

Afghanistan: Arghandab Integrated Water Resources Development Project

Project Name		Arghandab Integrated Water Resources Development Project		
Project Number		48096-002		
Country		Afghanistan		
Project Status		Proposed		
Project Type / Modality of Assistance		Grant		
Source of Funding / Amount		Could ASC A who did William Double and Double (Sound Double Hellow d Double Hellow)		
		Grant: AFG: Arghandab Water Resources Development Project (Formerly: Preparing the Helmand Basin Project) concessional ordinary capital resources lending / Asian Development Fund US\$ 231.09 million		
Strategic Agendas		Environmentally sustainable growth Inclusive economic growth		
Drivers of Change		Governance and capacity development Partnerships		
Sector / Subsector		Agriculture, natural resources and rural development - Irrigation - Water-based natural resources management Energy - Conventional energy generation Water and other urban infrastructure and services - Urban water supply		
Gender Equity and Mainstreaming		Some gender elements		
Description				
·		- Address key development constraint (water and power shortage) - Economic growth, poverty alleviation, improved quality of life - Complements the Government's peace building efforts		
Impact				
Outcome				
Outputs				
Geographical Location				
Safeguard Categories				
Environment		A
