Additionally, the concerned deputy commissioner of the district, commissioner of the corporation/ municipalities and revenue officials are also considered to be the primary stakeholders. Other stakeholders in the project include ward level members, local councilors, resident welfare associations (RWAs), local community groups, women's groups and people of the project area.

41. In order to engage with the community and enhance public understanding on the project and address the issues pertaining to resettlement, various sections of affected persons and other stakeholders will be consulted through focus group discussions (FGD), meetings and individual interviews during the detailed project report and resettlement plan preparation of the project. The opinions of the stakeholders and their perceptions were obtained during these consultations and incorporated in the design wherever feasible.

42. Meaningful consultations will be undertaken with the affected persons, their host communities and civil society soon after the resettlement planning framework is approved. Consultation will be carried out throughout the resettlement plan implementation and the project implementation unit (PIU), and the implementation support NGO will be responsible for conducting these consultations. The PIU will ensure that groups and individuals consulted are informed about the outcome of the decision-making process, and confirm how their views were incorporated. The consultation process established for the project will employ a range of formal and informal consultative methods. Different techniques of consultation with stakeholders are proposed during project implementation, such as in-depth interviews, public meetings, and group discussions.

43. Meaningful consultation is a process that: (a) begins early in the preparation stage of the project and is carried out on an ongoing basis throughout the implementation and life cycle of the project; (b) ensures that all parties have a voice in consultation, including national and subnational government, the private sector, nongovernmental organizations and people affected by the project, including, as applicable, indigenous peoples; (c) provides additional support as needed to ensure participation of women, elderly, young, disabled, minorities and other vulnerable groups; (d) provides timely disclosure of relevant and adequate information that is understandable and readily accessible to the people affected by the project and other stakeholders; (e) is undertaken in an atmosphere free of intimidation or coercion; (e) is gender inclusive, accessible, responsive and tailored to the needs of vulnerable groups; and (f) enables the consideration of relevant views of people affected by the project and other stakeholders in decision-making. The project will continue consultation with stakeholders throughout the project implementation as necessary on issues related to involuntary resettlement and implementation of the project-level grievance mechanism. . Women's participation will be ensured by involving them in public consultation at various stages of project preparation. The venue and the time of meetings must be convenient for women.

44. The methodology followed for public consultations will include: (i) informing all the likely displaced persons, ward committee members, local NGOs. RWAs and CBOs of upcoming meetings; (ii) conducting the meetings; and (iii) documenting the minutes of the meetings, noting

the list of participants as recorded by signature and filing photographs taken of the consultations. The implementing organization will ensure that groups and individuals consulted are informed about the outcome of the decision-making process and confirm how their views were incorporated.

45. During the field surveys that were carried out between November 2016 and November 2018 as part of Detailed Project Report (DPR), interviews of head of individual PAFs to elicit their socio-economic characteristics were conducted in addition to consultation meetings with groups of stakeholders and community. The opinions of the community and stakeholders were obtained during these consultations. The opinions obtained during these consultations are summarised in **Table 4.1**.

**Table IV-1: Public Consultations at Station Locations Onsite 2017**

Location	Date	Number of participants	Suggestion/Opinion
Sholinganallur	27.10.2017	17	The shops should not be affected due to the proposed Metro project. The respondents said that this is an IT corridor and lots of traffic can be seen in the evening after office. So the metro project would be helpful.

46. During March / April 2019 public consultations were conducted at 8 locations. Summary is placed at **Table 4.2**.

**Table IV-2: Public Consultations at Station Locations Onsite 2019**

Place	Date	Number of participants	Suggestion/opinion
Adambakkam	04.03.2019	4	Reduced travel time and accidents
			Livelihood loss, disruption, migration
Puzhuthivakkam	04.03.2019	8	Reduced travel time and accidents, increased property values
			Livelihood loss, migration, customer loss If construction activities go long more than expected
Madipakkam	05.03.2019	5	Reduced travel time and accidents, increased property values
			Loss of trees and increased crime
Medavakkam Koot Road	27.03.2019	6	Reduced travel time, congestion and accidents; employment, decreased GHG

Place	Date	Number of participants	Suggestion/opinion
			Land acquisition, loss of house/shop, disruption, migration
Perumpakkam	27.03.2019 06.04.2019	6 5	Reduced travel time, employment, decreased GHG, increased property values
			Land acquisition, loss of house/shop, disruption, migration
Global Hospital	04.04.2019	8	Reduced travel time, decreased GHG, increased property values
			Land acquisition, loss of house/shop, disruption
Sholinganallur	04.04.2019	6	Reduced travel time, increased property values
			Land acquisition, loss of income, loss of house/shop, migration
Velachery	05/04/2019	7	Reduced travel time
			Livelihood loss, disruption

CMRL invited all citizens whose properties could be adversely affected by the project to apprise them of efforts to reduce property acquisition by optimising the project design. In December 2019 and August 2020 public meetings were conducted at CMRL Office and other offsite venues. The participation is summarized in Table 4.3. The outcome of these meetings is summarized in Table 4.4. Meaningful consultations at additional locations on account of revision in alignment or station locations if any will be conducted in year 2022 and shall be reflected in the updated RP.

**Preference on Displacement.** 55% of families preferred to be located within the local area and 45% were willing to be located outside. No families preferred land for land, 40% preferred cash assistance, 23% prefer house in resettlement site and 37% prefer shop in resettlement site. Participants listed Income from business activity, proximity to market, daily jobs, school and hospital as main factors they look for in resettlement site.

**Table IV-3: Public Meetings offsite 2019 and 2020**  
**Representatives of Titled Affected Families/Properties**

<b>SN</b>	<b>Date</b>	<b>Station Name</b>	<b>Number of persons</b>

## **B. Information Disclosure**

47. The resettlement plan will be prepared and implemented in close consultation with key stakeholders. The resettlement plan will be disclosed to the affected community, detailing information including measurement of losses, detailed asset valuations, entitlements and special provisions, grievance procedures, timing of payments, and relocation schedule by the PIU. This will be done through public consultation and brochures and leaflets in Tamil. Copies of the resettlement plan in Tamil will also be made available at: (i) office of the PIU, CMRL; and (ii) local level offices. A report of disclosure, giving details of the date and location will be shared with the MDBs.

48. The resettlement framework and the resettlement plan will be placed on the official website of CMRL and the official website of AIIB/ADB/NDB after approval and endorsement of the resettlement framework and resettlement plan.

49. Resettlement Policy Framework as approved has been disclosed to stakeholders through placement on CMRL website. Upon CMRL approval of updated project design, updated Resettlement Plan will be disclosed. In addition to disclosure mechanism detailed in preceding paragraphs, public hearing will be held to explain the provisions of the Resettlement Plan. This information will be disclosed by the PIU with assistance from the NGO hired for assisting in resettlement plan implementation. All safeguard documents including the progress reports and concurrent monitoring reports, impact evaluation reports, list of eligible affected persons will be disclosed on CMRL website. Resettlement plans will be maintained in CMRL website throughout the life of the project. **Table 4.5** provides a summary of the consultation and disclosure activities.

## **C. Consultation and Participation Plan**

50. A consultation and participation plan will be prepared for the project. The primary purpose of the consultation and participation plan is to disseminate information and to open up the lines of communication between the CMRL and all stakeholders to facilitate the implementation of the Corridor -4 and the early resolution of any conflict issues that may arise. The consultation and participation plan will include the communication processes and activities which will take place throughout the course of the project. In continuation to the first round, Consultations will be conducted in year 2022 where a) design revisions alter or do not alter impacts but acquisition is not initiated b) revisions alter impacts and acquisition has been initiated. These activities have been delayed due to pandemic and / or detailed design. Confirmation of baseline will be done prior to compensation payments.

**Table IV-5: Summary of Consultation and Disclosure Activities**

<b>Project Phase</b>	<b>Activities</b>	<b>Details</b>	<b>Responsible Agency</b>	<b>Status and Plan of Action</b>
Before RP * implementation	Mapping of the project area	Project area to be mapped, clearly showing survey numbers of affected persons to be shifted.	PIU in coordination with Revenue department.	To be finalised
	Stakeholder identification	Cross-section of stakeholders to be identified in order to facilitate their participation in the project.	PIU, NGO to identify all stakeholders.	Done
	Project information dissemination; disclosure of proposed land acquisition and subproject details	Leaflets containing information on the project to be prepared.	Information dissemination will be done by the PIU. They will be assisted by the NGO for leaflet preparation.	Done
	Stakeholder meetings	Meetings at community/household level with displaced persons and other stakeholders, such as RWAs, ward committees etc.	PIU with assistance from NGO	Done
	Socio-economic impact assessment and census surveys	Surveys and individual consultations to be conducted. Summary RP to be disclosed in Tamil in accessible locations to displace persons, particularly vulnerable stakeholders.	PIU will be assisted by NGO to conduct consultations and surveys.	To be finalised
	Formulating compensation measures and rehabilitation measures	Based on census surveys, the entitlements will be shared through discussions and sharing the resettlement plans with displaced persons.	PIU assisted by NGO, who will conduct all discussions, meetings and workshops and will invite all secondary stakeholders.	Done through RPF
	Disclosure of final entitlements and rehabilitation packages	Web disclosure of the resettlement plan. Dissemination of translated summary resettlement plans to all stakeholders before final disclosure.	The NGO appointed by PMU will undertake all activities related to dissemination of the resettlement plan. PIU will arrange public meeting of all stakeholders with displaced persons for resettlement plan approval. All the comments and suggestions made by affected persons will be documented.	Plan based on final designs to be prepared; to be approved by CMRL; to be disclosed.

## V. GRIEVANCE REDRESS MECHANISM

51. A project specific grievance redress mechanism (GRM) will be established to receive, evaluate, and facilitate the resolution of affected persons' concerns, complaints, and grievances about the social and environmental performance at the level of the project. The GRM will aim to provide a time-bound and transparent mechanism to voice and resolve social and environmental concerns associated with the project.

52. A common GRM will be in place for social, environmental, or any other grievances related to the investment program. The resettlement and initial environmental examinations will follow the GRM described below. The GRM will provide an accessible and trusted platform for receiving and facilitating the resolution of affected persons' grievances related to the investment program. The multi-tier GRM for the investment program is outlined below, each tier having time-bound schedules and with responsible persons identified to address grievances and seek appropriate persons' advice at each stage, as required.

53. The project area-wide public awareness campaigns will ensure that knowledge of the grievance redress procedures is generated. The PIU, through the appointed NGO will conduct awareness campaigns to ensure that all affected persons and vulnerable households are made aware of grievance redress procedures and entitlements.

54. Affected persons will have the flexibility of conveying grievances/suggestions by dropping grievance redress/suggestion forms in complaints/ suggestion boxes to be installed by CMRL or by e-mail, or by registering complaints on the CMRL website or by post, or by writing in a complaints register in the PIU office. Careful documentation of the name of the complainant, date of receipt of the complaint, address/ contact details of the person, location of the problem area, and how the problem was resolved will be undertaken. The PIU social and environmental officers will have the overall responsibility for timely grievance redress on environmental and social safeguards issues and for registration of grievances, related disclosure, and communication with the aggrieved party. A copy of a proposed outline of a grievance registration form is given in **Annexure 5**. All the documents made available to the public will include information on the contact number, address and contact person for registering grievances, and will be disseminated throughout the program area by the PIU with support from the NGO.

### **A. Establishment of the Land Acquisition, Rehabilitation and Resettlement Authority**

55. For the purpose of disputes relating to land acquisition, compensation and R&R, the GoTN has to establish by notification, one or more authorities to be known as the Land Acquisition Rehabilitation and Resettlement Authority (LARRA). The LARRA shall consist of one person called the presiding officer. The presiding officer shall be either a district judge (or has been a district judge) or a qualified legal practitioner with a minimum of 7 years of service and shall be appointed in consultation with the chief justice of the High Court within the investment program jurisdiction. He/ she shall hold the office for three years and shall be supported by the Registrar and other officers.

## **B. Proposed Grievance Redress Mechanism**

56. Grievance Redressal Mechanism (GRM) will be established at two-levels, one at the field level, PIU and second at the PMU level. In case of grievances that are immediate and urgent in the perception of the complainant, the safeguard Officer from PIU and the NGO will provide the most easily accessible or first level of contact for the quick resolution of grievances. Contact phone numbers and names of the concerned staff and contractors, will be posted at all construction sites in visible locations. **Figure 3**, provides the proposed GRM for Corridor 5.

