

Viet Nam: Australis Climate-Smart Barramundi and Seaweed Aquaculture Project

Project Name					
Project Number	55260-001				
Borrower / Company	Australis Holdings, Inc.				
Country / Economy	Viet Nam				
Location	Nation-wide				
Type or Modality of Assistance	0880	Grant	Climate Innovation and Development Fund	USD 3.00 million	Approved
	7757	Equity	Ordinary capital resources	USD 15.00 million	
Strategic Agendas	Environmentally sustainable growth Inclusive economic growth				
Drivers of Change	Partnerships Private sector development				
Sector / Subsector	Agriculture, natural resources and rural development / Fishery				
Gender Equity and Mainstreaming	Effective gender mainstreaming				
Responsible ADB Department	Private Sector Operations Department				
Responsible ADB Division	Office of the Director General, PSOD				
Responsible ADB Officer	Henriques	s da Silva, Du	arte		
Project Sponsor(s)					
Description	The project involves an equity investment of up to \$15 million in Australis Holdings, Inc. (AHI) for the Australis Climate-Smart Barramundi ar Seaweed Aquaculture Project in Viet Nam. The report describes the administration of a grant of up to \$3 million to be provided by the Clima Innovation and Development Fund (CIDF).				
Objectives and Scope	The project will support the increased production of barramundi and seaweed in ocean-based farming systems in Viet Nam, promoting climate-resilient production of high-quality protein. The project will foster technology transfer of best practices in sustainable aquaculture at improve gender equality standards. The project is fully aligned with the Government of Viet Nam's goal of developing aquaculture in a sustainable manner, with a focus on developing high-level technology farming of major aquatic species for export, protecting the ecological environment, preventing disease, and ensuring food safety.
