RAJASTHAN URBAN SECTOR DEVELOPMENT PROGRAM

BIANNUAL SOCIAL MONITORING REPORT

IMPLEMENTATION OF RESETTLEMENT PLANS

Duration (July - Dec 2016)

EXECUTIVE SUMMARY

1. GoR have received a loan from ADB for implementation of water supply and sewerage systems in select district towns in the state under Rajasthan Urban Sector Development Program (RUSDP). RUSDP will complement the past and ongoing efforts of the government of Rajasthan (GOR) to improve water supply and waste water services to the residents of the state of Rajasthan. It comprises (i) a program, financed by a policy-based loan of US \$250 million, to support policy reforms, including institutional development and governance improvement in the urban sector in the state, and (ii) a project, financed by a project loan of US\$ 250 million (project cost 360 million including state share of US\$ 110 million), to invest in water distribution network and sewerage systems in the six project cities in the state.¹ The six project cities were selected based on consideration of the cities' lack of basic services at present and their willingness to undertake reforms and institutional restructuring.

2. The Local Self Government Department (LSGD), Government of Rajasthan (GoR) will be the Executing Agency (EA) of the Project and will be responsible for overall strategic approvals, guidance, monitoring the execution of the project. Program Management Unit (PMU) headed by Project Director is assisted by experienced engineer and finance officers, is responsible for project execution, implementation and management cum supervision of subprojects. To take care of all responsibilities and compliance of social safeguards(including involuntary resettlement and indigenous people), PO-Social has been placed at PMU and assisted by Resettlement Expert of Project Management, Design and Supervision consultants (PMDSC).The Resettlement Plans (RPs) have been prepared according to the Safeguard Policy Statement (SPS) of the ADB. The Additional Support Staff will be engaged in each town for implementation of the RP.

3. The current report is the 2nd Semi-Annual Social Safeguard Monitoring Report prepared to comply with the loan covenants covering the period from July to December 2016 in a cumulative process. This report covered the resettlement and social safeguard monitoring results to comply with the spirit of ADB policy to “enhance stakeholders” trust in and ability to engage with ADB, and thereby increase the development impact” in which disclosure of safeguard monitoring is a prominent aspect.

¹ The six project cities are Bhilwara, Jhunjhunu, Sri Ganganagar, Hanumangarh, Tonk, and Pali.

4. As indicated in the past SMR, the Draft Resettlement Plans (RPs) were prepared for 6 subprojects by PPTA² on the basis of transect walks in key representative areas with visual screening of 60-70 percent of the roads/areas and by extrapolations of results. During this reporting period (July-Dec, 2016), 02 nos of RP were Revised (out of 06 Draft RPs) and 01 fresh RP was Prepared and all RPs were Approved by ADB (List of DPs and Summary of RPs are attached in annexure 1 to 6). Thus Transect walk data/analysis has been updated road wise both for Pali and Tonk town (package no- RUSDP/PALI/01 & RUSDP/TONK /01), where as fresh RP was made for the package no- RUSDP/PALI/02 (Pali Bulk Water Scheme). As per updated RP/Survey data for Tonk and Pali, total 1943 Affected Persons have been identified under the 3 nos of packages. Details are as below:

Table 1: Nos of DPs identified (under three packages)

Name of Town	Subproject Name	Type of Impact	No. of DPs	No. of Vulnerable DPs	Time Period	Livelihood Assistance
Pali	Water supply and Sewerage	Temporary*	645	190	14	4295710
Pali	Bulk Water System	Temporary	292*	93	14	1956824
Tonk	Water supply and Sewerage	Temporary	1006	402	14	6819892

It is pertinent to inform that out of total 292 DPs of package- RUSDP/PALI/02, 291 DPs are also identified under Package- **RUSDP/Pali/01 (Pali Water Supply and Sewerage Works)** as the work will be carried out by 02 different contractors. However, during orientation with contractor for both the packages at Pali it was suggested that works under both the packages should be carried out together to minimize IR impacts on the identified DPs. Even though, two different contractors has been awarded and there would be possibility of different construction schedules (based on technical aspects etc.) it should be ensured by PIU that the work is carried out simultaneously. Noticing this possibility of dual impact (due to 02 different packages), budgetary provisions for common DPs is kept in the RPs.

5. Further it is confirmed that, these subprojects do not have any significant involuntary resettlement (IR) impacts and impacts on indigenous people. All IR impacts are temporary in nature and mainly resulting in temporary disruption of livelihood (during the construction period) for which DPs are entitled for compensation as per the Entitlement Matrix.

6. All the impacts are temporary in nature confined to squatters, mobile vendors on RoW and road side shops in busy market areas. There is no need for permanent relocation due to nature of work being executed. APs will be provided advance information regarding the upcoming construction activities to ensure no or minimal disruption in their livelihood. If, and when required they will also be assisted to temporarily shift for continued economic and

² Project preparatory technical assistance (PPTA) for the Rajasthan Urban Development Program was effective on August 1, 2012.

livelihood activities. For example APs will be assisted to shift to the other side of the road where no civil work is proposed.

7. It is further intimated that till the end of Dec, 2016, Contracts for 3 packages namely RUSDP/Tonk/01, RUSDP/Pali/01 & RUSDP/PALI/02 have been awarded and works are under different stages of implementation. In addition to this, NTP has been issued for package RUSDP/SGN/01 and RUSDP/JJN /01.

8. Physical works is being executed in Pali and Tonk town under three nos of package (RUSDP/Tonk/01, RUSDP/Pali/01 & RUSDP/PALI/02). As far as RP implementation is concerned, Contractor of Package no- RUSDP/PALI/01 has not started any work in DP areas (as per SIA), however the contractor is planning to start physical work in main road of Labour Colony, Daga Circle, Maharana Pratap Circle, Mandiya Road (as per communication made), work in all these areas may cause temporary inconvenience hence all the areas have been visited again along with Contractor. As per Confirmatory social survey / Joint site visit conducted it is expected that execution of work may cause temporary inconvenience to 10 nos of vendors on Mandiya Road (Indian Bank ATM to STP) and 34 Nos. of vendors near CBI Chouraha to Maharana Pratap Circle. ID cards to 32 (2 vendors out of station, ID card made and will be given shortly) were issued in this quarter and 10 ID cards were already given in past quarter (based on utility survey alignment), payment to all DPs will be ensured by PIU before start of civil work in particular stretch. Mitigation plan / micro plan (area wise) have been developed and submitted to PIU for necessary payments. (Ref annexure 8) Similarly, under package (RUSDP/TONK /01), IR impacts were mitigated on 28 road side vendors, (Patel circle to Tagore Chouraha), which were identified during SIA. During execution of works, required access was made available to all the identified DPs and the same was confirmed during consultation done with DPs after execution of work. No grievances related to access were notified by any of the identified DPs (Ref annexure 9). For package RUSDP/PALI/01, it is informed that works has just started and around 700m pipeline has been laid till the end of this reporting period, contractor has not worked / provided schedule of work in DP areas.

9. During this reporting period, no impact on CPRs like Garden, hand pumps; public water tanks in the working areas was reported and access to none of the identified CPRs was blocked.

10. Community Awareness and Participation Consultants are mobilized to assist PMU and PIU in all aspect of community awareness and participation program which will be operational for the project cities. M/s IPE Global Pvt Ltd in association with Cogent Training Research Development consultant Jaipur has been mobilized as Community Awareness and Participation consultant from 1.12.2015.

11. The City Level Committee (CLC), acting as a grievance redress committee (GRC) has been established for all the towns, chaired by the District Collector. CLC has representatives from the ULB, state government agencies, PIU, community-based organizations (CBOs) and NGOs. As GRC, CLC meets at regular intervals based on the availability of the CLC /GRC members and also as per requirement or pending issues. GRC registers are in place at the towns. PIUs with support of CAPC & Contractor is entrusted with the responsibility to maintain a proper grievance register and ensure that the grievances received during execution should be addressed as per the methodology prescribed in RP and RF. The grievance register will be endorsed by all agencies involved in implementation.

12. In this reporting period, minor complaints of the people were received which were resolved satisfactorily (See annexure 15). No complaints/grievances of affected households were received.

13. Recognizing the stringent targets/ milestones of House Service Connections and Sewer Connections to be handled by CAPC and to avoid delays in appointment of agencies for implementation of Resettlement Plan, it has been decided by EA team to strength the team structure of PMDSC and recently 06 Posts of Additional Safeguard Support Staff have been sanctioned by EA (one support staff at each town) under PMDSC Contract. Consent for variation in PMDSC contract has already been accorded by ADB. (Ref annexure 13). PMDSC Resettlement Expert will provide the required guidance to the appointed safeguard staff for smooth implementation of RP and CAPC will do the required monitoring and field supervision.

14. Executing Agency (EA) is highly involved in project implementation and there is an ability in EA to learn from past lessons and incorporate the same in project implementation, and it is expected that a positive impact on the environment will occur due to commitment show by the Executive Agencies but it will be important to see how the institutional vision of the EA will facilitate implementation of ADB Policy especially SPS 2009.

RAJASTHAN URBAN SECTOR DEVELOPMENT PROGRAM

BIANNUAL SOCIAL MONITORING REPORT

IMPLEMENTATION OF RESETTLEMENT PLANS

Duration (July - Dec 2016)

A. PROJECT BACKGROUND AND DESCRIPTION

1. GoR have received a loan from ADB for implementation of water supply and sewerage systems in selected district towns in the state under Rajasthan Urban Sector Development Program (RUSDP). RUSDP will complement the past and ongoing efforts of the government of Rajasthan (GOR) to improve water supply and waste water services to the residents of the state of Rajasthan. It comprises (i) a program, financed by a policy-based loan of US \$250 million, to support policy reforms, including institutional development and governance improvement in the urban sector in the state, and (ii) a project, financed by a project loan of US\$ 250 million (project cost 360 million including state share of US\$ 110 million), to invest in water distribution network and sewerage systems in the six project cities in the state.³The six project cities were selected based on consideration of the cities' lack of basic services at present and their willingness to undertake reforms and institutional restructuring.

A.1 Project Components

2. The primary objective of Rajasthan Urban Sector Development Program (RUSDP) is to promote sustainable growth and poverty reduction in the six selected cities of Rajasthan. The Project is financing infrastructural development, in the form of construction and rehabilitation, related to water supply and wastewater inclusive of capacity building of existing Municipal Corporations. Social and community development is forming an important component of the Project, involving community mobilization; under well organized proactive public awareness campaigns. The works proposed for 6 selected towns under RUSDP are described in table 1.

Table 1: Description of the projects

S no	Package No.	Description
1	RUSDP/TONK /01	Water Supply Distribution Network Improvements with house service connections; Providing Sewer Network with House connections and construction of STP at Tonk
2	RUSDP/PALI/01	Water Supply Distribution Network Improvements with House Service Connections; Replace worn out Pump Machinery; Extension and Providing Sewer Network with House connections and construction of STP at Pali.

³ The six project cities are Bhilwara, Jhunjhunu, Sri Ganganagar, Hanumangarh, Tonk, and Pali.

S no	Package No.	Description
3	RUSDP/PALI/02	Construction of Bulk Water system and works for water supply and operation service for 10 years at Pali
4	RUSDP/SGN/01	Water Supply Distribution Network Improvements with house service connections; Replacement of worn out Pumping Machinery; Extension and Providing Sewer Network with House connections etc. at Sriganganagar
5	RUSDP/JJN/01	Jhunjhunu Water and Wastewater Project comprising of Design and Construction of Work of Water Supply and Sewage and Allied Works and Operation and Maintenance Services of the Entire System for 10 Years
6	RUSDP/HANI/ 01	Water Supply Distribution Network Improvements with House Service Connection; Replace worn out Pump Machinery; Extension and Providing Sewerage system including House connections etc. at Hanumangarh
7.	RUSDP/BHIL 01	Providing Sewerage system with House connections etc. at Bhilwara

B. PURPOSE OF THE REPORT

3. The purpose of Biannual Social Monitoring Report is to analyze periodically over the total implementation period of the project to comply with the approved Involuntary Resettlement (IR) documents such as Resettlement Plan (RP), Due Diligence Report (DDR).

4. RUIDP has the responsibility to oversee the implementation and monitoring of social safeguards issues of each subproject in the project towns. This report covers resettlement and social safeguard monitoring results to comply with the spirit of ADB policy to 'enhance stakeholders trust' and ability to engage with ADB, and thereby increase the development impact (of projects) in which disclosure of safeguard monitoring is a prominent aspect. This report covers Social Monitoring, addressing all the issues related with social safeguards, with reference to the progress achieved and current status of reporting period.

5. This consolidated report outlines monitoring implementation of social safeguard activities, during July 2016 to Dec 2016 in accordance with the ADB Safeguard Policies.

C. SOCIAL SAFEGUARD CATEGORIZATION

6. ADB's classification system as per ADB's Safeguard Policy Statement (SPS) 2009 is as below:-

Category A: Subprojects proposed for construction or development, will fall under this category, if, it caused a significant involuntary resettlement impacts with a physical displacement of 200 or more persons from their residences, or 200 or more persons lose 10% or more of their productive or income generating assets, or more persons or 200 or more persons experience a combination of both.

Category B: Any proposed subproject that includes involuntary resettlement impacts but are not deemed significant considering loss of shelter/houses or productive or income generating assets will be considered for category B.

Category C: A proposed subproject that has no involuntary resettlement impact.

7. Prior to civil works implementation, all the subprojects selected for construction or developments are screened through SIA and classified using ADB's classification system.

C.1 Subprojects Categorization under RUIDP- Phase III

8. After SIA and initial transect walk conducted to all the six town, It has been confirmed (already confirmed by PPTA study also) that there is no significant impact and all the sub projects identified in RUIDP, Phase III come under **Category B as defined in SPS 2009**.

9. Further it is also confirmed that there are no Indigenous People (IP), no private land acquisition issues and most impacts are temporary in nature, where the livelihood of the people would get impacted (only during the construction period). Necessary compensation as per the agreed Resettlement Framework (RF) will be ensured for temporary losses.

10. The resettlement impacts/ temporary impacts will be mainly due to laying of water supply and sewerage pipe networks. However, the Pipes will be laid within road rights-of-way (RoW), and will not require land acquisition or cause permanent displacement, but may cause temporary access disruptions and possible temporary losses in income during construction on non-titled movable /transitory structure (push carts etc.) owners/business operating in the ROW.