(i) **1st level grievance.** The Executive Engineer/ LA/SDO with the assistance of the NGO will receive and record the complaint at the site. Alternatively, the complaint can be registered by phone call, message, email, or on the CMRL website. The complaint will be reviewed and PIU and NGO staff together will try to resolve the issue on-site in consultation with the aggrieved party. This will be done within 7 days of receipt of a complaint/ grievance.

(ii) **2nd level grievance.** All grievances that cannot be redressed within 7 days at the field level will be brought to the notice of the Grievance Redressal Committee. The GRC will resolve the grievance within 4 weeks of receipt of a complaint/ grievance in discussion with the NGO and in consultation with the PIU Executive Engineer. The Chairman for the GRM second level committee shall be CGM level officer nominated by Competent Authority of CMRL.

### **Grievance Redress Committee (GRC)**

The GRC will comprise of following members:

- (i) Chairmanship of Director (Projects and Planning): Chairman
- (ii) Project Director (PD),
- (iii) Project Land Acquisition Officer (LAO) and
- (iv) Project Social Development Officer (SDO): Member Secretary.
- (v) Representatives from the PAPs, women, NGO and the local body

57. The project GRM notwithstanding, an aggrieved person shall have access to the country's legal system at any stage. This can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM. Alternatively, if the grievance is related to land acquisition or R&R<sup>2</sup>, the displaced persons can approach the R&R Authority. As per the recently implemented RFCTLARRA 2013, the GoTN will establish the R&R Authority to address grievances during implementation.

58. In the event that the established GRM is not in a position to resolve the issue, the affected persons can also use the MDBs Accountability Mechanism by directly contacting (in writing) the complaint receiving officer at MDBs headquarters or the MDB India Resident Mission, if any. The complaint can be submitted in any of the official languages of MDB's Developing Member Countries. The MDB Accountability Mechanism information will be included in the project information document to be distributed to the affected communities, as part of the project GRM.

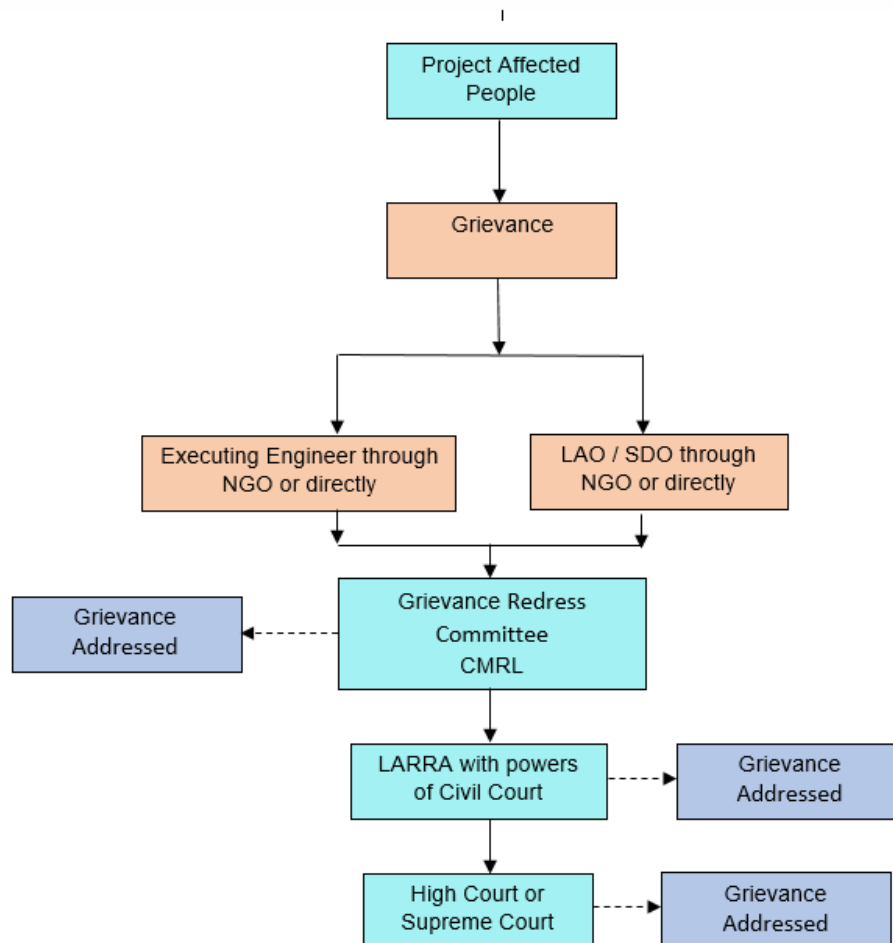

---

<sup>2</sup> LARRA admits grievances only with reference to the land acquisition and R&R issues under the RFCTLARRA.

59. **Record-keeping:** The PIU will keep records of grievances received, including contact details of the complainant, the date the complaint was received, the nature of the grievance, agreed corrective actions and the date these were affected and the final outcome. The number of grievances recorded and resolved and the outcomes will be displayed/disclosed in the PIU office, and on CMRL website, as well as reported in monitoring reports submitted to the MDBs on a semi-annual basis.

**Figure 3: Grievance Redress Mechanism**

□

## VI. OBJECTIVES, POLICY FRAMEWORK AND ENTITLEMENTS

60. This Resettlement Planning Framework (RPF) has been prepared conforming to the National laws, the State laws and the Asian Infrastructure Investment Bank's (AIIB's) Environmental and Social Framework (ESF), 2016, ADBs SPS 2009 and New Development Banks Social and Environment 2016. The resettlement planning framework describes the principles and approach in avoiding, minimizing and mitigating adverse social impacts that may arise in implementing the proposed CMRL – Phase II Corridor 5 project.

61. The resettlement framework outlines the objectives, policy principles, and procedures for land acquisition, compensation, and other assistance measures for displaced persons, under the project. The framework includes guidance on screening and categorization, assessment, planning, grievance redress mechanism, institutional arrangements, and processes to be followed for Corridor 5.

62. The involuntary resettlement safeguards objectives governing resettlement planning and implementation under the project are to: (i) avoid involuntary resettlement wherever possible; (ii) minimize involuntary resettlement by identifying non-displacing or least displacing subproject and design alternatives; (iii) improve, or at least restore, the livelihoods of all displaced persons; (iv) improve the standards of living of the displaced persons including vulnerable groups; and (v) ensure all compensation and resettlement assistance is paid prior to displacement.

### A. Policy and Legal Framework

63. The policy framework and entitlements for CMRL – C4 are based on a combination of Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act (RFCTLARRA )2013, the GoTN RFCTLARRA Rules, 2017, The Tamil Nadu Acquisition of Land for Industrial Purposes Act 1997 and AIIBs ESF and ADB's SPS and NDBs Safeguard requirements. The salient features of legal frameworks are summarized in the following sub-sections.

#### 1. Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013

64. The RFCTLARRA 2013 covers land acquisition and resettlement. The act has recognized the need for resettlement and rehabilitation and has replaced the Land Acquisition Act 1894. The act aims to establish the law on land acquisition, as well as the rehabilitation and resettlement of those directly affected by land acquisition in India. The scope of the Act includes all land acquisition, whether it is done by the Central Government of India or any State Government of India. The act came into force on 01 January 2014. The key features of the Act are outlined below. This Act will be applicable in case of any private is acquired by the project.

65. **Acquisition for public purpose:** The Land Acquisition Act of 1894 facilitated the Government to acquire private land for use for public purposes, or acquire land for companies proposing to utilize the land for a public purpose. The new act defines public

purpose more specifically, compared to the earlier act, thereby reducing scope for misinterpretation. The new act does not allow any change in purpose after acquisition.

**66. Social impact assessment (SIA) is mandatory:** Under the new act, SIA is mandatory. It prescribes the need for an SIA by the Gram Sabah or an equivalent body in urban areas as part of the preliminary investigations for the land acquisition. The SIA will assess public purpose, minimum extent of land required, estimation of displacement and social impact on DPs, including costs. The SIA will be appraised by an expert group. No land acquisition shall be initiated unless the SIA is approved by the expert group.

**67.** The new act provides timelines for implementation, as given below:-

- i. SIA to be completed within six months;
- ii. Appraisal by an expert group within two months of receiving the SIA report;
- iii. Preliminary notification has to be published within 12 months from the date of appraisal of the SIA report submitted by the expert group;
- iv. Objections to be given within 60 days of the preliminary notification;
- v. Public hearing to be conducted after the preliminary notification;
- vi. Publication of the Draft Declaration of Land Acquisition and the Resettlement and Rehabilitation (R&R) Scheme to be carried out after the public hearing and within 12 months of the publication of the preliminary notification;
- vii. Compensation award to be made within 12 months of the date of the draft Declaration of Land Acquisition and the R&R Scheme;
- viii. Compensation amount to be paid within three months of award and R&R amount within 6 months, and
- ix. Infrastructure and amenities to be provided within 18 months of award.

**68.** The process will lapse should no land acquisition notification be issued within 12 months of the expert group report. The timeline is however extendable by the appropriate government by a further 12 months if it is deemed necessary.

**69. Retroactive Clause:** In cases where land acquisition proceedings have been initiated under the Land Acquisition Act, 1894, then (a) where no award under Section 11 of the said Land Acquisition Act has been made, then, all provisions of the new act relating to the determination of compensation, rehabilitation and resettlement shall apply; or, (b) where an award under said Section 11 has been made, then such proceedings shall continue under the provisions of the said Land Acquisition Act, as if the said act has not been repealed. In cases where land acquisition proceedings have been initiated under the Land Acquisition Act, 1894 and where an award under Section 11 has been made five years or more prior to the commencement of the new Act, but the physical possession of the land has not been taken or the compensation has not been paid, the proceedings shall be deemed to have lapsed and the appropriate government, if it so chooses, shall initiate the proceedings of such land acquisition afresh in accordance with the provisions of the new act. Furthermore, where an award has been made and compensation in respect of a majority of land holdings has not been accepted, then all beneficiaries specified in the notification for acquisition under Section 4 of the Land Acquisition Act, 1894 shall be entitled to compensation in

accordance with the provisions of the new Act. The benefit of the retroactive clause will ensure that projects are implemented with minimum delays.

70. **Consent of affected persons:** The act stipulates that private entities and public-private partnerships carrying out public purpose projects may approach the government to acquire land on their behalf after receiving the consent of 80% of the landowners for public projects and 75% for public-private projects.

71. **Calculation of market value:** Under the new act, the entitlements and compensation calculation procedure will ensure that compensation for land will be based on the calculation of market value. The highest of the three calculations as given below will be adopted: (i) the market value, if any, specified in the Indian Stamp Act, 1899 for the registration of sale deeds or agreements to sell, as the case may be, in the area, where the land is situated; or (ii) the average sale price for similar type of land situated in the nearest village or within the vicinity; or (iii) consented amount of compensation as agreed upon in case of acquisition of lands for private companies or for public-private partnership projects. The date for determination of the market value shall be the date on which the notification will have been issued as prescribed under Section 11 of the RFCTLARRA. The market value should then be multiplied by a factor of at least one to two times for land acquired in rural areas and at least one time for land acquired in urban areas.

72. **Payment of solatium:** The Act stipulates that a solatium equal to 100% of the market value of the property, including the value of assets, should also be paid.

73. **Payment of R&R assistance:** The new Act provides R&R assistance for all displaced persons who are losing livelihood due to land acquisition. RFCTLARRA proposes the given resettlement entitlements as a minimum. The State Governments of India, or private companies, may choose to set and implement a policy that pays more than what is proposed in the RFCTLARRA.

74. **Restrictions on acquisition of irrigated multi-cropped land:** In order to safeguard food security, the new Act restricts any acquisition of irrigated multi-cropped land, except for exceptional circumstances. An equivalent area of cultivable wasteland or land value has to be deposited with Government in the case of such an acquisition.

75. **Formal and transparent mechanism for R&R implementation prescribed:** The new Act outlines a structured institutional framework at the Central, State and project levels to carry out the acquisition and R&R: (i) at the central level is the national monitoring committee; (ii) at the State level the State Land Acquisition and R&R Authority and a committee constituted by the appropriate Government and State Commissioner R&R; and (iii) at the project level is the district collector, administrator R&R and the R&R committee.

76. Overall the RFCTLARRA provides a framework in which the interest of the land loser is protected. The Act also empowers the government to some extent for defined purposes in order to support infrastructure development and industrialization. The new

Act also increases the overall cost and time required for land acquisition, thereby compelling project owners towards more efficient utilization of land.

