2. Project Development Objective(s)

A. Original Project Development Objectives - Parent

The project development objectives are to: (a) support the provision of short-term employment opportunities in community-based labor-intensive works for the poor and vulnerable; and (b) support the improvement of nutrition practices among participating householdsfocusing on preschool children and pregnant/lactating women.

B. Current Project Development Objectives – Parent

C. Proposed Project Development Objectives – Additional Financing (AF)

3. Project Description

The proposed AF would extend the closing date by two years to September 30, 2018. The main changes of the proposed AF (US\$5 million) will be: (i) a scale up of the nutrition-sensitive social safety net program under Components 1 and 2 to extend implementation by one year, widen geographic coverage, and increase benefit levels so that an additional 230,000 person-days of labor-intensive community work will be provided to eligible households; (ii) an expansion of the social registry under Component 3 to increase coverage and development of new modules (e.g., unique authentication, smart cards, and linkages to program management information systems); (iii) additional funds under Component 4 to ensure project management and administration until the end of project implementation. The PDO will remain unchanged. The results framework, implementation schedule and disbursement estimates will be revised in line with expanded activities.

4. Project location and salient physical characteristics relevant to the safeguard analysis (if known)

The AF will be carried out in both urban and rural areas.

5. Environmental and Social Safeguards Specialists

Fatou Fall (MNSSU)

Helena Munir Freih Al-Naber (MNSEE)

6. Safeguard Policies	Triggered?	Explanation (Optional)
Environmental Assessment OP/BP 4.01	Yes	The Environmental Assessment OP/BP 4.01 policy is triggered because of potential site specific and less adverse impacts that may be associated with the sub-projects particularly for small construction/rehabilitation works. It is expected that all the sub-projects to be Category B or C.
		The original project was prepared under the OP 8.00 (Rapid Response to Crises and Emergencies), and an Environmental and Social Screening Assessment Framework (ESSAF). The ESSAF has been updated and reinforced with social safeguards related wording and has been

		submitted for consultation. It will be published in country and at the Infoshop, prior to appraisal.	
Natural Habitats OP/BP 4.04	No	The project will not finance investments that have potential to cause significant loss or degradation of natural habitats.	
Forests OP/BP 4.36	No	The project will not finance investments that have potential to impact forests.	
Pest Management OP 4.09	No	The project will not purchase, distribute, apply or dispose of pesticides and/or pesticide application equipment.	
Physical Cultural Resources OP/ BP 4.11	No		
Indigenous Peoples OP/BP 4.10	No	The project does not trigger this policy.	
Involuntary Resettlement OP/BP 4.12	No	Project funding will not be allocated to activities necessitating (1) Involuntary land acquisition resulting in involuntary resettlement and/or loss of assets or access to assets, shelter, revenues or means of livelihoods, loss of access to resources, and (2) The involuntary restriction of access to legally designated parks and protected areas resulting in adverse impacts on the livelihoods of the displaced persons. The ESSAF will be updated and reinforced with social safeguards related wording, prior to being submitted for consultation and published in country and at the Infoshop.	
Safety of Dams OP/BP 4.37	No	The project does not trigger this policy.	
Projects on International Waterways OP/BP 7.50	No	The project does not trigger this policy.	
Projects in Disputed Areas OP/BP 7.60	No	The project does not trigger this policy.	

II. Key Safeguard Policy Issues and Their Management

A. Summary of Key Safeguard Issues

1. Describe any safeguard issues and impacts associated with the proposed project. Identify and describe any potential large scale, significant and/or irreversible impacts:

The potential environmental and social impacts are likely to be small-scale and site specific, thus easily remediable. No indirect or long term adverse impacts are expected.

2. Describe any potential indirect and/or long term impacts due to anticipated future activities in the project area:

The project is classified as Environmental Assessment Category B as the works implemented under Component 1 might have localized environmental impacts. The AF does not trigger

additional safeguards policies, change the safeguard categories or raise safeguard-related issues that were not covered in the original project.

3. Describe any project alternatives (if relevant) considered to help avoid or minimize adverse impacts.

N/A

4. Describe measures taken by the borrower to address safeguard policy issues. Provide an assessment of borrower capacity to plan and implement the measures described.

An Environmental and Social Screening Assessment Framework (ESSAF) has been prepared for the Social Safety Net project. It prescribes the mechanisms by which the individual community works under Component 1 will be screened for their potential environmental impacts, as well as the risks and mitigation measures to be employed to address those risks. The ESSAF has been updated and reinforced with social safeguards related wording and has been submitted for consultation. It will be published in country and at the Infoshop, prior to appraisal. The ESSAF will be used also for the activities implemented under the AF. As the implementing agency, ADDS is responsible for monitoring the implementation of safeguards for these small community works.

For the original project, ADDS is responsible for monitoring the implementation of safeguards for the small community works. The Monitoring and Evaluation unit at ADDS, consisting of 2 staff members, is responsible for the monitoring of ESSAF implementation: the coordinator for high labor intensity works, a civil engineer by training, prepares the checklists, which are then revised by the M&E unit. In general, ADDS' capacity to address safeguards issues is week. The World Bank carried out 3 training sessions with ADDS, including on filling the checklists and preparing a simple EMP for category B projects, and will continue support for the ADDS through training, as needed.

5. Identify the key stakeholders and describe the mechanisms for consultation and disclosure on safeguard policies, with an emphasis on potentially affected people.

The updated ESSAF has been consulted in new project areas, and will be disclosed in country and at the Infoshop, prior to appraisal.

B. Disclosure Requirements

Environmental Assessment/Audit/Management Plan/Other					
Date of receipt by the Bank	30-Apr-2012				
Date of submission to InfoShop	30-Apr-2012				
For category A projects, date of distributing the Executive Summary of the EA to the Executive Directors					
"In country" Disclosure	·				
Djibouti	00000000				
Comments:	•				
If the project triggers the Pest Management and/or Physical Cultural Resources policies, the respective issues are to be addressed and disclosed as part of the Environmental Assessment/Audit/or EMP.					
If in-country disclosure of any of the above documents is not expected, please explain why:					

C. Compliance Monitoring Indicators at the Corporate Level

OP/BP/GP 4.01 - Environment Assessment						
Does the project require a stand-alone EA (including EMP) report?	Yes []	No []	NA []
The World Bank Policy on Disclosure of Information						
Have relevant safeguard policies documents been sent to the World Bank's Infoshop?	Yes []	No []	NA []
Have relevant documents been disclosed in-country in a public place in a form and language that are understandable and accessible to project-affected groups and local NGOs?	Yes []	No []	NA []
All Safeguard Policies					1	
Have satisfactory calendar, budget and clear institutional responsibilities been prepared for the implementation of measures related to safeguard policies?	Yes []	No []	NA []
Have costs related to safeguard policy measures been included in the project cost?	Yes []	No []	NA []
Does the Monitoring and Evaluation system of the project include the monitoring of safeguard impacts and measures related to safeguard policies?	Yes []	No []	NA []
Have satisfactory implementation arrangements been agreed with the borrower and the same been adequately reflected in the project legal documents?	Yes []	No []	NA []

III. APPROVALS

Task Team Leader:	Name: Stefanie Koettl - Brodman				
Approved By					
Regional Safeguards Advisor:	Name: Maged Mahmoud Hamed (RSA)	Date: 17-May-2014			
Sector Manager:	Name: Yasser Aabdel-Aleem Awny El- Gammal (SM)	Date: 17-May-2014