D. STATUS OF PREPARATION/ UPDATING OF RP

11. During this reporting period (July-Dec), 3 nos of RP were revised/Prepared and approved by ADB (**List of DPs and Summary of RPs are attached in annexure 1 to 6**). As indicated in the past SMR, Draft resettlement plans (RPs) were prepared for 6 subprojects by PPTA⁴, on the basis of transect walks in key representative areas with visual screening of 60-70 percent of the roads/areas and by extrapolations of results. During the reporting period these transect walk data/analysis were updated road wise for Pali and Tonk town for package no- RUSDP/TONK /01 & RUSDP/PALI/01, where as fresh RP was made for the package no- RUSDP/PALI/02 (Pali Bulk Water Scheme). As per updated RP total 1943 Affected Persons have been identified under these 3 packages. It is pertinent to inform that out of total 292 DPs of package- RUSDP/PALI/02, 291 DPs were also identified under Package- RUSDP/Pali/01(Pali Water Supply and Sewerage Works). During orientation with contractor for both the packages at Pali it was suggested that works under both the packages should be carried out together to minimize IR impacts on the identified DPs. Even

⁴ Project preparatory technical assistance (PPTA) for the Rajasthan Urban Development Program was effective on August 1, 2012.

though, two different contractors has been awarded and there would be possibility of different construction schedules (based on technical aspects etc.) it should be ensured by PIU that the work is carried out simultaneously. In case, DPs face dual impact (i.e. under both packages separately), they will be compensated separately for each instance of temporary impacts. Resettlement budget for Pali RPs has been prepared accordingly.

12. Being Design Build and Operation (DBO) contracts, even though the DPRs are being prepared by consultants (PPTA/PMDSC), the final design/alignment has to be provided/prepared by Contractor. Presently the alignment is being provided by contractor DMA/Zone wise, hence the vendors on both the side of the road are considered in revised RPs as it was mandatory to prepare revised RP including 100% socio economic survey before start of Civil work in the town.

13. As per SIA conducted, the social impact in towns will be generally temporary in nature affecting mobile/ambulatory vendors who are earning their livelihood by using public land and considered non-titleholders. Recognizing the adverse impacts (in advance) of the project and the need to address the involuntary resettlement and other related adverse social impacts, RUIDP (on behalf of Govt. of Rajasthan) & ADB jointly prepared the resettlement and rehabilitation framework consistent with applicable laws, notifications and policies that are relevant in the context of the implementation of the project activities.

14. Provision of livelihood assistance for mobile/ambulatory vendors was made in the RF, in view of disruption likely to be caused due to implementation of project activities. It was agreed that compensation would be paid/given to the AHs for the entire period of disruption due to implementation of different infrastructure works. The general period of impact (Water Supply/Waste Water) of 14 days shall be considered while preparing RP. However, if the actual dislocation exceeds the period taken, the RP may be revised and additional compensation for the extended period will also be proposed/ disbursed.

15. Additional assistance for vulnerable 5 AHs and shifting assistance wherever applicable is being provided to these AHs as per the Resettlement Framework. The RF already sets out the requirements for payment, compensation, income restoration and relocation, consultation, participation and disclosure and the grievance redress mechanism.

16. RUSDP will ensure that any physically or economically displaced persons will be compensated prior to commencement of civil works of subprojects where applicable, following the approved RP. However, the entitlement matrix included in the RF prepared and approved by ADB is the basis for estimation of compensation and payment for the affected properties and income loss to the APs/AHs and which, to be followed during preparation of any/new RPs for the subprojects requires/involves temporary impact, land acquisition, resettlement and rehabilitations of the affected households.

⁵ Including poor households, households headed by women, the elderly, the physically handicapped, Schedule Caste and Scheduled Tribes considered vulnerable based on the Indigenous Peoples Planning Framework (IPPF). Household is considered women headed when she is the single bread earner of the family or earn most/significant part of the income for the family.

17. As of Dec 2016, all sub-projects under implementation stage have updated IR documents, in accordance with the RF. Provisions are made for AHs in the Resettlement Budget for livelihood assistance, shifting assistance and assistance for vulnerable AH wherever applicable.

E. STRATEGY FOR IMPLEMENTATION OF RP

18. For implementation of RP in true spirit and to comply with the ADB requirement, every DMA is being visited jointly with PIU and PMDSC representatives well in advance in light of the alignment finalized by the contractor. At first juncture, mitigation/minimization of impacts are prioritized through planning of civil work and if applicable mitigation plan is prepared and provided to contractor. It is important to understand that the mitigation plan prepared by the Social Expert of PMDSC, are forwarded to contractor after due verification by the concerned PIU but to implement the mitigation plan in true spirit will be contractual responsibility of contractor and PIU and due-diligence of the same will be done by the social expert of PMDSC at reasonable duration and reported in annually revised RPs from time to time.

19. However, if the mitigation of impact on livelihood is not possible, all the DPs are to be re-validated and verified by the implementing officer (PMDSC) at their respective towns which include field verification (both signature, photos & proof of identification like voter ID etc along with bank account details are taken) and Subproject ID Cards disbursement.

20. Hence after joint site visit Micro Plans/Mitigation plans are being prepared road wise (as applicable). Micro Plan will consider the real impact on AHs and will also ensures that all the AHs are compensated for time over run and entire period of disturbance. These Micro Plans will facilitate in identifying the AHs which are below minimum wage rate at the time of disbursement to ensure additional compensation to these AHs. It will also takes care of the time lags (7% inflation in survey income is provided per year) of implementation and survey, minimum wages, escalation etc.

21. As per past learning from the ADB project, it would be ensured that AHs are at least paid amount equivalent to prevailing minimum wage as compensation at the time of disbursement. It will be ensured that the compensations amount thus calculated (recorded livelihood compensation + additional compensation due to time lag) per day to AH, will not be less than minimum wage rate prevailing at the time of disbursement otherwise the minimum wages applicable at time of disbursement will be paid and apply in all subprojects RP. The final payment made as per applicable minimum wages will be sent to ADB separately for approval and will be made an integral part of approved RPs.

E.1 Orientation Program with Project Contractors and Mitigation Action

22. Orientation program with Project Contractors and PIUs was held in Pali and Tonk. Safeguard issues were deliberated in detail in both Pali and Tonk town. Contractor is

directed by PIU, to avoid the impact on livelihood and maintain access to commercial as well as residential houses and establishment: (i) Proper advance information to be provided/ circulated in the area. (ii) This work should be executed in planned/ phased manner so that temporary inconvenience is avoided (iii) Access to CPRs to be maintained.(iv) Natural Drains should not be disturbed (as far as possible) (v) Since, there are plenty of permanent shops on the proposed alignment and since the road width is sufficient, contractor is advised not to close the road or divert the traffic and the work should be executed on convenient hours / non-peak hours after required consultations with the shop owners/ vendors. All, the work is assured to be carried out in patches and the same strategy would be adopted in all areas so that even if the work is executed on one side of the road, the indirect impact on the other side is also avoided.

23. Meeting with Vice president and site in charge of Contractor of package-RUSDP/Tonk/01, was held in Tonk on dated 28.09.2016. PMDSC Expert briefed them about the ADB Safeguard policy, Resettlement Plan, its components, were discussed in detail. Safeguard team informed the contractor how to minimize the IR impact to roadside vendors and if the impact is unavoidable, how the Resettlement Plan is to be implemented were discussed in detail.

24. It was also suggested that alignment should be finalized timely and should be communicated well in advance so that internal monitoring / implementation of RP are possible (**see annexure 11**).

25. Joint site visit by Social Safeguard team along with Engineer of Contractor of Pali-2 (Bulk Water supply Scheme) was undertaken at Mastan Baba circle, WTP to Mastan Baba via Tagore Nagar/ Haidar Colony. It was deliberated to the contractor's representatives that presently both side vendors has been taken up in the draft Resettlement Plan and as per the recent directions of ADB, RP has to be updated after freezing the exact alignment from contractor site. It was recommended to the contractor that the impact in DP areas could be minimized through careful planning (ensuring access to every commercial and residential establishment) and the work could be adjusted to non-peak hours/non-working days as per the convenience of public, the work should be carried out in small patches so that the

required access to all the vendors is maintained. Contractor informed that provision for night works are taken in the contract and in submitted SIP and work in all the busy areas and crowded area will taken up at night to avoid the impact and inconvenience to the public.

26. Safeguard team explained in details about the safeguard policy and showed the impacted areas and discussed the possibilities of providing access (through on site visit to few areas) it was also informed to contractor that as per ADB safeguard policy, no civil works should be started in any DP areas prior to the disbursement of compensation. Safeguard team also suggested that alignment of entire areas should be freeze as early as possible so that final RP could be submitted to ADB.

Orientation of Contractor of Pali-2 at WTP Site & PIU Office

Joint Site Visit in Impacted Areas

Discussion about mitigation strategy near Haider colony

Discussion about mitigation strategy near Mastan Baba circle

	social and environmental safeguards			PMDSC) Mr. Mukesh Moolrajani, (Safeguard Support, PMDSC)	Expert, CAPC Workers and supervisors of M/s L&T
4	On site orientation for workers and supervisors (package: RUSDP/Tonk /01) for social and environmental safeguards	17 Nov. 2016	Tonk	Mr. Mukesh Moolrajani, Mr. Rishikesh Sharma (Safeguard Support, PMDSC)	Sajal Srivastava, Social Expert, Manish Anand, HSE officer, Workers and others, all from TWSL
5	On site orientation for workers and supervisors (package: RUSDP/Tonk /01) for social and environmental safeguards	29.12.2016	Tonk	Mr. Abhay Srivastava, Environment Specialist, PMDSC Mr. Mukesh Moolrajani, Mr. Rishikesh Sharma (Safeguard Support, PMDSC)	Sajal Srivastava, Social Expert, Manish Anand, HSE officer, Workers and others, all from TWSL

27. In addition to above, during the current reporting session a brain storming session on Project Related Issues was held in Conference Hall of RUIDP, Jaipur on 24th & 25th October, 2016. The broad objective of the workshop was to bring clarity on Environmental and Social Safeguard Implementation and Document requirements and chalk out those issues which need further debate and discussions. The participants included SEs, EEs, AEns, JEns from PMU and PIUs of Phase III. (**Ref annexure 18**)

E.2 Common Issues Expected and Methodology Adopted

a. Missing and Unwilling AHs

28. A major issue generally faced during RP implementation is of missing DPs under temporary impacts. Generally, DPs which are surveyed and distributed with identity cards are not traceable during construction and payment of compensation. This is mainly due to

migrant and mobile nature of businesses. To overcome this situation of missing DPs under RUSDP it is agreed that missing DPs under temporary impacts not traceable for more than 18 months after the start of compensation disbursement, or do not claim their entitlement within entitlement within 36 months, will bear no impacts of the project and hence will not be considered for compensation.

29. Issues like AHs showing their unwillingness to accept assistance or unwillingness to participate or are minor (may not be disclosed during survey but get revealed at the time of opening of bank account) may also arise during implementation. In support of Missing AH and other related issues, implementation NGO will collect records of written information from surrounding vendors or shopkeepers or public representatives. For documentation of this problem, it is decided that a certificate may be taken from Ward Parshad ⁶ with witnesses of nearby vendors/residents about Missing AH/AH shown their unwillingness to accept R&R assistance. Especially for AHs shown unwillingness, along with this certificate, audio recording of specific reasons as stated by the AH will be recorded (if possible) and documented. Similarly it is decided to make payment to dependents or guardians of the deceased AP or Minor AP.

b. Impact on CPRs

30. Impact on CPRs is a very critical issue for the point of view of community. The community feeling is attached with the common properties especially with the religious structures. It is perceived that impact on large number of CPRs will be reduced because of realignment at the time of planning by the contractor (the possible list of CPRs already circulated to contractor) as necessary understanding of mitigation was provided to contractor from time to time. However issues related to CPRs arising during implementation will be resolved through community/stakeholders consultation and providing engineering solution by avoiding impact on common property in the subproject. The status of CPRs mentioned in approved RP report and actual impact on CPRs at the time of implementation stage will be presented in upcoming SMR and later in updated RP.

c. Change of Scope or alignment – Revision of RP

31. Revision/updating of RP will be mandatory whenever there is change in scope, further annual revision in RP would be done in order to address issues of missing AHs/ voluntary refusal for compensation or any other minor issues identified during implementation of RP or validation and verification of DPs like difference in actual spelling in the name of DPs in comparison to names written in RPs or any other minor issues like typographical errors etc. It is important to mention that as per Resettlement Framework, revised RP of towns prepared and submitted to ADB considering APs on both side of the

⁶ Elected representative of local representative body in towns

roads, however in case impact is mitigated on these identified APs (in the RP) the same will be also incorporated in the revised RP as detailed above.

F. SAFEGUARDS IMPACTS: PALI & TONK

32. During current reporting period i.e. July 2016 to Dec 2016, 3 nos of RP were revised/Prepared and approved by ADB .Summary of Tonk and Pali sub projects with identified Impacts and corresponding DP's is presented in the Table 3 & 4 below:-

Table 3: Summary of identified impacts in Pali and Tonk Town

s.no	Name of Town	Proposed Sub-project components	Summary of LA and R&R Impacts	IR Classification
1	Pali	Water Supply: (i) Distribution network improvement (249 km new pipelines and 542 km replacement); (ii) provision of bulk water meters (iii) provision of house service connections including consumer meters; Sewerage: (iv) laying new sewers (309.87 km); (v) provision of sewer connections to houses and (vi) sewage treatment plant (15 MLD, capacity sequential batch reactor based).	<i>Construction of sewage treatment plant (STP) will be undertaken in government land which is under Pali Nagar Parishad possession and no new land acquisition is required. Pipes will be laid within rights-of-way (RoW), and will not require land acquisition or cause permanent displacement, but will cause temporary access disruptions and possible temporary losses in income during construction. As per SIA , temporary loss of access/disruption to 645 vendors/traders located at both sides of road may occur during construction period.</i>	B
2	Pali (Bulk Water Scheme)	Construction of a new WTP of capacity 30 MLD at Manpura Bhakhri, Construction of 7 nos. of OHSRs of various capacities at various locations of town, Refurbishment of 3 nos. existing WTPs , Refurbishment of 19 nos. of existing OHSRs, Pipe laying of 250 mm of total length of 5950 m for transmission system from Mandli TWPS to Mandiya SR, Pipe laying of various diameters (150 mm - 500 mm) of total length of 12692 m for treated water transmission from TWPS at PHED Campus, Pipe laying of various diameters (150 mm -	<i>Construction of 1 no of Water Treatment Plant (WTP) will be undertaken in vacant land of WRD, which has already been transferred to PHED. Construction of Overhead Service Reservoir (OHSRs)--6 no will be undertaken in the existing campus of PHED; While 1 no of OHSRs at Mandia Girdhara is to be constructed in Govt. land. Pipes will be laid within rights-of-way (RoW), and will not require land acquisition or cause permanent displacement, but will cause temporary access disruptions and possible temporary losses in income</i>	B