## **2. The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement (Tamil Nadu Amendment) Act, 2014**

77. The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement (Tamil Nadu Amendment) Act, 2014 received Presidents assent on 01 January 2015. Through the amendment, Section 105A read with 'The Fifth Schedule' was inserted in the RFCTLARR Act that allowed three State acts regulating land acquisition to continue acquisition of land as per the procedure set forth in the respective acts, while confirming to the provisions of RFCTLARR Act relating to the determination of compensation and provision of rehabilitation and resettlement. The exemption was with retrospective effect from 01 January 2014. These acts include the Tamil Nadu Acquisition of Land for Harijan Welfare Scheme Act, 1978, Tamil Nadu Acquisition for Land for Industrial Purposes Act, 1997 and Tamil Nadu Highways Act, 2001.

## **3. Tamil Nadu Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Rules, 2017**

78. The State rules were notified on 21 September 2017 describing the process to be adopted when requisition for land is made by the requiring body, the process of conducting social impact assessment through the Tamil Nadu State Social Impact Assessment Unit formed exclusively for the purpose of conducting social impact assessment and functioning under the Commissioner of Rehabilitation and Resettlement<sup>3</sup>. The rules also describe the process of obtaining consent from affected families in case of land acquisition for private companies. Further, the method of publication of preliminary notification, the information that is required to be published in the preliminary notification, the details required in the report of the Collectors on hearing of objections and the details required in the land acquisition award is described.

79. The rules also describe the role of Administrator in preparing the rehabilitation and resettlement scheme and defines the eligibility criteria for availing onetime resettlement allowance. Further, the limits<sup>4</sup> for the applicability of the provisions relating to rehabilitation and resettlement for purchase of land through private negotiation by persons other than specified persons is defined. To clear the ambiguity in the eligibility for choice of annuity or employment, the rule prescribes that only those owners of the land acquired, whose livelihoods are lost due to the acquisition and other families whose livelihoods are primarily dependent on the land acquired alone will be entitled.

---

<sup>3</sup> The Commissioner of Land Administration is appointed as the Commissioner of Rehabilitation and Resettlement through a government order [G.O.(Ms) No.304, Revenue and Disaster Management (LA-I(1)) dated 20 September 2017]

<sup>4</sup> The limits are defined vide a government order [G.O.(Ms) No.303, Revenue and Disaster Management (LA-I(1)) dated 20 September 2017]

80. The rules describe the service conditions of the Presiding Officer, Registrar and other employees of the Land Acquisition, Rehabilitation and Resettlement Authority, established for the purpose of resolving disputes related to land acquisition, compensation, rehabilitation and resettlement expeditiously. The State has designated<sup>5</sup> the Principal Judge/Principal District Judge/District Judge of the respective Districts as the Presiding Officer.

#### **4. The Tamil Nadu Acquisition of Land for Industrial Purposes Act (TNALIPA) 1997(TN Act 10 Of 1999)**

81. The key provisions of the TNALIPA, 1997 received assent of President on 2 December 2019. Regarding the process the Act states:

82. Under subsection 3(2) states: The Government shall call upon the owner or any other person who may be interested in the land to show cause why the land should not be acquired and also cause a Public notice to be issued under sub-section (2) of section 3 of the Tamil Nadu Acquisition of Land for Industrial Purposes Act 1997.

83. Subsection 3(1) states : The Government shall publish in the Tamil Nadu Government Gazette a notice specifying the particular purpose for which such land is required namely `Chennai Metro Phase II MDB Projects` under Sub-section (1) of section 3 of the Tamil Nadu Acquisition of Land for Industrial Purposes Act 1997.

84. Subsection 4(1) states: When a notice under sub-section (1) of section 3 is published in the Tamil Nadu Government Gazette, the land to which the said notice relates shall, on and from the date of such publication, vest absolutely in the Government free of all encumbrances.

85. Subsection 4(2) states: Where any land is vested in the Government under sub-section (1), the Government may by order, direct any person who may be in possession of the land to surrender or deliver possession thereof to the Collector or any person duly authorised by him in this behalf within thirty days of the service of the order.

86. Subsection 4(3) states: If any person refuses or fails to comply with an order made under subsection (2), the Collector may take possession of the land, and may, for that purpose, use such force as may be necessary.

87. Section 5 states: Where any land has been acquired under this Act, the Government may use or cause to be used such land for the purpose of this Act.

88. With reference to compensation and entitlements the Act states Subsection 6(3)of The Tamil Nadu Acquisition of Land for Industrial Purposes Act 1997 (Tamil Nadu Act 10 of 1999 - President assent 2 December 2019) : The provisions relating to the determination of compensation for land and other assets attached thereto as specified in the First Schedule, rehabilitation and resettlement as specified in the Second Schedule and infrastructure amenities as specified in the Third Schedule to the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and

---

<sup>5</sup> The Presiding Officers are notified vide a government order [G.O.(Ms) No.305, Revenue and Disaster Management (LA-I(1)) dated 20 September 2017]

Resettlement Act, 2013 (RFCTLARR Act 2013) shall apply to the land acquisition proceedings under the 1999 Act.

#### **5. Tamil Nadu Government Order on Land Acquisition through Private Negotiation**

89. The State vide GO (Ms) No.885 of Revenue Department dated 21 September 1995, had issued executive orders prescribing uniform procedure for fixing the land value for acquisition through negotiations and constituting District level, State level and Government level committees with definite monetary powers. Based on the experience gained over the years in land acquisition and acquisition through negotiations, the District level and State level committees were reconstituted with enhanced monetary powers vide GO (Ms) No.103 of Revenue (LA-I(1)) Department dated 28 February 2011.

90. Since both the above government orders were issued when the Land Acquisition Act, 1894 was in force and with the procedural change in determination of compensation coming into effect with the notification of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement (RFCTLARR) Act, 2013, the government issued revised procedures, vide GO (Ms) No.281 of Revenue and Disaster Management Department, Land Administration Wing, LA-I(1) Section dated 07 September 2017, for acquisition of land through private negotiation and enhanced the monetary powers of District level, State level committees and the Government, with distinction between land in urban and rural areas.

#### **6. Asian Infrastructure Investment Bank Environmental and Social Framework, February 2016 (amended February 2019)**

91. The objective of the Asian Infrastructure Investment Bank's Environmental and Social Framework (ESF) is to ensure that environmental and social risks and impacts in projects financed by the Bank are addressed and to provide a robust structure and mechanism to manage the environmental and social risks in identification, preparation and implementation of projects. The framework details the environmental and social requirements through three mandatory Environmental and Social Standards (ESS), viz. Environmental and Social Assessment and Management (ESS1), Involuntary Resettlement (ESS2) and Indigenous Peoples (ESS3)

92. **Environmental and Social Standards 2 on Involuntary Resettlement:** The objectives of the Asian Infrastructure Investment Bank's policy with regard to Environmental and Social Standards 2 on involuntary resettlement are: (i) involuntary resettlement should be avoided wherever possible, to minimise involuntary resettlement by exploring project alternatives; (ii) where avoidance of involuntary resettlement is not feasible, to enhance, or at least restore, the livelihoods of all displaced persons in real terms relative to pre-project levels; (iii) to improve the overall socio-economic status of the displaced poor and other vulnerable groups; and (iv) to conceive and implement resettlement activities as sustainable development programs,

by providing sufficient resources to enable the persons displaced by the project to share in project benefits.

93. Involuntary resettlement covers physical displacement (relocation, loss of residential land, or loss of shelter) and economic displacement (loss of land or access to land and natural resources, loss of assets or access to assets, income sources, or means of livelihood) as a result of; (i) involuntary acquisition of land, or (ii) involuntary restrictions on land use or on access to legally designated parks and protected areas. It covers such displacement whether these losses and involuntary restrictions are full or partial, permanent or temporary in nature.

94. **Environmental and Social Standards 3 on Indigenous Peoples<sup>6</sup>:** The objectives of the Asian Infrastructure Investment Bank's policy with regard to Environmental and Social Standards 3 on indigenous peoples is to design and implement projects in a way that fosters full respect for indigenous peoples' identity, dignity, human rights, economies and cultures, as defined by the indigenous peoples themselves, so that they: (i) receive culturally appropriate social and economic benefits; (ii) do not suffer adverse impacts as a result of projects; and (iii) can participate actively in projects that affect them.

95. Environmental and Social Standards 3 on indigenous peoples applies if indigenous peoples are present in, or have a collective attachment to, the proposed area of the project, and are likely to be affected by the project. The term indigenous peoples is used in a generic sense to refer to a distinct, vulnerable, social and cultural group possessing the following characteristics in varying degrees: (i) self-identification as members of a distinct indigenous cultural group and recognition of this identity by others; (ii) collective attachment to geographically distinct habitats or ancestral territories in the project area and to the natural resources in these habitats and territories; (iii) customary, cultural, economic, social, or political institutions that are separate from those of the dominant society and culture; and (iv) a distinct language, often different from the official language of the country or region.

## **7. ADB's Safeguard Policy Statement, 2009**

96. The ADB's SPS, recognizes and addresses involuntary resettlement impacts and requires the preparation of a resettlement plan in every instance where involuntary resettlement occurs. The ADB policy requirements are:

- i. Avoid or minimize impacts where possible;
- ii. Consultation with the displaced persons in project planning and implementation;
- iii. Payments of compensation for acquired assets at the replacement cost;

---

<sup>6</sup>There being no universally accepted definition of Indigenous Peoples. Indigenous Peoples may be referred to in different countries by such terms as "indigenous ethnic minorities," "aboriginals," "hill tribes," "minority nationalities," "scheduled tribes," "first nations," or "tribal groups." As the applicability of such terminology varies widely from country to country, the Client may agree with the Bank on an alternative terminology for the Indigenous Peoples as appropriate to the circumstances of the Client.

- iv. Ensure that no one is worse off as a result of resettlement and would maintain at least their original standard of living;
- v. Resettlement assistance to displaced persons, including non-titled persons; and
- vi. Special attention to vulnerable people/ groups.

97. For any ADB operation requiring involuntary resettlement, resettlement planning is an integral part of project design, to be dealt with from the earliest stages of the project cycle. The main policy principles of the SPS are:

- (i) Screen the project early on to identify past, present, and future involuntary resettlement impacts and risks. Determine the scope of resettlement planning through a survey and/or census of displaced persons, including a gender analysis, specifically related to resettlement impacts and risks.
- (ii) Carry out meaningful consultations with displaced persons, host communities, and concerned NGOs. Inform all displaced persons of their entitlements and resettlement options. Ensure their participation in planning, implementation, and monitoring and evaluation of resettlement programs. Pay particular attention to the needs of vulnerable groups, especially those below the poverty line, the landless, the elderly, women and children, and Indigenous Peoples, and those without legal title to land, and ensure their participation in consultations. Establish a grievance redress mechanism to receive and facilitate resolution of the displaced persons' concerns. Support the social and cultural institutions of displaced persons and their host population. Where involuntary resettlement impacts and risks are highly complex and sensitive, compensation and resettlement decisions should be preceded by a social preparation phase.
- (iii) Improve, or at least restore, the livelihoods of all displaced persons through: (i) land-based resettlement strategies when affected livelihoods are land-based where possible or cash compensation at replacement value for land when the loss of land does not undermine livelihoods; (ii) prompt replacement of assets with access to assets of equal or higher value; (iii) prompt compensation at full replacement cost for assets that cannot be restored; and (iv) additional revenues and services through benefit sharing schemes where possible.
- (iv) Provide physically and economically displaced persons with needed assistance, including: (i) if there is relocation, secured tenure to relocation land, better housing at resettlement sites with comparable access to employment and production opportunities, integration of resettled persons economically and socially into their host communities and extension of project benefits to host communities; (ii) transitional support and development assistance, such as land development, credit facilities, training, or employment opportunities; and (iii) civic infrastructure and community services, as required.
- (v) Improve the standards of living of the displaced poor and other vulnerable groups, including women, to at least national minimum standards. In rural areas provide them with legal and affordable access to land and resources and in urban areas provide them with appropriate income sources and legal and affordable access to adequate housing.
- (vi) Develop procedures in a transparent, consistent, and equitable manner if land acquisition is through negotiated settlement to ensure that those people who enter into negotiated settlements will maintain the same or better income and livelihood status.

