

# Resettlement Plan

---

December 2022

## India: Chennai Metro Rail Investment Project Corridor 4

(Part 4)

Prepared by the Department of Planning, Development and Special Initiatives, Government of Tamil Nadu, acting through the Chennai Metro Rail Limited (CMRL) for the Asian Development Bank.

This Resettlement Plan is a document of the borrower. The views expressed herein do not necessarily represent those of ADB's Board of Directors, Management, or staff, and may be preliminary in nature. Your attention is directed to the "[terms of use](#)" section on ADB's website.

In preparing any country program or strategy, financing any project, or by making any designation of or reference to a particular territory or geographic area in this document, the Asian Development Bank does not intend to make any judgments as to the legal or other status of any territory or area.

## Public Consultations at Station Locations Onsite 2016-2018 (SIA for Corridor 4, Jan. 2019)

## FORMAT FOR PUBLIC CONSULTATION

Location: Alwampet Station (Line 4)

Date/Time: 3/11/2016

Perception about the project:

1. Do you think that Metro rail is necessary Chennai city? Yes/ No  Yes  No
2. What impacts, both positive and negative of the project do you foresee?

S.N	Positive Impact	Remark	S.N	Negative Impact	Remark
1	Shorten the trip	✓	1	Land Acquisition	✓
2	Enhance local economy		2	Loss of livelihood	✓
3	Increase employment opportunity		3	Loss of income	✓
4	Increase facilities		4	Loss of house/shop	
5	Decrease in accident		5	Loss of customers & supplie	
6	Increase in property value		6	Disruption of social/cultural/economic	
7	Improvement in transportation system	✓	7	Increase in Crime rates	
8	Decrease Greenhouse gas emission		8	Increase in Migration	
9	Increase educational level	✓	9	Disadvantage to the environment (damage of park, tree etc)	✓
10	Others (Specify) many schools		10	Other (Specify)	

## 3. Issues

Issues raised/ Discussed	Suggestion by Stakeholders	Remark
Land acquisition	the structure can be demolished and in case if we want get Adequate compensation, it will be difficult for us	
Transportation	many school/colleges at nearby and it would facilitate widening of road is already there. if Ticket charges are more we will not be able to travel though we loose our land.	
Compensation	Transportation will be easy. we really need adequate but the thing is compensation need to be given adequate	
Borewell issue	Due to borewell metro station the local borewell may get affected.	
Cracking cracks	There is possibility of building cracks and need to take care of it	

Loss of tenancy	we are the tenants and due to metro, there will be price hike and we want to get place here at the same rate.	
Loss of livelihood	This is business area and all the structure of affected, it will be difficult for us.

## 3. Issues

Issues raised/ Discussed	Suggestion by Stakeholders	Remark
Traffic Jam	Here, always there is traffic Jam, irrespective to of peak time	
- Shorten the trip	NO	
Costly transportation	Already so many transportation services, nearby metro & railway services. If reduced price applied it will be helpful	
Loss of existing place	Being a small shop owner, our livelihood would affect	
Reduce Pollution	Due to metro, there will be sharp reduction in pollution which is at higher presently	

costly charges of Metro	By reducing the metro ticket charges, we can increase the metro consumer & subsequently reduce the road accidents, & pollution & develop Chennai

10	Others (Specify)		10	Other (Specify)	

**3. Issues**

Issued raised/ Discussed	Suggestion by Stakeholders	Remark
Time saving	Metro will save transportation time with comfort.	
Traffic Reduce	Due to vicinity of Vadapalani Bus stop, all the time there is huge traffic.	
Lessen the pollution	Metro will reduce the existing traffic load & start to begin the potential of pollution. This is actually needed. All the IT offices are in SIPCOT, Siruseri & there is hardly frequency in less.	
Need of other modes of transportation		

Low frequency of Buses in this route.	Metro is also needed in Polase, Boramalle as the residents there are solely dependent on <sup>non</sup> frequent bus services.	
Time saving	Frequency of bus is too low for metro will abate the time. Traffic is too much, not only in peak hours for other there too	
Reduce traffic	Metro will lessen the traffic load & reduce in accidents & pollution.

## 3. Issues

Issued raised/ Discussed	Suggestion by Stakeholders	Remark
Increase Connectivity	Metro Good for all - Increase Connectivity. Long run it will	
Solve Traffic Issue	Too much traffic in this area Metro is need reduce the traffic	
Old area & building may collapse during tunneling work.	It is very old area, if it is underground metro, the old building may collapse. Risk of building collapse.	many heritage Building is nearby many building are century old.
Tunneling Accident	This is the main area, if the similar accident, will be difficult & costly	
Reduce traffic	Traffic less. Due to vehicles there is huge traffic & pollution level is so high. Metro will solve the traffic issue.	

<p>Underground trade not suitable for Mysore - as it is a very old area with heritage buildings - temples, church, etc. Many buildings/residences are century old, therefore there is a great risk of collapses.</p> <p>Business lobs due to construction activity</p>	<p>If construction activity go long more than expected, then commercial/slops their business will be affected.</p> <p>The commutation/transportation charges are higher. The charges should be less.</p>

**PUBLIC CONSULTATION**

Location: Poonamallee Bus Terminus  
 Date/Time: 03/07/2018

Perception about the project:

1. Do you think that Metro rail is necessary for the city? Yes/ No
2. What impacts, both positive and negative of the project do you foresee?