⁷ Resettlement impacts based on the detailed survey

s.no	Name of Town	Proposed Sub-project components	Summary of LA and R&R Impacts	IR Classification
		700 mm) of total length of 18567 m from Manpura Bhakhri TWPS to SRs	during construction. As per SIA ⁸ , temporary loss of access/disruption to 645 vendors/traders located at both sides of road may occur during construction period.	
3	Tonk	Water Supply: (i) Construction and Commissioning Elevated Service Reservoirs (ESRs)-4 nos (ii) Supply and installation of Pumping units including mechanical and electrical items at Housing Board Pumping Stations for filling 4 ESRs (iii) Supply, laying, testing & commissioning of Transmission pipelines of Ductile Iron (DI) K9 (iv) HDPE PE 100, PN-6/ DI-K7 pipe distribution system of diameter 110 mm to 400 mm-430 Km (v) Metered House Service Connection, with Electro fusion saddle, Ferrule, HDPE pipe and GI pipe, ball valve, consumer meter, meter box where required etc-28,000 nos (vi) Establishment of Consumer Relation Management Centers(4 nos) and central control centre in the Tonk town including furniture, manpower, computer software and hardware as per requirement. Sewerage:(vii) Sewage Treatment plants (STPs) - 2 Nos(one of 16 MLD & another of 4 MLD capacity) (viii) Sewage Pumping Station-16 MLD (ix) Sewerage Collection network of Double wall corrugated PE pipes-250 Kms of which about 25 Kms will be laid with trenchless technology.(x) Rising main-4.20 Kms of 700 mm dia DI K9 pipes (xi) Effluent Pipe-7.0 Km (400 mm & 700 mm) (xii) House Connection up to property chamber-22,000 nos.	<i>Construction of 2 nos of new sewage treatment plant (STP) and Construction of Elevated Service Reservoirs (ESRs)-2 nos will be undertaken in government land which is under Tonk Nagar Parishad possession and no new land acquisition is required, where as one nos of ESR (Sawaimadhopur Road) is under the possession of Water Resource Dept and NOC has been taken from WRD. One nos of ESR (Ramdwara) is under the jurisdiction of Forest Dept and permission for conversion obtained. Pipes will be laid within road rights-of-way (RoW), and will not require land acquisition or cause permanent displacement, but will cause temporary access disruptions and possible temporary losses in income during construction. As per SIA⁹, temporary loss of access/disruption to 1006 vendors/traders located at both sides of road may occur during construction period.</i>	B

⁸ Resettlement impacts based on the detailed survey

⁹ Resettlement impacts based on the detailed survey

Table 4: Summary Status of DP's of Pali and Tonk town sub-projects

Name of Town	Subproject Name	Type of Impact	No. of DPs	No. of Vulnerable DPs	Time Period	Livelihood Assistance
Pali	Water supply and Sewerage	Temporary*	645	190	14	4295710
Pali	Bulk Water System	Temporary	292	93	14	1956824
Tonk	Water supply and Sewerage	Temporary	1006	402	14	6819892

* Temporary loss of livelihood for a period of minimum of 14 days as agreed in RF.

F. 1 Vulnerability Status of the Affected People/Communities:

33. During survey, special attention was given to collect information from the affected households for special assistance. As per agreed Framework and ADB policy, the following groups are categorized under vulnerable Groups. These groups include: (a) those who are below the poverty line (BPL); (b) those who belong to scheduled castes (SC), scheduled tribes (ST) (c) Female-headed households (FHH); (d) elderly and (e) Disabled persons. Under this three project Total 685 Vulnerability household has been identified. Details of the same are summarized as below:-

Table 5: Details of Vulnerability household

Category	No.
Women Headed Households	383
Schedule Caste	291
Schedule Tribes	5
Physical Disabled	2
BPL	4
Total	685

G. ENTITLEMENTS, ASSISTANCE AND BENEFITS

34. All DPs who are identified in the subproject areas on the cut-off date will be entitled to compensation for their affected assets (if any), and rehabilitation measures (as outlined in the entitlement matrix attached in Table 7) sufficient to assist them to improve or at least maintain their pre project living standards, income-earning capacity and production levels. Vulnerable DPs will be given priority in project construction employment and provided with

additional special assistance for income restoration support. Compensation and assistance to DPs will be made prior to possession of land/assets (if any) and prior to the start of civil works in particular stretch.

H. COMPENSATION AND REHABILITATION

35. DPs will be provided 30 days advance notice to ensure no or minimal disruption in livelihood. In accordance with the RF, provisions are made for DPs in the Resettlement Budget for livelihood assistance, shifting assistance and assistance for vulnerable DP wherever applicable. If DP's daily income is less than Minimum Wages(at the time of disbursement) as per Government of Rajasthan Minimum Wages Act, then Compensation rate has to be calculated on the basis of minimum wage (unskilled labour), which is Rs. 201/- (Dec 2016, new proposal of rates is under consideration).The daily wage has been calculated on this basis. As a good practice/ past learning of RUIDP, an inflation of 7% (Flat) will be paid to DPs (after a delay of 1 Year) to cover the time lag of survey and final implementation. Vulnerable DPs will be given priority in project construction employment. Micro Plan is prepared by the Resettlement Expert of PMDSC. The prepared Micro Plan will be duly verified by the concerned PIU.

36. Of the total 1943 DPs, 685 DPs belong to the vulnerable groups (BPL, ST, WHH, disabled persons etc). All the DPs will be compensated and/or are being compensated in accordance with the agreed entitlement matrix of RPs. DPs would be compensated for 14 days disturbance as per RF however, if the duration of impact is more they will be compensated for the entire period of disturbance after due verification from PIU. The shifting assistance would also be provided to kiosks and those DPs who are vulnerable and are entitled for additional assistance. If any structure gets temporarily affected, then also the contractor would re-establish that particular structure after the project is over. Besides this assistance, for access, ramps would be provided in front of residences and shops to provide required access to people and also the mobile vendors would be assisted in shifting to nearby area or to the opposite side of the road when construction in that particular stretch would take place. The loss of frontage/ structures if any would be borne by the contractor and this has been included in the contractor's TOR.

37. Ensuring there is no income or access loss during sub-project construction is the responsibility of contractors. Consistent with the initial environmental examination, contractors will ensure: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased workforces to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time.

Table 6: Entitlement Matrix for Subprojects of RUSDP (Phase-3)

RF No.	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
1	Temporary disruption of livelihood	Temporary impacts	Legal titleholders, non-titled DPs	<ul style="list-style-type: none"> 30 days advance notice regarding construction activities, including duration and type of disruption. Cash assistance based on the minimum wage/average earnings per month for the loss of income/livelihood for the period of disruption Contractor's actions to ensure there is no income/access loss consistent with the IEE.¹⁰ Assistance to vendors/hawkers to temporarily shift for continued economic activity (Rs. 1,000 as one time assistance)¹¹ For construction activities involving unavoidable livelihood disruption, compensation for lost income or a transitional allowance for the period of disruption whichever is greater¹² 	Identification of alternative temporary sites to continue economic activity.	<p>Valuation Committee will determine income lost. Contractors will perform actions to minimize income/access loss.</p> <p>For temporary impacts during construction activities, PMDSC SSS with the help of implementing NGO will assess/verify impacts through structured surveys. Payment will be made by PIU through contractor.</p>

¹⁰ This includes: leaving spaces for access between mounds of soil, providing walkways and metal sheets to maintain access across trenches for people and vehicles where required, increased workforces to finish work in areas with impacts on access, timing of works to reduce disruption during business hours, phased construction schedule and working one segment at a time and one side of the road at a time

¹¹ For example assistance to shift to the other side of the road where there is no construction. These will be however given to only non-movable businesses (which are not on wheels).

¹² Under this project it is suggested for 14 days of impact period during construction for both water supply and sewerage subprojects.

RF No.	Type of Loss	Application	Definition of Entitled Person	Compensation Policy	Implementation Issues	Responsible Agency
2	Impacts on vulnerable DPs	Temporary impacts	Vulnerable DPs ¹³	<ul style="list-style-type: none"> Livelihood. Vulnerable households will be given priority in project construction employment and provided with income restoration support. Vulnerable persons/businesses will receive Rs. 7,000 as one time assistance under temporary impacts. 	Vulnerable households will be identified during the census.	PMDSC SSS and implementing NGO will verify the extent of impacts through a 100% survey of DPs, determine assistance, verify and identify vulnerable households.
3	Loss and temporary impacts on common resources	Common resources	Communities	<ul style="list-style-type: none"> Replacement or restoration of the affected community facilities – including public water stand posts, public utility posts, temples, shrines, etc. 	-	PMU and Contractor.
4	Any other loss not identified	-	-	<ul style="list-style-type: none"> Unanticipated involuntary impacts will be documented and mitigated based on ADB's Safeguard Policy (SPS), 2009/RUSDP RF/EM. 	-	PMDSC SSS and implementing NGO will ascertain the nature and extent of such loss.

¹³ Vulnerable households include female-headed households, physically handicapped-headed households, scheduled tribe and schedule caste households, Below Poverty Line households, and households with marginal land holdings, that are the only source of livelihood, and majority of that land is being acquired under the project.

I. CURRENT STATUS OF RP –IMPLEMENTATION

38. Up to this reporting period, total 5 nos of contracts have been signed and three of them are in progress; the remainders subprojects are in bidding stage. NTP has been issued to package no- RUSDP/SGN/01 and RUSDP/JJN/01 in the month of Dec, 16. Contractor yet to be mobilized in both the package. Works are going on both Pali and Tonk. Table- 8 provides the status of works of Pali and Tonk Town and detail description of current Implementation status of the projects are mentioned in Table 7.

Table 7: Status of Works at Pali and Tonk Town.

Status of works of Pali Water Supply and Sewerage project as on 31.12.2016 Package No- RUSDP/PALI/01			
S.No	Milestone Events	Current status	Status of R&R
1	Distribution Network including house service connections	DMA 5 is ready to commission, DMA 1 and DMA 3 commissioning is in final stage Work in Progress. Work in Progress: Labour Colony DMA 4 Raico ki dhani DMA 6 Labour Colony DMA 2.	Contractor has not started any work in DP areas (as per SIA), however the contractor is planning to start physical work in main road of Labour Colony, Daga Circle, Maharana Pratap Circle, Mandiya Road (as per communication made), work in all these areas may cause temporary inconvenience hence all the areas have been visited again along with Contractor. As per Confirmatory social survey / Joint site visit conducted it is expected that execution of work may cause temporary inconvenience to 10 nos of vendors on Mandiya Road (Indian Bank ATM to STP) and 34 Nos. of vendors near CBI Chouraha to Maharana Pratap Circle. ID cards have already been issued to 42 Vendors (2 vendors already identified but were out of station, Card will be issued shortly) and payment to all the DPs will be ensured by PIU before start of civil work in particular stretch. Mitigation plan / micro plan (area wise) have been developed and submitted to PIU for necessary payments. (refer annexure 6)
2	Sewage treatment plant (15 MLD, capacity sequential batch reactor based).	Work in Progress Excavation and PCC done for SBR Basin and PCC for GT and OHSR completed	Sewage treatment plant (STP) works being executed in vacant government land which is under Pali Nagar Parishad possession.
3	Construction of SPS and connected pumping main, trunk sewers, main sewers etc		
Status of works of Pali Bulk Water Scheme as on 31.12.2016 Package No- RUSDP/PALI/02			
1	New Raw Water Pumps	Till date only pumps data and curve design approved, motor's data sheet has certain observations by PMDSC.	
2	New Raw Water Transmission Pipeline including National Highway crossing by Trenchless technology	Work under progress as per available fronts, for a certain reach, NH Permission is pending for want of few documents	Pipeline around 700 m laid near Existing Reservoir, Mandli. In this patches no IR impact was identified during SIA.

S.No	Milestone Events	Current status	Status of R&R
3	New Water Treatment Plant, New Clear Water Pump Station, & CWR at Manpura Bhakhri	Work under progress.	No IR impact will be envisaged. Water Treatment Plant (WTP), CWR works are under progress in the vacant land of WRD, which has already been transferred to PHED.
4	New Clear Water Transmission Pipelines from Manpura Bhakhri including National Highway crossing by Trenchless technology	Drawing approved by PMDSC on 07.01.17	
5	New Clear Water Transmission Pipelines from PHED Campus Clear Water Pump Station to various OHSRs	Drawing approved by PMDSC on, shall be started on targeted date	
6	New Clear Water Pumping Station at PHED Campus & Rehabilitation of existing CWRs at PHED campus	For pumping station, site finalised by CE, RUIDP on 22.12.16 and drawing submitted under scrutiny by PMDSC	
7	New Clear Water Pump Station at Mandli HW for Mandiya Village OHSR & New Clear Water Transmission Pipeline for Mandiya Village OHSR	For pumping station, site finalised by CE, RUIDP on 22.12.16 and drawing submitted under scrutiny by PMDSC	
8	7 New RCC Over Head Service Reservoirs	Work under progress	Construction works of Overhead Service Reservoir (OHSRs)--6 is being executed in the existing campus of PHED; While 1 no of OHSRs at Mandia Girdhara is to be constructed in Govt. land.
9	Existing Water Treatment Plants at PHED Campus and Mandli HW Emergency Pump station at PHED Campus	To be start	
10	Rehabilitation of Existing Clear water pipelines	To be start	
11	Rehabilitation of Existing Over Head Service Reservoirs	To be start	
Tonk Water Supply and Sewerage Works Package No- RUSDP/TONK /01			
	Construction and Commissioning Elevated Service Reservoirs (ESRs)-4 nos	Work under progress	Works are being executed in vacant government land which is under Tonk's Nagar Parishad possession
	Distribution Network including house service connections	During this reporting period, Contractor is working on priority DMAs/ Zones at Tonk: -	During this reporting period, IR impact was mitigated on 28 road side vendors, (Patel circle to Tagore Chouraha), which was identified during SIA. During execution of works,

S.No	Milestone Events	Current status	Status of R&R
		a. Water Supply - Zone 1 APRTS, DMA 1,2 & 5 b. Waste Water work – Zone 1, DMA 2(Zone 1 APRTS, DMA 1, 2 & 5 of WDN).	accesses were available for all the identified DPs. Consultation was also done with DPs and it was confirmed that access was available and their business was not hampered during execution of works.
	Sewage Treatment plants (STPs) - 2 Nos(one of 16 MLD & another of 4 MLD capacity)	Work under progress	Works are being executed in Vacant government land which is under Tonk's Nagar Parishad possession
	Sewage Pumping Station-16 MLD	Work under progress	Works are being executed in Vacant government land which is under Tonk's Nagar Parishad possession