- (vii) Ensure that displaced persons without titles to land or any recognizable legal rights to land are eligible for resettlement assistance and compensation for loss of non-land assets.
- (viii) Prepare a resettlement plan elaborating on displaced persons' entitlements, the income and livelihood restoration strategy, institutional arrangements, monitoring and reporting framework, budget, and time-bound implementation schedule.
- (ix) Disclose a draft resettlement plan, including documentation of the consultation process in a timely manner, before project appraisal, in an accessible place and a form and language(s) understandable to displaced persons and other stakeholders. Disclose the final resettlement plan and its updates to displaced persons and other stakeholders.
- (x) Conceive and execute involuntary resettlement as part of a development project or program. Include the full costs of resettlement in the presentation of project's costs and benefits. For a project with significant involuntary resettlement impacts, consider implementing the involuntary resettlement component of the project as a stand-alone operation.
- (xi) Pay compensation and provide other resettlement entitlements before physical or economic displacement. Implement the resettlement plan under close supervision throughout project implementation.
- (xii) Monitor and assess resettlement outcomes, their impacts on the standards of living of displaced persons, and whether the objectives of the resettlement plan have been achieved by taking into account the baseline conditions and the results of resettlement monitoring. Disclose monitoring reports.

## **8. New Development Banks (NDB) Environment and Social Framework 2016**

98. The Framework sets out NDB's core principles which govern the operations of NDB on environment and social management. It includes two parts: (i) Part 1 which provides an overarching policy for addressing environment and social management in operations, and (ii) Part 2 Environmental and Social Standards (ESS) which set forth the key mandatory requirements with respect to Environment, Involuntary Resettlement, and Indigenous Peoples.

The key policy principles are:

- (i) **Screening and Categorization:** NDB screens and assesses each proposed project at the concept stage to determine its risk categorization and updates the categorization during project processing. This is undertaken to determine the nature and extent of potential environment and social impacts. Each proposed project is scrutinized as to its type, location, scale, and sensitivity and the magnitude of its potential impacts.
- (ii) **Environmental and Social Assessment and Management Plans:** For Category A and B projects, NDB requires the Client to conduct environmental and social impact assessment, with scope and depth commensurate with the nature and magnitude the potential impacts.
- (iii) **Public Consultation :** NDB requires the Client to conduct a meaningful consultation process, that is compliant with national laws and regulations and this Policy, and (i) engages with communities, groups, or people affected by proposed projects; (ii) begins early and is carried out on an ongoing basis;

- (iii) provides timely disclosure of relevant and adequate information that is understandable and readily accessible, is undertaken in an atmosphere free of intimidation or coercion; (iv) is gender inclusive and responsive, tailored to the needs of vulnerable groups; and (v) enables the incorporation of all relevant views of affected people and other stakeholders into decision making.
- (iv) **Transparency and Information Disclosure :** NDB is committed to working with the client to ensure that social and environmental assessment documents are made available in a timely manner, in an accessible place and in a form and language(s) understandable to affected people and to other stakeholders, including the general public, so they can provide meaningful inputs into project design and implementation.
- (v) **Monitoring and Reporting:** NDB requires the Client to conduct monitoring on the implementation of environmental and social mitigation measures. The extent of monitoring activities, including their scope and periodicity, is commensurate with the project's risks and impacts. Clients will provide periodic monitoring reports on environment and social measures and relevant plans, as provided in the legal agreements and / or country systems
- (vi) **Grievance Redressal Mechanisms :** NDB requires that the client establish and maintain a fair and effective grievance redress mechanism to receive and facilitate timely resolution of affected peoples' concerns and grievances about the client's environmental and social performance at project level. .

## **B. Comparison of the funding agencies safeguard provisions and RFCTLARRA**

99. A comparison between Government Statutes and the MDS involuntary resettlement standards that provides gap-filling measures as reflected in the entitlement matrix is presented in the project resettlement planning framework. The acquisition of private property and compensating private land and assets in accordance with RFCTLARR Act reflects the equivalent to replacement cost for the loss of land and assets. The RFCTLARR however does not recognise non-titleholders. Though RFCTLARR recognises titleholders and non-titleholders affected by land acquisition, the squatters, encroachers and those present in RoW and other public lands are excluded from the purview of RFCTLARR Act.

100. Another key difference is with regard to the cut-off date for determining the eligibility for compensation and rehabilitation and resettlement assistances to all those who are affected by the project irrespective of the tenure. According to the RFCTLARR Act, the cut-off-date for non-titleholders to be eligible for assistance is three years preceding the acquisition and for the titleholders it is the date of preliminary notification under Section 4 (1). To bring this resettlement planning framework in line with the funding agencies requirements, this resettlement planning framework mandates that in the case of land acquisition, the date of issue of public notice of intended acquisition, will be treated as the cut-off date for title holders, and for non-titleholders such as squatters and encroachers, the cut-off date will be the start date of the project **socio**

**economic** survey. Further, all affected non-title holders, suitable compensation for loss of assets and rehabilitation and resettlement assistances is proposed in the entitlement matrix, **(except for encroachers who are eligible for compensation for the encroached portion of affected structure)** while the titleholders are legally entitled for compensation and rehabilitation and resettlement assistancesurvey. For purposes of this RP, vulnerable encroachers shall be entitled to resettlement and rehabilitation assistance and compensation at replacement cost of the affected structures. Non-vulnerable encroachers shall be entitled to compensation at replacement cost of the affected structures. Commercial and institutional encroachers shall be informed through amicable and appropriate legal manner to remove the encroaching structure.

### **C. Involuntary Resettlement Safeguard Principles for the Project**

101. Based on the above analysis of Government statutes and the MDBs Environmental and Social Framework (ESF) policy, the following resettlement principles will be adopted for this project:

- (i) Screen the project early, to identify past, present, and future involuntary resettlement impacts and risks. Determine the scope of resettlement planning through a census and socio-economic survey of affected persons, including a gender analysis, specifically related to resettlement impacts and risks.
- (ii) Adopt measures to avoid and minimize involuntary resettlement impacts by taking the following measures: (i) explore siting the project components in government land or locations which are less impacting; (ii) ensure use of appropriate technology to reduce land requirement; and (iii) modify the designs of project components to minimize land requirement and ensure involuntary resettlement is avoided or minimized.
- (iii) Where involuntary resettlement impact is unavoidable, improve, or at least restore, the livelihoods of all affected persons through: (i) land-based resettlement strategies, where possible, when affected livelihoods are land based, and when loss of land is significant, or cash compensation at replacement cost for land when the loss of land does not undermine livelihoods; (ii) prompt replacement of assets with access to assets of equal or higher value; and (iii) prompt compensation at full replacement cost for assets that cannot be restored.
- (iv) Provide physically and economically displaced persons with needed assistance, including the following: (i) if there is relocation, secured tenure to relocation land, better housing at resettlement sites with comparable access to employment and production opportunities, integration of resettled persons economically and socially into their host communities, and extension of project benefits to host communities; (ii) transitional support and development assistance, such as land development, credit facilities, training, or employment opportunities; and (iii) civic infrastructure and community services, as required.
- (v) Ensure that affected persons without titles to land or any recognizable legal rights to land are eligible for resettlement assistance and compensation for loss of non-land assets at replacement value.
- (vi) Improve the standards of living of the affected poor and other vulnerable groups, including women, to national minimum standards or standard before displacement whichever is higher.
- (vii) Carry out meaningful consultations with affected persons, host communities, and concerned non-government organizations. Inform all affected persons of their entitlements and resettlement options. Ensure their participation in planning,

implementation, and monitoring and evaluation of resettlement programs. Pay particular attention to the needs of vulnerable groups, especially those below the poverty line, the landless, the elderly, women and children, and indigenous peoples, and those without legal title to land, and ensure their participation in consultations.

- (viii) Prepare a resettlement plan elaborating on the entitlements of affected persons, the income and livelihood restoration strategy, institutional arrangements, monitoring and reporting framework, budget, and time-bound implementation schedule.
- (ix) Disclose a draft resettlement plan, including documentation of the consultation process in a timely manner, in an accessible place and a form and language(s) understandable to displaced persons and other stakeholders. Disclose the final resettlement plan and its updates to affected persons and other stakeholders.
- (x) Pay compensation and provide all resettlement entitlements before physical or economic displacement and before commencement of civil works. Implement the resettlement plan under close supervision throughout project implementation.
- (xi) Establish a grievance redress mechanism to receive and facilitate resolution of the concerns of affected persons.
- (xii) Develop procedures in a transparent, consistent, and equitable manner if land acquisition is through negotiated settlement to ensure that those people who enter into negotiated settlements will maintain the same or better income and livelihood status.
- (xiii) Monitor and assess resettlement outcomes, their impacts on the standard of living of affected persons, and whether the objectives of the resettlement plan have been achieved by taking into account the baseline conditions and the results of resettlement monitoring. Disclose monitoring reports.

#### **D. Negotiated Settlement as per ADBs SPS**

102. In line with ADB's SPS, this framework does not apply to negotiated settlements. The policy encourages acquisition of land and other assets through a negotiated settlement wherever possible based on consultation<sup>7</sup> with displaced persons including those without title to assets. A negotiated settlement will offer an adequate and fair price for land and other assets. Also, in the case of a negotiated settlement, an independent external party/person will be identified and engaged by the implementing agency to document the negotiation and settlement processes. The principles of this resettlement framework with regard to meaningful consultation processes, mechanisms for calculating the replacement cost of land and other assets affected and record-keeping requirements will be followed during the negotiated settlement.

1. The process of negotiation involves the following steps: (i) negotiation will take place when there is a willing buyer/willing seller; (ii) verification of the voluntary status of land acquisition will have to be carried out by a third party, preferably a NGO; (iii) consultation with the displaced person has to be carried out and documented; (iv) the minimum negotiated price

---

<sup>7</sup>A process that (i) begins early in the project preparation stage and is carried out throughout the project cycle; (ii) provides timely disclosure of information that is understandable and accessible to DPs; (iii) is undertaken in an atmosphere free of intimidation or coercion; (iv) is gender inclusive and responsive to the needs of disadvantaged and vulnerable groups; and (v) enables the incorporation of all relevant views of DPs and other stakeholders into decision making, such as project design and mitigation measures.

to start negotiations will not be below the valuation of land based on the market value of land as given in the Entitlement Matrix; (v) all the safeguards as mentioned in the resettlement framework have to be followed; (vi) all negotiations have to be carried out in a transparent manner and validated by a third party, NGO, or in the absence of a NGO any other party as decided by the PMU; (vii) in case of failure of negotiations, compensation will be paid according to the RFCTLARRA, as outlined in the Entitlement Matrix of the resettlement framework; and (viii) the entire process has to be documented.

#### **E. Eligibility Status of Displaced Persons**

103. The following displaced persons, are eligible for compensation, assistance, and benefits:

- (i) Persons who lost land/ assets in their entirety or in part, who have formal legal rights to the land;
- (ii) Persons who lost the land they occupy in its entirety or in part who have no formal legal rights to such land, but who have claims to such lands that are recognized or recognizable under national laws/ state laws (such as customary right over land by tribal people);
- (iii) Persons occupying land over which they neither have legal title, nor have claims recognized or recognizable under national law; and
- (iv) Vulnerable households, defined as those below the poverty line, the landless, the elderly, women and children, and Indigenous People, those without legal title to land and those considered residential encroacher (families either physically and economically displaced), persons with physical disabilities, Scheduled Tribes and Scheduled Castes.

#### **F. Entitlements, Assistance and Benefits**

104. The project Entitlement Policy addresses the direct and indirect impacts of metro construction and operation on displaced persons, households and communities. The most direct and immediate impacts are those associated with works construction, mainly land acquisition, loss of livelihood and loss of residences. Other losses include loss of other assets such as cattle sheds, water sources etc. and common property resources. Mitigation is provided through compensation and assistance to displaced persons, households, and groups on the basis of this policy framework adopted by CMRL. The policy provides mitigation for:

- (i) Loss of assets, including land and house or work place;
- (ii) Loss of livelihood or income opportunities;
- (iii) Collective impacts on groups, such as loss of community assets, common property resources, and others; and
- (iv) Temporary disruptions due to the loss of access or limited access to social amenities such as medical institutions, educational institutions etc.

105. Compensation eligibility is limited by a cut-off date. An Entitlement Matrix has been developed, that summarises the types of losses and the corresponding nature and scope of entitlements. The entitlement matrix presents the entitlements corresponding to the tenure of the affected families; Impact to private property (title holders) consisting of: (i) loss of private land; (ii) loss of private residential structure; (iii) loss of private commercial structure; (iv) impact to tenants (residential / commercial ); and (v) impact to

trees, standing crops, etc; Impact to Non-title holders consisting of: (i) impact to squatters; and (ii) impact to vulnerable encroachers; Loss of employment to workers/employees; Additional assistance to vulnerable affected families; and Unforeseen impacts. The project Entitlement Matrix (see **Table 6.1**) identifies and lists the various types of losses resulting out of the project and specific compensation and resettlement packages for each category.

#### **G. Changes in applicable law / policy / scheme**

106. Whenever there is a change in applicable law, scheme or policy, the same shall become applicable to eligible affected families from the date of such change and shall be ratified through necessary orders / proceedings by GoTN or PMU, CMRL, and will be communicated to funding MDBs.

