Regarding the submission of the reports

We would like to express our appreciation for the additional financing for "Sustaining access to and quality of education during economic difficulties project" implemented by the Ministry of Education and Science.

The initial environmental examination and land acquisition, involuntary resettlement issues related due diligence reports of three schools and six kindergartens to be implemented with the additional financing have been developed in accordance with Mongolia's relevant laws and regulations, as well as the Safeguard Policy of Asian Development Bank.

The updated initial environmental examination, and due diligence report on land acquisition and involuntary are attached.

Appendix has pages.

APPENDIX 6. DUE DILIGENCE RELATED INFORMATION	19

I. EXECUTIVE SUMMARY

1. The project objectives are to minimize the negative effects during the difficult economic period by (i) narrowing the gap in the enrolment capacity of schools and kindergartens in Ulaanbaatar and some *aimag* centers, (ii) supporting the completion of unfinished curriculum reform and associated assessment system reforms, (iii) ensuring the provision of teaching and learning materials that accompany the new curriculum, (iv) upgrading the skills and knowledge of teachers and managers for the new curriculum and assessments, and (v) strengthening systems for planning and managing education services. The project has five outputs as follows of which the activities under output 2-5 do not have any safeguard issues:

- 1) A gap in enrollment capacity of schools and kindergartens narrowed;
- 2) Unfinished curriculum reform and associated assessment system reforms completed;
- 3) Teaching and learning materials that accompany the new curriculum provided;
- 4) Teachers and managers' knowledge and skills upgraded for the new curriculum and assessments; and
- 5) Systems for planning and managing education services strengthened.

2. **Involuntary resettlement.** The project is categorized as C for involuntary resettlement as it will not require any permanent and/or temporary land acquisition or resettlement for target schools and kindergartens. For the reporting period, the construction, expansion, and rehabilitation of schools and kindergartens were accommodated within the existing premises and compounds. With no planned land acquisition, the project was unlikely to trigger the requirements of ADB's Safeguard Policy Statement (2009) for involuntary resettlement.

3. **Indigenous peoples.** The project is categorized as C for indigenous peoples, as it seeks to sustain access to and quality of education for all kindergartens and school-age children, regardless of ethnicity. The desk review and discussions with stakeholders confirmed that ethnic groups will not be negatively impacted. In this regard, an indigenous peoples plan (IPP) is not required for the project.

II. DUE DILIGENCE REPORT

4. This Due Diligence Report (DDR) is prepared in order to assess if any impacts on involuntary resettlement and indigenous peoples will be ever triggered or not in the scope of additional financing. It is intended to implement 9 sub-projects within the scope of additional financing which will be creating additional 910 beds at 6 kindergartens, and 960 seats at 3 schools in Ulaanbaatar city and Murun *soum*, Khuvsgul *aimag*.

III. DDR SCOPE

5. The MES requested additional funding to complete the civil works which were dropped from the original scope of the ongoing project due to construction materials price increases. The proposed activities are expansion of the existing eight school and kindergarten facilities within Ulaanbaatar city and one kindergarten in Khuvsgul *aimag*, which required due diligence assessment. In terms of land titles, the proposed expansion facilities are in the possession of the particular schools and kindergarten.

6. The DDR included project document reviews and interviews with the deputy governor of the *aimag*, the head of the development policy department, officials of the education department, land officers, and the manager of the kindergarten in Murun, Khuvsgul *aimag*. The site-visits were conducted to organize public consultations with the local government, community residents and stakeholders; and to review and observe the construction site in terms of land availability, access road, the surrounding community, and potential impacts.

7. The DDR also includes the review of documentation of 8 sub-projects located in Ulaanbaatar city. Although the above 8 sub-projects were included in the original scope of the ongoing project, they were excluded due to shortage of funds for civil works. Therefore, general environmental and resettlement impacts had already been assessed by the Municipality of Ulaanbaatar Capital city, and the Municipality provided an official letter confirming no LAR nor land legacy issues for the planned facilities. The list of planned sub-projects is provided in Table 1. Each site was assessed in terms of the potential resettlement (physical relocation and economic displacement) impacts. The detailed location information provided in Appendix 1.

