

Regional: Southeast Asia Energy Sector Development, Investment Planning and Capacity Building Facility, Phase 2

Project Name	Southeast Asia Energy Sector Development, Investment Planning and Capacity Building Facility, Phase 2		
Project Number	55140-001		
Country	RegionalCambodiaIndonesiaPhilippinesThailandTimor-LesteViet Nam		
Project Status	Active		
Project Type / Modality of Assistance	Technical Assistance		
Source of Funding / Amount	TA 6833-REG: Southeast Asia Energy Sector Development, Investment Planning and Capacity Building Facility, Phase 2		
	Technical Assistance Special Fund	US\$ 2.50 million	
	Climate Change Fund	US\$ 260,000.00	
Strategic Agendas	Environmentally sustainable growth Inclusive economic growth		
Drivers of Change	Governance and capacity development Knowledge solutions Partnerships Private sector development		
Sector / Subsector	Energy - Electricity transmission and distribution - Energy efficiency and conservation - Energy sector development and institutional reform - Renewable energy generation - solar - Renewable energy generation - wind		
Gender Equity and Mainstreaming	Some gender elements		
Description	The regional transaction technical assistance (TA) facility will support clean energy projects for (i) project feasibility and due diligence, (ii) capacity development and implementation support, and (iii) cross-departmental green energy project pipeline development. For (i), the facility will conduct project preparation activities for the Grid Reinforcement Project with Additional Financing (Cambodia), Climate Change Policy Program (Philippines), and Power Grid Strengthening Project (Timor-Leste). For (ii), project implementation support will be provided for Sustainable and Reliable Energy Access Program (Indonesia) and Sustainable Energy Transition DAMRI E-bus Project (Indonesia). For (iii), the TA facility will develop a pipeline of green energy projects for investment under the One-ADB framework, involving collaboration among the Energy Division (SEEN) and the Regional Cooperation and Operations Coordination Division of the Southeast Asia Department, Office of Public-Private Partnership (OPPP), and Private Sector Operations Department (PSOD).		
Project Rationale and Linkage to Country/Regional Strategy	The series of investment projects to be supported under the TA facility represent a balanced mix of investment proposals that will (i) continue to strengthen and expand power system capacities to serve the increasing demand and (ii) utilize renewable energy (solar, wind, and waste-to-energy), and develop technologies for their integration into a greener electricity system. The TA facility, therefore, helps the Southeast Asia countries to meet fast growing electricity demand in a sustainable manner.
