Dear Sir/Madam,

Thank you for your e-mail and for your interest in ADB's work.

In response to your requested information for 56061-001: Policy Research and Pilot Demonstration of Green and Low-Carbon Rural Houses, we would like to refer you to the technical assistance report of the project: <https://www.adb.org/projects/documents/prc-56061-001-tar>

The project is a knowledge and support technical assistance—research with a small-scale pilot activity to support the study. There will be no investments in gas and/or oil infrastructure. The expected outcome of the technical assistance/research is the improvement in the technical system and policies on green and low-carbon rural buildings in the northern region of the People's Republic of China.

We hope you find the above information useful.

Regards,

Subject : Specific project information on 56061-001
Message : SUBJECT: Specific project information on 56061-001

I would like to know if project China, People's Republic of : Policy Research and Pilot Demonstration of Green and Low-Carbon Rural Houses (number 56061-001) includes investments in gas and/or oil infrastructure aimed at promoting energy efficiency in residential buildings.

I would also like to know if there are policy changes foreseen as part of the project in the PRC.

Thank you in advance for your help.
