# Procurement Capacity Assessment Report and Recommendations

Proposed Project Name:	Proposed Amount (US\$):
Qinghai Delingha Concentrated Solar Thermal	ADB loan: \$ 150 million
Power Project	China EXIM Bank: \$ 75.58 million
	CGN: \$ 96.68 million
Executing/Implementing Agency:	Source of Funding:
The EA: China General Nuclear Power	ADB finance, domestic bank loan, and equity
Corporation (CGN)	finance.
The IA: CGN Delingha Solar Energy Co. Ltd.	
(CGN-DSE)	
The supervising agency: CGN Solar Energy	
Development Co. Ltd. (CGN-SEDC)	
Assessor: PPTA Consultant, Mr. Shi Yeqing	<b>Date:</b> 30 March, 2013

#### **Expected Procurement**

The procurement to be funded by ADB consists of international competitive bidding for (i) solar field steel structure, (ii) Reflector mirrors, (iii) Heat Collector Element (iv) Track Driver and control, (v) Thermal storage system, and (vi) Heat Transfer Fluid system. The tendering company: China National Technical Import and Export Corporation (CNTIC) has been engaged since July 2012 to assist implementing procurement in accordance with ADB guidelines.

#### **General Procurement Environment Assessment**

The legal and institutional system in the People's Republic of China (PRC) is well established. "Bidding Law", "Government Procurement Law" and "Bidding Law Implementing Regulations ", together with a series of laws and regulations related to the tender and bidding are systematically in place. In accordance with the system, use of competitive bidding is required under strict anticorruption prevention system. Audit is carried out by an independent national government organization with strict ethical code. The system also accommodates applying the foreign donor's procurement and consultant selection guidelines for the project to be funded by foreign donors including Asian Development Bank (ADB).

CGN-DSE is responsible for procurement under the project. CGN-SEDC supervises procurement to be conducted under CGN-DSE. CGN takes overall responsibility for the project implementation. CGN has a procurement management system as the state-owned company in the PRC including contract and procurement management operation system which also applies to whole affiliated companies under CGN, including CGN-DSE and CGN-SEDC. CNTIC the tendering company assists implementing procurement in accordance with ADB guidelines.

#### **Organization and Staff Capacity**

CGN is the SOE established in 1994 under the supervision of the State-Owned Assets Supervision and Administration of the State Council and is a leading company in nuclear power development which shares 51% or 6,119 MW of nuclear power installed capacity in the PRC. Currently, CGN manages the construction of 15 nuclear power plants with 17,540 MW install capacity. Through implementing these sizable power plant development and operation, CGN has sufficient procurement experiences in international and national competitive bidding. CGN has been developed into a large power group consisting of wholly owned or controlled 32 affiliated companies including CGN-SEDC and CGN-DSE. CGN has procurement management system including contract management which applies to procurement in all affiliated companies. Supervision and Audit Department of CGN supervises all affiliated companies for compliance with CGN group company-wide procurement management system.

CGN-SEDC fully owned by CGN was established in 2009 for solar energy development having project implementation experiences in domestic and overseas. To date, total install capacity of solar energy power plants is 287 MW. Department of contract and commerce (DCC) of CGN-SEDC supervises procurement and contract management to be conducted by CGN-DSE. Endorsement on procurement related matters is made by the General Manager Office (GMO). The DCC has a sufficient number of full-time trained staff responsible for supervising procurement and contract management under CGN-DSE.

CGN-DSE fully owned by CGN-SEDC is the project company which is responsible for day to day implementation of Qinghai Delingha Solar Thermal Power Project. The procurement and contract unit of CGN-DSE is responsible for procurement and contract management of the project. Key Procurement staffs of CGN-SEDC were transferred to CGN-DSE to conduct procurement and contract management of the project. All procurement and contract matters in CGN-DSE are to be approved by the General Manager of CGN-DSE for endorsement of CGN-SEDC. As CGN-SEDC and CGN-DSE have no experiences in conducting procurement with international financing institutions, CNTIC assists procurement for the project in accordance with ADB guidelines.

#### **Information Management**

DCC of CGN-SEDC and the procurement and the contract unit of CGN-DSE have sufficient experienced personnel to conduct procurement and contract management with information management system in place, in accordance with CGN's procurement management system. All contract related documents, including signed original contracts, bid evaluation reports, procurement notices (original press paper disclosing the procurement notice), winning bids or proposals, and contract administration papers shall be retained for 5 or more years (depending on type of document) after the completion of each contract. Annual inspections are carried out both internally and externally which includes the inspection of the National Audit Office of the PRC to conduct external audit for project.

#### **Procurement Practices**

#### **Procurement of Goods and Works**

DCC of CGN-SEDC and the procurement and contract unit of CGN-DSE are a full-time office responsible for procurement and contract management. DCC of CGN-SEDC has sufficient procurement and contract management experiences through implementing 15 units of solar

energy power plants in the PRC and the United States since 2004. The experienced procurement staffs of DCC, CGN-SEDC were transferred to CGN-DSE to conduct procurement and contract management for the project. General manager of CGN-DSE approves all procurement and contract matters for endorsement of CGN-SEDC. Upon review of DCC in CGN-SEDC, GMO of CGN-SEDC will finally endorse the request from CGN-DSE. CNTIC assists procurement for the project in accordance with ADB guidelines.

