## FAISALABAD – KHANEWAL MOTORWAY PROJECT (M4)

3<sup>rd</sup> Internal Monitoring Report for the Implementation of LARP & CAP of  
National Motorway M-4 Shorkot-Khanewal Section Project  
(120+268 – 184+487 = 64 km)

### 1. INTRODUCTION

#### 1.1 Background

1. With financial assistance by ADB, NHA is implementing National Motorway M-4 Gojra-Shorkot-Khanewal Project. For execution of project works the National Motorway M-4 Gojra-Shorkot-Khanewal Section (126 Km) is divided in two projects i.e. P: 48402-001 M-4 Gojra-Shorkot Section-62 Km (M-4 Section-II) that is implemented under Loan Pak 3300 and P: 48402-002 M-4 Shorkot-Khanewal Section -64 Km (M-4 Section-III) which is implemented as Additional Finance Projects under Loan 3395 through a co-financing arrangement with AIIB. The LARP for both sections have been prepared and implemented separately. This report is the 3<sup>rd</sup> internal quarterly monitoring report (October-December 2016) on the implementation of LARP for M-4 Shorkot-Khanewal Section (P: 48402-002) of the project.

2. This Project Section of M-4 starts at M-4 chainage 120+268 (end point of M-4 Gojra-Shorkot Section) at Mouza Kakki Kohna and after crossing through various rural settlements, ends at chainage 184+487 km in Mouza Shamkot (near Khanewal city). The project works include construction of four lane dual carriage way with four (4) interchanges located at Chainage 148+400 km (Abdul Hakeem Interchange), Chainage 166+00 km (Makhdoompur Interchange), Chainage 178+070 km (Kabirwala Interchange) and 184+00 km (Khanewal Interchange). The project is located in the jurisdiction of two districts named Jhang and Khanewal. The location map of the proposed section is given in Figure 1.

## 1.2 Land Acquisition and Resettlement Impacts of M-4 Shorkot-Khanewal Project

3. The project road alignment passes through green fields for which 100 meter ROW of 64 Km long carriageway and 40 meter ROW of interchange loops carriageways has been acquired to execute the project civil works. A Land Acquisition and Resettlement Plan (LARP) was finalized, approved and disclosed by ADB in January 2016. Following LARP provisions, land acquisition process for main carriageway ROW land and one interchange carriageway land located in District Jahng and Khanewal has been completed. However, the legal process for land awards of three interchanges land is still in process<sup>1</sup>.

4. Table 1.1 providing summary of LAR impacts as of ADB cleared LARP and updated data bases as of 2nd Internal Monitoring Report with number of DPs entitled for compensation against their acquired assets is a LARP at glance. The updated status of entitled allowances is provided in Table 1.2 below:

5. Day to day LARP implementation and monitoring is bestowed on Land Acquisition Unit in PIU/PMU established for M-4. Safeguards management capacity of PMU/PIU and effective implementation and monitoring of LARP is ensured through Social Safeguards Management Consultants at M-4 Project. Periodic internal monitoring reports are prepared and shared with the NHA EALS and ADB and this is third internal monitoring report covering LARP implementation period from October to December 2016.

### 1.3 Objectives of the IMR and Monitoring Indicators

6. This 3rd Internal monitoring report (IMR) is for the period from October to December 2016. It provides details of the following aspects:

- i) LARP implementation progress achieved covering delivery of compensation against acquired assets and allowances under LARP provisions;
- ii) Community consultations, LARP disclosures and information dissemination measures implemented for effective safeguards management and disbursement of compensation.
- iii) Grievance redress mechanism established and progress on grievances received and redressed; and
- iv) Recommended actions to improve safeguards management and timely delivery of compensation.

### 1.4 Monitoring Methodology

7. This quarterly monitoring report is consolidated after reviewing: i) LAR institutional arrangements in place, ii) implementation progress on LARP and corrective actions achieved and reported in monthly progress reports; iii) social mobilization activities and community consultation initiatives implemented to establish DPCs; iii) measures implemented to improve coordination between LAR implementation units in PMU/PIU and line government agencies; iv) efforts being exhausted to outreach DPs for LARP disclosure and compensation delivery; v) grievance redress mechanism and complaints recording/tracking systems in place and progress on complaints/grievances resolved etc.; and vi) documentation on efforts being exhausted and records maintained.

## 2. LAR IMPLEMENTATION STATUS

8. The implementation of the project required acquisition of privately owned ROW land (1514.6 acres) for main carriageway and interchanges at three locations. The whole requisite land is owned land by 6438 DPs while 103.1 acres of government land also fall in acquired ROW. Out of 1514.6 acres of privately owned land, 1492.1 acres<sup>4</sup> (land for main carriageway ROW land (1461.9 acres and interchanges ROW land (30.2 acres) in three out of six affected villages at three interchange's location) land owned by 6317 DPs had been awarded and compensation payment progressed satisfactorily as per announced land awards and LARP provisions. While legal process for announcement of awards is still in process for remaining 22.5 acre of three interchanges ROW land<sup>5</sup> located in three villages. The unawrded interchanges ROW land is owned by 121 DPs. It is planned that the Land Award of three remaining villages of Interchanges ROW land will be announced by March 2017.