107. All units of entitlement and assistances will be revised by PMU, CMRL, based on Consumer Price Index for Agricultural Labourers (CPIAL). The values/rates contained in this resettlement planning framework will be applicable until 31 March 2021. The updating will be done annually by adopting the February CPIAL of that year and will become effective from the 1st day of April of that year. The updating will be completed and notified by March 31 of each year from 2021.

Table VI-1: Entitlement Matrix

Type of Loss	Identification of DPs	Details <sup>8</sup>
<b>A.</b>	<b>Loss of Land</b>	
A.1. Acquisition of land (vacant land, homestead or commercial or privately owned religious- cultural or hospitals or educational centres)	Titleholder	<ol style="list-style-type: none"> <li>1. Compensation at replacement cost<sup>9</sup> as specified in the RFCTLARR Act, 2013 and Rules notified by GoTN<sup>10</sup>;</li> <li>2. If the residual plot(s) is (are) not viable, either of the following two options are to be given to the affected family, subject to acceptance: Option 1- The affected person retains the residual plot, and the compensation and assistance are paid only for the required <b>extent</b> of land to be acquired; or Option 2- Compensation to be provided for the entire plot including residual part, if the owner of such land wishes that the residual plot should also be acquired by the executing agency;</li> <li>3. <b>One-time subsistence allowance of Rs. 36,000</b> will be provided to families requiring relocation;</li> <li>4. Compensation for affected plants and trees (refer Section D of the Matrix);<sup>11</sup></li> <li>5. Compensation for affected standing crops will be provided at market value (refer Section D of the Matrix);<sup>12</sup></li> <li>6. All fees, stamp duties, taxes, and other charges, as applicable under the relevant laws, , are to be borne by the executing agency;</li> <li>7. One-time payment of cash in lieu of annuity Rs 500,000 to any affected family whose livelihood is primarily dependant (loses one-third of the annual family income due to the acquisition of the said agricultural land) on</li> </ol>

<sup>8</sup> All compensation for land and structure will follow the principles of “Replacement Cost” as enshrined in ADB’s SPS and AIIB’s ESF

<sup>9</sup> Replacement cost includes (i) fair market value; (ii) transaction costs; (iii) interest accrued, (iv) transitional and restoration costs; and (v) other applicable payments, if any (ADB SPS 2009, p 45 para 10). Applicable wherever replacement cost is mentioned in this EM.

<sup>10</sup> The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Rules, 2017. Notified by GoTN G.O.Ms.No.298, Revenue and Disaster Management (LA-1(1), 20 th September 2017.

<sup>11</sup> To be valued by persons experienced in the field of agriculture, horticulture forestry etc. as necessary.

<sup>12</sup> Valued by an experienced person in the field of agriculture.

Type of Loss	Identification of DPs	Details <sup>8</sup>
		<p>the income from the acquired agricultural land</p> <p>8. All affected families will receive compensation for: (i) damage to land/ quality of land (if any) sustained by reason of severing land proposed for acquisition or adjoining lands from/to affected land; at the time of taking possession of the land; (ii) diminution of the profits of the land between the time of the publication of the declaration for taking possession of land and the time of the collector's taking actual possession of the land; and (iii) expenses incidental to such change if the affected landowner is compelled to change his place of residence or business due to the proposed land acquisition.</p> <p>9. Transportation cost for any crops, cattle, implements etc will be borne by the project at actuals or necessary arrangements will be provided by the project for transportation.</p> <p style="text-align: center;">OR</p> <p>10. The title holders of Land and structures have an option for negotiation with CMRL, in which the land will be acquired through Private Negotiation as per the CMRL Policy upon payment of Compensation up to 2.25 times of the Market value of land within powers of CMRL Negotiation Committee. Compensation based on factor greater than 2.25 will require approval from the Board Committee. (The Value of assets attached to land such as buildings, as per PWD Current SoR without depreciation and tress, bore well, etc as valued by relevant Government Authority)</p>
<b>B.</b>	<b>Loss of Structures</b>	
B.1. Loss of residential structure	Titleholder of affected structure	<p>1. Value of the assets based on valuation by PWD shall be paid for main building structure as well as boundary wall and ancillary structures such as bore wells, trees, etc. along with 100% solatium, without depreciation.</p> <p>2. Repair cost for restoration of remaining main structure and ancillary</p>

Type of Loss	Identification of DPs	Details <sup>8</sup>
		<p>structures on premises as assessed based on PWD SoR</p> <p>3. Right to salvage material from the demolished structure at no cost<sup>13</sup></p> <p>4. Where the loss of structure is partial and the remaining structure is unviable, compensation will be based on the total structure and benefits will be given as mentioned in this section;</p> <p>5. One-time financial assistance of Rs 50,000 as transportation cost for shifting;</p> <p>6. Each displaced household shall be given a one-time resettlement allowance of Rs 50,000 in case of relocation.</p> <p>7. One-time subsistence allowance of Rs. 36,000 /- for affected families who require to relocate</p> <p>8. All fees, taxes and other registration charges incurred for the replacement structure shall be borne by the executing agency , as applicable</p> <p>9. Notice period of 3 months to be given.</p> <p>10. One-time rental allowance of Rs. 45,000 /- (15,000 per month for three months), for titleholders who have rented out their property</p>
B.2. Loss of commercial structure and other assets	Titleholder	<p>1. The replacement value of the structure, calculated as per the latest prevailing schedule of rates without depreciation;</p> <p>2. One-time grant of a minimum of Rs 25,000<sup>14</sup> for self-employed persons, artisans, traders etc.</p> <p><b>3. One-time subsistence allowance of Rs 36000 who require to relocate.</b></p> <p>4. Right to salvage<sup>15</sup> material from the demolished structure at no cost;</p> <p>5. One-time financial assistance of Rs 50,000 as transportation cost for shifting;</p> <p>6. Commercial structure owners, who are deriving business income from the affected structure in the land acquired and is displaced and lost livelihood due to the acquisition, will be entitled for following compensation as one time payments in lieu of annuity policy.</p>

<sup>13</sup> Asbestos will not be allowed to be salvaged

<sup>14</sup> Based on the RFCTLARRA 2013.

<sup>15</sup> Except asbestos

Type of Loss	Identification of DPs	Details <sup>8</sup>
		<p>7. Commercial building area wise compensation</p> <p>A) Up to 150 sq. ft. – Rs. 2,00,000 /-</p> <p>B) 151 to 300 sq. ft. – Rs. 3,00,000 /-</p> <p>C) 301 to 500 sq. ft. – Rs. 4,00,000 /-</p> <p>D) Above 500 sq. ft.– Rs. 5,00,000 /-</p> <p>8. Each affected families shall be given a one-time resettlement allowance of Rs 50,000 in case of relocation</p> <p>9. All fees, taxes and other registration charges incurred for the replacement structure shall be borne by the executing agency as applicable.</p> <p>10. 	Squatter Commercial	<ol style="list-style-type: none"> <li>1. Cash compensation as per valuation based on PWD Schedule of Rates (SoR) at replacement cost and not less than Rs. 25,000 /-</li> </ol>

<sup>17</sup> Valued by an experienced person in the field of agriculture.

<sup>18</sup> To be valued by persons experienced in the field of agriculture, horticulture forestry etc. as necessary.

Type of Loss	Identification of DPs	Details <sup>8</sup>
		2. One time shifting allowance of Rs 15,000 /- to the displaced family 3. One time financial assistance of Rs 15,000 /- for loss of livelihood 4. Right to salvage material from demolished structure, 5. Notice period of 60 days to be given
	Encroachers (vulnerable category only)	1. Compensation at PWD plinth area rates without depreciation for the affected portion of the structure. 2. Right to salvage material <sup>19</sup> from demolished structure, 3. Notice period of 30 days to be given
	Kiosks	4. One time grant of Rs.25,000./- for severely affected kiosks
<b>F..</b>	<b>Loss of Livelihood</b>	
F.1. Loss of primary source of income for the non-titleholders	Wage-earning employees indirectly affected - those working in businesses such as petty shops, eateries	1. One-time allowance of Rs. 30,000 (10,000*3 months) to each employee of the commercially displaced structure. 2. Preference for employment opportunity for affected persons in the project construction work, if so desired by them;
<b>G.</b>	<b>Loss of Common Property Resources</b>	
G.1. Loss of common property resources		1. Replacement or restoration of the affected community facilities – including public water stand posts, public utility posts, temples, shrines, such as places of worship, community buildings, schools, etc. in consultation with the community.
<b>H.</b>	<b>Additional Support to Vulnerable Groups</b>	
H.1. Further assistance to all vulnerable persons	Households categorized as vulnerable. <sup>20</sup>	2. Additional one-time assistance of Rs 5000 per vulnerable family will be paid. This will be over and above the other assistance given in this framework; 3. One adult member from each vulnerable household will be entitled for skill development

<sup>19</sup> Except asbestos

<sup>20</sup> Vulnerable are those households that are BPL, headed by the elderly - above 60 years of age, female headed households, households headed by persons with disabilities persons, non- titled households and those considered residential encroachers (families either physically and economically displaced), landless households, Scheduled Tribes and Scheduled Castes.

Type of Loss	Identification of DPs	Details <sup>8</sup>
		4. Vulnerable families may be considered for potential employment in the project construction activities subject to suitability.
<b>I.</b>	<b>Additional assistance for Women</b>	
I.1 Loss of Land / house / shop		<p>1. Reimbursement of stamp duty and registration charges, for purchase of property out of the compensation/R&amp;R assistance.</p> <p>2. In case of purchase of property out of the compensation / R&amp;R assistance, the property should be purchased in the <b>name of a women in the household and registered in her name</b>. The registration shall be done within 3-years from LA award/R&amp;R award</p>
<b>J.</b>	<b>Temporary Impacts</b>	
J.1. Temporary impacts during construction		<p>1. Land required for construction activity along the alignment and for construction yards will be acquired temporarily. CMRL shall pay land rental at 1 percent of market value of land per annum. This value shall be escalated at prevailing annual rate of increase. CMRL shall pay charges for services such as electricity, sewerage. Upon completion of construction, this land duly rehabilitated will be handed back to the owner.</p> <p>2. In case any existing structure had to be demolished on the land parcel, then its replacement cost at the PWD SoR current at time of handing back the land to the owner will be paid.</p> <p>3. The contractor is liable to pay damages to assets/trees/crops in private/public land, caused due to civil works, in line with the provisions of this Entitlement Matrix.</p> <p>4. The contractor should obtain prior written consent from the landowner and pay mutually agreed rental for use of private land for storage of material or movement of vehicles and machinery or diversion of traffic during civil works</p> <p>5. Compensation for standing crops and trees as per the market rate;</p> <p>6. Time bound restoration of land to its previous or better quality; and</p> <p>7. The project will maintain access to all properties and businesses at all</p>

Type of Loss	Identification of DPs	Details <sup>8</sup>
		times.
<b>K.</b>	<b>Other Unanticipated Impacts</b>	
K.1.Any unanticipated impacts due to project intervention		1. Any unanticipated impacts of the project will be documented and mitigated based on the spirit of the principles agreed upon in this RF.

## H. Guiding Principles of CMRL policy

108. Resettlement and Rehabilitation activities of the Project will be governed by the following general principles:

- i. All activities and procedures will be formally documented;
- ii. The property and inheritance rights of project affected persons will be respected;
- iii. CMRL will pay compensation for land and structures it is acquiring based on the principles of full replacement cost based on fair market value; compensation for standing crops and trees as per the market rate;
- iv. Cash payment to displaced families towards
  - a) one time assistance as fixed amount in form of subsistence allowance, resettlement allowance and shifting assistance except to encroachers
  - b) one time compensation based on PWD rates for loss of structure to titleholders; squatters; and encroachers of vulnerable category
  - c) one time compensation for loss of livelihood as
    - fixed amount to self-employed persons, artisans, traders etc. ; commercial squatters;
    - fixed amount to worker in displaced commercial establishment or employment in construction of metro
- v. Assistance for livelihood restoration: Training to one member of each vulnerable family for skill development or where feasible, employment during construction.
- vi. Any project affected person can communicate his grievance on any aspect of project R&R affecting him to the grievance redress committee / LARRA/ courts as appropriate.
- vii. Land required for construction activity along the alignment and for construction yards will be acquired temporarily. CMRL shall pay land rental at 1 percent of market value of land per annum. This value shall be escalated at prevailing annual rate of increase. CMRL shall pay charges for services such as electricity, sewerage. Upon completion of construction, this land duly rehabilitated will be handed back to the owner.  
In case any existing structure had to be demolished on the land parcel, then its replacement cost at the PWD SoR current at time of handing back the land to the owner will be paid.  
  
