Loan: Health Services Sector Development Program (Subprogram 3)								
Ordinary capital resources	US\$ 100.00 million							
concessional ordinary capital resources lending / Asian Development Fund	US\$ 50.00 million							
Strategic Agendas	Inclusive economic growth							
Drivers of Change	Governance and capacity development							
Sector / Subsector	Health - Health sector development and reform Public sector management - Public expenditure and fiscal management							
Gender Equity and Mainstreaming	Effective gender mainstreaming							
Description	Subprogram 3 supports enhanced national frameworks and public financial management (PFM), improved subnational health system management, and strengthened health service delivery components. It will enable the Government of PNG to protect core funding for essential health and other basic services, and adequately resource the government's immediate coronavirus disease (COVID-19) response during a period of sharp fiscal tightening. Policy reforms will improve the effective and efficient use of available public resources in the health sector and beyond.							
Project Rationale and Linkage to Country/Regional Strategy	The program supports reforms to improve (i) whole-of-government fiscal management and national PFM; (ii) institutional arrangements, regulatory frameworks, and PFM performance for subnational health service delivery; and (iii) critical nationwide health service delivery components. Subprogram 3 completes the reforms initiated and lays the foundation for future reforms, including continued PFM reforms and public salary management.							
Impact	Affordable, accessible, equitable, and high-quality health services for all citizens developed (National Health Plan, 2011 -2020)							
Outcome	A more sustainable and efficient health care system achieved							
Outputs	National frameworks and PFM enhanced Subnational health system management strengthened Health service delivery components strengthened