9. The sections below provide a brief on the updated LARP implementation progress. It covers progress on updating of LARP database, improvements in compensation payments since last monitoring report, issues encountered, efforts exhausted to outreach the unpaid DPs and facilitations provided, consultations and information disclosure activities performed, GRM functions including recording and resolution of grievances received during the reporting period. The IMR also details progress on additional documentation for DPs having legal and administrative impediments and efforts impelemented to ensure ADB's Policy requirements and objectives are fully complied during execution of project LARP implementation.

### 2.1 Updating MIS database management and monitoring

10. During LARP preparation and implementation by NHA, a LAR database (excel based) was prepared and maintained by Land Acquisition unit for documenting DPs linked with impacted assets and entitled compensation. However, the SSMC Data base management specialist is developing MIS database (Access based) management system for the project. In this regards, following key tasks have been carried out for data management and developing a MIS for the Project:

- Collected the LARP data from NHA and NESPAK relating to Section-III and started its updating keeping in view different categories payments of compensation such as land, structure, crops, trees and allowances and change in the titleholder because of inheritance/ ownership transfer cases.
- Designed a database for data inputting & analysis keeping in view the different categories of payment. The data is being entered based on the LARP data and revenue record locally. The assigned task will result in development of a comprehensive database for the whole M-4 Project (Section -III). Available LAR data is incorporated in the MIS system.
- Based on updated payment status, the Land staff of PIU is updating their land record and MIS data base is being reconciled with updated land record data to make MIS free from errors and multiple entries. Completeion of MIS database for M-4 Section-III will be follow the updation of Land records and it is planned that the process is completed before 31 March 2016 i.e before next quarterly interanal monitoring report is due.

<sup>4</sup> Awarded land 1492.1 acres include 1461.9 acres of ROW land for main carriage and one interchange while 30.2 acres of recently awrded land (awarded during reporting period) for interchanges ROW at three interchanges locations.

<sup>5</sup> Total required land for Interchanges ROW at three locations was 52.7 acres that was to be acquired in 6 villages. Land acquisition process in 3 villages has already been completed (awarded land at three interchanges locations include 7.9 acres in Ali pur, 8.6 acres in Hassanpur and 13.6 acres in 14 Vinoe) and in other three villages namely Jala Pahore, Umeedgarh and 15 V the legal process for awarding land measuring 16.4 acres, 0.6 acres and 5.5 acres respectively is still ongoing.

## 2.2 LARP implementation as of 2nd (Previous) Monitoring Report (July to September 2016)

11. The compensation payment progress achieved by 2nd (previous) internal monitoring report (July to September 2016), reflected that Rs 273.84 (15.5%) of compensation costs for acquired assets (awarded and unawarded) and the total number of unpaid DPs were 2156 (1942 DPs for awarded land and 214 DPs for unawarded land). While total entitled resettlement and rehabilitation cost allowances amounting to Rs. 67.59 million remained undisbursed. Full assessed compensation cost had been deposited in treasury for entire awarded and unawarded land and land based assets while amount for allowances is provided in the project account. Based on 2nd IMR results category wise undisbursed compensation for award and unawarded land and number of unpaid DPs in different impact categories is provided in Table 2.1 below:

**Table 2.1: Undisbursed Compensation as of 2<sup>nd</sup> (Previous) IMR (July-September 2016).**

## 2.3 LARP Implementation progress achieved in reporting period (October-December 2016)

12. By close of previous monitoring report the compensation against different entitlements as reported in table 2.1 above was yet to be paid. In total 2156 DPs were to be paid compensation for acquired land and other assets which included 1942 unpaid DPs for awarded carriageway ROW land and 214 DPs for unawarded 52.7 acres of

interchange carriageway ROW land. Besides exhausting efforts to improve payment progress against awarded land and other entitlement allowances, efforts were ensured for completing legal process and announcement of awards for 52.7 acres of land being acquired for three interchanges ROW. The unawarded land for interchanges ROW located in six villages out of which land awards for 30.2 acres of land in three villages were announced and compensation payment process was started accordingly during monitoring period. While, the corrigendum of notification 5 and 6 for remaining 22.5 acres of interchanges carriageway ROW land in three villages have been published and it will be ensured that the land awards could be announced during next monitoring period.

13. Meanwhile, unpaid DPs were pursued for additional documentation for unpaid DPs having legal and administrative impediments and payment of compensation to payable DPs against awarded land and land based assets and delivery of resettlement and rehabilitation costs as per LARP entitlements. The compensation payment process for awarded but undisbursed compensation and entitled allowances continued during October-December 2016. The payment progress achieved by 31 December 2016 (i.e. cut-off date for 3rd internal monitoring report) reflects that a total amount of Rs: 32.697 million has been paid to 169 DPs for acquired assets i.e. land and land based assets as well as Rs. 17.099 million was paid against different categories of allowances. The payments made against different impact categories and entitled resettlement and rehabilitation assistance allowances are summarized in bullet points below while details with over all LAR implementation status are discussed in next sections and a comparative summary of implementation progress since last monitoring report is added as table 2.3:

- **Land Compensation:** Compensation claims for 169 DPs were processed and entitled compensation amount Rs.32.697 million was paid accordingly;
- **Payment of Crop Compensation:** Compensation amount Rs. 0.987 million was paid to 16 DPs entitled for crop compensation;
- **Payment of Structures:** Compensation amount Rs. 6.229 million was delivered to 2 entitled DPs;
- **Payment of Trees:** Compensation amount Rs. 0.477 million was paid to 9 DPs ;
- **Rehabilitation and livelihood restoration allowances:** Besides payment of awarded compensation under law, the payment process for entitled resettlement and livelihood restoration allowances was also started under LARP provisions. The payable DPs were followed up for submission of claims and receipt of payment against entitled allowances. The achieved payment progress for entitled allowances is summarized below while to catch-up progress efforts are in progress to ensure delivery of allowances to all payable DPs:
  - **Additional Crop Compensation:** Compensation amount Rs. 9.691 million has been paid to 229 DPs;
  - **Payment of Livelihood Allowance:** Compensation amount Rs. 2.398 million has been paid to 63 DPs and ;
  - **Payment of Transport Allowance:** Compensation amount Rs. 1.137 million has been paid to 74 DPs ;
  - **Payment of Business Allowance:** Compensation amount Rs. 1.030 million has been paid to 19 DPs ;
  - **Payment of Vulnerable Allowance:** Compensation amount Rs. 0.516 million has been paid to 13 DPs ;
  - **Payment of Electricity Allowance:** Compensation amount of Rs. 1.020 million has been paid to 51 DPs.

- **House Rent:** Compensation amount of Rs. 0.208 million has been paid to 63 DPs

## **2.4 Overall compensation payment and LARP implementation progress.**

14. The compensation payment for carriageway ROW land (1461.9 acres) progressed satisfactorily and compensation is paid to almost all payable DPs. For payment of remaining undisbursed compensation to unpaid DPs having legal and administrative impediments efforts were continued for additional documentation and processing of compensation claims for those who show-up after resolving their impediments. In addition to carriageway ROW land, land awards for 30.2 acres of interchanges ROW land at three locations were also announced during monitoring period and compensation payment process was commenced. While, to ensure announcement of land awards for 22.5 acres of remaining land acquired for interchange ROW at three locations, corrigendum of notification under section-5 and section 6 have been published and it is expected that compensation payment for interchanges ROW land can start after announcement of land awards after March 2017.

### **2.4.1 Payment of Land Compensation for awarded land**

15. Compensation awarded for 1492.1 acres of private land for carriageway ROW land and partly acquired land for three interchanges ROW is Rs. 1431.909 million that was to be paid to 6317 entitled DPs. The compensation disbursement achieved by December 2016 reflects payment of Rs. 1290.841 million (90.15%) against 1,357.31 acres (90.96%) of land to 4445 entitled DPs (70.37%). For remaining undisbursed amount the efforts are in progress to outreach and mobilize all payable DPs for submission of claims and document the DPs having legal and administrative impediments. While in case of remaining unawarded 22.5 acres of land for interchanges ROW land, the compensation payment for 121 DPs will start after announcement of awards. Village wise payment details is added as **Annex-1**.

### **2.4.2 Payment of Crop Compensation**

16. The updated database as of December 2016 revealed that crop compensation cost Rs. 101.796 million for crop compensation for 1044 DPs was due for awarded crop area and Rs. 0.801 million was to be paid to 16 DPs for unawarded crop area. The updated payment progress reflect payment 82.599 million (81.14%) to 782 DPs (74.90%). Summarized compensation payment status and village wise detail of crop compensation is added as **Annex-2**.

### **2.4.3 Payment of Structures**

17. The total amount of compensation for affected structures and other farm assets (tube wells & hand pumps) as of updated data base was Rs. 108.606 million to be paid to the 278 DPs as per their entitlement in different category of structures loss. Out of which, the payment of Rs. 94.047 million (86.59%) has been paid to 210 DPs (75.5%) by December 2016 and remaining payment is under process. Detail of compensation payment for different categories of structures with number of paid DPs against each category and village wise details are provided as **Annex-3**:

### **2.4.4 Payment of Trees**

18. As per updated database, compensation amount of Rs. 78.157 million had to be paid to 737 DPs (Rs 70.362 million for 708 DPs against trees on awarded land and remaining Rs 7.796 million for 29 DPs against tree on unawarded land) against tree losses. Payment status reflect that compensation amount Rs. 64.805 million (82.92%) has been made to 539 DPs (73.1%) as per land awards and payment for trees located on unawarded land can start immediate after announcement of land awards. Detail of tree compensation has been summarized in table 2.3 below and village wise payment status is shown on **Annex-4**:

## 2.4.5 Payment of Allowances

19. As per updated databased total payable cost against different entitled resettlement and rehabilitation allowances was Rs 66.981 million<sup>6</sup>. The entitlements for allowances are linked with the acquired assets (land structure and crops) and could be paid to the DPs as and when they collect their compensation for acquired land or asset. Accordingly, after due verification of paid DPs, compensation disbursement files (with requisite support documents) were prepared and entitled resettlement and rehabilitation cost amounting Rs 50.465 million (75.34%) has been disbursed upto reporting period i.e. upto December 2016. The payment detail for different entitled allowances is provided in table 2.2 below.

20. The payment progress against entitled allowances reflect substential improvements as of paid number of DPs except in two categories of entitlements i.e allownaces for vulnerabile and employment loss where number of paid DPs need to be improved. The efforts are still in progress through PIU land staff and SSMC team to catch-up allowance payments to ensure all payable DPs are paid and the numbers are consistent as of paid DPs in asset category. The village wise compensation payment status for entitled and paid different R&R allowances is given as **Annex -5 to Annex -12**.