The contractor is liable to pay damages to assets/trees/crops in private/public land, caused due to civil works, in line with the provisions of this Entitlement Matrix.  
The contractor shall obtain prior written consent from the landowner and pay mutually agreed rental for use of private land for storage of material or movement of vehicles and machinery or diversion of traffic during civil works  
Time bound restoration of land to its previous or better quality; and  
The project will maintain access to all properties and businesses at all times.
- viii. These rights do not extend to individuals or entities who commence any activities after cutoff date of the project;
- ix. All compensation and assistance will be paid to affected persons prior to displacement or dispossession of assets. Affected families who are physically displaced, on receipt of payment, will be given 1-months' notice to vacate;

x. Those who accept the compensation amount will be paid prior to taking possession of their land or assets. In case of those who do not accept it, will have their grievance referred to the Grievance Redress Committee (GRC)/courts as appropriate and estimated moneys of compensation and entitlements will be deposited with court of law with requisite jurisdiction pending resolution of the grievance.

xi. Replacement or restoration of the affected community facilities – including public water stand posts, public utility posts, temples, shrines, such as places of worship, community buildings, schools, etc. in consultation with the community.

## **VII. COMPENSATION, INCOME RESTORATION AND RELOCATION**

### **A. Land Acquisition through Direct Purchase/ Negotiated Settlement**

109. Acquisition will be undertaken under The Tamil Nadu Acquisition of Land for Industrial Purposes Act 1997 (Tamil Nadu Act 10 of 1999 - President assent 21 May 1999).

#### **Process**

110. When CMRL requires a land, an application would be made to the revenue authority accompanied with a copy of the plan showing the survey numbers, purpose of the acquisition and the reason for the particular site to be chosen and the provision made for the cost of the acquisition. After the government has been fully satisfied about the purpose, the least area needed and the other relevant facts as provided under land acquisition rules, it will issue a notification that the particular land is required.

#### **Objections**

111. Objections are invited from all persons interested in land within thirty days from the date of notification.

#### **Claim and award**

112. A notice will be issued to all the persons interested in the acquisition to file their claim reports in determining the compensation.

#### **Calculation of Compensation**

113. With the objective of speedy land acquisition, land will be purchased through negotiations. The CMRL Negotiation Committee is empowered to negotiate compensation with land owners upto maximum 225% of market value in urban areas. Compensation based on factor greater than 2.25 will require approval from the Board Committee. Interest of 12% per annum of market value determined by the Committee for a period commencing from cutoff date to fix market value till date of execution of agreement deed or taking possession of land whichever is earlier, will be paid.

114. The negotiated price for land purchase is arrived at based on the prevailing market values. The CMRL Negotiation Committee will determine the market value after reviewing guideline value and registered sale value. A suitable cutoff date will be fixed for each stretch for determining the market value. The market value will be determined as follows:

1. The market value, if any, specified in the Indian Stamp Act 1899 (2 of 1899) for the registration of sale deeds or agreements to sell, as the case may be, in the area, where the land is situated; or the average sale price for similar type of land situated in the nearest village or nearest vicinity area; whichever is higher.

Explanation 1: the average sale price referred to in clause (b) shall be determined taking into

account the sale deeds or the agreements to sell registered for similar type of area in the near village or near vicinity area during immediately preceding three years of the year in which such acquisition of land is proposed to be made.

Explanation 2: For determining the average sale price referred to in Explanation 1, one-half of the total number of sale deeds or the agreements to sell in which the highest sale price has been mentioned shall be taken into account.

Explanation 3: While determining the market value under this section and the average sale price referred to in Explanation 1 or Explanation 2, any price paid as compensation for land acquired under the provisions of this Act on an earlier occasion in the district shall not be taken into consideration.

Explanation 4: While determining the market value under this section and the average sale price referred to in Explanation 1 or Explanation 2, any price paid, which in the opinion of the Committee is not indicative of actual prevailing market value may be discounted for the purposes of calculating market value.

2. Where the market value cannot be determined for the reasons that i. the land is situated in such area where the transactions in land are restricted by or under any other law for the time being in force in that area; or ii. the registered sale deeds or agreements to sell as mentioned in clause (a) of sub-section (1) for similar land are not available for the immediately preceding three years; or iii. the market value has not been specified under the Indian stamp Act, 1899 (2 of 1999) by the appropriate authority, the committee will specify the floor price or minimum price per unit area of the said land based on the price calculated in the manner specified in sub-section (1) in respect of similar types of land situated in the immediate adjoining areas.

115. In case where the price demanded by the land owner exceeds the norms and is felt to be unreasonable, land acquisition through the Land Acquisition Act will be resorted to.

### **Negotiation Committee**

Private negotiation committee constituted for this purpose will comprise the following officers:

<b>Designation</b>	<b>Role</b>
Director (Finance), CMRL	Chairman
Director (Project), CMRL	Member
The District Revenue Officer & Legal Officer, CMRL	Member
General Manager (Property Development), CMRL	Member
Special Invitee 1	DRO of the concerned District
Special Invitee 2	Deputy Inspector General of the Registration of the concerned District

116. CMRL has been acquiring land through direct purchase of private lands for implementation of Phase 1 projects. Hence, this method will be adopted, on a willing seller and willing buyer basis, to avoid delays. The main objective of using direct purchase/ negotiated settlement is to gain in terms of time required for securing the land. Negotiation process requires the following:

- (i) negotiation will take place when there is a willing buyer/willing seller;
- (ii) verification of the voluntary status of land acquisition will have to be carried out by a third party, preferably a NGO;
- (iii) consultation with the displaced person has to be carried out and documented;
- (iv) the minimum negotiated price to start negotiations will not be below the valuation of land based on the market value of land as given in the Entitlement Matrix;
- (v) all the safeguards as mentioned in the resettlement framework have to be followed;
- (vi) all negotiations have to be carried out in a transparent manner and validated by a third party, NGO, or in the absence of a NGO any other party as decided by the PMU;
- (vii) in case of failure of negotiations, compensation will be paid according to the RFCTLARRA, as outlined in the Entitlement Matrix of the resettlement framework; and
- (viii) the entire process has to be documented.

**B. Compensation for land based on RFCTLARRA: Calculation of market value**

117. The market value of the proposed land to be acquired shall be set as the higher of:

- i. The market value, if any, specified in the Indian Stamp Act, 1899 for the registration of sale deeds or agreements to sell, as the case may be, in the area, where the land is situated; or
- ii. The average sale price for similar type of land situated in the nearest village or nearest vicinity area.

118. The market value would be multiplied by a factor of, at least one to two times the market value for land acquired in rural areas and at least one times the market value for land acquired in urban areas. The act stipulates that the minimum compensation to be a multiple of the total of above ascertained market value, value to assets attached to the property, plus a solatium equal to 100% of the market value of the property including value of assets. Whichever is higher, will be taken and the date for determination of market value shall be the date on which the notification has been issued under Section 11.

119. Compensation will also be calculated for: (i) damage to land/ quality of land (if any) sustained by reason of severing land proposed for acquisition or adjoining lands from/to affected land; calculated from the date of preliminary notification till the date of final award; (ii) diminution of the profits of the land between the time of the publication of the Declaration for taking possession of land and the time of the collector's taking actual possession of the land; and (iii) compensation incidental to such change if affected

landowner is compelled to change his place of residence or business due to the proposed land acquisition.

Sample computation of land compensation is placed at **Table 7.1.**

**Table VII-1: Sample Calculation of Compensation**

<b>PRIVATE NEGOTIATION COMMITTEE FOR LAND ACQUISITION</b> <b>PHASE – II – CHEPET METRO STATION</b>		
1.	Name of the Land/Property Owner	: Tmt. Savithri Ammal w/o K. Jayachandran
	a) Address	: Flat No. 9 Nanda Niketan Apartments, 4 <sup>th</sup> floor, No. 10 Valliammal street, Kilpauk, Chennai – 600 010.
	b) Contact Phone/Cell No. of the land owner	: Thiru J.Jagan Reddy : 9043508763
2.	Block No./T.S.No.	: Bk.No.25, T.S.No.432/2 <i>Attē</i>
3.	(a) Total Extent	: <b>21.2 sq.mtr or 228 sq.ft</b>
	(b) Area required as per DDC	: <b>21.2 sq.mtr or 228 sq.ft</b>
	(c) Area as per 3(2) notice	: <b>44.0 sq.mtr for entire 432/2 (3 portions)</b>
4.	Location of the property	: No. 8/ Mc Nochois Road, Chepet, Egmore Taluk, Chennai District.
5.	a) Land Value per Sq.ft.	: Old GLV Rs. 16500 /- per sq.ft Present GLV Rs. 11055/- per sq.ft.
	b) Value proposed by the Committee for actual required area	: <b>228 sq.ft x Rs. 16500 x 2 times</b> <b>= Rs. 75,24,000/-</b>
	Total value	: <b>Rs. Rs. 75,24,000/-</b>
	c) Value accepted by the land owner for the required area	: <b>228 sq.ft x Rs. 16500 x 2 times</b> <b>= Rs. 75,24,000/-</b>
	d) Structure Value	: Structural value can be given based on the approval of PWD authorities (Single value)
	e) Tree Value	: Nil
	f) Total value (c+d+e)	: <b>Rs. 75,24,000/- + Structural value</b>
6.	Accepted compensation amount	: <b>Rs. 75,24,000/- + Structural value</b>

7.	Remarks	<p>(a) As per the DDC approval plan-D by the technical wing, above land is permanently required for Chetpet Metro Station.</p> <p>(b) Structural value (single time) will be paid after approval of PWD authorities.</p>

**C. Valuation of Lost and Affected Assets**

120. The valuation of immovable properties, including structures, assets, trees and crops is as follows:

- (i) Houses/ buildings/ structures: The valuation of the houses, buildings, and other immovable properties will be based on the latest appropriate schedule of rates plus the cost of labor and transfer of the construction materials.
- (ii) Standing crops/ perennial crops: If notice for harvest of standing/ perennial crops cannot be given, then valuation will be carried out at prevalent market rates, to be calculated as annual net product value multiplied by the number of productive years remaining. Valuation should be by an experienced person in the field of agriculture.
- (iii) Trees/ fruit/ timber: Compensation at market value of timber in the case of timber-bearing trees. For fruit bearing trees compensation to be calculated at market value of annual net product multiplied by the number of productive years

remaining. Valuation should be persons experienced in the fields of agriculture, horticulture, forestry etc. as appropriate.

- (iv) All other assets: Assets such as irrigation units, boundary walls etc. will be valued on the basis of the latest appropriate schedule of rates.
- (v) Common property resources: In case of loss of community infrastructure or any common property resources, the same will be restored or re-installed, by the executing agency, at a new place in consultation with the community, local self-governing bodies or appropriate authority.

121. All compensation and assistance will be paid to displaced persons prior to displacement or commencement of civil works. In case there are loans on acquired land and properties, such amounts will be adjusted from the total compensation based on mutual agreement between the displaced persons and the acquiring body. Displaced persons will be provided with an advance notice of 60 days prior to possession being taken of the land or properties. Displaced persons will be allowed to take the materials salvaged from their dismantled houses and shops.

#### **D. Income Restoration**

122. The entitlement proposed under this project has adequate provisions for restoration of livelihood of the affected persons. Wherever feasible and if the affected person so desires, income restoration schemes will be identified and implemented by the PIU with the assistance of the implementing NGO. Towards this the affected person will be guided and assisted by the PIU with the support of the NGO, in effectively using the compensation and rehabilitation and resettlement assistances towards establishing an income generating activity, and identifying an alternative shop location and re-establishing the shop/kiosk/vending or utilizing the finances for buying land or taking land on lease. To ensure income restoration are effective and livelihood restored, the project shall monitor, where applicable, the progress of engagement as participants go through training and actual application of skills. Monitoring activities will be fully documented and reported and where required, adequacy of measures shall be reviewed and adjusted to ensure participants are rehabilitated.

123. The PIU with the assistance of the implementing NGO will make the training need assessment and will impart training to the eligible affected persons for income restoration and skill up-gradation as necessary. The PIU with assistance of the implementing NGO will ensure that households whose incomes are affected and/or who have to relocate receive assistance in accessing utility services (e.g., water and electricity connection) and other relevant government services (e.g., health clinics and schools).