Table 8: Progress of Subprojects/packages under phase – III

Sno	Package No.	Description	Name of contractor	Estimated /Contact awarded cost (Rs Million)	NTP issued	Physical Progress	Social Safeguard & Resettlement Impact assessment completed
1	RUSDP/TONK /01	Water Supply Distribution Network Improvements with house service connections; Providing Sewer Network with House connections and construction of STP at Tonk	M/s Tonk Water Supply Limited	3880	16/11/2015	3.6%	Completed
2	RUSDP/PALI/01	Water Supply D N I with HSC; Replace worn out Pump M/c; Extension and Providing Sewer Network with House connections and construction of STP at Pali.	M/s Larsen & Toubro Limited	4960	19/10/2015	13.19%	Completed
3	RUSDP/PALI/02	Construction of Bulk Water system and works for water supply and operation service for 10 years at Pali	M/s Vishnu Prakash R pungalia Ltd	681	27.06.2016	5.4%	Completed
4	RUSDP/SGN/01	Water Supply Distribution Network Improvements with house service connections; Replacement of worn out Pumping Machinery; Extension and Providing Sewer Network with House connections etc. at Sriganganagar	M/s Larsen & Toubro Limited	4216	23.12.2016

6	RUSDP/HANU/01	Water Supply D N I with HSC; Replace worn out Pump M/c; Extension and Providing Sewerage system including House connections etc. at Hanumangarh					
7	RUSDP/BHIL 01	Providing Sewerage system with House connections etc. at Bhilwara					

I.1 Status ID Cards and Payment:

39. During this reporting period, ID Cards were distributed to 32 nos of DPs after confirmation of the impact by the project contractor (**see annexure 7**). Subproject wise type of DPs and their vulnerability as per approved RP and number of ID cards issued to DPs during implementation period under phase 3 are presented below:

Table 9: Details of ID card Distribution

S.No	Town	Package	ID Card Issued to date	ID Card Issued during this reporting period
1	Tonk	RUSDP/TONK /01	0	0
2	Pali	RUSDP/PALI/01	44	32
3	Pali	RUSDP/PALI/02	0	0

I.2 Project Impacts Minimization

40. During this reporting period 28 nos of DPs were mitigated under package no-RUSDP/TONK /01. Meeting and joint site visit with PIU officials was held in the DPs areas (Patel Circle to Tagore Choraha) and mitigation strategy was discussed in detail. Discussion with PIUs officers was held for implementation of Resettlement plan particular on stretches (Patel Circle to Tagore Choraha) where initially 28 Vendors were identified. PIU informed that efforts will be made by the contractor team to make a work plan/works execution is in such a way that access will be available to the roadside vendors. If require, road cutting will be done for providing access to the vendors. PIU was requested to convey the message to contractor so that the joint visit could be done and assessment can be done at site for possibilities of availabilities of access to the roadside vendors. Joint site visit was done with the contractor and it was confirmed that during execution of works efforts will be made to avoid the impacts on these roadside vendors.

41. There will be no impact on CPRs like Garden, hand pumps; public water tanks and access to CPRs will not be blocked.

42. Works were executed in this patch from 14th Nov to 20th Nov, 2016 and required access for operating business for roadside vendors was available during execution of works. Discussion and Consultation was held with the vendors and they have informed that their business was not hampered during works. (Details are attached in Annexure 9). It is important to mention that mitigation of DP does not affect their eligibility to livelihood enhancement programs to be organized by CAPC they will be always part of the livelihood programs to be organized in the project.

Table 10: No. of DPs Mitigated

Name of Town	Subproject Name	Type of Impact	No. of DPs	No. of Vulnerable DPs	Time Period	Nos of DPs mitigated to date	Nos of DPs mitigated during this reporting period
Pali	Water supply and Sewerage	Temporary	645	190	14	31	1*
Pali	Bulk Water System	Temporary	292	93	14	-	-
Tonk	Water supply and Sewerage	Temporary	1006	402	14	28	28

* Mitigation plan was given to contractor (ref SMR Jan – June) work executed in this quarter.

I.3 Status of Labour at Site:

43. Regular Site visit to Tonk and Pali town are being conducted by the Safeguard team of PMDSC to observe the site conditions, availability of labor, engagement of female workers and basic facilities (Lodging, drinking water, Sanitation etc) available for them in the site, health and safety management at site. Till date, there is no case of child labourer found at the construction site. Interaction with labor during site inspection is carried out to understand their health and safety measures, no such issues have been encountered so far. As a good initiative contractor has constructed a recreation centre in Pali for labour and has started crèche for the children (if parents are working on site). Contractor is maintaining Attendance Register, Grievance Register, Wage register etc.

44. Dissemination of information and orientation on HIV/AIDS and other STDs were provided to the labor residing on the various labor camps as a part of the health and hygiene awareness program conducted by the Contractor in program towns of Tonk, and Pali. Periodic visits of Safeguard Expert of PMDSC were conducted as a part of the program to

ensure healthy living conditions at the labor camps. Contractor representatives and labor were oriented by the PMDSC Safeguard Team on the importance of equal wages for men and women involved in the construction activities. The table below provides details:

Table 11: Details of Orientation conducted with Project Labor

S.No.	Date of visit	Town/project	Visited by	Purpose of visit
1	31.08.2016	Tonk-water supply and sewerage	Mr. Mukesh Moolrajani and Mr. Risikesh Sharma (Safeguard Support Staff, PMDSC)	Site visit of labour camps and working sites for orientation of contractors labour on EHS.
2	28.09.2016	Tonk Water Supply and Sewerage	Mr. Jyotidhari Singh (Resettlement Specialist, PMDSC), Mr. Abhay Srivastava (Environment Specialist, PMDSC)	Site visit of STPs, labour camps and working sites for orientation of contractors labour on EHS. Meeting with Project Contractor and briefed them about ADB Safeguard Policy. Equal wage for same work not confirmed by labour. Overtime Records not know to labour.
3	08 & 09 Nov. 2016	Pali-water supply and sewerage	Mr. Abhay Srivastava (Environment Specialist, PMDSC) Mr. Jyotidhari Singh (Resettlement Expert, PMDSC) Mr. Mukesh Moolrajani, (Safeguard Support, PMDSC)	Site visit of labour camps and working sites for orientation of contractors labour on EHS.
4	17 Nov. 2016	Tonk Water Supply and Sewerage	Mr. Mukesh Moolrajani, Mr. Rishikesh Sharma (Safeguard Support, PMDSC)	Site visit of STPs, labour camps and working sites for orientation of contractors labour on EHS. Meeting with Project Contractor and briefed them about ADB Safeguard Policy.
5	9 Dec. 2016	Tonk Water Supply and Sewerage	Mr. Rishikesh Sharma (Safeguard Support, PMDSC)	Stakeholder consultations regarding monitoring of project affected persons
6	29.12.2016	Tonk Water Supply and Sewerage	Mr. Abhay Srivastava, Environment Specialist, PMDSC Mr. Mukesh Moolrajani, Mr. Rishikesh Sharma (Safeguard Support, PMDSC)	Site visit of labour camps and working sites for orientation of contractors labour on EHS.

J. PUBLIC PARTICIPATION AND CONSULTATION

45. A series of meetings and consultations were held with the DPs and other stakeholders regarding scope of the project, entitlement options, impacts etc. at different stretches during RP preparation.

46. During Implementation, PMDSC is conducting Public Consultation meetings focussing on R&R Implementation Activities/ Procedures which includes discussion on opening of Bank A/c and modalities of disbursement of Assistance. PIU/ contractor has been informed that 30 days advance notice is to be provided to DPs before Civil Works are initiated (in that section) and disbursement should be completed prior to the start of Civil Work by Contractor. Information also continues to be disseminated to DPs and beneficiaries through various media. English and Hindi versions of the RF and RP (draft) are to be placed in the Urban Local Body (ULB) office and other Dept.

47. To oversee the entire information dissemination and for creating required public awareness, CAPC consultant has been mobilized (in RUIDP PH III) and a separate Social Expert cum Gender Specialist has been deputed by CAPC for Tonk and Pali Town. All the public awareness activities (including information related to execution of work) are being conducted by CAPC.

48. As decided by PMU, for implement the RP (after approval of ADB), additional safeguard staff (PMDSC) will be appointed; appointed staff will undertake desired consultations, information dissemination, and disclosure to DPs.

49. The draft RP of Tonk and Pali has been approved by ADB and copy of this RPs is made available at PMU's and PIU's offices. The drafts RPs are disclosed on ADB's website, and at RUIDP website. Now since the Draft RPs are approved, the information related to RP will made available at a convenient places, especially in all the relevant offices, which will be accessible to the DPs.

K. Community & Women Participation in RUIDP Project

50. A component of Community Awareness & Participation Consultants (CAPC) has been introduced in RUIDP Phase III so as to ensure coordinated efforts between executing and implementing agencies as well as public, private and community stakeholders. Delhi based international consultancy agency IPE Global Limited, along with Jaipur based Cogent has been identified as the Community Awareness & Participation Consultants (CAPC) for Phase III.

51. Throughout each phase of subproject and especially during RP implementation, women's participation is being ensured through a gender participation to determine the project's possible impacts on women. It is found that majority of women in the project area are involved in household work. During discussion, women pointed out that each urban

infrastructure development project mainly water supply, waste water etc. will provide better health and hygiene, access to health services, higher levels of education, economic opportunities, and social interactions. About 1684, women were sensitized and empowered during the period July 2016 to December 2016 (Q1-486, Q2 - 1198) through awareness drive programs organized by CAPC such as consultation with women, door to door campaign, school rally, nukkad meeting etc. A good number of women participants attended the public consultation in each project town as during door to door campaigns the housewives were encouraged for participating in the project.

L. Grievance Redress Mechanism (GRM)

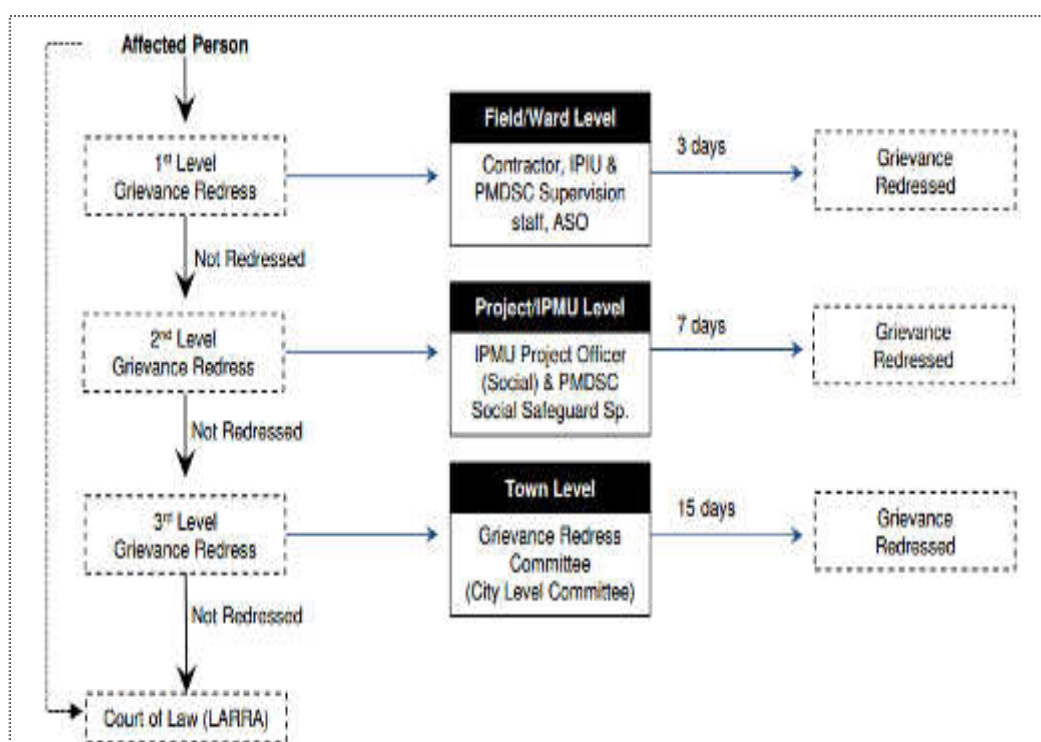

54. A Grievance Redress Mechanism (GRM) has been established following the Resettlement Frameworks (RF) of the project with the objective of receiving and facilitating the resolution of complaints & grievances by DPs. The GRM is scaled to the risks and adverse impacts of the project. It should address DPs concerns and complaints promptly, using an understandable and transparent process that is gender responsive, culturally appropriate, and readily accessible to all segments of the DPs at no cost and without retribution.

55. In this regard the City Level Committee (CLC), is acting as a grievance redress committee (GRC) under the chairmanship of District Collector with representatives from the ULB, state government agencies, PIU, community-based organizations (CBOs) and NGOs. As a GRC, the CLC meets at regular intervals based on the availability of the CLC /GRC members and also as per requirement or pending issues. Failing the redressal of grievance at any stage, DPs may take the case to Court of Law. The grievance redress mechanism is provided at Figure 1.

56. PIUs, Contractor and CAPC have been entrusted with the responsibility to maintain a proper register of the grievance (if any) which will be endorsed by the all agencies involved in implementation. GRC registers are in place at the towns.

57. In this quarter, some complaints of the people were received which was not serious in detailed and they were resolved satisfactorily (See annexure 15). No complaints/grievances from affected households received and work has not started in DP areas.

Figure 1: Grievance Redress Mechanism

M. Institutional Arrangement

58. The Local Self Government Department (LSGD) is the executing agency responsible for overall technical supervision and execution of all subprojects funded under the Program. The Implementing Agency is the Program Management Unit (PMU) of the ongoing Rajasthan Urban Infrastructure Development Project (RUIDP), to coordinate construction of subprojects and ensure consistency across the towns Project Implementation Unit (PIU) has been established.

59. PMU Social Project Officer (SPO) will be assisted by a PMDSC Resettlement Expert. The Resettlement Expert will (i) update the existing resettlement plans based on the detailed design; (ii) assist in the monitoring and supervision of ongoing subprojects and RP and IPP implementation; (iii) prepare resettlement plan and/or IPPs for new subprojects, where required to comply with national law and/or ADB procedure; (iv) ensure all subprojects meet safeguard requirements as agreed in the loan covenant and in line with this resettlement framework; (v) review and finalize all reports in consultation with the PMU SPO (RP updating and preparation, preparation of semi-annual social safeguard monitoring report for PMU submission to ADB, and support GRM implementation)

60. At each PIU, one Engineer will be designated as Assistant Safeguards officer (ASO)/Nodal Officer and one Engineer from PMDSC Site Office will be appointed as a Coordinator, will be responsible for day to day monitoring of EMP and Implementation of RP (See annexure 12). Nodal Officer of PIU will assist PMU SPO in implementation of the social safeguards at the PIU level. The PIUs will be responsible for implementation of the resettlement plan. PIUs will undertake internal monitoring and supervision and record observations throughout the project period to ensure that the safeguards and mitigation measures are provided as intended.