### 3 Reasons for On-going or Pending Payments

#### 3.1 Reasons for On-going or Pending Payments

21. The land acquisition process follows the provisions of Land Acquisition Act 1894 and compensation payment process under law started immediately after announcement of land awards by the LAC. While, payment process for compensation against entitled rehabilitation and livelihood restoration allowances was started after approval of LARP which is in progress and on-going. Since after announcement of land awards, NHA continued its repeated efforts to outreach unpaid DPs and ensure delivery of compensation to all payable DPs. However, due to legal and administrative impediments, payment of awarded compensation against acquired assets and delivery of entitled resettlement and rehabilitation costs for 1872 DPs (29.63%) is still pending.

22. In addition, 121 DPs representing 22.5 acres of unawarded interchanges ROW land are unpaid. Thus, total unpaid DPs for awarded and unawarded land become 1993 (30.96%). The PMU and PIU assisted by SSMC team is making efforts for early awards of three remaining villages (out of six) for interchanges ROW land at three locations. While the unpaid DPs are being pursued and mobilized for showing-up and collect compensation after overcoming their issues. The main reasons contributing towards the delay in payments are narrated below while number of unpaid DPs against each reason are summarized in table 3.1:

- **Unawarded land:** Delay in awards: For 22.46 acres land of remaining three villages (out of six) for 3 interchange ROW land, corrections of clerical mistakes in published notifications required publication of corrigendum notification under Section-5 and 6 before announcement of land award under LAA 1894. Thus because of delay in land awards at three locations, the payment process for 121 entitled DPs could not start.
- **Inheritance mutation issues:** The land owner DPs who died during course of land acquisition process could be paid through their legal heirs after recording of inheritance mutation in land record. But the inheritance mutation for 106 DPs was not recorded and the land has not been transferred to the legal heirs.
- **Living out of project area:** As per LAA 1894, the DPs have to show up for submission of their claims and receipt of compensation after due verification as per record. There are 164 DPs who are reported as absentee land owners living in other places/cities in the country and are not showing up to collect compensation.
- **Living overseas/abroad:** 15 Land owner DPs are migrated to other countries and are not showing-up to collect their entitled compensation.
- **DPs not showing up to claim compensation:** Despite continued liaison and delivery of notices, about 1357 DPs living in affected villages or nearby, not showing-up to claim compensation either due to meager compensation amounts<sup>7</sup> (595 DPs), lack of interest to submit claim or some other reasons well known to them (762 DPs).
- **Title Disputes/court cases:** 118 Land Owners/ DPs have land title disputes/issues and the compensation could not be paid to them until and unless land title issues are resolved/decided by the competent revenue authorities / Courts.
- **Underage DPs (Juvenile) or DPs lacking CNIC<sup>8</sup>:** There are 24 DPs who are either of underage (juvenile) or lack identification documents like Computerized National Identity Card.
- **New awarded:** There are 88 DPs who are newly awarded so they have been included in unpaid DPs.

<sup>7</sup> Compensation amount upto Rs. 5000 is defined as meager amount and it is likely most of the DPs in this category may lack interest in claiming compensation following prevalent payment mode under LAA 1894.

<sup>8</sup> CNIC, Computerized National Identity Card.

**3.2 Facilitation provided to DPs in Processing of Claims**

23. During reporting quarter, SSMC team in collaboration with M-4 Land and Resettlement Unit, kept a close follow-up of unpaid DPs in project effected villages of districts Jhang and Khanewal to: i) locate, motivate and facilitate DPs and heirs of diseased DPs; ii) ensure delivery of compensation to payable DPs; iii) record current residential addresses of those living out of project area; and certification statements of the guardians of juvenile and legal heirs of deceased DPs regarding payment of compensation as and when they approach with requisite legal/title documents

24. Through community support, SSMC team exerted efforts to locate and approach the DPs having legal and administrative impediments to facilitate them in processing of the compensation cases. The table 3.2 below highlights the payment progress achieved against different categories of unpaid DPs and number of left over unpaid DPs by end of reporting period i.e 31 Decemehr 2016.

25. Besides payment of compensation in above cases, DPs and the legal heirs of deceased DPs were followed up for early mutations in land records and those who got mutations of land were facilitated to prepare their compensation claims for acquired land and entitled allowances. Accordingly, allowances compensation claim files for 84 DPs were finalized and submitted to PIU staff for further processing and delivery of entitled resettlement allowances. Table 3.3 below provides village-wise number of files processed and submitted for payment of entitled allowances.

### 3.3 Efforts exhausted to approach unpaid DPs for additional documentation

26. To facilitate payment of compensation to DPs with legal and administrative impediments, the PIU/PMU continued to approach unpaid DPs to mobilize them for submission of their compensation claims after resolving their issues. During reporting period thirty villages were visited and 338 unpaid DPs were approached through their relatives/local residents. The contact details of DP's living outside the project were asked and recorded and the legal heirs of the deceased DPs were motivated for early mutations in land record. Certification statements regarding compensation payment upon resolution of the legal and administrative issues and certification statements by legal under age heirs of deceased DPs were recorded for 36 DPs in affected villages. Village wise detail of approached unpaid DPs and certification statements collected are shown in **Annex-13**. Scanned copies of (sample) filled forms to record whereabouts of DPs who have moved to other locations and certification statements by legal heirs of deceased DPs, legal under age heirs of deceased DPs, Statement regarding Migrated/Untraceable DPs and statement of DPs having meager amount /not interested are attached as **Annex-14, 15, 16 and 17** respectively. Table below 3.5 demonstrates the approaches made to address cases with legal and administrative impediments.