#### **Accountability Measures**

CGN has procurement management system including contract and information management which applies to procurement in all affiliated companies including CGN-SEDC and CGN-DSE. Supervision and Audit Department of CGN supervises all affiliated companies for compliance with CGN group company-wide procurement management system. DCC and GMO of CGN-SEDC shall supervise all procurement and contract matters under CGN-DSE. Internal and external procurement audit by Supervision and Audit Department of CGN, Internal Audit Department of CGN-SEDC, and the National Audit Office of the PRC are conducted.

#### **Summary Assessment**

CGN and CGN-SEDC have sufficient procurement experiences and the experienced staffs. CGN group company-wide procurement management system including contract and information management are well developed and in place for all CGN affiliated companies including CGN-SEDC and CGN-DSE. As CGN-DSE is newly established project company, experienced procurement staffs have been transferred to CGN-DSE for procurement and contract management of the project. DCC and GMO of CGN-SEDC also supervise all procurement and contract matters under CGN-DSE. Since CGN-SEDC and CGN-DSE have no experiences in conducting procurement with international financing institutions, CNTIC assists procurement for the project in accordance with ADB guidelines. Internal and external audit to be conducted by Supervision and Audit Department of CGN, Internal Audit Department of CGN-SEDC, and the National Audit Office of the PRC also enhances the procurement and contract management of the project.

#### **Specific Recommendations, Project Implementation**

Risks	Recommended Action	Responsibility and comment
The IA, CGN-SEDC, tendering company and domestic design institute have no past experience in procurement of utility scale CSP project in the PRC.	Preparing technical parts of tender documents and technical evaluation needs to be assisted by internationally experienced owner's engineer	CGN-SEDC and CGN-DSE

General Recommendations, Procurement Environment			
Risk/Capacity Constraint	Recommended Action	Responsibility and comment	
CGN, CGN-SEDC, and CGN- DSE have no experiences in conducting procurement with international financing institutions including ADB.	Engagement of qualified tendering company is essential to conduct procurement in accordance with ADB procurement guideline. CNTIC the selected tendering company assists procurement for the project during implementation.	CGN-SEDC and CGN-DSE

### Specific Assessment and Ratings

Question	Answer/Finding	Risk
A. ORGANIZATIONAL AND STAFF CAPACITY	,	
A.1. How many years experience does the head of the procurement department/unit have in a direct procurement role?	More than 12 years	Low
A.2. How many staff in the procurement department/unit are:	102 persons	Low
i. Full Time?	Yes	
ii. Part Time?		
iii. Seconded?		
A.3. Does the procurement staff have English language proficiency?	No	Average
A.4. Are the number and qualifications of the staff sufficient to undertake the additional procurement that will be required under the proposed project?	Yes	Low
A.5. Does the unit have adequate facilities, such as PCs, internet connections, photocopy facilities, printers, etc., to undertake the planned procurement?	Yes	Low
A.6. Does the agency have a procurement-training program?	Yes	Low
A.7. Does the agency have a Procurement Committee that is independent from the head of the agency?	Yes	Low
A.8. Does the agency have a procurement department/unit, including a permanent office that performs the function of a Secretariat for the Procurement Unit, and which serves as the main support unit of the Procurement Committee?	Yes	Low
A.9. If yes, what type of procurement does it undertake?	ICB and NCB	Low
A.10. At what level does the department/unit report (to the head of agency, deputy etc.)?		
A.11. Do the procurement positions in the agency have job descriptions, which outline specific roles, minimum technical requirements and career routes?	Yes	Low

Question	Answer/Finding	Risk
A.12. Is there a procurement process manual	Yes	Low
for goods and works?		
A.13. If there is a manual, is it up to date and	Yes. It is up to date and can	Low
does it cover foreign-assisted projects?	cover foreign-assisted	
	projects	
A.14. Is there a procurement process manual	Yes	Low
for consulting services?		
A.15. If there is a manual, is it up to date and	Yes. It is up to date and can	Low
does it cover foreign-assisted projects?	cover foreign-assisted	
	projects	
A.16. Are there standard documents in use,	Yes. There are standard	Low
such as Standard Procurement	documents in use, and they	
Documents/Forms, and have they been	have been approved for use	
approved for use on ADB funded projects?	on ADB funded projects	
A.17. Does the ToR follow a standard format	Yes	Low
such as background, tasks, inputs, objectives		
and outputs?		
A.18. Who drafts the procurement	The design institution and the	Low
specifications?	Owner's engineer	
A.19. Who approves the procurement	CGN-SEDC	Low
specifications?		
A.20. Who drafts the bidding documents?	The tendering agent-CNTIC	Low
A.21. Who manages the sale of the bidding	The tendering agent-CNTIC	Low
documents?	3 3	
A.22. Who identifies the need for consulting	CGN-SEDC and CGN-DSE	Low
services requirements?		
A.23. Who drafts the terms of reference (ToR)?	CGN-DSE	Low
A.24. Who prepares the request for proposals	CGN-DSE	Low
(RFPs)?		
B. INFORMATION MANAGEMENT		
B.1. Is there a referencing system for	Yes	Low
procurement files?		
B.2. Are there adequate resources allocated to	Yes	Low
record keeping infrastructure, which includes		
the record keeping system, space, equipment		
and personnel to administer the procurement		
records management functions within the		
agency?		
B.3. For what period are records kept?	5 years or more after the contract close	Low
B.4. Are copies of bids or proposals retained	Yes	Low
with the evaluation?		
B.5. Are copies of the original advertisements	Yes	Low
retained with the pre-contract papers?		
B.6. Is there a single contract file with a copy of	Yes	Low
the contract and all subsequent contractual		