Table 1. List of planned sub-projects

No.	Name and location of kindergartens and schools	Capacity (beds/seats)
1	Bayanzurkh district (24 th khoroo), New kindergarten	100
2	Bayanzurkh district (16 th khoroo), Kindergarten No.82	150
3	Songinokhairkhan district (15 th khoroo), Ireedui (Unur) secondary school	320
4	Khuvsgul <i>aimag</i> , Murun <i>soum</i> (8 th bag), Kindergarten No.06	240
5	Bayangol district (18 th khoroo), Kindergarten No.88	150
6	Sukhbaatar district (5 th khoroo), School No.06	320
7	Sukhbaatar district (3 rd khoroo), Kindergarten No.160	240
8	Songinokhairkhan district (12 th khoroo), Kindergarten No.104	150
9	Songinokhairkhan district (17 th khoroo), Ireedui (Unur) primary school	320

IV. ASSESSMENT OF RESETTLEMENT IMPACTS

8. Based on the (i) review of technical design and land documents of schools and kindergartens, (ii) interviews with relevant personnel, there are no land acquisition and resettlement issues have been identified or not expected for 9 subprojects. The details are summarized in the Resettlement Checklist for the overall project. Further details of individual subprojects are attached in the (Appendix 2). All expansion sites have fences around their facilities, and separate entry gates to be used during the construction works. The sites have an access road connected to the public road. All sites are connected to the central electricity grid, and all have or will have access to heating, water, and sewage networks either through the central systems or local solutions without impact on third-party user, property, or activity. The sites have enough space to be used for materials stockpiling and waste accumulation during the construction period.

9. No land acquisition is required for all sites. In Ulaanbaatar city, a new kindergarten (100 beds capacity) will be constructed in Bayanzurkh district, and the land allocated for this site is currently used by a branch of kindergarten No.168 using 4 *gers*¹ as classrooms.

10. In Ulaanbaatar city, three schools will be expanded in Sukhbaatar and Songinokhairkhan districts, and schools will be upgraded by an additional storey. No land acquisition and resettlement are required.

11. Four sites are proposed as kindergarten expansion projects within Ulaanbaatar city, and construction works will occur within their compounds. All land permit documents are in the possession of the kindergartens. No land acquisition is required for the expansion of kindergartens and no third-party user, property, or activity will be affected. There is access road and land for service lines available. The land acquisition clarification from the

¹ Mongolian traditional dwelling

Ulaanbaatar Municipality Education Department is provided in Appendix 3.

12. In Khuvsgul *aimag*, a kindergarten will be expanded in Murun *soum*. Land permit and related documents are in possession of the kindergarten. No land acquisition is required for expansion of kindergartens and no third-party user, property, or activity will be affected. There is an access road and land for service lines available as well.

V. CONSULTATIONS

13. The public consultations with the local government, community residents and stakeholders in May - September 2023 at the additional sites to clarify any land acquisition or involuntary resettlement issues. Land acquisition will not be an issue for the two school expansions which will be expanded by an additional storey. On other sub-projects, the PIU consulted with the investment specialist of the Ulaanbaatar Municipality Education Department and the managers of kindergartens for clarification.

14. For the additional financing, planned expansion of the kindergarten in Murun *soum*, Khuvsgul *aimag* which was not included in ongoing project's scope, the PIU worked on-site to gather the essential information, consulted, and discussed with local representatives about sub-project related issues in May, 2023. Also, the PIU held public consultation meeting for nearby communities about expansion of 6th kindergarten of Murun *soum*, Khuvsgul *aimag*. The public consultation meeting was conducted in the "Citizen Hall" of the Governor's Office of Murun *soum* on 29 August 2023 by covering a total of 79 people from the local citizens of the 3rd and 8th khoroo and parents (guardians) on the expansion of kindergarten. Total of 79 people including parents, teachers, and local citizens were reached with 59 or 74.7 % were women, 13 or 17.7% were from ethnic backgrounds such as Khotgoid, Darkhad and Buriad), 51 or 64,5% were with bachelor and above, 28 or 35,5% were with secondary education. All attendees supported the construction for the expansion of the kindergarten. Attendees recommended to taking mitigation measures to reduce environmental impact, and to ensure safety during the construction work. The consultation details provided in Table 2, related photos provided in Appendix 4 and the list of the participants provided in Appendix 5.