61. For implementation of Resettlement Plan, additional Safeguard Staff of each project town will be appointed by PMDSC, who will be working under the supervision and Guidance of PMDSC Resettlement Expert (See annexure 13). The task will be as follows:

- 1 Develop rapport between the potential displaced persons (DPs)/ project affected persons (APs) and the project authorities by regular meeting with the project staff and consultation with the DPs/APs. All meetings and decisions taken are to be documented.
- 2 The RP implementing agency (NGO)/Support Staff will work as a link between the PIU/PMU, the community leaders and the DPs/APs. The agency will be responsible for assisting the DPs/APs during physical resettlement, if any and rehabilitation process and shall ensure that all of the provisions laid down in the RP are implemented appropriately and effectively. The agency's task will be as follows but not restricted to these alone.

- 3 To communicate closely with identified (identified through census survey conducted for Resettlement Plan¹⁴) potential displaced persons (DPs)/ project affected persons (APs) and provide them timely information of construction schedule, distribute identification cards, educate them on their entitlements under the Resettlement Plan and Resettlement Frame Work, shifting DPs/APs during civil work execution in appropriate manner without hampering their income or assets;
- 4 Assist displaced persons (DPs)/ project affected persons (APs) in ;
 - In opening bank accounts (if not already available with APs/DPs), disbursement of compensation livelihood losses and resettlement assistance (as per provisions of RF) and ensure that DPs/APs obtain their full entitlements under the Resettlement Plan.
 - Assist DPs/APs in getting the compensation for their land and properties acquired for the project and in receiving resettlement assistances as per RP.
 - Organize consultation and discussion meetings with the DPs/APs, the community leaders and other stakeholders throughout RP preparation and implementation phases.
 - To organize consultation and discussion meetings with the DPs/APs, the community and other stakeholders throughout RP implementation phases with proper documentation.
 - Ensure disbursement of compensation against livelihood losses, resettlement assistance (vulnerable assistance, shifting assistance, structure losses assistance, crops/trees losses assistance) as per entitlement matrix.
- 5 Assist the SPOs of PIU / Social Development Expert PMDSC / PMU in following works ;
 - Disclosure of RP, Cut of Date in vernacular language at public places & project affected persons and preparation of internal RP implementation monitoring reports.
 - Distribution of one month advance notice, to in affected areas that on following date the civil works will be started in following areas and timely shifting of Squatters and Encroachers from temporary impact zone during construction if required. ;
 - Registering grievances of DPs/APs (the grievance redress mechanism (GRM) already established) and assist to PIU in resolving grievances at PIU level or GRM level.
 - Preparation and update DPs/APs database, with reference to changed design/ alignment with respect to census cut-off-date, preparation of internal monitoring report.
 - Accompanied with PIU / PMU during ADB mission visit in their project town.

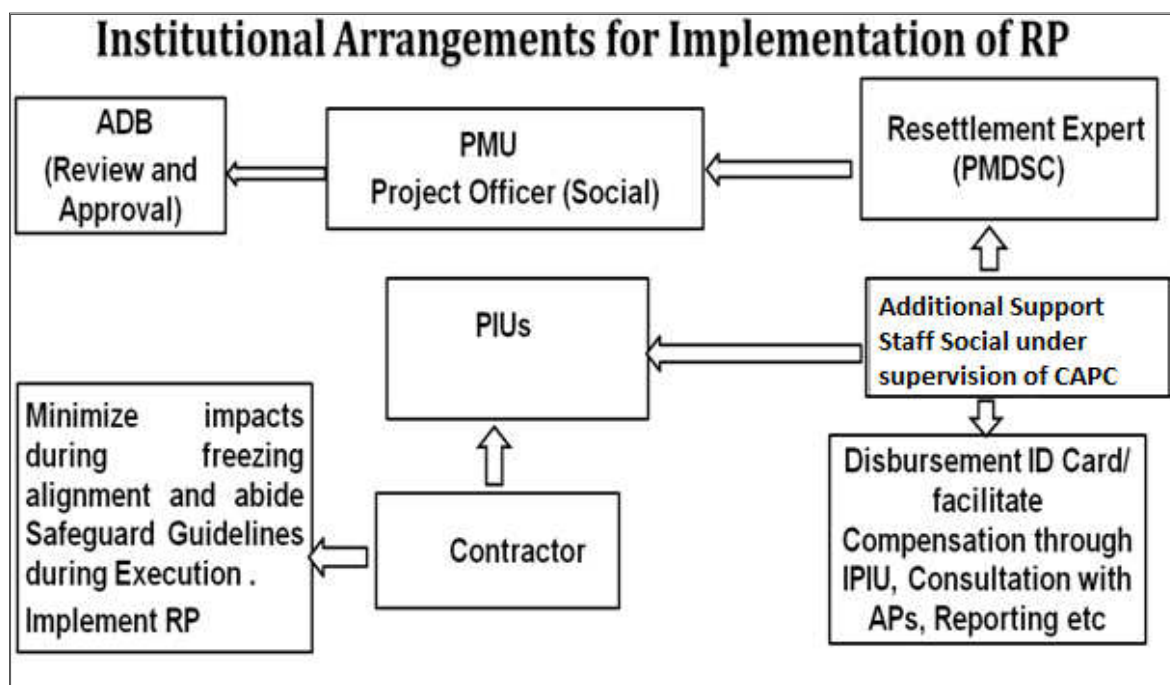

¹⁴ Separate Agency will be mobilized for Survey of DPs/APs for RP preparation; RP Implementing Additional safeguard Support staff under PMDSC will mobilize during survey of RP and will have to provide required support & monitoring during RP preparation.

- Third Party validation of voluntary refusal of compensation by DPs/APs / voluntary donation land by land lord without any cost and assess need of land acquired;
 - Conduct market survey for income restoration program and link the DPs/APs to the respective vocational trainings as well as Govt. welfare schemes (Project Director Development at district level) for income restoration and assist in relocation to identified sites, if applicable;
 - Assist in the identification of sites for the relocation of cultural properties and community assets, especially for the affected Indigenous Peoples' community, if affected due to project. This is to be done in consultation with the affected IP community and the ULB.
- 6 To support PIU with grass-root skills and capacity for field activity in the implementation of the Resettlement Plan by coordinating DPs/APS with city level Social development Expert cum Gender Specialist of CAPC¹⁵.
- A separate Community Awareness and Participation Consultants (CAPC) have already been appointed in the project. CAPC is entrusted with the responsibility to orient and link the DPs/APS to the respective vocational trainings for income restoration. RP implementation Agency will coordinate with CAPC in linking APs/DPs, who have lost permanently income assets or major downfall in monthly income due to project intervention, to income generating schemes of Government of Rajasthan. CAPC and Implementing Agency will also assist DPs/APS through skill development department (RSLDC) to create alternative source of income generation. CAPC team will conduct DPs/APs related activities as indicated (including but not limited to) below:
 - Orient and link the DPs/APs to the respective vocational trainings for income restoration.
 - Assist the DPs/APs in the redress of grievances through the Grievance Redress mechanism established as part of the Resettlement Plan; and make the DPs/APs aware of GRM at several levels. Sort out grievances and assist the DPs/APs to have access to the several tiers of grievance redress mechanism, including the contractors at site and to the SPO at PIU, and finally town level GRC. If necessary will accompany the aggrieved DPs/APs, especially the vulnerable ones, to appropriate GRC members and see through the grievance redress mechanism till the DPs/APs get redressed.
 - Orientation for optimum utilization of the compensation money by the DPs/APs, particularly the vulnerable DPs/APs under the economic rehabilitation program.
 - Assist APs/DPs in getting benefits from various government development programs particularly for income restoration/ generation, if desirable by the DPs/APs. The CAPC will co-ordinate the training programs for sustainable livelihood and assist in

¹⁵ Separate CAPC Consultant for Community Awareness and Participation has been already mobilized for 39 Months by RUSDP.

identifying the required skills for livelihood rehabilitation and the training institutes to impart skills. The CAPC shall coordinate with other government departments and other NGOs working in the area to ensure that all the skill development trainings are known to the DPs to select from the list the appropriate training.

Figure 2: Institutional Arrangement

N. Monitoring Results – Findings

62. Up to this reporting period, total 5 nos of contracts have been signed and three of them are in progress; the remainders subprojects are in bidding stage. Works are going on both Pali and Tonk. The priority areas selected by the contractor for both Pali and Tonk have been visited by the safeguard team along with PIU, Contractor to identify/confirm the impacts in terms of resettlement and rehabilitation and other safeguard issues. Under package RUSDP/Pali/01, most of the works in priority areas are going on in outer/Residential areas, where no IR issues were shown. Approach and access was available for the movement of the public. In some areas impact will be envisaged on the road side vendors during laying of water supply and Sewer networks confirmed by contractor and implementation of RP (Distributed of ID Cards, Collection of account details etc) has been started by the Safeguard team of PMDSC. Work is still not commencing in DPs areas. Under Package RUSDP/Tonk /01, 28 DPs has been mitigated by the Contractor as per mitigation strategy suggested by the Safeguard Expert, PMDSC. Works is just started in Pali lot-2 package. Pipeline laid in 700 mm in outskirts areas. Additional Staff for implementation of RP is yet to be mobilized. Confirmatory survey and final alignment for remaining DMAs are under progress. Draft, RPs for the remaining town prepared by PPTA will be updated, prior to the start of civil works. Visual screening and Transect walk has already been done and it was confirmed that for all the sub-project, no land acquisition and impact will be non-significant.

O. Compliance Status

63. Status of Resettlement and Social Safeguard issues Related to Loan Covenants is provided in Table 17: :-

Table 17: Status of Loan Covenants

Covenant	Safeguard Applicability	Status of Compliance
<p><u>Implementation Arrangements</u></p> <p>The Borrower and the EA shall ensure that the Project is implemented in accordance with the detailed arrangements set forth in the PAM. Any subsequent change to the PAM shall become effective only after approval of such change by the Borrower, the State and ADB. In the event of any discrepancy between the PAM and this Loan Agreement, the provisions of this Loan Agreement shall prevail.</p>	Para 1 of schedule 5 of	Complied with.
<p><u>Project Website</u></p> <p>Within 12 months after the Effective Date, the Borrower shall ensure, or cause the EA to ensure, that a Project website is created to disclose information about various matters in regards to the Project, including procurement. With regard to procurement, the website shall disclose the following information in relation to goods and services procured for the Project: (a) the list of participating bidders; (b) the name of the winning bidder; (c) basic details on bidding procedures adopted; (d) the amount of contract awarded; and (e) the list of goods/services procured. The Project website need not be separate from an existing website of the EA, as long as it is comprehensive and easily accessible by the public.</p>	Point 7 of schedule 5	Complied with.
<p><u>Grievance Redress Mechanism</u></p> <p>Within 12 months after the Effective Date, the Borrower shall ensure, or cause the EA to ensure, that LSGD prepare a grievance redress mechanism, acceptable to ADB, and establish a special committee to receive and resolve complaints/grievances or act upon reports from stakeholders on misuse of funds and other irregularities, including grievances due to resettlement. The special committee shall (a) make the public aware of the existence of this grievance redress mechanism; (b) receive, review and address complaints/grievances of stakeholders of the Project, in relation to the Project, any of the service providers, or any person responsible for carrying out any aspect of the Project; and (c) proactively and constructively respond to them.</p>	Point 8 of Schedule 5.	Complied with. Office order of GRC issued on 13.09.2013 and well established in all the 6 towns. The GRM is Progressively functioning in both Pali & Tonk Town.

Covenant	Safeguard Applicability	Status of Compliance
<p><u>Land Acquisition and Involuntary Resettlement</u></p> <p>The Borrower shall ensure, or cause the EA to ensure, that PHED and LSGD make all land and all rights-of-way required for each subproject available to the Works contractor in accordance with the schedule agreed under the related Works contract, and all land acquisition and resettlement activities are implemented in compliance with (a) all applicable laws and regulations of the Borrower and the State relating to land acquisition and involuntary resettlement; (b) the Involuntary Resettlement Safeguards; (c) the RF; and (d) all measures and requirements set forth in the RP, and any corrective or preventative actions set forth in a Safeguards Monitoring Report.</p>	Point 10 of Schedule 5.	It is pertinent to mention here that land acquisition is not within the purview of RUSDP as land required for any subproject has to be provided by the Line Department. Land acquisition is not required as all construction work mainly in progress or completed. Social impacts are confined to private properties which are temporary in nature and existing on within Right of Way (RoW). These impacts are mainly temporary loss of livelihood due to temporarily displacement from the location of business of mobile vendor or due to loss of access to shops, temporary in nature.
<p><u>Indigenous Peoples</u></p> <p>In the event that the Project does have any such impact, the Borrower shall ensure, or cause the EA to ensure, that the preparation, design, construction, implementation and operation of the relevant subprojects comply with (a) all applicable laws and regulations of the Borrower and the State relating to indigenous peoples; and (b) the Indigenous Peoples Safeguards; and any corrective or preventative actions set forth in a Safeguards Monitoring Report.</p>	Point 12 of Schedule 5	It is confirmed that in all the subprojects, which are covered in this report, there are no Indigenous People (IP),
<p><u>Gender</u></p> <p>The Borrower shall ensure, or cause the EA to ensure, that (a) the GESIAP is implemented in accordance with its terms; (b) the bidding documents and contracts include relevant provisions for contractors to comply with the measures set forth in the GESIAP; (c) adequate resources are allocated for implementation of the GESIAP; and (d) progress on implementation of the GESIAP, including progress toward achieving key gender outcome and output targets, are regularly monitored and reported to ADB.</p>		Complied, GESIAP compliance being submitted regularly by RUIDP

P. GOOD PRACTICES AND LESSON LEARNT

64. Good Practices adopted at RUSDP Project (including but not limited to) are as below:-

- PIUs in each town to monitor implementation and social experts and Support Social Staff of PMDSC to visit PIUs at regular intervals for regular monitoring. At each PIU, one Engineer will be designated as Assistant Safeguards officer (ASO)/Nodal Officer

and one Engineer from PMDSC Site Office will be appointed as a Coordinator, will be responsible for day to day monitoring of EMP and Implementation of RP

- CLC/ GRCs have been established at all 6 towns and meeting is being held regularly in both Tonk and Pali town.
- Regular workshops are organized at the nodal headquarters at Jaipur to discuss all cross cutting issues like standardization, tendering, social and environmental safeguards etc.
- Both the contractors at Pali and Tonk Town have a separate Corporate Social Responsibilities (CSR) program and various activities are being organized by both the contractors with due consultation of CAPC team. The goal of CSR activities is to encourage a positive impact through its activities on the environment, consumers, employees, communities, stakeholders and all other members of the public sphere.

