

Regional: Investing in Climate Change Adaptation Through Agroecological Landscape Restoration

Project Name	Investing in Climate Change Adaptation Through Agroecological Landscape Restoration
Project Number	53348-001
Country	RegionalBangladeshMyanmarPhilippinesViet Nam
Project Status	Proposed
Project Type / Modality of Assistance	Technical Assistance
Source of Funding / Amount	
Strategic Agendas	Environmentally sustainable growth Inclusive economic growth
Drivers of Change	Governance and capacity development Knowledge solutions Partnerships
Sector / Subsector	Agriculture, natural resources and rural development - Land-based natural resources management
Gender Equity and Mainstreaming	Some gender elements
Description	The proposed knowledge and support technical assistance (TA) will support the development and upscaling of innovative, demand-led and context-appropriate approaches to invest in climate change adaptation through agroecological landscape restoration in selected developing member countries (DMCs) of the Asian Development Bank (ADB). The TA will support ADB and DMCs to (i) develop, evaluate and promote innovative approaches to scale up climate change adaptation interventions through agroecological landscape restoration; and (ii) strengthen the capacity of communities to restore and manage their climate-resilient landscapes for food and nutrition security through agroecology.
Project Rationale and Linkage to Country/Regional Strategy	The TA is aligned with the priorities of ADB's Strategy 2030 and will support the implementation of ADB's Climate Change Operational Framework, which identifies increased climate resilience of agriculture and natural resources sectors as one of the priorities. The TA is also included in the 2020 management-approved results-based work plan of SDCC.
Impact	Climate and disaster resilience built (Strategy 2030 Operational Plan for Priority 3)
Outcome	DMCs' capacity to scale up climate change adaptation strengthened
Outputs	Agroecological landscape restoration interventions promoted Climate-resilient agricultural livelihoods in climate vulnerable communities promoted Knowledge on climate resilient agroecological landscape restoration projects increased
Geographical Location	Bangladesh - Nation-wide; Myanmar - Nation-wide; Philippines - Nation-wide; Viet Nam - Nation-wide

Summary of Environmental and Social Aspects	
Environmental Aspects	
Involuntary Resettlement	
Indigenous Peoples	
Stakeholder Communication, Participation, and Consultation	
During Project Design	
During Project Implementation	
Responsible ADB Officer	Yosuke Fukushima
Responsible ADB Department	Sustainable Development and Climate Change Department
Responsible ADB Division	SDCD
Executing Agencies	Asian Development Bank 6 ADB Avenue, Mandaluyong City 1550, Philippines
