SCHEDULE**Execution of Project; Financial Matters**Implementation Arrangements

1. PFI shall ensure that the Project is implemented in accordance with the detailed arrangements set forth in the Project Administration Manual ("PAM"). Any subsequent change to the PAM shall become effective only after approval of such change by the Borrower and ADB. In the event of any discrepancy between the PAM and the Loan Agreement and the Project Agreement, the provisions of the Loan Agreement and the Project Agreement shall prevail.

Condition for Withdrawal and Disbursement Procedures

2. No withdrawal shall be made from the Loan Account for a PFI until the PFI has provided ADB with a legal opinion specifying that the Project Agreement has been duly authorized, executed and delivered on behalf of the PFI, and is legally binding on the PFI in accordance with its terms.

3. When submitting an allocation request, each PFI must request a minimum of \$1 million equivalent. The relevant interest rate shall be, at the Borrower's option, the most recent 1-month or 6-month average weighted deposit rate as published by the CBSL, or the rate determined through an auction mechanism to be agreed by the Borrower and ADB, if applicable, and confirmed by ADB prior to the allocation.

4. Except as ADB may otherwise agree, the Loan proceeds shall be disbursed in accordance with the Loan Disbursement Handbook. ADB shall finance 100% of the expenditures claimed under each Subloan.

PFI Eligibility Criteria

5. PFI shall satisfy and maintain the following eligibility criteria:
- (a) confirmation from the CBSL that PFI is in good regulatory standing, including its corporate governance, reputation/integrity, and compliance with CBSL's combating money laundering and financing of terrorism requirements;
 - (b) ADB's financial and integrity due diligence requirements;
 - (c) compliance with CBSL's regulatory capital minimum as of PFI's last audited financial statements;
 - (d) a maximum net nonperforming loan ratio of 5%, or such ratio as determined by the Steering Committee and ADB from time to time, as of PFI's last audited financial statements;
 - (e) PFI was profitable as of its last audited financial statements;

- (f) a minimum (tangible) equity of at least SLRs 1 billion as of PFI's last audited financial statements;
- (g) PFI shall not have undisbursed funds from any other ADB project. However, if the PFI has an outstanding disbursed loan from ADB, it is eligible for the Project as long as it does not prepay the existing ADB loan (for the avoidance of doubt, such pre-payment is a breach of PFI eligibility criteria and ADB retains the right to discontinue with PFI for the Project);
- (h) PFI shall maintain a management information system that can provide quarterly reports on Subloan disbursements, repayment performance, lending spreads, and Qualified Enterprises- and Qualified Subprojects-related information;
- (i) PFI shall consent that ADB can publicly disclose disbursements, repayment performance, lending spreads, lending to Qualified Enterprises, and any other such information on the use of Subloans;
- (j) in the event PFI failed to fully disburse the funds as subloans within 18 months from the date of ADB's disbursement to the Ministry of Finance and Mass Media, it shall pay the Borrower a penalty of 50% of the borrowed interest rate on the undisbursed portion of the funds (such penalty being in addition to the borrowed interest rate); and
- (k) PFI cannot participate in a subsequent allocation unless at least 80% of its previous allocation has been disbursed as Subloans and these Subloans satisfy the requirements of paragraph 13 of this Schedule as of the most recent August 31 or February 28.

- (e) shall provide contribution by way of equity to the Qualified Subproject in accordance with commercial norms.