Table 2. Summary of consultations conducted

Consultation session	Date	Stakeholder	Outcome
Clarification about land acquisition and IR of sub-projects located in UB	08 May 2023	Ulaanbaatar Municipality Education Department	Discussed and obtained clarification about land acquisition and involuntary resettlement issues related to the planned sub-projects in UB.
Discussion about expansion of kindergarten in Murun, Khuvsgul	24 May 2023	Representatives of local government	Local government informed about ongoing project, additional financing, and planned location of expansion, detailed design.
Clarification about land acquisition and IR of kindergarten No.88	14 Jun 2023	Kindergarten No.88	Discussed and obtained clarification about land acquisition and involuntary resettlement issues in kindergarten No.88.
Clarification about land acquisition and IR of kindergarten No.82	14 Jun 2023	Kindergarten No.82	Discussed and obtained clarification about land acquisition and involuntary resettlement issues in kindergarten No.82.
Clarification about land acquisition and IR of kindergarten No.168	14 Jun 2023	Kindergarten No.168	Discussed and obtained clarification about land acquisition and involuntary resettlement issues in kindergarten No.168.
Public consultation about expansion of kindergarten in Murun,	29 Aug 2023	Nearby citizens	Local citizens informed about ongoing project, additional financing, and planned location of expansion, detailed design.

Khuvsgul			Consulted about construction work, mitigation measures.
Clarification about land acquisition and IR of kindergarten No.160, 104 and Unur Primary School	05 Sep 2023	Kindergarten No.160 and 104, Unur Primary School	Discussed and obtained clarification about land acquisition and involuntary resettlement issues in kindergarten No.160 and 104, Unur Primary School

VI. PROJECT GRIEVANCE REDRESS MECHANISM

15. The MES has approved the Grievance redress mechanism for ongoing project which will be applied to sub-projects covered by additional financing. The GRM stages and their specifics provided in Figure 1.

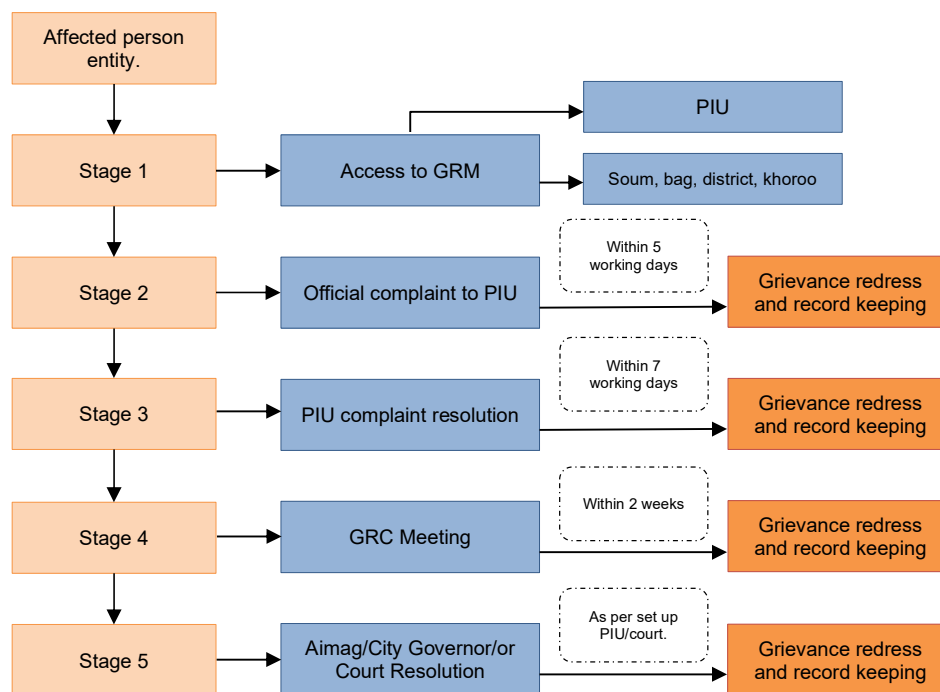

Figure 1. GRM stages

VII. CONCLUSION

16. Overall, the due diligence revealed that no land acquisition nor involuntary resettlement impacts will occur for 9 sites designated for the construction or expansion of schools and kindergartens. Therefore, it is considered reasonable to retain category C for involuntary resettlement for the additional financing, the same as the ongoing project. The DDR will be updated if there are any changes following completion of detailed design at the new sites. The due diligence related information is provided in Appendix 6.