### 3.3.1 Community Out reach by SSMC team:

27. The LAU/SSMC team kept a close liaison with the APs and a structured field visit plan was implemented for information dissemination, delivery of compensation cheques at the doorsteps of the DPs, identification of unpaid DPs with different legal and administrative impediments. During reporting period total 109 consultations were made by the male and female social mobilizers, wherein 960 DPs/ members of DPCs as well as local community participated. During such consultations with DPs and DPCs, the information disclosed include project LAR impacts, compensation eligibility and entitlements as per LARP provisions, submission of compensation claim for acquired assets (land, crops, trees and structures etc) and other compensation entitlements under LARP provisions including resettlement, income/ livelihood restoration allowances. The pictorial profile provided at the end of report illustrate such meeting conducted in different villages and list of consultations and participants is given as **Annex- 19 and 20**. In such meeting the DPs were assisted in processing of compensation claims and collecting entitled

rehabilitation and resettlement costs and the DPs having legal and administrative impediments were recorded.

28. Mobilization of DPs: The PIU staff in coordination with SSMC will continue consultative process in all identified villages and shall motivate and facilitate the payable DPs in processing of claims and delivery of compensation for land award and R&R allowances in all project villages. In this regards, under supervision of resettlement specialist, two teams of social mobilizers will coordinate with the unpaid DPs in all affected villages. The payable DPs will be mobilized for submission of claims with support documents and the DPs with legal and administrative impediments will be identified, and certification statements and whereabouts of DPs will be recorded. The future plan of field activities by the social mobilization team is given in Table 3.6:

### 3.4 Reminder Letter to Secretary Settlement, Board of Revenue Punjab

29. As in last quarter, a request letter was forwarded to Secretary Settlement Board of Revenue Punjab, by the Land Acquisition Collector (Section-II & III) of M-4 Project NHA to pay the meager amounts (less than Rs. 10,000.00) in cash to the DPs. During this quarter, a reminder letter on dated-04-10-2016, is also forwarded to Secretary Settlement Board of Revenue Punjab, by the LAC of M-4 Project regarding meager amounts disbursement (less than Rs. 10,000.00) in cash to the DPs for further guidance as per rules.(Copy of the reminder letter can be seen as **Annex-18**). Purpose of this effort was to facilitate compensation of DPs with meager amounts who did not take interest to get their entitled compensation because of bank account opening process etc. Director

Land is coordinating with Board of Revenue Punjab and during follow-up meeting revenue authorities clarified that they have forwarded the request for legal opinion and guidance as per law/rules from the legal wing of BOR. M-4 Land and Resettlement Unit of NHA are still waiting for legal opinion and guidance from BOR. However, for an early response from BOR, the LARU and PMU will keep liaising with Secretary Settlement BOR and as per guidance received will follow the directions as per rules and regulations.

#### 4 SOCIAL ISSUES IDENTIFIED AND EMA'S RECOMENDED ACTIONS IMPLEMENTED.

30. Other than ongoing LARP implementation activities, some of the social issues encountered included early relocation of two schools out of ROW limits, temporary relocation of few households in proximity of established campsite and relocation of one garve located within the ROW limits. Upon encountering these issues, the LARU and the SSMC team acted proactively and coordinated with the local communities to do meaningful consultations and come-up with consented mitigation measures and wayforward to address the issues. Besides, the recommendations by the EMA on LARP implementation issues were followed and to bridge the implementation gaps appropriate actions implemented during reporting period are discussed in sections below;

##### 4.1 Reloaction of Schools at two location.

31. In Section-III M-4 project, two schools were affected including one partly affected primary school at villige triholi and the other significantly affected elementary (middle) school at village shahdat kandla. Together with payment of assessed compensation for land and construction of new school buildings out of ROW limits, consultations were held with the local government, school administration and local community for agreeing on plausible arrangements to ensure un-interrupted school service while new school buildings at alternate place are established.

32. A due diligence for temporary relocation/shifting of schools was conducted with ADB's guidance wherein it was arrived that the partly affected school at tirholi can continue in remained building of school meanwhile the district government will start tendering process for construction of new building on adjoining land donated by the local land owner. While in case of elementary school at shahdat kandla that is affected significantly (about 80% of school land is acquired for ROW and main school building falls in the construction limit while two school rooms are located out of construction limit but within the acquired ROW), during consultations, the local community and school administration highlighted that shifting of school is not feasible and suggested to continue school service at site in partly retained and secured school building located out of construction limit. Consensus statements for both schools, were written and signed by all stakeholders which are attached as **Annex 19 (a) and 19(b)**. Accordingly to keep school service continued in partly retained building it was arrived that a divider/security wall between construction limit and retained school building will be constructed and some additional shade and shelter arrangements will be provided to ensure security and safety of children.

33. During monitoring period it is determined that land acquisition process for adjoining 20 Kanal and 5 marla is progressing and notification under section-4 is published by the district government. Total assessed land and school building cost has been deposited in treasury at disposal of district administration to complete land acquisition process and construction of new school building **Annex-20**. Meanwhile a liaison and follow-up is continued with the school administration, district government authorities and works department for early completing the process for acquiring land, tendering and construction of alternate school building.