Question	Answer/Finding	Risk	
correspondence?			
B.7. Are copies of invoices included with the	Yes	Low	
contract papers?			
C. PROCUREMENT PRACTICES			
Goods and Works			
C.1. Has the agency undertaken foreign-assisted procurement of goods or works recently (last 12 months, or last 36 months)? (If yes, please indicate the names of the development partner/s and the Project/s.)	No	High	
C.2. If the above answer is yes, what were the major challenges?			
C.3. Is there a systematic process to identify procurement requirements (for a period of one year or more)	Yes	Low	
C.4. Is there a minimum period for preparation of bids and if yes how long?	20 days	Low	
C.5. Are all queries from bidders replied to in writing?	Yes		
C.6. Does the bidding document state the date and time of bid opening?	Yes	Low	
C.7. Is the opening of bids done in public?	Yes	Low	
C.8. Can late bids be accepted?	No		
C.9. Can bids be rejected at bid opening?	No. except for the bids without good seal		
C.10. Are minutes of the bid opening taken?	Yes	Low	
C.11. Who may have a copy of the minutes?	The bidders, the EA, and the IA, CGN-SEDC		
C.12. Are the minutes free of charge?	Yes		
C.13. Who undertakes the evaluation of bids (individual(s), permanent committee, ad-hoc committee)?	The bid evaluation committee	Low	
C.14. What are the qualifications of the evaluators with respect to procurement and the goods and/or works under evaluation?	More than 8 years of work experience with senior professional qualification	Low	
C.15. Is the decision of the evaluators final or is the evaluation subject to additional approvals?	The decision of the evaluator is final.	Low	
C.16. Using at least three real examples, how long does it normally take from the issuance of the invitation for bids up to contact effectiveness?	45 days	Low	
C.17. Are there processes in place for the collection and clearance of cargo through ports of entry?	Yes	Low	

Low

Question	Answer/Finding	Risk
K. ORGANIZATIONAL AND STAFF CAPACITY	,	
A.1. How many years experience does the head of the procurement department/unit have in a direct procurement role?	More than 10 years	Low
A.2. How many staff in the procurement department/unit are:	15 persons	Low
vii. Full Time?	Yes	
viii. Part Time?		
ix. Seconded?		
A.3. Does the procurement staff have English language proficiency?	No	Average
A.4. Are the number and qualifications of the staff sufficient to undertake the additional procurement that will be required under the proposed project?	Yes	Low
A.5. Does the unit have adequate facilities, such as PCs, internet connections, photocopy facilities, printers, etc., to undertake the planned procurement?	Yes	Low
A.6. Does the agency have a procurement-training program?	Yes	Low
A.7. Does the agency have a Procurement Committee that is independent from the head of the agency?	Yes	Low
A.8. Does the agency have a procurement department/unit, including a permanent office that performs the function of a Secretariat for the Procurement Unit, and which serves as the main support unit of the Procurement Committee?	Yes	Low
A.9. If yes, what type of procurement does it undertake?	ICB and NCB	Low
A.10. At what level does the department/unit report (to the head of agency, deputy etc.)?		
A.11. Do the procurement positions in the agency have job descriptions, which outline	Yes	Low

specific roles, minimum technical requirements and career routes? A.12. Is there a procurement process manual for goods and works? A.13. If there is a manual, is it up to date and does it cover foreign-assisted projects? A.14. Is there a procurement process manual for consulting services? A.15. If there is a manual, is it up to date and does it cover foreign-assisted projects? A.16. Are there standard documents in use, such as Standard Procurement Documents/Forms, and have they been approved for use on ADB funded projects? A.17. Does the ToR follow a standard format such as background, tasks, inputs, objectives and outputs? A.18. Who drafts the procurement specifications? A.19. Who approves the procurement specifications? A.20. Who drafts the bidding documents? A.21. Who manages the sale of the bidding documents? A.22. Who identifies the need for consulting documents? A.23. Who drafts the terms of reference (ToR)?