124. The resettlement plan budget will reflect the cost of providing training for vulnerable persons. The PIU will facilitate vulnerable persons access to government schemes that could help them restore income and livelihood. The Directorate of Employment and Training, Department of Labour and Employment, Government of Tamil Nadu, Industrial Training Institutes (ITIs) imparts skill training under Craftsmen Training Scheme and to produce technician level work force in the State in different trades. Various skill training programmes are being implemented through a vast network

of Government ITIs and Private ITIs in the State. Systematic training offered in these institutes in different trades to ensure a steady flow of skilled manpower to the industries.

125. In addition, the entitlement matrix provides for short-term income restoration measures by providing allowances such as subsistence allowance, resettlement allowance and shifting assistance.

126. Temporary income loss during construction period: Businesses experiencing full closure of shops or other type of economic activities due to construction works will be compensated for lost income for the entire duration of the disruption. A complete survey of all the businesses likely to be impacted will be conducted by the NGO in consultation with the contractor. Contractors need to submit the work schedule to the PIU for approval for any closure of access. In case of full closure of businesses, the NGO will conduct an income survey of businesses along the relevant sections. For shops not qualifying under these categories (hawkers, vendors, etc.) the actual income based on the survey will be used through a verification of the income data by the PIU. This will be applicable only for vulnerable hawkers and vendors.

127. **Vendor assistance.** Vendors requiring temporary shifting during the construction period will be notified in advance, and will be allowed to salvage all materials for temporary shifting to an alternative location. They will be allowed to return to the original location after construction is declared complete. Vendor assistance will consist of the following steps:

- (i) **Step 1.** Identify impacted vendors based on detailed design;
- (ii) **Step 2.** Notify vendors at least 2-3 weeks in advance. Consult with local vendor associations, if they exist;
- (iii) **Step 3.** Identify alternative nearby locations where the affected vendors can continue their businesses;
- (iv) **Step 4.** Assistance will be given by the contractors to vendors to shift to a new location; and
- (v) **Step 5.** Assistance will be given by contractors to return to the original location after construction works are completed.
- (i) **Step 5.** All payments will be recorded for accounting purposes with the signature of the displaced person.

## **E. Relocation**

128. The project will, to the extent that is possible, avoid any physical displacement/relocation of displaced persons. In the event that physical relocation is required the project will ensure that (i) shifting assistance, resettlement assistance and subsistence allowance, as required, will be provided to all relocated/physically displaced households (ii) relocation sites will be disclosed to the DPs for endorsement, along with their facilities; (iii) displaced households can choose between independent or assisted relocation by the project; and (iv) alternate houses have to be provided to the displaced persons before demolition. In the event that houses are not ready, rental assistance will have to be provided until the alternate house is ready. Relocation has to be completed

before the start of civil works. The PIU/ PMC will monitor the relocation process with NGO support. Adequate budgetary allocation has to be provided for timely relocation implementation and included in the resettlement plan.

### VIII. RESETTLEMENT BUDGET

As in November 2021, preliminary estimate of cost of land under permanent acquisition and structures is Rs 12,590 million. For this preliminary estimate, land cost is estimated at 225% of market value of private land; cost of government and private structures at 40% of respective land cost. Updated cost will be known upon confirmation of property acquisition.

**Table VIII-1: Budget for Resettlement and Rehabilitation**

SN	Description	Unit	Quantity	Rate (Rs)	Amount (Rs)
<b>A. Title holders</b>					
(i)	<b>Residential displaced families</b>				
1	One-time subsistence allowance	No.	11	36,000	3,96,000
2	One-time transportation allowance	No.	11	50,000	5,50,000
3	One-time Resettlement allowance	No.	11	50,000	5,50,000
4	One-time rental allowance to title holder who have rented out their property	No.	89	45,000	40,05,000
(ii)	<b>Commercial displaced families</b>				
5	Displaced Commercial structure owners, compensation to loss of income derived from the business (based on the building area)	LS	214	2,00,000	4,28,00,000
6	One-time subsistence allowance	No	214	36,000	77,04,000
7	One-time transportation allowance	No	214	50,000	1,07,00,000
8	Resettlement Allowance	No.	214	50,000	1,07,00,000
9	One-time rental allowance for titleholders who have rented out their property	No.	337	45,000	1,51,65,000
<b>B. Tenants</b>					
(i)	<b>Tenant Residential displaced families</b>				
11	One-time transportation allowance	No.	89	50,000	44,50,000
12	Resettlement Allowance	No.	89	50,000	44,50,000
(ii)	<b>Tenant Commercial displaced families</b>				
13	One-time transportation allowance	No.	337	50,000	1,68,50,000
14	Loss of Livelihood Allowance		337	50,000	1,68,50,000
<b>C. Non-Title holders</b>					

(i)	<b>Squatter Residential displaced families</b>				
	One time transportation allowance		9	15,000	1,35,000
	One time Resettlement allowance		9	18,000	1,62,000
(ii)	<b>Squatter and kiosk Commercial displaced families</b>				
17	One-time transportation allowance (non-kiosk)	No	13	15,000	1,95,000
18	One-time financial assistance for loss of livelihood (non-kiosk)		13	15,000	1,95,000
19	One-time payment for kiosk and petty		471	25,000	1,17,75,000
	One-time transportation allowance (kiosk)		471	15,000	70,65,000
	One-time financial assistance for loss of livelihood (kiosk)		471	15,000	70,65,000
<b>D Employees affected *</b>					
19	Loss of livelihood of employees @Rs 10000 per month for 3 months	2465			7,39,56,000
<b>E Vulnerable families</b>					
20	Additional one-time Assistance	No	783	5,000	39,15,000
21	Training for skill development	No.	783	10,000	78,30,000
<b>F Engagement of NGO</b>					
	Fee for engagement of NGO (LS)	No.	1	30,00,000	30,00,000
<b>H Monitoring and Evaluation</b>					
	Fee for engagement of Independent M&E Agency/Specialist (LS)	No.	1	20,00,000	20,00,000
	Total				25,24,63,000
	Add 10% of sub total				2,52,46,300
	<b>Total</b>				<b>27,77,09,300</b>

\* During the survey, 198 employees were found to be resident on premises of displaced workplaces. This combination is not mentioned as a separate category in the Entitlement Matrix and therefore provision has been made for them only in employee category of the Matrix but not in resident category.

Expenses for Grievance redressal mechanism form part of project cost

## **IX. INSTITUTIONAL ARRANGEMENTS AND RESPONSIBILITIES**

### **A. Executing Agency**

129. The Government of Tamil Nadu created a Special Purpose Vehicle (SPV) for implementing the Chennai Metro Rail Project. This SPV named as “Chennai Metro Rail Limited” was incorporated on December 03, 2007 under the Companies Act. It has now been converted into a Joint Venture of Government of India and Government of Tamil Nadu with equal equity holding.

130. The Department of Planning, Development and Special Initiatives, Government of Tamil Nadu acting through the CMRL will be the Executing Agency of the proposed Corridor 5-CMRL (Phase-II). The GoTN will be responsible for overall implementation of the resettlement plan.

### **B. Implementing Agency**

131. Chennai Metro Rail Limited (CMRL) will be the Implementing Agency responsible for implementation of the metro rail project. Managing Director, CMRL will be in charge of the overall project activities. CMRL will be responsible for coordinating with other concerned government departments. CMRL will be accountable to the Department of Planning, Development and Special Initiatives, Government of Tamil Nadu (i.e. the EA).

132. It is proposed to add one Deputy Manager Social Development to the core Environment and Social team. Starting from deployment of General Consultancies., start of updating resettlement plan as per DDC drawings upto start of civil works by which time affected families are relocated after disbursal of compensation and assistances, separate project teams will be in place: work on each corridor project will be handled by a team of one senior Manager assisted by one Deputy Manager Land Acquisition and one Deputy Manager Social Development, supported by a full team of staff experienced in land acquisition. From start of civil works upto commissioning the senior manager and deputy manager social development will continue. From start of operation, monitoring of gender action plan will be transferred to core Environment and Social team of CMRL.

### **C. Project Implementation Unit (PIU) Social Management Unit, CMRL**

133. The PIU in CMRL headed by the Project Director (PD) is responsible for the overall execution of the project and implementation of the Resettlement Plan. The PIU will have a Social Management Unit (SMU), which will be responsible for all tasks related to resettlement and land acquisition. The SMU will prepare land plan, disburse compensation and assistances, acquire land and implement the resettlement plan, livelihood restoration plan and the gender action plan. The PIU - SMU will be assisted by General Consultant (GC). The PIU - SMU will be responsible for the following tasks:

- (i) Appointing the NGO;
- (ii) Implementation of the Resettlement Plans;
- (iii) Ensuring adequate awareness campaigns are held within the community to minimize resistance;
- (iv) Ensuring availability of budget for R&R activities;
- (v) Ensuring timely disbursement of compensation and assistance to the DPs in close coordination with the concerned line department;

- (vi) Liaison with revenue department for land acquisition and implementation of RPs,
- (vii) Addressing grievances; and
- (viii) Ensuring disclosure of resettlement framework, resettlement plan, and monitoring documents.

#### **D. General Consultant / Implementation Support Consultant**

134. Assist CMRL in implementation and monitoring of resettlement plan, livelihood restoration plan and gender action plan. The General Consultant will be engaged by CMRL with approval of MDB.

#### **E. External Monitoring Agency**

135. This being a category A project, an independent external monitoring agency (EMA), with prior experience in resettlement and rehabilitation of development induced displacement will be engaged to carry out external monitoring and reporting of the implementation of the resettlement plan. The EMA will prepare semi-annual, annual monitoring reports and mid-term and final evaluation reports. They will flag and recommend necessary corrective actions to be taken if any to ensure time-bound resettlement plan implementation. The scope of external monitoring will cover compliance monitoring of resettlement plan implementation.

#### **F. Non-Government Organization (NGO)**

136. An NGO will support CMRL in assisting affected families/persons in the implementation of the resettlement plan, the livelihood restoration plan and the gender action plan. The NGO will help educating PAPs on proper utilization of compensation and rehabilitation grant and help them in getting financial assistance. The NGO will be supervised by SDO, SMU.

137. Key activities of the NGO in relation to resettlement planning and implementation include: (i) assist PIU in verification and updating, if required, the database of affected families and persons based on detailed design, and verify the vulnerable households affected by land acquisition and involuntary resettlement and issue ID cards; (ii) prepare micro plan and get vetted by PIU; (iii) facilitate the process of disbursement of compensation to the affected persons in coordination with the PIU and informing the affected persons of the compensation disbursement process and timeline; (iv) assist affected persons in opening bank accounts explaining the implications, the rules and the obligations in having a bank account and how s/he can access the resources s/he is entitled to; (v) assist the affected persons in ensuring a smooth transition (during relocation of the affected persons), helping them to take salvaged materials and shift; (vi) in consultation with the affected persons, inform the PIU about the shifting dates agreed with affected persons in writing and the arrangements they desire with respect to their entitlements; (vii) organize training programs for income restoration; (viii) conduct meaningful consultations throughout the resettlement plan implementation and ensure disclosure of the gist of resettlement plans in an accessible manner to the displaced persons; (ix) assist affected persons in grievance redressal process; (x) assist PIU in keeping detailed records of progress and monitoring and reporting system of resettlement plan implementation; and (xi) act as the information resource centre for community interaction with the project and maintain liaison between community, contractors and project implementing unit, during the execution of the works.

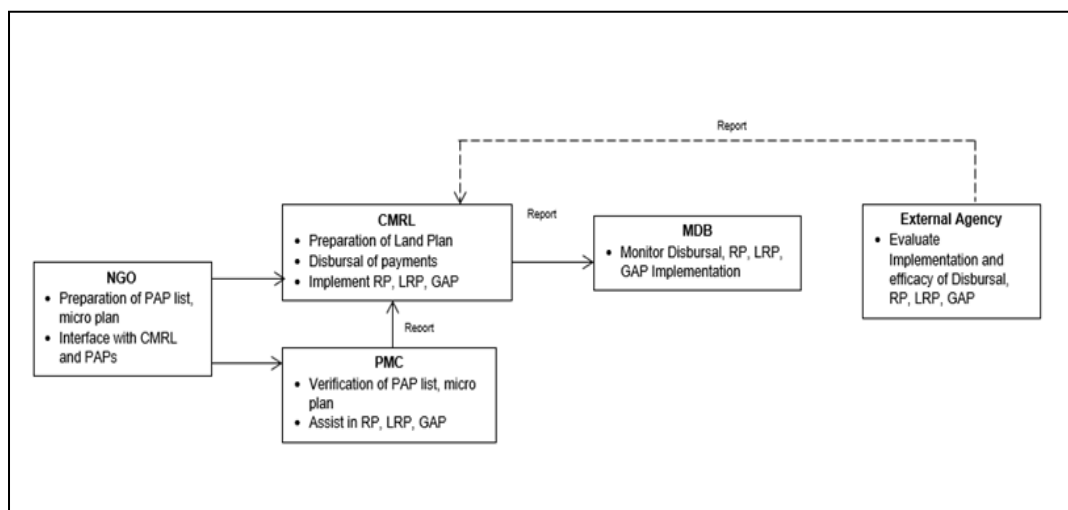

## G. Micro Plan

138. The implementation support NGO will prepare the draft micro plan, milestone wise for proposed corridor detailing the type of loss, tenure of the affected persons, vulnerability status and the entitlements as per the provisions of the entitlement matrix in the resettlement framework. The draft micro plan will be disclosed in the jurisdictional district headquarter where the affected persons are living/having business, and 1-week after the disclosure, the rehabilitation and resettlement award enquiry will be held by the jurisdictional Additional Collector.

