## Thailand: Eastern Economic Corridor Independent Power Project

Project Name	Eastern Economic Corridor Independent Power Project	
Project Number	53239-001	
Borrower/Company		
Country	Thailand	
Location		
Approval Number		
Type of ADB Assistance / Amount		
Strategic Agendas		
Drivers of Change		
Sector / Subsector	For classification - For classification	
Gender Equity and Mainstreaming		
Responsible ADB Department	Private Sector Operations Department	
Responsible ADB Division	Infrastructure Finance Division 2	
Responsible ADB Officer	Hashizume, Shuji	
Project Sponsor(s)	Gulf Energy Development Public Company Limited	
Description		
Objectives and Scope	will be one of the largest power plants in Thailand and will help mee Eastern Economic Corridor (EEC) development plan. The Project will	vatt (MW) gas-fired IPP project in Rayong province, Thailand. The Project t the projected growth and industrial transformation plans under the provide significant generating capacity that is reliable, efficient, and
	cost-effective.	
Linkage to Country/Regional Strategy	The project is consistent with ADB's Strategy 2030 which includes: i project financing, ii) prioritizing investments for low greenhouse gas resource mobilization. ADB's support for the project is also in line wi	emission energy, and iii) building strong partnerships for more th its country partnership strategy for Thailand, 2013-2016, and its e the support for private sector development, energy infrastructure, and
Linkage to Country/Regional Strategy Safeguard Categories	The project is consistent with ADB's Strategy 2030 which includes: i project financing, ii) prioritizing investments for low greenhouse gas resource mobilization.