##### 4.2 Prepration and implementation Addendum to LARP.

34. Review of Site Specific Environmental Management Plan highlighted that the contractor's camp site and batching plan at RD 142+800 are being established in close proximity of 4 house in the area. The contractor and the supervision consultants explained that due to scattered hamlets all around in the vicinity no other suitable place with minimum buffer distance of 300 meter is available and suggested for temporary relocation of 4 households at contractor's cost.

35. To address the issue as per ADB's safeguards requirements, the socio-economic status of identified 4 affected households was assessed and consultations with all stakeholders including affected households and the contractor were conducted. In consultations, period for temporary relocation, entitlement provisions and payment mechanism as per ADB cleared LARP was agreed between the affected households and the contractor and agreements were signed on judicial

papers accordingly. As per agreement three households opted for cash assistance as rental support and one household opted to be provided with new rooms (5 number) on his land available at a fair distance from the camp site/batching plant Sample of signed agreements are attached as **Annex-21 and 22**.

36. During monitoring period implementation progress on the addendum to LARP was also monitored. It is confirmed that three affected households are paid entitled compensation as per agreement and addendum to LARP provisions and one affected households has been compensated by constructing new structure as per agreement. Newly constructed replacement structure is shown in pics below and compensation payment voucher/cheques are attached as **Annex-23 and 24**.

#### **4.3 Relocation of Garveyard.**

37. During clearance of ROW a grave of Baba Fazal Shah was identified in ROW at RD 142+900. For amicable relocation of the grave the local community, notables and the DPC were taken on board and consultations were held. During consultations, the place of relocation of grave was identified and decided by local notables, community and DPC members. Based on arrived consensus, the grave was shifted in the presence of community, DPC members, and SSMC staff members on the proposed location.

#### **4.4 Actions implemented on EMA's Recommendation**

38. During this quarter, External Monitor visited section-III to validate the progress. In his report he validated the LARP implementation progress and recommended actions to address the issues identified. The PMU and SSMC did their efforts to implement the recommended actions and the table 4.1 provides implementation progress on actions recommended by EMA.

## 5 CONSULTATIONS, PARTICIPATION AND INFORMATION DISCLOSURE

### 5.1 Community Consultations

39. During reporting period, PIU maintained a continuous liaison with the project affected communities for information dissemination and community consultation purposes. The tasks performed by the LAR management team during the reporting period are discussed as below:

#### 5.1.1 Community Consultations with Male and Female DPs

40. During reporting period, the SSMC social Mobilization team conducted consultation meetings in project villages of M-4 section-III for community mobilization, information dissemination, disbursement of compensation payment, to collect updated status of DPs and to find out contact numbers & addresses of migrated DPs. A total 109 (78 M, 31 F) consultation meetings, where held in which 960 (824 M, 136 F) DPs participated from project affected villages.

41. During consultations, the DPs were informed about compensation payment process and submission of their claim for receiving compensation for the lost assets including land, crops, trees, and structures etc. The DPs were also informed to receive their income/ livelihood restoration allowances as per LARP provisions. Besides LARP disclosure and compensation delivery mechanism, the DPs were also informed about grievance redress mechanism and role and functions of DPCs were elaborated during consultations.

### 5.2 Internal and External Coordination meetings to Ensure compensation Payment

43. During this period, internal coordination meetings were held to discuss the LAR implementation progress, status of DPC formation, constraints and problems faced, grievances handling and redress mechanism, and LAR progress and monitoring reports etc. Total 30 coordination meetings 28 internal and 2 external meetings were held wherein the SSMC team, Director (L&S), Assistant Director (L&S) of NHA Faisalabad participated to discuss LARP implementation status and monitoring issues and arrangements in place to ensure the payment to undisbursed DPs and resolve grievances received and recorded during monitoring period. The issues discussed in meeting included, field activities, updated progress, status of MIS database, as well as monthly progress reports and work plans for the monitoring period i.e. October to December 2016. Brief about meetings conducted during reporting period is given in below Table 4.2.

## 6 GRIEVANCE REDRESS MECHANISM AND COMPLAINTS HANDLING

### 6.1 General

44. A grievance redress mechanism has been established at the PIU level and a grievance redress committee is established with the primary objective to mediate conflict and resolve grievances of affected people at project level and avoid undue litigations. Grievance Redress Committee at the project level is fully functional and the complaints are being recorded as and when received and resolved on regular basis. The GRC meet once a month regularly mostly on last Friday of the month, however, in case of urgency the GRC calls its meeting and when required to address the complaints in a timely manner.

- A Grievance Redress Register is maintained at PIU level to register/ enter the community complaints as and when received. In this regards a focal person is deputed to log the complaints in complaint register. The record of grievances on grievance register (GR) is being maintained by the focal person i.e. Resettlement Specialist under the main responsibility of Director (L&S) at PMU/ PIU. A sample copy of filled Grievance Redress Register with complaints log maintained is presented at **Annex-27**.
- Monthly meeting of grievance redress committee (GRC) are being conducted once a month generally i.e. on last Friday of each month under the overall supervision of the Director Land M-4. GRC members participate in these meeting to review fact-finding reports and complainants' concerns, and recommend actions to be implemented to resolve the grievance.