Under the CSR activities - **Janmashtami Celebration** with Orphanage Children was organized by TWSL on 25th August 2016 in Tonk. The objective of this program was to facilitating education and healthcare, enhancing quality of the disadvantaged children from the underprivileged strata of society towards becoming productive force and a positive contributor to the national economy. During celebration gift such as books, copy, games ball etc was distributed among the children.

Water Literacy Program was organized by TWSL, Tonk, at Dev Vidyapeeth Madhyamik Vidyalay, Tonk, on 11th Nov. 2016. During program, the students were briefed about the ideas for water conservation techniques and the importance of water conservation. The planning of the motivational activity was done with the active participation of the of the concern teacher.

Road safety and traffic awareness activity: Organized by TWSL on December 1st 2016. The activity was organized at two locations simultaneously: outside our office premises and at the Sawai Madhopur Circle. This awareness drive aimed at advising the public to follow traffic rules and practice safety measures like wearing seat belts and helmets. As part of the activity, the team also installed more than 3000 reflectors to reduce accidents. With active participation from Tonk Police and over 3000 participants from the general public the event was a grand success.

Drawing Competition on Water Conservation at Bhashkar Higher Secondary School was organized by TWSL On 7th Dec 2016. Objective was to prepare school children as peer educator for the community on issues of water conservation.

Awareness Program on Water Conservation and Disinfection was conducted by L&T at Pali under CSR activities to make the community members understand the various water saving techniques and reason of piped water contamination.

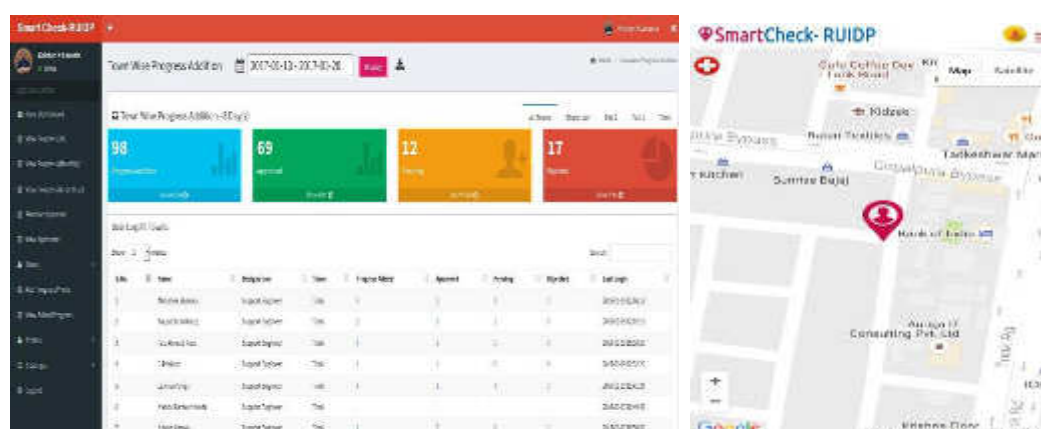

- **IT Based Project Monitoring and Grievance Redress Approach:**

RUIDP with learning from past (related mainly to road restoration issues) has done all the required ground works and is working on its IT based supervision software i.e. “Smart Check”. As the name suggests this software will be having real-time photographs (with coordinates) collected by field staff of daily works and more importantly photographs of all the stages of ongoing work i.e. starting from excavation work to road restoration. The main objective will be to see through time bound completion of work along with desired quality.

Having a shift of thrust from asset creation to Public Service, this software will complement all the sincere efforts of RUIDP team by facilitating not only day to day monitoring but initiating self driven actions with respect to quality which will ultimately result in reduction of Public Grievances (especially with respect to grievances of road restoration, which are usually reported during pipe laying works).

This software is under final testing and will be introduced in the organization shortly. The software will be initially utilized internally (between PMU and PIU) and later it will be made available to public domain for registering and checking for redress of grievances. Presence of real time coordinate system will facilitate quick response to public complaints.

P 1 Lessons learnt

65. Implementation of RP in true spirit will require due commitment from both Contractor and PIU and clear understanding of the “NO HARM” approach is mandatory for both the involved agencies. Frequent Orientations provided by PMDSC actually facilitate the desired output as the contractor is provided the required understanding before the civil work execution starts. Visits organized/being organized by PMDSC every month actually motivates the involved agencies along with PIU/PMU and conducting Regular Review Meeting at PIU and PMU level will further facilitate implementation of RP and will actually complement civil works.

66. Employment generation by making mandatory for contractors to employ local labour /female workers for construction works (unskilled works) wherever applicable creates a good vibe for the project.
67. Reputed Contractor like L&T has required understanding of EHS policy which actually complements the ADB labor, health & safety provisions.
68. Petty vendors mostly offer to shift voluntarily if dissemination of information is made in timely manner and transparency in monetary disbursement is ensured to them.
69. Public generally don't resist to pay charges for utilities if proper services are provided to them. They rather support in easy execution of works.
70. Activeness of PIU is prime factor in this type of project where the basic priority/focus is on connections/ service delivery. Judicial/ independent use of Contractor's Outreach team and CAPC Team for community awareness, proper monitoring of routine and specific activities are key to success.
71. Imposing penalty cannot provide a guaranteed solution, sometimes; sincere persuasion gives better results than imposing penalties. Despite of DBO contract, RUIDP Smart Check is a big leap towards smart ownership of the project.
72. Team efforts and igniting the since of belonging is important for this type of project which needs commitment right from Design stage to Operation stage. Coordinating skills of PIU is a major factor for success of DBO projects due to option of sectional milestone and commissioning which could be utilized for providing early benefit to public.
73. Frequent GRC/CLC meeting ensure better coordination between the various departments and creates a transparency in operations.

Q. ASSESSMENT OF SOCIAL SAFEGUARDS ISSUES, RECOMMENDATION AND CONCLUSIONS:-

Q1 Issues

- Non finalization of exact alignment or design even after submission of SIP by contractor resulting in non compliance to ADB's Conditional approval of RP - Desired compliance to the ADB conditional approval is pending due to delay at contractor's end.
- The methodology of joint site visit (before initiation of any civil work in particular stretch) is not being taken up seriously from contractor's side.
- Social Outreach team of contractor and Social Expert of CAPC should also take initiative in R&R activities due to delay in mobilization of RP Implementation team at field. RP implementation officer (Safeguard Staff, PMDSC) is yet to be mobilized - It will take at least 02 months in mobilization of RP implementation officer and it will require additional time (reasonable time) for getting the officer familiar with the

project and project implementation setup before he could actually take up the R&R issues in the project especially with contractor's technical team and outreach team. Intermittent inputs of R&R Expert will be an added constraint for smooth implementation.

- The desired information of work schedule is not reaching from the contractor/contractor's outreach team. Communication gap between Contractors, Engineering team and Safeguard Team of PMDSC is also resulting delay in planning of implementation of RP. Since implementation of RP is also under the scope of contractor.
- Involvement of various agencies (as per ADB requirement) with different scope of work has created a multidimensional team with varied potentials and strength to be management by PIU. PIU has to manage, RP implementation team, Social Outreach Team and CAPC consultant team jointly and judiciously so that the desired compliance to ADB policies especially ADB SPS 2009 is ensured.
- Involvement of labour contractors by main contractor creates ambiguity with respects to safety and labour welfare.
- In earlier projects (RUIDP-I and II), compensation was provided through ADB share however in this project it is to be provided from State share.

Q2 Recommendations

74. PMU should ensure that the Service Improvement Plan (SIP) which actually comprises study of existing system along with DPR of the package and conducting detailed surveys and designs to analyse the deficiencies and aims at proposing Designs, Estimates and a time bound program for improvement in services to achieve the performance indicators as desired by the Employer should also include a section on RP implementation so that the strategy to be adopted by the contractor for mitigation of adverse impact on DPs/ CPRs (implementation of RP) is disclosed in a timely manner. It will also ensure final alignment freezing in a bona fide manner as desired by ADB SPS (2009). Further Since, at present SIP of Pali and Tonk does not provide clarity on strategy for R&R implementation, PIU/Employers Representatives need to ensure that details of final alignment freezing (being done DMA/Zone wise) should be provided to the Social Expert of PMDSC/Implementing Team/ CAPC timely so that implementation of RP is carried out in a time bound manner.

75. Modalities for the compensation of R&R payment should be kept as simple as possible as they were in earlier projects of RUIDP and the mechanism intended should be expedited as the micro plan for payments are already prepared and circulated to the concerned PIU and contractor.

76. Special attention from PIU will be required towards RP implementation as the total number of APs handled and nature of impact / contract is different from the packages handled by RUIDP in past. In other words the success of the project will depend on the better utilization of resources to be strictly/ timely monitored by PIU.

77. The project implementation staffs should take active participation in RP implementation and information related to work should be shared upfront to the Coordinator and Nodal officers appointed for each town.

78. PIU should organize advance site visit (along with R&R team at site / core) for all the areas planned for pipe laying (at least 2 months in advance) and should allow work only if all the R&R issues identified in RP are addressed.

Q3 Conclusions:

79. In conclusion, certain characteristics may be mentioned as RUSDP complements the past and ongoing efforts of the government of Rajasthan (GOR) to improve water supply and waste water services to the residents of the state of Rajasthan. They are as below:

- Rapid urbanization created a strong demand for the output of water supply/waste water treatment projects.
- There will be positive impacts on intended beneficiaries, particularly women as they are the primary users of water which is needed for all household activities including cleaning utensils, washing clothes, cooking etc.
- PIU team has to strictly convey to the contractor that the prime responsibility of overall labour welfare and safety cannot be delegated at all and any non compliance will be taken up seriously.
- Although the Executing Agencies (EAs) is highly involved in project implementation and there is an ability in EA to learn from past lessons and incorporate the same in project implementation, technical innovation and a positive impact on the environment will occur due to commitment show by the Executive Agencies but still there is a need to create necessary understating to ADB policies and procedures in a timely manner to the newly establish field team and to the contractor as well.
- Consultants are trying to perform well and it is expected that regular ADB review missions will proactively help to solve problems (if any) and uplift the performance to higher level. .
- Successful RP implementation will require upfront planning and close monitoring from EA especially PIU team due to limited man months of the R&R Expert in the project.

Annexure 1: List of Affected Person of Pali water supply and Sewerage Project

SNo	Name of the Affected Person	Daily Income in Rs.	Daily Income ¹⁶ in Rs (based on Wage Rate)	Start Point	End Point	Place of DP Left / Right	Type of Loss	Structure Cost	Type of family (N/J)	No. Of family members	Vulnerable	Business
1	Pramod Chouhan	300	300	Surajpol Circle	Ahinsha Circle (Kachahri road)	Left	Mobile Vendor/ Thela Wala	8000	Nuclear	2	OBC	Snacks
2	Mod. Sulema Shah	600	600	Surajpol Circle	Ahinsha Circle (Kachahri road)	Left	Mobile Vendor/ Thela Wala	10000	Nuclear	7	OBC	Snacks

¹⁶ If AP's daily income is less than Minimum Wages as per Government of Rajasthan Minimum Wages Act, then Compensation rate has to be calculated on the basis of minimum wage (unskilled labour), which is Rs.197/- (Dec 2015).The daily wage has been calculated on this basis. An inflation of 7% (Flat) will be paid to APs (after a delay of 1 Year) to cover the time lag of survey and final implementation.

¹⁷ If AP's daily income is less than Minimum Wages as per Government of Rajasthan Minimum Wages Act, then Compensation rate has to be calculated on the basis of minimum wage (unskilled labour), which is Rs.197/- (Dec 2015).The daily wage has been calculated on this basis.

An inflation of 7% (Flat) will be paid to APs (after a delay of 1 Year) to cover the time lag of survey and final implementation.

¹⁸ If AP's daily income is less than Minimum Wages as per Government of Rajasthan Minimum Wages Act, then Compensation rate has to be calculated on the basis of minimum wage (unskilled labour), which is Rs.201/- (July 2016).The daily wage has been calculated on this basis.

An inflation of 7% (Flat) will be paid to APs (after a delay of 1 Year) to cover the time lag of survey and final implementation.

Annexure 4: Summary of RP of Pali Water Supply and Sewerage project

1. **Sub-project Scope.** Rajasthan Urban Sector Development Program (RUSDP) will complement the past and ongoing efforts of the government of Rajasthan (GOR) to improve water supply and waste water services to the residents of the state of Rajasthan. It comprises (i) a program, financed by a policy-based loan, to support policy reforms, including institutional development and governance improvement in the urban sector in the state, and (ii) a project, financed by a project loan, to invest in water distribution network and sewerage systems in the six project cities in the state¹.

2. This Resettlement Plan (RP) document is prepared for proposed Water Supply and Sewerage Sub-projects in Pali and is in line with the Resettlement Framework (RF) prepared for the implementation of social safeguards under RUSDP. Currently, Water supply service in Pali is unreliable coupled with quality issues and huge distribution losses. At present, there is no sewerage system and a majority of the population disposes sewage through septic tanks. Effluent from septic tanks and sullage, and sewage from houses without septic tanks is let off into open drains which ultimately collect in low-lying areas in the outskirts of the town.

3. The sub-projects includes: Water Supply: (i) Distribution network improvement (249km new pipelines and 542km replacement); (ii) provision of bulk water meters (iii) provision of house service connections including consumer meters; Sewerage: (iv) laying new sewers (309.87km); (v) provision of sewer connections to houses and (vi) sewage treatment plant (15 MLD, capacity sequential batch reactor based).

4. Summary of Resettlement Impact Consistent with the subproject selection criteria, rehabilitation is prioritized over new construction to avoid / minimize involuntary resettlement impacts. Construction of 1 nos of new sewage treatment plant (STP) will be undertaken in government land which is under Pali Nagar Parishad possession and no new land acquisition is required (**Revenue record are attached in annexure 2**).

5. The main resettlement impacts will be due to laying of water supply and sewerage pipe networks. Pipes will be laid within road rights-of-way (RoW), and will not require land acquisition or cause permanent displacement, but will cause temporary access disruptions and possible temporary losses in income during construction. It has been noted during site inspections that laying of pipe line may cause temporary loss of access/disruption to livelihood during civil works to 645 vendors/traders located at both sides of road. These are majorly non-titled movable /transitory structure (push carts etc.)² owners. As per information

¹ The six project cities are Bhilwara, Jhunjhunu, Sri Ganganagar, Hanumangarh, Tonk, and Pali.

² Resettlement impacts based on the detailed survey

from design engineers, maximum number of days the vendors will experience loss of access/disruption of livelihood is 14 days which can be further minimized by scheduling civil works at night time or non-market day and laying of pipeline in phases. Temporarily affected persons (APs/DPs) will be assisted in moving to the other side of the road and returning their structures after construction is completed. Where moving is not required, access will be ensured by the contractor through measures prescribed in bidding documents. List of Aps will be bifurcated /separated after freezing of alignment/finalization of Service Improvement Plan (SIP) by the contractor.

