## **I. INTRODUCTION**

1. The Ministry of Education and Training (MOET) is implementing the Second Lower Secondary Education for the Most Disadvantaged Areas Project (LSEMDAP II, or the Project) in the 28 provinces of Viet Nam, through Loan № 3201 – VIE (SF) from Asian Development Bank. Under the Project, a total of 200 lower secondary schools (LSSs) have been selected for assistance. In the screening and categorization for social safeguards, Category A subprojects is automatically excluded, while Category C subprojects shall be prioritized for financing. The subproject LSSs with minor impacts (Category B) may be considered subject to the preparation and implementation of a resettlement plan (RP) acceptable to ADB, as prescribed in 2009 Safeguard Policy Statement (SPS). The RP for Category B subproject shall be approved first by the Bank and disclosed in the ADB website before implementation by MOET.

2. Binh Thuan province is located in the South Central part of Vietnam. Seven (7) beneficiary LSSs were selected for the Project, namely: (i) Tan Ha Lower Secondary School; (ii) Suoi Kiet Lower Secondary School; (iii) Da Mi Lower Secondary School; (iv) Song Luy Lower Secondary School; (v) Hoa Thang Lower Secondary School; (vi) Duc Chinh Lower Secondary School; and (vii) Thuan Hoa Lower Secondary School. They are located in four (4) districts of the province. As screened, they are all Category C subprojects in Involuntary Resettlement and Category C in Indigenous Peoples categorization for the LSSs of: Suoi Kiet; Da Mi; Song Luy; Duc Chinh; and Thuan Hoa and Category B in Indigenous Peoples categorization for the LSSs of Tan Hoa and Hoa Thang (Attachments 1 to 7), since no social impacts are expected inside the schools' premises. The Central Project Management Unit (CPMU) of LSEMDAP II has submitted this Due Diligence Report (DDR) for information of ADB and to secure its "No Objection" for the award of civil works contract for the construction of school facilities.

## **II. APPROACH AND METHODOLOGY IN DUE DILIGENCE**

3. The CPMU has applied the selection criteria in evaluating the LSSs included in the long list. The criteria were developed during the PPTA. Given the large number of LSSs and their geographic locations, the CPMU sent questionnaires to be filled-up by school officials whose responses were the basis for screening and selection in producing the shortlist of LSSs. The school officials of short listed LSSs were then given two sets of questionnaires. The first set was used in gathering information on their proposed facilities and statistical data that justify their proposal. The proposed investments were then screened and made the reasonable distribution of facilities that are urgently needed. The second set was aimed to validate if land acquisition shall be required. National Resettlement Specialist conducted site survey and consultation with key officials of the Binh Thuan PPMU and proposed schools in November 2015 to verify information provided by the Binh Thuan PPMU.

## **III. THE PROPOSED FACILITIES**

4. In all, the 07 LSSs of Binh Thuan will construct a total of thirty two (32) regular classrooms; three (03) Physic subject rooms; one (01) Chemistry subject room; three (03) libraries; one (01) Toilet for common use. The construction of the Project's facilities will follow the MoET's letter No. 2533/BGDDT-DATHCSKKN2 dated 27 May 2015. Dimension of facilities is below:

**Table 1: Typical dimension of each classroom and subject room**

Type of facilities	Room Dimension (32 students)			Room Dimension (40 students)

It has 06 classrooms and 03 function rooms but not in proper condition. To ensure effective teaching and learning environment, the school requires additional classrooms with facilities

### **V. ASSESSMENT OF SOCIAL IMPACTS**

20. There are no social impacts arising from land acquisition in any of the selected LSS in Binh Thuan Province. The school premises are enclosed with concrete or wooden fences as protection from encroachers, and neither a house nor structure of private person was allowed by the school administration. The proposed facilities will be built within the existing respective school premises, no need for acquiring any additional land. The project will improve working, studying and living conditions for students and teachers.

- **Tan Ha Lower Secondary School.** This school proposes four (04) class-rooms, and one (01) Chemistry subject room in a 02-storey building. The structure will be built in the land of 245 m<sup>2</sup> within the existing school premise of 4.755 m<sup>2</sup> land. No land acquisition is required and no third-party user will be affected. Adequate safety measures should be applied by contractor during construction phase to ensure proper operation of the LSS and third-party.
- **Suoi Kiet Lower Secondary School.** This school proposes four (04) class-rooms, and one (01) Physic subject room in a 02-storey building. The structure will be built in the land of 245 m<sup>2</sup> within the existing school premise of 10.232 m<sup>2</sup> land. No land acquisition is required and no third-party user will be affected. Adequate safety measures should be applied by contractor during construction phase to ensure proper operation of the LSS and third-party.
- **Da Mi Lower Secondary School.** This school proposes six (06) class-rooms in a 02-storey building. The structure will be built in the land of 245 m<sup>2</sup> within the existing school premise of 20.600 m<sup>2</sup> land. No land acquisition is required and no third-party user will be affected. Adequate safety measures should be applied by contractor during construction phase to ensure proper operation of the LSS and third-party.
- **Song Luy Lower Secondary School.** This school proposes six (06) class-rooms in a 02-storey building. The structure will be built in the land of 245 m<sup>2</sup> within the existing school premise of 5.050 m<sup>2</sup> land. No land acquisition is required and no third-party user will be affected. Adequate safety measures should be applied by contractor during construction phase to ensure proper operation of the LSS and third-party.
- **Hoa Thang Lower Secondary School.** This school proposes four (04) class-rooms, and one (01) Physic subject room in a 02-storey building. The structure will be built in the land of 245 m<sup>2</sup> within the existing school premise of 9.303 m<sup>2</sup> land. No land acquisition is required and no third-party user will be affected. Adequate

