

CONTRIBUTION TO STRATEGY 2030 OPERATIONAL PRIORITIES

OP No.	Corporate Results Framework Indicators (Outputs and Outcomes)	Expected Value	Methods and Comments
1.1	People benefiting from improved health services, education services, or social protection (number)	2.6 million	Total number of people expected to be vaccinated based on expected minimum of 6 million doses of COVID-19 vaccine shipped to Afghanistan. This factors in two doses per person and an estimated vaccine wastage rate of 15%. Evidence of vaccine administration will be based on MOPH vaccination records. The expected wastage rate may be updated based on the average acceptable wastage rate for the specific vaccine(s) selected.
1.1.2	Health services established or improved (number)	1	This project will bring additional COVID-19 vaccine doses for public use into Afghanistan (output 1.1).
2.1.1	Health services for women and girls established or improved (number)	1	This project will help strengthen the capacity of five regional or provincial offices of the MOPH to effectively oversee procurement, delivery, and management of vaccines in a gender-sensitive way, with at least 30% women trainees (output 2.2)
6.1.4	Transparency and accountability measures in procurement and financial management supported in implementation (number)	1	This project will strengthen capacity of MOPH and its project implementation staff in ADB procurement and financial management.
7.3.3	Measures to improve regional public health and education services supported in implementation (number)	1	The project will support implementation of the National Plan for COVID-19 Vaccination in Afghanistan, which will reduce the transmission of COVID-19 within the Asia Pacific region. Given Afghanistan's location at the crossroads of Central Asia, the project will generate significant regional public goods and complement efforts to contain the COVID-19 pandemic and foster growth in the CAREC region, through addressing pandemic risks and cross-border health threats.

ADB = Asian Development Bank, CAREC = Central Asia Regional Economic Cooperation, COVID-19 = coronavirus disease, DMF = design and monitoring framework, MOPH = Ministry of Public Health, OP = operational priority.