6. To further minimize construction impacts, work will be executed during the early hours of the day in order to avoid inconveniences to the public as well as traders and vendors. All safety norms would strictly be adhered to depending on the magnitude of work and the sensitivity of the location. The Project Implementation Unit (PIU) will also ensure that all the necessary rules related to safety and security of the public and residents are followed by the contractor. The actual dates of construction schedule with respect to rush hour, festival time, and special business days have been discussed with vendors, squatters, market committee members, and residents, and intimated to the contractor for planning construction activities. After laying of pipes the lane/road will be restored to its original condition (including bitumen, cement concrete (CC) and CC interlocking tiles as applicable). Orientation program with Project Contractor and PIU was held on 10.12.2015 and safety issues were deliberated in detail. (**See Annexure 10 to 12**).

7. **Categorization.** This subproject has been categorized as “B”³ for Involuntary Resettlement (IR) impact as per the ADB’s Safeguard Policy Statement (SPS), 2009. This resettlement plan (RP) is developed as per Detail Project Report (DPR)⁴ and as per agreed Resettlement Framework (RF).

8. **Public Consultations and Disclosure:** Consultations were carried out during RP preparation and will continue throughout the subproject cycle. The social safeguard team carried out preliminary consultations, through focus group discussions (FGDs) and meetings with the affected persons (APs/DPs) as well as the general public from August 2015 to Feb, 2016. FGDs were conducted with the DPs where in policy related issues, i.e., displacements and other issues like compensation and assistance, input to alternative design were discussed. During consultation meetings, participants were of the view that this subproject is important and very much needed. All participants are pleased and committed to support the implementation of the project. There was no opposition for this subproject.

³ A proposed project is classified as category B if it includes involuntary resettlement impacts that are not deemed significant.

⁴ SIP (by contractor) is under preparation which includes finalization of Designs/ coverage area/alignment. This RP may be revised accordingly.

9. Final RPs will be made available near affected area, and PIU and PMU offices. The sub-project RPs will be disclosed in ADB's website and the PMU websites. Leaflet prepared in local language (Hindi) has been distributed to the Affected Persons in the month of January (2016) for understanding the sub-projects scope, R& R provision and GRC system under this project. Cut-off-date for temporary impacts has been communicated to DPs through NGO and disclosed in the project affected area on dated 24.02.2016.

10. **Policy Framework and Entitlements.** The policy framework and entitlements for the program are based on national laws: the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013⁵, (ii) National Rehabilitation and Resettlement Policy,(NRRP) 2007 (iii) ADB SPS, 2009; and agreed RF.

11. **Compensation and Income Restoration:** The implementing agency will provide compensation in accordance with the entitlement matrix of the updated RF. As a policy, all affected persons will be provided 30 days advance notice to ensure minimal disruption of livelihood. Compensation will be completed prior to start of civil works. If required, they will also be assisted to temporarily shift for continued economic activity. For example they will be assisted to shift to the other side of the road where there is no construction. Ensuring there is no income or access loss during sub-project construction is the responsibility of contractors.

12. **Grievance Redress Mechanism.** Grievances of DPs/APs will first be brought to the attention of the Contractor, PIU and implementing NGO. They can immediately resolve issues on-site in consultation with each other, and will be required to do so within 3 days of receipt of a complaint/grievance. All grievances that cannot be redressed within 3 days at field/ ward level will be brought to the notice of Social Project Officer (SPO) of PMU. PMU SPO will resolve the grievance within 7 days of receipt of compliance / grievance in discussion with the PIU, CAPC/ NGO and the Contractor. All the grievances that are not addressed by PMU within in 7 days of receipt will be brought to the notice of the Grievance Redressal Committee (GRC). The City Level Committee (CLC), which will be established in every project town, will act as GRC. The GRC will resolve the grievance within 15 days of receiving the complaint. An aggrieved person shall have access to the country's legal system at any stage, and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM. The IPIU will keep records of all grievances received including: contact details of complainant, date of the complaint received, nature of grievance, agreed corrective actions and the date these were effected, and final outcome. All costs involved in resolving the complaints will be borne by the PMU. The GRCs will continue to function throughout the project duration.

⁵ The Act has received the assent of the President on the 26 September 2013.

13. **Institutional Arrangements:** The Local Self Government Department (LSGD), Government of Rajasthan (GoR) will be the Executing Agency (EA) of the Project and will be responsible for overall strategic approvals, guidance, monitoring the execution of the project. The current Project Management Unit of RUIDP, under the LSGD, will be the Implementing Agency (IA) for the project. IA will execute and monitor the RUSDP implementation. Six Project Implementation Units (PIUs), one each of in six project towns, shall be setup for implementation. PMU will support PIUs in implementation, management and monitoring of the project. PMU and PIUs will be assisted by Programme Management, Design and Supervision Consultants (PMDSC). At state-level an inter-ministerial Empowered Committee (EC) will be established to provide overall policy direction and City Level Committees (CLCs) will be established in each town to oversee the implementation at town level. The PMU will be assisted by a PMDSC social safeguards specialist (PMDSC SSS). For updating the resettlement plans, assist in the monitoring and supervision of ongoing subprojects and RP and IPP implementation, prepare resettlement plan and/or IPPs for new subprojects, where required, to comply with national law and/or ADB procedures; ensure all subprojects meet safeguard requirements as agreed in the loan covenant and in line with this resettlement framework. CAPC/NGO will be responsible for assisting in the RP implementation.

14. **RP Implementation and Monitoring:** All compensation is to be paid prior to start of civil works. RP implementation will be closely monitored by PIU with an effective basis for assessing resettlement progress and identifying potential difficulties and problems. The PIU, with assistance from PMDSC SSS, will prepare monthly and quarterly progress report in terms of physical and financial indicators. In addition, the monitoring process will also look into: the communication and reactions of affected persons; use of grievance procedures; information dissemination to affected persons on benefits; and options and implementation time table, livelihood and living standard of affected persons in pre and post-project situations. Report prepared by PIU will be compiled by the PMU on a semi-annual basis for its due submissions to ADB.

15. **Resettlement Budget:** The resettlement cost estimate for the Pali Water and Sewerage subproject includes resettlement assistance, as outlined in the entitlement matrix, support cost for RP implementation and contingency provision amounting to be 5% of the total cost. Funds for resettlement will be released in a timely manner. The total resettlement cost for the subproject is INR **5310495**. The resettlement cost items and estimates are outlined in RP (Ref Table 8 of RP). The CAPC / implementing NGO will be involved in facilitating the disbursement process, and will facilitate opening bank accounts for the affected persons who do not have bank accounts. Payment of the compensation will be ensured before the start of civil works.

Annexure 5 : Summary of RP of Tonk Water Supply and Sewerage project

Sub-project Scope: Rajasthan Urban Sector Development Program (RUSDP) will complement the past and ongoing efforts of the government of Rajasthan (GOR) to improve water supply and wastewater services to the residents of the state of Rajasthan. It comprises (i) a program, financed by a policy-based loan, to support policy reforms, including institutional development and governance improvement in the urban sector in the state, and (ii) a project, financed by a project loan, to invest in water distribution network and sewerage systems in the six project cities in the state⁶.

Tonk, the project town, is situated at a Distance of 100 Kms from Jaipur on the Jaipur-Kota NH- No. 12. Tonk is a district headquarter and has a population of 1,65,294 persons as per census 2011. Tonk is surrounded by river Banas & Central Aravali region on the northern side with an average altitude of 300 M from Mean Sea Level. Tonk is an important industrial town for Leather, carpet, Namda and Bidi Works. Tonk is located at 26°.00' N latitude and 75°.47' East longitude. Tonk does not have any Connection by rail and Nearest Railway station is Niwai. Nearest Airport is Sanganer, Jaipur which is about 85 km. away from Tonk.

This Resettlement Plan (RP) document is prepared for proposed Water Supply and Sewerage Subprojects in Tonk and is in line with the Resettlement Framework (RF) prepared for the implementation of social safeguards under RUSDP. Currently, water supply service in Tonk is unreliable coupled with quality issues and huge distribution losses. At present, there is no sewerage system and a majority of the population disposes sewage through septic tanks. Effluent from septic tanks and sullage, and sewage from houses without septic tanks is let off into open drains which ultimately collect in low-lying areas in the outskirts of the town.

The sub-projects includes: **Water Supply:** (i) Construction and Commissioning Elevated Service Reservoirs (ESRs)-4 nos (ii) Supply and installation of Pumping units including mechanical and electrical items at Housing Board Pumping Stations for filling 4 ESRs (iii) Supply, laying, testing & commissioning of Transmission pipelines of Ductile Iron (DI) K9 (iv) HDPE PE 100, PN-6/ DI-K7 pipe distribution system of diameter 110 mm to 400 mm-430 Km (v) Metered House Service Connection, with Electro fusion saddle, Ferrule, HDPE pipe and GI pipe, ball valve, consumer meter, meter box where required etc-28,000 nos (vi) Establishment of Consumer Relation Management Centers(4 nos) and central control centre in the Tonk town including furniture, manpower, computer softwares and hardware as per requirement. **Sewerage:**(vii) Sewage Treatment plants (STPs) - 2 Nos(one of 16 MLD & another of 4 MLD capacity) (viii) Sewage Pumping Station-16 MLD (ix) Sewerage

⁶ The six project cities are Bhilwara, Jhunjhunu, Sri Ganganagar, Hanumangarh, Tonk, and Pali.

Collection network of Double wall corrugated PE pipes-250 Kms of which about 25 Kms will be laid with trenchless technology.(x) Rising main-4.20 Kms of 700 mm dia DI K9 pipes (xi) Effluent Pipe-7.0 Km (400 mm & 700mm) (xii) House Connection upto property chamber-22,000 nos.

Summary of Resettlement Impact Consistent with the subproject selection criteria, rehabilitation is prioritized over new construction to avoid / minimize involuntary resettlement impacts. Construction of 2 nos of new sewage treatment plant (STP) and Construction of Elevated Service Reservoirs (ESRs)-2 nos will be undertaken in government land which is under Tonk's Nagar Parishad possession and no new land acquisition is required (See Annexure 2 to 10), where as one nos of ESR(Sawaimadhopur Road) is under the possession of Water Resource Dept and NOC has been taken from WRD (See Annexure 11). One nos of ESR(Ramdwarra) is under the jurisdiction of Forest Dept and NoC is awaited.

The main resettlement impacts will be due to laying of water supply and sewerage pipe networks. Pipes will be laid within road rights-of-way (RoW), and will not require land acquisition or cause permanent displacement, but will cause temporary access disruptions and possible temporary losses in income during construction. It has been noted during site inspections that laying of pipeline may cause temporary loss of access/disruption to livelihood during civil works to 1006 vendors/traders located at both sides of road. These are majorly non-titled movable /transitory structure (push carts etc.)⁷ owners. As per information from design engineers, maximum number of days the vendors will experience loss of access/disruption of livelihood is 14 days which can be further minimized by scheduling civil works at night time or non-market day and laying of pipeline in phases. Temporarily affected persons (APs) will be assisted in moving to the other side of the road and returning their structures after construction is completed. Where moving is not required, access will be ensured by the contractor through measures prescribed in bidding documents. List of Aps will be bifurcated /separated after freezing of alignment/finalization of Service Improvement Plan (SIP) by the contractor.

To further minimize construction impacts, work will be executed during the early hours of the day in order to avoid inconveniences to the public as well as traders and vendors. All safety norms would strictly be adhered to depending on the magnitude of work and the sensitivity of the location. The Project Implementation Unit (PIU) will also ensure that all the necessary rules related to safety and security of the public and residents are followed by the contractor. The actual dates of construction schedule with respect to rush hour, festival time, and special business days have been discussed with vendors, squatters, market committee

⁷ Resettlement impacts based on the detailed survey

members, and residents, and intimated to the contractor for planning construction activities. After laying of pipes the lane/road will be restored to its original condition (including bitumen, cement concrete (CC) and CC interlocking tiles as applicable). Orientation program with Project Contractor and PIU was held on 15.12.2015 and safety issues were deliberated in detail (**See Annexure 18**).

Categorization. This subproject has been categorized as “B”⁸ for Involuntary Resettlement (IR) impact as per the ADB’s Safeguard Policy Statement (SPS), 2009. This resettlement plan (RP) is developed as per Detail Project Report (DPR)⁹ and as per agreed Resettlement Framework (RF).

Public Consultations and Disclosure: Consultations were carried out during RP preparation and will continue throughout the subproject cycle. The social safeguard team carried out preliminary consultations, through focus group discussions (FGDs) and meetings with the affected persons (APs) as well as the general public from August 2015 to January, 2016. FGDs were conducted with the DPs where in policy related issues, i.e., displacements and other issues like compensation and assistance, input to alternative design were discussed. During consultation meetings, participants were of the view that this subproject is important and very much needed. All participants are pleased and committed to support the implementation of the project. There was no opposition for this subproject.

Final RPs will be made available near affected area, and PIU and PMU offices. The sub-project RPs will be disclosed in ADB’s website and the PMU websites. Leaflet prepared in local language (Hindi) has been distributed to the Affected Persons in the month of December (2015) for understanding the sub-projects scope, R& R provision and GRC system under this project. Cut-off-date for temporary impacts has been communicated to DPs through NGO and disclosed in the project affected area on dated 21.12.2015.

Policy Framework and Entitlements: The policy framework and entitlements for the program are based on national laws: the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013¹⁰, (ii) National Rehabilitation and Resettlement Policy, (NRRP) 2007 (iii) ADB SPS, 2009; and agreed RF.

⁸ A proposed project is classified as category B if it includes involuntary resettlement impacts that are not deemed significant.

⁹ SIP (by contractor) is under preparation which includes finalization of Designs/ coverage area/alignment. This RP may be revised accordingly.

¹⁰ The Act has received the assent of the President on the 26 September 2013.

Compensation and Income Restoration: The implementing agency will provide compensation in accordance with the entitlement matrix of the updated RF. As a policy, all affected persons will be provided 30 days advance notice to ensure minimal disruption of livelihood. Compensation will be completed prior to start of civil works. If required, they will also be assisted to temporarily shift for continued economic activity. For example they will be assisted to shift to the other side of the road where there is no construction. Ensuring there is no income or access loss during sub-project construction is the responsibility of contractors.