### 6.2 Over All Status of Complaints Resolution

45. In project villages of M-4 Shorkot-Khanewal Section, payment disbursement to DPs is in progress and SSMC team is coordinating with DPs continuously to inform them about compensation delivery and available mechanism for redress of grievances if any. During this quarter, complaints about compensation payment (3), demand for water Course (3) and subway & under pass ( 7) were received. These complaints were logged in the grievance record register, fact-findings and field investigations were carried-out. The complainants concerns were reviewed and discussed in the Monthly meeting of grievance redress committee (GRC).

13. As of close of reporting period, three GRC meetings have been conducted under supervision of the Director Land M-4 to resolve complaints for M-4 Gojra-Shorkot-Project wherein complaints for both sections (M-4 Gojra-Shorkot Section and M-4 Shorkot Khanewal Section) are reviewed and decisions were taken. During reporting period, 13 complaints were received which are presented in the Table 5.1. Detail of complaint handled and processed by type has been presented in **Annex-28**. Previously pending/in-process complaints have also been resolved and detail of the complaints handled and processed by type has been presented in **Annex-29**.

## **7 GENDER ISSUES/ ANALYSIS IN LARP IMPLEMENTATION**

46. The LARP impacts identified on the women include loss of the assets owned in their name that need gender participation during consultation and information dissemination about LARP implementation and delivery of compensation. Besides, there may be construction related social issues associated with gender including restricted access and mobility to perform daily chores due to ongoing construction activity. Hence, to overcome the constraints faced by the women efforts were made to mobilize them and ensure their participation in consultative process during implementation of LARP and execution of construction activities.

47. In this regard, female social mobilizers coordinated with Female asset owner DPs and local female community members informing them about LAR implementation arrangements and ensure their participation in the ongoing consultative process. Meeting sessions were conducted in project villages wherein 136 Female participated in 31 meetings organized in different project villages. The gender related issues of the project were highlighted and females were mobilized to complete their documents to get their entitled compensation. They were also mobilized to participate in DPc consultation meetings at village to discuss their concerns and raise their voices to get their issue resolved.

## 8 CONCLUSIONS& RECOMMENDATIONS

### 8.1 Conclusions

48. The updated LARP implementation status reflected that in case of awarded carriageway ROW land and three awarded interchanges (1492.15 acre), compensation payment progress achieved for acquired land is 90.96 % and almost all payable DPs 4445 (70.37%) have been compensated for acquired 1357.31 acre (90.96%) of land, while 1872 DPs (29.63%) with legal and administrative impediment remain unpaid for 134.84 acre (9.04%) acquired land scattered as small land parcels in 64 Km length of the acquired carriageway ROW. While, In case of 22.46 acres of interchanges ROW land owned by 121 DPs at three locations, legal process for announcement of land awards is being followed and compensation payment will start after announcement of awards soon.

49. The Payment of allowances was started in last monitoring period and uptill now 75.34% entitled allowances cost has been disbursed to entitled DPs in different categories of allowances.

50. Based on achieved progress and efforts exhausted to outreach and pay compensation to remaining unpaid DPs (1872 with) having legal and administrative impediments, it can be safely concluded that the LARP implementation for carriageway ROW has been achieved satisfactorily. While, the efforts are being ensured for early announcement of land awards for 121 DPs for interchange carriageway ROW land and it is believed that the process could be completed by March 2017. The EMA in his biannual report (June-November 2016) validated LARP implementation to the extent of carriageway ROW and accordingly the commencement of construction works for main carriageway have been allowed. The construction of interchanges carriage way is kept on hold till land acquisition is completed and LARP implementation is confirmed.

### 8.2 Recommendations

51. On the bases of above-mentioned LARP implementation progress, following actions are recommended for early awards for interchanges ROW land and delivery of undisbursed payments to DPs having legal and administrative impediments:

- **Unawarded 22.46 interchanges land:** The PIU will coordinate and assist the LAC to complete all codal requirements to ensure announcement of land awards for 121 DPs of 22.46 acres of unawarded land of three interchanges ROW by March 2017 for which compensation disbursement can start subsequently.
- **Payment of Allowances to catch progress:** In case of undisbursed compensation amount for entitled allowances for acquired carriageway ROW land, PIU LARU and SSMC will maintain a close liaison and shall continue supporting unpaid DPs in processing of their claim files and payment of entitled allowances. Particularly the efforts will be focused to catch allowances payment progress to ensure unpaid number are consistent with unpaid DPs in linked asset category. The PIU staff in collaboration with SSMC will continue consultative process in all project villages as per plan shown in table 3.6 and shall motivate and facilitate the payable DPs in processing of claims and delivery of compensation for R&R allowances in all project villages. The PIU staff will also increase coordination with LAC/Revenue staff Sec-III to boost up payment process.
- **DPs with Legal and Administrative Impediments:** In case of awarded but undisbursed compensation to 1872 DPs, PIU LARU and SSMC will maintain a close liaison with the available Displaced Persons to mobilize and assist available DPs in processing of compensation for acquired assets and entitled R&R allowances as and when they

overcome their impediments. In this regard a structured field visit plan as provided in table 3.6 will be implemented. During such field visits, efforts will be exhausted to mobilize unpaid DPs and record additional documentation following templates provided in the ADB's Guidance notes on "Handling Compensation Cases with Legal and Administrative Impediments". In this regards following additional documents for DPs falling in different categories impediments will be recorded.

