Objectives and Scope				
Linkage to Country/Regional Strategy	<p>The project is aligned with the ADB Midterm Review of Strategy 2020, which emphasizes the need to invest in agriculture to increase productivity, strengthen links with local value chains, promote food safety and quality standards, and improve the resilience of the sector to the impact of climate change. It is consistent with ADB's country partnership strategies for Viet Nam, Indonesia, Timor-Leste, and PNG and will complement ADB's sovereign assistance programs in these four targeted DMCs.</p> <p>As a regional project benefiting four DMCs as well as non-DMC regional members, the project is aligned with ADB's operational plan for regional cooperation and integration, which highlights the importance of raising competitiveness in connected markets including through promoting and facilitating the participation in global and regional value chains by small and medium-sized enterprises and smallholder farmers.</p> <p>The project is aligned with ADB's operational plan for agriculture and natural resources, 2015 to 2020, which recommends greater private sector agribusiness investment by ADB through working with strong agribusiness sponsors adopting best practices.</p>