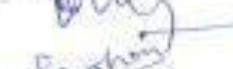

S.N	Positive Impact	Remark	S.N	Negative Impact	Remark
1.	Shorten the time/trip		1.	Land Acquisition	
2.	Enhance local economy		2.	Loss of livelihood/income	
3.	Increase employment opportunity		3.	Loss of house/shop	
4.	Increase facilities		4.	Loss of customers	
5.	Decrease in accidents		5.	Disruption of social/cultural/economic	
6.	Increase in property value		6.	Increase in Crime Rates	
7.	Improvement in transportation system		7.	Increase in Migration	
8.	Decrease Greenhouse gas emission		8.	Damage of park, tree etc.	
9.	Increase educational facilities		9.	Other(Specify)	
10.	Others(Specify)				

3. Issues

Issued raised/ Discussed	Suggestion by Stakeholders	Remark
Compensation	Due to metro train, other facilities and infrastructure will surely develop, but participants strongly suggested that the affected structure/people should get adequate compensation in order to re-instate the life of people.	
Loss of Livelihood	Being a small shop owner, our livelihoods will totally less. There has to be adequate provision of compensation.	

Reduction in pollution	Metro will reduce the existing traffic and reduce the level of pollution.
Reduced Road Accidents	Metro will reduce the traffic and reduced in road accidents.
Construction may result in traffic Jam	Construction activity will result traffic Jam. As this place is highly commercial metro construction may not disrupt the traffic flow.
Green House Effect	In Chennai city, the greenery is not that it is low and further infrastructure development will further will reduce the green cover and need to be taken care of.
Time will be reduced for travelling	The traffic is huge due to nearby colleges and commercial area nearby. Metro train will be helpful to reduce the traffic load.
Area Development	Due to metro train, other facilities will come such as infrastructure development. Local economy will boost up.

NO Requirement of Metro	We don't want a metro we want highways and overbridges only.	
Low metro fares are required	The existing transportation charges are too high unless it is less or decreased metro will not be successful. fare must be reasonable.

## 3. Issues

Issued raised/ Discussed	Suggestion by Stakeholders	Remark
Time Save	The respondents said that the metro facility in the city of Chennai will save their time to reach to the destinations, in comparison with other means.	
Traffic Issues and increase connectivity	The respondents suggested that the metro project will reduce traffic and communication in the city. The long distance travel will be easy and metro will increase the connectivity.	

<p>Travel time will be reduced and the traffic.</p>	<p>The respondents said that the travel time will be reduced due to the proposed metro project.</p>	
<p>Comfortable travel.</p>	<p>It would be easy to reach the destination.</p>	
<p>Pollution will be reduced.</p>	<p>There is <sup>less</sup> scope for air pollution. Metro will <del>lessen</del> limit the traffic and ultimately reduce the existing high level of pollution both noise and air.</p>	
<p>Traffic</p> <p>Reduced Road Accidents</p>	<p>There would be no accidents while travelling in metro.</p>	
<p>Travel time would reduced.</p>	<p>The metro facility in the city will save the time of the passengers.</p>	
<p>Employment Opportunity aspirant</p>	<p>There would be scope for job opportunity of <del>for</del> Engineers.</p>	

Loss of Livelihood.	Local Vendors would be affected badly.	
High cost of metro ticket. bargaining	The price of the metro fare should be as minimum as possible considering the bargaining power of the people.

## PUBLIC CONSULTATION

Location: DEPOT AREA - Consider- 4 Extension

Date/Time: 20/11/2018, 12:34 P.M.

Perception about the project:

1. Do you think that Metro rail is necessary for the city? Yes/ No  
 2. What impacts, both positive and negative of the project do you foresee?

S.N	Positive Impact	Remark	S.N	Negative Impact	Remark
1.	Shorten the time/trip		1	Land Acquisition	
2.	Enhance local economy		2	Loss of livelihood/income	
3.	Increase employment opportunity		3	Loss of house/shop	
4.	Increase facilities		4	Loss of customers	
5.	Decrease in accidents		5.	Disruption of social/cultural/economic	
6.	Increase in property value		6	Increase in Crime rates	
7.	Improvement in transportation system		7.	Increase in Migration	
8.	Decrease Greenhouse gas emission		8.	Damage of park, tree etc	
9.	Increase educational facilities		9.	Other(Specify)	
10.	Others(Specify)				

## 3. Issues

Issued raised/ Discussed	Suggestion by Stakeholders	Remark
Time Saving	It will become easier for us to have convenient/easy transport system.	
Loss of livelihood/ Income	The respondent said that they will lose their livelihood/income if their work's workplace/land gets acquired for the metro project.	
and traffic Pollution during construction of the project site.	The respondent said that there is a possibility to have pollution and traffic problem during the construction of the metro project.	

High Rate of Metro Ticket	<p>The minimum metro ticket price in Chennai metro is ₹50. The middle class citizens will not be able to afford that money on a regular basis. So, they are using the bus services mostly. The ticket rate is 50 from 1st to 2nd point but from the 2nd point to 3rd point the cost shall be less considering the longer distance and lesser ticket rate like the Indian Railway. As a result, the labourer class will be benefited.</p>
Loss of pollution (Both air and noise).	<p>After the introduction of the metro project the air and noise pollution will decrease.</p>
Loss of land and small enterprises	<p>The loss of land and the small company is a major issue for the employees (small) belong to a lower middle class family. They will lose their source of livelihood.</p>
Safety and Security.	<p>The lady respondent said that the proposed metro project will be helpful for her because metro offers a special compartment for ladies only. She will travel safe and secured rather than travelling in BM.</p>

Loss of trees and private lands (green)	Loss of trees - is another major concern according to the respondents. The tree plantation needs to be taken care of and followed up by the competent authority.