- DPs living out of project area with country or overseas. Current places of residence for DPs living out of project area will be recorded with assistance of the locals and village notables notices will be delivered through registered mail on their known addresses. In case of DPs with their whereabouts unknown, the certification statement form village notables will be recorded.
- DPs with Inheritance Mutation issues: The legal heirs of the DPs will be coordinated and certification statements will be recorded confirming payment of compensation will be made as and when they will come-up with requisite title documents after mutation in land records. Besides, the legal heirs will be assisted for early inheritance mutations in land record and delivery of compensation as per recorded mutations.
- Underage (Juvenile) DPs: The elders/natural guardians of underage DPs will be coordinated and mobilized for getting legal guardians certificates and certification statements will be recorded confirming payment of compensation as and when they will come-up with requisite legal guardian certificate.
- DPs with meager compensation amounts or lack of interest to take compensation: Efforts will be ensured to mobilize DPs for submission of compensation claims with requisite title documents. And if DPs are unwilling to claim meager compensation amounts, the statements to that effect will be recorded from willing DPs. Meanwhile, BOR will be coordinated through PMU and EALS to seek guidance on payment of meager compensation amounts in cash as a follow-up to earlier request sent to BOR by LAC.
- **Mobilization of DPs:** The PIU staff in coordination with SSMC will continue consultative process in all identified villages and shall motivate and facilitate the payable DPs in processing of claims and delivery of compensation for land award and R&R allowances in all project villages. In this regards, under supervision of resettlement specialist, a team of social mobilizers (male and female) will coordinate with the unpaid DPs in all affected villages. The payable DPs will be mobilized for submission of claims with support documents and the DPs with legal and administrative impediments will be identified, and certification statements and whereabouts of DPs will be recorded.
- In addition to above, the PIU staff will continue conducting coordination meetings with DCOs of both districts of Jhang and Khanewal to seek his guidance and support to push lower tier land revenue staff for taking special interest and facilitating DPs in getting land title documents for processing of compensation claims. In addition, his support will be requested for early resolution of legal and administrative impediments like mutation of land records wherever the mutations are found pending, making corrections in the record if required and timely issuance as well as verification of land title documents to speed up the process of payment disbursement.

اور میں حقیقی بیان کرتا ہوں کہ

(۱) متاثرہ وارثان بچے اپنے نابالغ ہیں جو کہ میرے ساتھ رہ رہے ہیں اور بطور سرپرست حقیقی برائے نابالغ متاثرہ افراد ، میں انکی پرورش اور بھلائی کا ذمہ دار ہوں۔

(۲) نیشنل ہائی وے اتھارٹی نے ہمیں واضح کر دیا ہے کہ معاوضہ پہلے ہی سرکاری خزانہ میں جمع ہے۔ اور قانونی سرپرست برائے نابالغ متاثرہ افراد کو متعلقہ عدالت سے شہکلیت برائے سرپرستی کے حصول کے بعد پایا جاسکے گا۔

(۳) شہکلیت برائے سرپرستی کے لیے عدالت میں نہیں دائر کر دیا ہے اگر ہے ہیں۔ اور عدالت کا فیصلہ زیر التوا ہے۔

(۴) وہ معاوضہ جو کہ متاثرہ فرد افراد کے نام پر ہے عدالت سے شہکلیت برائے سرپرستی کے حصول کے بعد وصول کر سکیں گے۔ تاہم بطور حقیقی سرپرست مجھے پروجیکٹ کے کام کے آغاز پر کوئی اعتراض نہ ہے۔

(۵) یہ بیان میں بنا کسی جبر اور مجبوری کے دے رہا ہوں جس کے گواہان گاؤں کا سربراہ (نمبر دار) اور متاثرہ افراد کی کمیٹی کا صدر ہے۔

 تصدیق کرتا ہوں کہ

- (1) متاثرہ شخص اور اس کا خاندان جس کی زمین موٹروے میں آئی ہے۔ اور NHA نے حاصل کی ہے اور ریکارڈ میں بھی موجود ہے۔ یہ خاندان عرصہ 10 سال سے کبھی گاؤں میں نہیں دیکھا گیا۔
- (2) میری معلومات کے مطابق متاثرہ شخص اور اس کا خاندان کبھی اس گاؤں میں رہائش پذیر نہ ہے۔ اور نہ ہی ان کا کوئی رشتہ دار موجود ہے۔ اور نہ ہی ہمیں معلومات حاصل ہیں کہ یہ لوگ اور ان کے رشتہ دار کس جگہ رہائش پذیر ہیں۔
- (3) میں تصدیق کرتا ہوں کہ SSMC ٹیم، متعلقہ محکمہ نے اس متاثرہ خاندان اور ان کا رشتہ داروں کی موجودہ رہائش کے بارے میں جاننے کی کوشش کی لیکن ان کی رہائش کے بارے میں معلوم نہ ہو سکا۔ لہذا ان متاثرہ افراد کی رقم سرکاری خزانہ میں جمع کرادی جائے اور وہ اپنا کلیم داخل کروا کر اپنی رقم وصول کر لیں۔
- (4) میں یہ بیان باہوش و حواس تحریر کر رہا ہوں۔ جو کہ گاؤں کا نمبر دار اور متعلقہ پنواری بھی اس کی گواہی دیں گے۔
