

SAFEGUARD SCREENING FORM

PROJECT DETAILS	
IDB Sector	ENVIRONMENT AND NATURAL DISASTERS-CLIMATE CHANGE MITIGATION POLICY
Type of Operation	Technical Cooperation
Additional Operation Details	
Country	PERU
Project Status	
Investment Checklist	Forestry
Team Leader	Fernández-Baca, Jaime (JAIMEFER@iadb.org)
Project Title	Mtigation of Deforestation in Brazil Nut Concessions in Madre de Dios
Project Number	PE-T1317
Safeguard Screening Assessor(s)	Fernández-Baca, Jaime (JAIMEFER@iadb.org)
Assessment Date	2014-04-25

PROJECT CLASSIFICATION SUMMARY		
Project Category: C	Override Rating: B	<p>Override Justification: Elevate: scope of impact assessment inadequate</p> <p>Comments: Some of the incentives linked to the conservation agreements, including the technical assistance, may require specific environmental assessments to mitigate any potential impact.</p>
Conditions/ Recommendations	<ul style="list-style-type: none"> • Category "B" operations require an environmental analysis (see Environment Policy Guideline: Directive B.5 for Environmental Analysis requirements). • The Project Team must send to ESR the PP (or equivalent) containing the Environmental and Social Strategy (the requirements for an ESS are described in the Environment Policy Guideline: Directive B.3) as well as the Safeguard Policy Filter and Safeguard Screening Form Reports. • These operations will normally require an environmental and/or social impact analysis, according to, and focusing on, the specific issues identified in the screening process, and an environmental and social management plan (ESMP). However, these operations should also establish safeguard, or monitoring requirements to address environmental and other risks (social, disaster, cultural, health and safety etc.) where necessary. 	

SUMMARY OF IMPACTS/RISKS AND POTENTIAL SOLUTIONS	
Identified Impacts/Risks	Potential Solutions

DISASTER RISK SUMMARY

Disaster Risk Category: Low

**Disaster/
Recommendations**

- No specific disaster risk management measures are required.

DISASTER SUMMARY

Details

The Project should include the necessary measures to reduce disaster risk to acceptable levels as determined by the Bank on the basis of generally accepted standards and practices. Alternative prevention and mitigation measures that decrease vulnerability must be analyzed and included in project design and implementation as applicable. These measures should include safety and contingency planning to protect human health and economic assets. Expert opinion and adherence to international standards should be sought, where reasonably necessary.

Actions

The project triggered the Other Risks policy (B.04): climate risk. Please include sections on how climate risk will be dealt with in the ESS as well as client documents (EIA, EA, etc); Recommend addressing risks from gradual changes in climate for the project in cost/benefit and credit risk analyses as well as TORs for engineering studies.

ASSESSOR DETAILS

**Name of person who
completed screening:**

Fernández-Baca, Jaime (JAIMEFER@iadb.org)
