Description	The project design advance will complete detailed design for the campus development and launch bidding process for the physical infrastructure, and initiate academic and operational staff recruitment for the Nepal National Institute of Engineering and Technology (NNIET).	
Project Rationale and Linkage to Country/Regional Strategy	Strengthening higher engineering education (HEE) project aims at improved quality and relevance of skills acquired by graduates to better respond to labor market needs. Government's Approach Paper to the Thirteenth Plan (2013-2016) emphasized strategic goal to achieve job-centered, poverty-reducing, sustainable, and broad-based economic growth. Skilled labor force is urgently required in various sectors for the country's medium and long-term economic development. The project was fully consistent with Nepal's country partnership strategy, and was included in the country business operations plan in 2016-2018.
