Description	The envisioned impact of each of the subprojects of the Cluster TA will be the mainstreaming of diagnostic approaches in the development planning processes of DMCs. The outcome will be DMCs' medium-term development plans, poverty reduction strategies, and ADB's partnership strategies with development partners addressing the critical constraints to inclusive and sustainable economic growth. Key outputs of Subproject 3 will include (i) at least 3 publications (country, sector, and/or thematic diagnostic studies); (ii) at least 3 training workshops on diagnostic approaches and/or policy analysis for DMCs' development planning and relevant officials; and (iii) at least 3 dissemination events.				
Project Rationale and Linkage to Country/Regional Strategy					
Impact	Diagnostic approaches and methodologies are mainstreamed in the development planning processes of DMCs				

### Project Outcome

Description of Outcome	DMCs' own medium-term development plans and poverty reduction strategies, and partnership strategies with development partners are more focused and address the critical constraints to sustained and inclusive economic growth
