Description	The TA will provide policy advisory and knowledge support to assess NEDA’s organizational structure and support the development of a strategy for change management and re-engineering internal business processes. This would include improving the business process for infrastructure development from infrastructure planning, approval, budget allotment, monitoring to evaluation. In capacity development, the TA would provide support to NEDA staff to enhance technical skills and knowledge in data science and analytics in application to evidence-based policy and program formulation, monitoring, and evaluating including for the economic recovery program.				
Project Rationale and Linkage to Country/Regional Strategy	NEDA is urgently undertaking internal organizational reforms and capacity development to strengthen its institutional capacity and staff capabilities to formulate evidence-based policy reforms and programs and to effectively monitor and evaluate impact.				
Impact	The National Economic and Development Authority (NEDA) implements structural policy reforms aligned with its long-term development plan AmBisyon Natin 2040.				
<b>Project Outcome</b>					
Description of Outcome	NEDA s capabilities for policy and program formulation, monitoring, and evaluation strengthened.				
<b>Progress Toward Outcome</b>					
<b>Implementation Progress</b>					
Description of Project Outputs	Selected activities of NEDA’s agency improvement plan reviewed, developed and implemented. Public infrastructure program business process improved. Data science and analytics capacity development at NEDA commenced.
