

Philippines: Sustainable Transport Development Diagnostic in Bataan Province

Project Name	Sustainable Transport Development Diagnostic in Bataan Province	
Project Number	52310-005	
Country / Economy	Philippines	
Project Status	Active	
Project Type / Modality of Assistance	Technical Assistance	
Source of Funding / Amount	TA 10077-PHI: Sustainable Prosperous, Climate Resilient, and Inclusive Transport Development Diagnostic	
	Technical Assistance Special Fund	US\$ 225,000.00
Strategic Agendas	Inclusive economic growth	
Drivers of Change	Gender Equity and Mainstreaming Governance and capacity development Knowledge solutions	
Sector / Subsector	Transport / Transport policies and institutional development	
Gender Equity and Mainstreaming	Some gender elements	
Description	The proposed TA will help the government of Bataan Province to plan, design, and maintain modern, sustainable, and climate and disaster resilient transport infrastructure and facilities; provide responsive, reliable, and efficient transport services; and establish, develop, regulate, manage, and operate a rationalized regional transport system in support of enhanced competitiveness, disaster resilience, and living conditions in the region.	
Project Rationale and Linkage to Country/Regional Strategy	The TA will contribute to the following strategic pillars of ADB's country partnership strategy, 2018-2023 for the Philippines: (i) accelerating infrastructure and long-term investments and (ii) promoting local economic development. In alignment with ADB's Strategy 2030, the TA will also contribute to the operational priorities of building climate and disaster resilience and strengthening governance and institutional capacity.	
Impact	Transport sector enhanced to sustain economic growth and increase global competitiveness	
Project Outcome		
Description of Outcome	Knowledge and capacity of preparing and prioritizing development plans for the transport sector in Bataan Province improved	
Progress Toward Outcome		
Implementation Progress		
Description of Project Outputs	Sustainable, Prosperous, Climate Resilient, and Inclusive Transport Development Diagnostic developed Knowledge sharing across the DPWH and Bataan Provincial Government promoted	
Status of Implementation Progress (Outputs, Activities, and Issues)		
Geographical Location	Province of Bataan	
Summary of Environmental and Social Aspects		
Environmental Aspects		
Involuntary Resettlement		
Indigenous Peoples		
Stakeholder Communication, Participation, and Consultation		
During Project Design		
During Project Implementation	The TA will hold stakeholder consultations, which will inform the selection of topics for the diagnostic. Consultations will be held in Bataan Province with officials from several government agencies, academic experts, civil society organizations, development partners, and the private sector. The diagnostic will also include assessment of existing transport operations and infrastructure through consultation with DPWH and Bataan Provincial Government. At least 1 knowledge sharing workshop (with women comprising at least 20% of the participants) conducted on the Transport Development Diagnostic study.	
Business Opportunities		
Consulting Services	The TA will require approximately 9.5 person-months of individual consultant services (4.5 person-months of international consultants and 5.0 person-months of national consultants). The consultants will be recruited through the individual consultant selection on the basis of their qualifications for the assignment. ADB will engage consultants and carry out procurement following the ADB Procurement Policy (2017, as amended from time to time) and its associated project staff instructions.	
Procurement	No anticipated procurement under this TA.	

Responsible ADB Officer	Zhao, Gengwen
Responsible ADB Department	Southeast Asia Department
Responsible ADB Division	Transport and Communications Division, SERD
Executing Agencies	Asian Development Bank Dept. of Public Works and Highways
