INITIAL POVERTY AND SOCIAL ANALYSIS

Country:	People's Republic of China	Project Title:	Expanding Access to Finance for Farmers and Micro Entrepreneurs Project		
Lending/Financing	Financial Intermediary	Department/	Private Sector Operations Department/		
Modality:	i manda memediary	Division:	Private Sector Financial Institutions Division		
	1] =			
I. POVERTY IMPACT AND SOCIAL DIMENSIONS					
A. Links to the Na	ational Poverty Reduction Strat	tegy and Count	try Partnership Strategy		
			CD Finance Management Co., Ltd. (CFM) for		
microloans to farme	ers and micro entrepreneurs eng	aged in livestoc	k, fish and crop farming and micro industries		
such as production	and processing, transportation an	nd wholesale and	d retail trade. At least 60% of the which should		
be disbursed to wor	nen sub-borrowers. The project is	s aligned with A	DB's support to developing member countries		
			nic. The project is also consistent with Country		
			Strategy 2030's operational goal of scaling up		
private sector devel	opment and private sector operat	ions. ^a			
B. Poverty Targe		_	<u>_</u>		
	ion ∐Individual or household (TI	-H) ∐Geograph	nic (TI-G) □Non-income MDGs (TI-M1, M2,		
etc.)					
	ified general intervention and is de	esigned to provi	de funding support to CFM.		
C. Poverty and S					
			hough People's Republic of China (PRC) has		
			rerty, it is still ranking second-largest national		
concentration of poverty globally and 70.17 million people still lived below the rural poverty line of CNY2,300 per					
annum. ^b To address this issue as well as to mitigate the impacts of Covid-19, the project will provide capital and					
funding to CFM to support lending to farmers and micro entrepreneurs start and maintain agriculture and other business activities in the rural areas					
2. Impact channels and expected systemic changes. ADB's long-term funding will support the CFM's business plan					
	overy and improve economic resili		in funding will support the CFW 5 business plan		
			ligence. Desktop due diligence will assess the		
			imental and social policies and procedures.		
Of the performance		AND DEVELO			
1 What are the key			that are likely to be relevant to this project or		
			ed that about a quarter of the rural households		
			ount for more than 60% of the rural labor force		
and perform most o	of the agriculture work. d However	, thev are often	marginalized because of lower education and		
			ns have an important role of accelerating rural		
			ninant for rural women. Cost reduction of rural		
			s in some areas will also be key to achieve		
sustainable rural de			ŕ		
2. Does the propose	ed project or program have the p	otential to contr	ibute to the promotion of gender equity and/or		
			opportunities, services, resources, assets, and		
participation in decis					
CFM covers rural p	rovinces where it can be extreme	ely hard for loca	al population to access any services including		
financing. Serving a	lmost 1 million customers, of which	ch women accou	unt for 46%, CFM has been able to improve its		
outreach by empow	ering villagers to become microfi	inance officers a	and have a better understanding of its client's		
needs through incre	eased proximity. The project will	look to build on	CFM customer value proposition to increase		
	its lending and services to rural h				
3. Could the propos ☐ Yes ☒ No	ed project have an adverse impac	ct on women an	d/or girls or widen gender inequality?		
4. Indicate the intended gender mainstreaming category:					
☐ GEN (gender equity) ☐ EGM (effective gender mainstreaming)					
☐ SGE (some gender elements) ☐ NGE (no gender elements)					
III. PARTICIPATION AND EMPOWERMENT					
			aries and negatively affected people? Identify		
		e stakeholders	of the project include the CFM and its local		
hranches/cooperation	upe and rural women horrowers				

2. How can the project contribute (in a systemic way) to engaging and empowering stakeholders and beneficiaries, particularly, the poor, vulnerable, and excluded groups? CFM's environmental and social management system includes provisions and procedures for stakeholder engagement, community consultation and grievance resolution.

Information generation and sharing (L.) Consultation Collaboration Partnership	3. What are the key, active, and relevant civil society organizations (CSOs) in the project area? What is the level				
Information generation and sharing (L)	of civil society organization participation in the project design? The nature of project limits the opportunities to				
4. Are there issues during project design for which participation of the poor and excluded is important? What are they and how should they be addressed?					
they and how should they be addressed? Yes	4. Are there issues during project design for which participation of the poor and excluded is important? What are				
Potential issues related to the participation of the local communities will be assessed during audit and due diligence. N. SOCIAL SAFEGUARDS	they and how should they be addressed? \(\text{Vec}\) Yes \(\text{N}\) No				
N. SOCIAL SAFEGUARDS A. Involuntary Resettlement Category					
A. Involuntary Resettlement Category					
Does the project have the potential to involve involuntary land acquisition resulting in physical and economic displacement?					
displacement? Yes					
in livestock, fish and crop farming and micro industries such as production and processing, transportation and wholesale and retail trade are not expected to entail any involuntary resettlement impacts. 2. Strategy to address the impacts. Not applicable. 3. What action plan is required to address involuntary resettlement as part of the transaction TA or due diligence process? Resettlement plan					
wholesale and retail trade are not expected to entail any involuntary resettlement impacts. Strategy to address the impacts. Not applicable. Notat action plan is required to address involuntary resettlement as part of the transaction TA or due diligence process? Resettlement plan					
2. Strategy to address the impacts. Not applicable. 3. What action plan is required to address involuntary resettlement as part of the transaction TA or due diligence process? □ Resettlement plan □ Resettlement framework □ Social impact matrix □ Environmental and social management system arrangement □ None B. Indigenous Peoples Category □ A □ B □ C ☑ FI-C 1. Does the proposed project have the potential to directly or indirectly affect the dignity, human rights, livelihood systems, or culture of indigenous peoples? □ Yes □ CFM's business activities are unlikely to entail direct impacts on Indigenous Peoples' (IP) dignity, human rights, livelihood systems, or culture or impact the territories or natural or cultural resources that IP's own, use, occupy, or claim as an ancestral domain or asset. 2. Does it affect the territories or natural and cultural resources indigenous peoples own, use, occupy, or claim, as their ancestral domain? □ Yes □ No 3. Will the project require broad community support of affected indigenous communities? □ Yes □ No 4. What action plan is required to address risks to indigenous peoples as part of the transaction TA or due diligence process? □ Indigenous peoples plan □ Indigenous peoples planning framework □ Social impact matrix □ None V.
