| Consulting Services | Four individual national consultants will be recruited to assist in organizing BOF 2020 and BOF 2021 (two for each event). One individual national consultant will be recruited in 2019 to assist in developing the BOOI tool. All five consultants will be engaged on time-based contracts. Resource persons may be engaged to support BOFs and/or BOSs as moderators or keynote speakers. ADB will engage the consultants following the ADB Procurement Policy (2017, as amended from time to time) and its associated staff instructions. | | | | | |
| Procurement | The TA will procure goods and nonconsulting services to support the BOFs and may also do so in support of individual BOSs. Goods and nonconsulting services for the BOFs will be procured through ADB's Office of Administrative Services, following Administrative Order 4.07. Procurement for any goods or nonconsulting services that may be required for individual BOSs in member countries will follow the ADB Procurement Policy and its associated staff instructions. A procurement plan has not been generated for this TA since most of its anticipated costs for goods and nonconsulting services will be coursed through the Office of Administrative Services, which maintains existing contracts and framework agreements with relevant suppliers (e.g., catering services and events management). This precludes the TA from running its own competitive procurement processes for these items. | | | | | |
