

## Afghanistan: Mazar Gas Fired Power Project

Project Name		Mazar Gas Fired Power Project	
Project Number		52306-001	
Borrower/Company		Afghan Power Plant Company Limited	
Country		Afghanistan	
Location			
Approval Number			
Type of ADB Assistance / Am	nount	Ordinary capital resources	USD 10.00 million Proposed
Strategic Agendas		Environmentally sustainable growth Inclusive economic growth	
Drivers of Change		Gender Equity and Mainstreaming Partnerships Private sector development	
Sector / Subsector		Energy - Conventional energy generation	
Gender Equity and Mainstre	aming	Some gender elements	
Responsible ADB Departmer	nt		
Responsible ADB Division			
Responsible ADB Officer		Khawaja, Haroun Ahmed	
Project Sponsor(s)		Ghazanfar Group of Companies	
Description			
Objectives and Scope		The Project will provide long-term financing not readily available in Afghan import of electricity by contributing to Afghanistan's long-term energy secu	
Linkage to Country/Regional	l Strategy	The project is consistent with ADB's Strategy 2030, which includes expand	ling and diversifying private sector operations in new and frontier pport for the project is also in line with its Afghanistan country
		partnership strategy, 2017 2021 as it supports one of the three key priority sustainability, and security, and increase access to reliable sources of dom	y areas: energy. The project will improve energy affordability,
Safeguard Categories		partnership strategy, 2017 2021 as it supports one of the three key priority	y areas: energy. The project will improve energy affordability, nestic power generation in Afghanistan.
Environment		partnership strategy, 2017 2021 as it supports one of the three key priority	y areas: energy. The project will improve energy affordability, nestic power generation in Afghanistan.
Environment Involuntary Resettlement		partnership strategy, 2017 2021 as it supports one of the three key priority	y areas: energy. The project will improve energy affordability, nestic power generation in Afghanistan.  B C