APPENDIX 2. RESETTLEMENT CHECKLIST

Table 3. Resettlement checklist

Table 6: Resettlement checklist				
Possible impacts	Yes	No	Not known	Comments
Involuntary land acquisition				
Will there be land acquisition?				
1 new construction subproject in UB		x		The existing land owned by kindergarten No.168 will be used for the new construction. No land acquisition is required.
7 expansion subprojects in UB		x		Construction will occur within the existing lands and these lands are fenced areas of the facilities. No land acquisition is required.
1 expansion subproject in Khuvsgul <i>aimag</i>		x		Construction will occur within the existing lands and these lands are fenced areas of the facilities. No land acquisition is required.
Is the ownership status and current usage of land to be acquired known?				
1 new construction subproject in UB	x			Ulaanbaatar Municipality Education department owns the land title.
7 expansion subprojects in UB	x			Particular school and kindergarten own their land titles.
1 expansion subproject in Khuvsgul <i>aimag</i>	x			The Kindergarten owns its land title.
Will easement be utilized within an existing Right of Way (ROW)?				
1 new construction subproject in UB		x		The construction will take place in the existing land of the educational facilities. The sites are located close to the main road; the local access road is operational which will be used for construction works without any impacts to the other facilities or residential area.
7 expansion subprojects in UB		x		
1 expansion subproject in Khuvsgul <i>aimag</i>		x		
Will there be loss of shelter and residential land use to land acquisition?				
1 new construction subproject in UB		x		No, using the existing lands of the facilities. There will have no impacts on residents or their property.
7 expansion subprojects in UB		x		
1 expansion subproject in Khuvsgul <i>aimag</i>		x		
Will there be loss of agricultural and other productive assets due to land acquisition?				
1 new construction subproject in UB		x		No. There are no agricultural land, business, or productive assets close to the school or kindergarten compounds.
7 expansion subprojects in UB		x		
1 expansion subproject in Khuvsgul <i>aimag</i>		x		
Will there be loss of crops, trees, & fixed assets due to land acquisition?				
1 new construction subproject in UB		x		There are 99 trees that may be affected by the construction works within the compounds of kindergartens. All these trees are owned by a particular school or kindergarten. The exact number of trees affected will be known during the final location survey and construction. The initial construction works along the location involving land clearance, cutting, filling, and leveling that may cause loss of
7 expansion subprojects in UB		x		
1 expansion subproject in Khuvsgul <i>aimag</i>		x		

				trees. Therefore, any tree that will be cut may be transplanted depending on its type and its suitability for transplantation. Tree replacement will be included in the site-specific EMPs.
Will there be loss of business or enterprises due to land acquisition?				
1 new construction subproject in UB		x		No. No business enterprises exist nor are operational around the school or kindergarten compounds.
7 expansion subprojects in UB		x		
1 expansion subproject in Khuvsgul <i>aimag</i>		x		
Will there be loss of income sources and means of livelihoods due to land acquisition?				
1 new construction subproject in UB		x		No. There is no land acquisition. No negative impacts.
7 expansion subprojects in UB		x		
1 expansion subproject in Khuvsgul <i>aimag</i>		x		
Involuntary Restrictions on land use or on access to legally designated parks and protected areas				
Will people lose access to natural resources, communal facilities, and services?				
1 new construction subproject in UB		x		No. There is not any interface with the communal facilities or land accesses,
7 expansion subprojects in UB		x		
1 expansion subproject in Khuvsgul <i>aimag</i>		x		
If land use is changed, will it have an adverse impact on social and economic activities?				
1 new construction subproject in UB		x		No. There will be not any changes in land use.
7 expansion subprojects in UB		x		
1 expansion subproject in Khuvsgul <i>aimag</i>		x