safety measures should be applied by contractor during construction phase to ensure proper operation of the LSS and third-party.

- **Duc Chinh Lower Secondary School.** This school proposes four (04) classrooms, and one (01) Library in a 02-storey building; and one (01) Toilet for common use. The structure will be built in the land of 308.1 m<sup>2</sup> within the existing school premise of 5.811 m<sup>2</sup> land. No land acquisition is required and no third-party user will be affected. Adequate safety measures should be applied by contractor during construction phase to ensure proper operation of the LSS and third-party.
- **Thuan Hoa Lower Secondary School.** This school proposes four (04) classrooms, and one (01) Physic subject room in a 02-storey building. The structure will be built in the land of 245 m<sup>2</sup> within the existing school premise of 13.196 m<sup>2</sup> land. No land acquisition is required and no third-party user will be affected. Adequate safety measures should be applied by contractor during construction phase to ensure proper operation of the LSS and third-party.

## **VI. GRIEVANCE REDRESS MECHANISM AND IMPLEMENTATION ARRANGEMENT**

21. The CPMU under MOET's authority will coordinate with the Binh Thuan PMU to implement the Project and settle grievance of local people (if any) before, during or after construction. PPCs, DPCs, CPCs and chiefs of villages and other local social organizations such as the Women's Union, the Fatherland's Front, and traditional EM leaders also take part in grievance redress.

22. Grievances related to any aspect of the subprojects of LSEMDAP II will be handled through negotiation aimed at achieving resolution. A grievance redress mechanism (GRM) established aim to address grievances, complaints, and queries of local people regarding compensation and adverse impacts (if any) on people including ethnic minorities in a timely and satisfactory manner. Complaints can be in written or in verbal narrative. In the case of verbal complaints, the designated commune or district officials will record the complaint during the first meeting with the complainant.

23. The Binh Thuan PMU officers will serve as grievance officers. The designated commune officials will attempt to settle the issues at the commune level through appropriate community consultations. All meetings will be recorded, and copies will be provided to the complainants. A copy of the minutes of meetings and actions undertaken will also be provided to CPMU and ADB upon request.

24. Under the project, a GRM with three stages was established for seeking resolution of complaints. If grievance is still unresolved, it can be elevated to a court of law for resolution. The complainant will be exempted from all administrative and legal fees that might be incurred in the resolution of their grievances and complaints. The GRM process is below.

- (i) *First Stage, Commune Peoples' Committee (CPC).* The complainant may register his/her complaint verbally or in writing to any member of the CPC, either through the Village Chief or directly to the CPC. The CPC will register the complaint and meet the complainant. The CPC secretariat will document and keep the files of all complaints that it handles. The CPC has up to 30 days or 45 days (for complex cases) to resolve the complaint. If the complaint is not resolved within the given days or the complainant does not satisfy with decision of CPC on his/her case, he/she can bring complaint to the DPC.
- (ii) *Second Stage, District Peoples' Committee (DPC).* The complainant may bring the case to any member of the DPC. The DPC has up to 30 days or 70 days (for complex cases) to resolve the complaint. The DPC documents and maintains a file of all complaints that it handles and informs the PMU (or DCRC) of any determination, decision made. The PMU (DCRC) will support the DPC to resolve the complaint. The

DPC notifies the complainant of its decision. If the complainant does not hear from the DPC within the given days, or if the complainant does not satisfied with the decision taken on his/her complaint, the complainant may bring the case, either in writing, to any member of the PPC.

- (iii) *Third Stage, Provincial Peoples Committee (PPC)*. The PPC has up to 30 days or 70 days (for complicated cases or complaints in remote areas) to resolve the complaint. The PPC documents and files all complaints that it receives. Within 45 days from the date of receipt of the decision of the PPC Chairperson and if the complainant does not agree with the decision, the complainant may bring the case to the law court. The time limit for appeal should not exceed 60 days (or 70 days for complicated cases) from the date of acceptance. The agency that receives the complaint will record the proceedings done for the complaint.

25. All grievance and resolution of grievances, if any will be subject to monitoring. Internal monitoring will follow-up the progress of resolution of grievances, and compliance with the overall social safeguards policy. Monitoring of the grievances will be in a form of a completion report. External monitoring is not required.