139. Based on the rehabilitation and resettlement award enquiry outcome, the NGO will submit the final micro plan to Project Director, PIU for verification and onward transmission to Managing Director, CMRL. The Managing Director, CMRL, after scrutiny of the micro plan will accord approval for the same and submit to the jurisdictional Additional Collector with necessary funds for disbursement.

140. The roles of the different teams in resettlement plan implementation is given in Figure 4. The detailed roles of responsibilities are given in **Table 9.1**.

**Figure 4: Role of different organisations in resettlement plan implementation**

**Table IX-1: Institutional Roles and Responsibilities**

<b>Activity</b>	<b>Responsible Agency</b>
<b>Project Initiation Stage</b>	
Finalization of sites	PMU
Disclosure of proposed land acquisition( if any) and sub-project details by issuing Public Notice	PMU
Meetings at community/household level with affected persons	PIU - SMU/NGO
<b>Resettlement Plan Preparation and Updating Stage</b>	
Conducting Census of all affected persons	PIU- SMU /Consultant
Conducting FGDs/meetings/workshops	PIU- SMU / Consultant
Computation of replacement values of land/properties proposed for acquisition and for associated assets	PIU- SMU
Categorization of affected persons for finalizing entitlements	PIU- SMU / Consultant
Formulating compensation and rehabilitation measures	PIU- SMU /Consultant
Conducting discussions/meetings/workshops with affected persons and other stakeholders	PIU- SMU /Consultant
Finalizing entitlements and rehabilitation packages	PIU- SMU /Consultant
Disclosure of resettlement plan	PMU
Approval of resettlement plan	PMU/ MDB
<b>resettlement plan Implementation Stage</b>	
Implementation of proposed rehabilitation measures	PIU- SMU / NGO
Consultations with affected persons during rehabilitation activities	PIU- SMU /NGO
Grievances redressal	NGO/ PIU- SMU / GRC/ PMU
Preparation for relocation/awareness meeting/ issuing notices	NGO/ PIU- SMU
Internal monitoring	PMU / PIU- SMU

## H. Competent Authorities

141. The implementation of land acquisition and resettlement impacts will require approvals and clearance at various stages. The following officers as given in **Table 9.2** will act as competent authorities for certain key activities.

**Table IX-2: Competent Authority for Approvals**

<b>Approvals</b>	<b>Competent Authority</b>
Resettlement Framework	Empowered Committee, CMRL
Approval for LA awards upto Rs 2 crore, award compensation including R&R benefits upto Rs 5 crore (As provided in the rule 18 of Tamil Nadu RFCTLARR 2017)	The District Collector
Approval for award compensation is more than Rs 2 crore but not exceeding 8 crores and award including R&R benefits is more than Rs 5 crore, but not more than Rs 20 crore (As provided in the rule 18 of Tamil Nadu RFCTLARR 2017)	The District Collector shall make an award after getting the prior approval of the Commissioner of Land Administration.
Approval for LA award if the amount is more than Rs 8 crore and including R&R benefits is more than Rs 20 crore (As provided in the rule 18 of Tamil Nadu RFCTLARR 2017)	The Collector shall make an award after getting the prior approval of the State Government

<b>Approvals</b>	<b>Competent Authority</b>
Changes in Policy provisions and Entitlement	Empowered Committee, CMRL , after getting approval from State Government
Staff requirements, Consultants/NGOs Appointments	Managing Director, CMRL
Approval for issue of ID cards	District Collector, CMRL
Approval of disbursement of R&R Assistance	DRO, CMRL
Disbursement of R&R Assistance	DRO, CMRL
Approval for structure valuation	Panel Engineer
Approval for shifting and relocation of community assets	DRO, CMRL
Approval of Resettlement sites, House site, issue of titles etc,	DRO, CMRL
Resolution of disputes	Govt. High Powered Committee

### **I. Management Information Systems (MIS)**

142. A well-designed MIS will be created and will be maintained at PIU level. The MIS will be supported with approved software and will be used for maintaining the affected persons baseline socioeconomic characteristics, developing pre-defined reports, algorithms and calculations based on the available data and updating tables/fields for finding compensation and assistances, tracking the land acquisition and resettlement progress. The individual entitlements, compensation calculations, structure valuation, etc. will be updated using MIS software. In addition, land acquisition notices, identity cards will also be generated thorough MIS. All queries will be generated and the baseline data will also be maintained and updated as needed. The data and information required for periodical progress reports will be generated using MIS database. The required computer terminals and software will be established at PIU level in order to feed the data to be maintained in the web with backup at the Implementing Agency (CMRL).

### **J. Institutional Capacity Development Program**

143. It is necessary that all the social safeguards officers are provided with the necessary training to deal with social safeguard tasks following the MDBs safeguard requirements. The safeguard officers will be trained through a series of programs periodically conducted by the MDBs for executing agencies and implementing agencies on safeguards.

144. The General Consultancy/PMU resettlement specialist will conduct a training and capacity building program on resettlement management for the PIU staff on issues concerning: (i) principles and procedures of land acquisition; (ii) public consultation and participation; (iii) entitlements and compensation disbursement mechanisms; (iv) grievance redress; (v) monitoring of resettlement operation; and (vi) disclosure methods. Specific modules customized for the available skill set shall be devised after assessing the capabilities of the target participants and the requirements of the investment program. Institutional capacity building programs will involve training on environmental and social safeguards for the PIU staff. **Table 9.3** provides the indicative training needs assessment.

**Table IX-3: Indicative Training Needs Assessment**

	<b>Description</b>	<b>Target group / Venue</b>
1.	- Introduction and Sensitization to Social/Involuntary Resettlement	All staff and consultants involved in the project. Will be

## X. IMPLEMENTATION SCHEDULE

145. The program will be implemented starting from the date of disclosure of finalized RP till completion of civil works to facilitate audit of R&R process. In general, the project implementation will consist of the three major phases, namely project preparation, land acquisition, and monitoring and evaluation. In line with the principles laid down in CMRL policy framework, CMRL will ensure that program activities are synchronized between the land acquisition and resettlement payments and civil works. CMRL will ensure that no physical or economic displacement of affected person will occur until:

(i) compensation at full replacement cost has been paid to each person for project components or sections that are ready to be constructed; (ii) other entitlements listed in the resettlement plan are provided to the affected persons supported by an adequate budget, is in place to help affected persons improve, or at least restore, their incomes and livelihoods. **Table 10.1** depicts the overall implementation schedule.

**Table X-1: Social Safeguards Indicative Implementation Schedule**

R&R Activities	2019				2020				2021				July 2021 to Nov 2024 (civil works) **
	1Q	2 Q	3 Q	4Q	1Q	2Q	3Q	4Q	1Q	2Q	3Q	4Q	
<b>A. Project preparation phase</b>													
Preparation of Policy framework													
Preliminary socioeconomic survey of the subproject													
Preparation of Resettlement Plan based on final designs													
Establishment of LA & R&R implementation unit													
Review and Approval of Resettlement Plan													
RP/DD disclosure													
Information campaign and community consultation													
<b>B. Implementation</b>													
Land acquisition – Private													
Grievance redress – acquisition & audit													
Payment of Land compensation**													
Payment of all other R&R assistance**													
<b>C. Monitoring and evaluation</b>													
Monitoring and report preparation													

\*\* To be updated depending on actual progress

## **XI. MONITORING AND REPORTING**

### **A. Internal Monitoring**

146. Internal monitoring will be undertaken by the PIU with assistance from the NGO. Internal monitoring will ensure all land acquisition and resettlement activities are implemented according to the approved resettlement plans in accordance with this resettlement framework.

147. The PIU will prepare quarterly progress reports and submit to the PMU. The PMU will prepare semi-annual monitoring reports and submit to the MDBs. The NGO will submit quarterly progress reports to PIU to inform them of resettlement plan implementation activities. These reports will describe the progress of the implementation of resettlement activities and any compliance issues and corrective actions. These reports will closely follow the involuntary resettlement monitoring indicators agreed at the time of resettlement plan approval. Sample monitoring indicators and outline of a semiannual safeguard monitoring report are provided in the project resettlement planning framework.

### **B. External Monitoring**

148. In addition to compliance monitoring of resettlement plan implementation by External Monitoring Agency, post-relocation audit by CMRL shall be conducted. This audit will assess whether resettlement objectives have been met, specifically, whether livelihoods and living standards have been restored or enhanced; assess resettlement efficiency, effectiveness, impact and sustainability, drawing lessons as a guide to future resettlement policy making and planning; ascertain whether the resettlement entitlements were appropriate to meeting the objectives, and whether the objectives were suited to affected persons' conditions; review the grievance redressal mechanism and report on its working.

## **XII. REMAINING TASKS AND CONCLUSION**

### **A. Remaining Tasks**

- Grievance Redress Mechanism has to be constituted by CMRL and disclosed
- As per TNRFCTLARR Rules 2017, LARRA has to be constituted government of Tamil Nadu and disclosed
- Disclosure of update RP
- Negotiation and acquisition of privately owned land and structures
- Commencement of civil works.

### **B. Conclusion**

149. Preliminary assessment of land acquisition and resettlement impacts has been done, pending finalization of engineering drawings. Meaningful consultations have been carried out and the project has addressed the genuine concerns of the affected peoples and these have been incorporated in the project design. The viaduct runs within road right of way over its greater length and as such the land requirement for viaduct is minimum. The station locations have been mostly on road right of way and marginally in vacant lands and care has been taken to select lands belonging to Govt. or Govt. undertaking, so that acquisition of private land is reduced to the minimum. Necessary changes are being made in the project drawings so as to reduce acquisition further.

150. The resettlement Planning Framework and entitlements meet ADB's SPS requirements. Institution of Grievance Redress Mechanism is under initiation.

## Typical Public Notices

### Valasaravakkam

 <b>CHENNAI METRO RAIL LIMITED</b> (A Joint Venture of Govt. of India and Govt. of Tamil Nadu) Admin Building, CMRL Depot, Poonamallee High Road, Koyambedu, Chennai - 600107. 			
Form-B (See rule 4)			
<b>Public Notice under sub-section (2) of section 3 of the Tamil Nadu Acquisition of Land for Industrial Purposes Act, 1997 (Tamil Nadu Act 10 of 1999).</b>			
<p>Under sub-section (2) of section 3 of the Tamil Nadu Acquisition of Land for Industrial Purposes Act, 1997 (Tamil Nadu Act 10 of 1999), notice is hereby given that the land /lands specified in the Schedule and situated in the Village of Valasaravakkam in the Taluk of Maduravoyal in the district of Chennai is / are required for industrial purposes, to wit, for Corridor-4 – 18-Valasaravakkam Metro Station. ## Annexure 4 Public Consultations

### FORMAT FOR PUBLIC CONSULTATION

**Location :**

**Date/Time:**

**Perception about the project:**

1. Do you think that Metro rail is necessary for your city? Yes/ No
2. What impacts, both positive and negative of the project do you foresee?

S.N	Positive Impact	Remark	S.N	Negative Impact	Remark
1	Shorten the trip		1	Land Acquisition	
2	Enhance local economy		2	Loss of livelihood	
3	Increase employment opportunity		3	Loss of income	
4	Increase facilities		4	Loss of house/shop	
5	Decrease in accident		5	Loss of customers & supply	
6	Increase in property value		6	Disruption of social/cultural/economic	
7	Improvement in transportation system		7	Increase in Crime Rates	
8	Decrease Greenhouse gas emission		8	Increase in Migration	
9	Increase educational level		9	Disadvantage to the environment(damage of park, tree etc)	
10	Others(Specify)		10	Other(Specify	

### 3. Issues

Issued raised/ Discussed		Suggestion by Stakeholders				Remark