Grievance Redress Mechanism: Grievances of DPs/APs will first be brought to the attention of the Contractor, PIU and implementing NGO. They can immediately resolve issues on-site in consultation with each other, and will be required to do so within 3 days of receipt of a complaint/grievance. All grievances that cannot be redressed within 3 days at field/ ward level will be brought to the notice of Social Project Officer (SPO) of PMU. PMU SPO will resolve the grievance within 7 days of receipt of compliance / grievance in discussion with the PIU, CAPC/ NGO and the Contractor. All the grievances that are not addressed by PMU within 7 days of receipt will be brought to the notice of the Grievance Redressal Committee (GRC). The City Level Committee (CLC), which will be established in every project town, will act as GRC. The GRC will resolve the grievance within 15 days of receiving the complaint. An aggrieved person shall have access to the country's legal system at any stage, and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM. The IPIU will keep records of all grievances received including: contact details of complainant, date of the complaint received, nature of grievance, agreed corrective actions and the date these were effected, and final outcome. All costs involved in resolving the complaints will be borne by the PMU. The GRCs will continue to function throughout the project duration.

Institutional Arrangements: The Local Self Government Department (LSGD), Government of Rajasthan (GoR) will be the Executing Agency (EA) of the Project and will be responsible for overall strategic approvals, guidance, monitoring the execution of the project. The current Project Management Unit of RUIDP, under the LSGD, will be the Implementing Agency (IA) for the project. IA will execute and monitor the RUSDP implementation. Six Project Implementation Units (PIUs), one each of in six project towns, shall be setup for implementation. PMU will support PIUs in implementation, management and monitoring of the project. PMU and PIUs will be assisted by Programme Management, Design and Supervision Consultants (PMDSC). At state-level an inter-ministerial Empowered Committee (EC) will be established to provide overall policy direction and City Level Committees (CLCs) will be established in each town to oversee the implementation at town level. The PMU will be assisted by a PMDSC social safeguards specialist (PMDSC SSS). For updating the resettlement plans, assist in the monitoring and supervision of ongoing subprojects and RP and IPP implementation, prepare resettlement plan and/or IPPs for new

subprojects, where required, to comply with national law and/or ADB procedures; ensure all subprojects meet safeguard requirements as agreed in the loan covenant and in line with this resettlement framework. CAPC/NGO will be responsible for assisting in the RP implementation.

RP Implementation and Monitoring: All compensation is to be paid prior to start of civil works. RP implementation will be closely monitored by PIU with an effective basis for assessing resettlement progress and identifying potential difficulties and problems. The PIU, with assistance from PMDSC SSS, will prepare monthly and quarterly progress report in terms of physical and financial indicators. In addition, the monitoring process will also look into: the communication and reactions of affected persons; use of grievance procedures; information dissemination to affected persons on benefits; and options and implementation time table, livelihood and living standard of affected persons in pre and post-project situations. Report prepared by PIU will be compiled by the PMU on a semi-annual basis for its due submissions to ADB.

Resettlement Budget: The resettlement cost estimate for the Tonk Water and Sewerage subproject includes resettlement assistance, as outlined in the entitlement matrix, support cost for RP implementation and contingency provision amounting to be 5% of the total cost. Funds for resettlement will be released in a timely manner. The total resettlement cost for the subproject is INR **79,60,886**. The resettlement cost items and estimates are outlined in RP (Ref Table 8 of RP). The CAPC / implementing NGO will be involved in facilitating the disbursement process, and will facilitate opening bank accounts for the affected persons who do not have bank accounts. Payment of the compensation will be ensured before the start of civil works.

Annexure 6: Summary of RP of Bulk Water Scheme, Pali

EXECUTIVE SUMMARY

Sub-project Scope: Rajasthan Urban Sector Development Program (RUSDP) will complement the past and ongoing efforts of the government of Rajasthan (GOR) to improve water supply and wastewater services to the residents of the state of Rajasthan. It comprises (i) a program, financed by a policy-based loan, to support policy reforms, including institutional development and governance improvement in the urban sector in the state, and (ii) a project, financed by a project loan, to invest in water distribution network and sewerage systems in the six project cities in the state²⁹.

This project is located in Pali which is the administrative headquarters of Pali District and is at about 70 km south of Jodhpur City and 300 km southwest of the state capital, Jaipur, extending to an area of 159 sqkm under the jurisdiction of Pali Nagar Parishad (Municipal Council), the population of the town is 230,075 (2011 Census). The town is divided into 45 municipal wards.

With the rapid urbanization, population is increasing day by day and many new areas have been developed where provision of basic amenities i.e. potable water supply is main task of Government. Water supply at present in Pali is intermittent, unreliable and suffers with huge losses and quality issues. This subproject is formulated to address gaps in water treatment and distribution infrastructure in a holistic and integrated manner.

Two Packages have been identified for Pali town, in the earlier subproject, Package no. RUSDP/Pali/01 some of the components (Distribution Network) were taken for water supply improvement in the town.

Works proposed under package RUSDP/Pali/01

S.No	Works proposed
1	Provision of bulk water meters
2	Provision of house service connections including consumer meters;
3	Distribution network improvement (249km new pipelines and 542km replacement)

Proposed works under the package RUSDP/Pali/02 mainly- The components proposed under package RUSDP/Pali/01 scheme, were not sufficient to cover the water demand of entire town. Thus, under RUSDP, package RUSDP/Pali/02 have been identified and sized in order to bring completeness to the scheme. Under this package, planning, designing and execution of the water treatment-transmission-storage-bulk supply provision has been made (Transmission System - Storage). Details of works proposed under package RUSDP/Pali/02 are as below:-

²⁹ The six project cities are Bhilwara, Jhunjhunu, Sri Ganganagar, Hanumangarh, Tonk, and Pali.

Works proposed under package RUSDP/Pali/02

S.No	Works proposed
1	Pipe laying of various diameters (150mm -700mm) of total length of 18567m from Manpura Bhakhri TWPS to SRs
2	Pipe laying of various diameters (150mm -500mm) of total length of 12692m for treated water transmission from TWPS at PHED Campus
3	Pipe laying of 250mm of total length of 5950m for transmission system from Mandli TWPS to Mandiya SR
4	Construction of 7 nos. of OHSRs of various capacities at various locations of town
5	construction of a new WTP of capacity 30 MLD at Manpura Bhakhri
6	Refurbishment of 3 nos. existing WTPs
7	Refurbishment of 19 nos. of existing OHSRs.

This Resettlement Plan (RP) document is prepared for proposed Bulk Water System for Pali (RUSDP/Pali/02) and is in line with the Resettlement Framework (RF) prepared for the implementation of social safeguards under RUSDP.

Project Benefits and Impacts: The Water Supply subproject will be beneficial to the citizens of Pali. The most noticeable long-term benefits due to the subproject are: (i) increased access to treated water supply; (ii) reduction in time and cost of collecting water; and (iii) reduction in vulnerability to water borne diseases. This subproject is aimed to plug existing gap and enhance access to water for community.

A single Contract has been awarded for this work on a single point responsibility basis. Under this contract, the contractor is responsible for final design, supply, installation, construction, testing, commissioning and operation as well as maintenance of the entire system. The contractor will be responsible to carry out the O& M activities for a period of 10 Year after the system has been commissioned.

Summary of Resettlement Impact: Consistent with the subproject selection criteria, rehabilitation is prioritized over new construction to avoid / minimize involuntary resettlement impacts. Construction of 1 no of Water Treatment Plant (WTP) will be undertaken in vacant land of WRD, which has already been transferred to PHED.(See annexure 2 & 3). Khasra record is attached in annexure 4 & 5. Construction of Overhead Service Reservoir (OHSRs)--6 no will be undertaken in the existing campus of PHED; While 1 no of OHSRs at Mandia Girdhara is to be constructed in Govt. land. The Commissioner, MC, Pali submitted proposal to district collector for transfer of land in the name of Pali M.C. for the construction of SR at Mandia at Jodhpur Road.

The main resettlement impacts will be due to laying of the transmission mains. Pipes will be laid within road rights-of-way (RoW), and will not require land acquisition or cause permanent displacement, but will cause temporary access disruptions and possible temporary losses in income during construction. It has been noted during site inspections

that laying of pipeline may cause temporary loss of access/disruption to livelihood during civil works to 291 vendors/traders located at both sides of road and access loss may also be on one permanent shop. These are majorly non-titled movable /transitory structure (push carts etc.)³⁰ owners. As per information from design engineers, maximum number of days the vendors will experience loss of access/disruption of livelihood is 14 days which can be further minimized by scheduling civil works at night time or non-market day and lying of pipeline in phases. Temporarily affected persons (APs) will be assisted in moving to the other side of the road and returning their structures after construction is completed. Where moving is not required, access will be ensured by the contractor through measures prescribed in bidding documents.

As per initial design, both side vendors/hawkers have been considered in this RP and RP will be updated after freezing of alignment by the contractor. It is pertinent to inform that out of total 292 DPs, 291 DPs (of current package) were also identified under Package-RUSDP/Pali/01(Pali Water Supply and Sewerage Works). It is suggested that works under both the packages should be carried out together to minimize IR impacts on the identified DPs. Even though, two different contractors has been awarded and there would be possibility of different construction schedules (based on technical aspects etc.) it should be ensured by PIU that the work is carried out simultaneously. In case, DPs face dual impact (under both packages), they will be compensated twice. Resettlement budget for Pali has been prepared accordingly.

To further minimize construction impacts, work will be executed during the early hours of the day in order to avoid inconveniences to the public as well as traders and vendors. All safety norms would strictly be adhered to depending on the magnitude of work and the sensitivity of the location. The Project Implementation Unit (PIU) will also ensure that all the necessary rules related to safety and security of the public and residents are followed by the contractor. The actual dates of construction schedule with respect to rush hour, festival time, and special business days have been discussed with vendors, squatters, market committee members, and residents, and intimated to the contractor for planning construction activities. After laying of pipes the lane/road will be restored to its original condition (including bitumen, cement concrete (CC) and CC interlocking tiles as applicable).

Categorization: This subproject has been categorized as “B”³¹ for Involuntary Resettlement (IR) impact as per the ADB’s Safeguard Policy Statement (SPS), 2009. This resettlement plan (RP) is developed as per Detail Project Report (DPR) 32 and as per agreed Resettlement Framework (RF).

³⁰ Resettlement impacts based on the detailed survey

³¹ A proposed project is classified as category B if it includes involuntary resettlement impacts that are not deemed significant.

³² SIP (by contractor) is under preparation which includes finalization of Designs/ coverage area/alignment. This RP may be revised accordingly.

Public Consultations and Disclosure: Consultations were carried out during RP preparation and will continue throughout the subproject cycle. The social safeguard team carried out preliminary consultations, through focus group discussions (FGDs) and meetings with the affected persons (APs) as well as the general public from August 2015 to July, 2016. FGDs were conducted with the DPs wherein policy related issues, i.e., displacements and other issues like compensation and assistance, input to alternative design were discussed. During consultation meetings, participants were of the view that this subproject is important and very much needed. All participants are pleased and committed to support the implementation of the project. There was no opposition for this subproject.

Final RPs will be made available near affected area, and PIU and PMU offices. The sub-project RPs will be disclosed in ADB's web site and the PMU websites. Leaflet prepared in local language(Hindi)has been distributed to the Affected Persons in the month of January (2016) for understanding the sub-projects scope, R& R provision and GRC system under this project. Cut-off-date for temporary impacts has been communicated to APs through NGO and disclosed in the project affected area on dated 24.02.2016.

Policy Framework and Entitlements: The policy framework and entitlements for the program are based on national laws: the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013³³, (ii) National Rehabilitation and Resettlement Policy,(NRRP)2007 (iii) ADB SPS, 2009; and agreed RF.

Compensation and Income Restoration: The implementing agency will provide compensation in accordance with the entitlement matrix of the updated RF. As a policy, all affected persons will be provided 30 days advance notice to ensure minimal disruption of livelihood. Compensation will be completed prior to start of civil works. If required, they will also be assisted to temporarily shift for continued economic activity. For example they will be assisted to shift to the other side of the road where there is no construction. Ensuring there is no income or access loss during sub-project construction is the responsibility of contractors.

Grievance Redress Mechanism. Grievances of DPs/APs will first be brought to the attention of the Contractor, PIU and implementing NGO. They can immediately resolve issues on-site in consultation with each other, and will be required to do so within 3 days of receipt of a complaint/grievance. All grievances that cannot be redressed within 3 days at field/ ward level will be brought to the notice of Social Project Officer (SPO) of PMU. PMU SPO will resolve the grievance within 7 days of receipt of compliance / grievance in discussion with the PIU, CAPC/ NGO and the Contractor. All the grievances that are not addressed by PMU within in 7 days of receipt will be brought to the notice of the Grievance Redressal Committee (GRC). The City Level Committee (CLC), which will be established in every project town, will act as GRC. The GRC will resolve the grievance within 15 days of receiving the complaint. An aggrieved person shall have access to the country's legal system at any stage, and accessing the country's legal system can run parallel to accessing

³³ The Act has received the assent of the President on the 26 September 2013.

the GRM and is not dependent on the negative outcome of the GRM. The PIU will keep records of all grievances received including: contact details of complainant, date of the complaint received, nature of grievance, agreed corrective actions and the date these were effected, and final outcome. All costs involved in resolving the complaints will be borne by the PMU. The GRCs will continue to function throughout the project duration.

Institutional Arrangements: The Local Self Government Department (LSGD), Government of Rajasthan (GoR) will be the Executing Agency (EA) of the Project and will be responsible for overall strategic approvals, guidance, monitoring the execution of the project. The current Project Management Unit of RUIDP, under the LSGD, will be the Implementing Agency (IA) for the project. IA will execute and monitor the RUSDP implementation. Six Project Implementation Units (PIUs), one each of in six project towns, shall be setup for implementation. PMU will support PIUs in implementation, management and monitoring of the project. PMU and PIUs will be assisted by Programme Management, Design and Supervision Consultants (PMDSC). At state-level an inter-ministerial Empowered Committee (EC) will be established to provide overall policy direction and City Level Committees (CLCs) will be established in each town to oversee the implementation at town level. The PMU will be assisted by a PMDSC social safeguards specialist (PMDSCSSS). For updating the resettlement plans, assist in the monitoring and supervision of ongoing subprojects and RP and IPP implementation, prepare resettlement plan and/or IPPs for new subprojects, where required, to comply with national law and/or ADB procedures; ensure all subprojects meet safeguard requirements as agreed in the loan covenant and in line with this resettlement framework. CAPC/NGO will be responsible for assisting in the RP implementation.

RP Implementation and Monitoring: All compensation is to be paid prior to start of civil works. RP implementation will be closely monitored by PIU with an effective basis for assessing resettlement progress and identifying potential difficulties and problems. The PIU, with assistance from PMDSCSSS, will prepare monthly and quarterly progress report in terms of physical and financial indicators. In addition, the monitoring process will also look into: the communication and reactions of affected persons; use of grievance procedures; information dissemination to affected persons on benefits; and options and implementation time table, livelihood and living standard of affected persons in pre and post-project situations. Report prepared by PIU will be compiled by the PMU on a semi-annual basis for its due submissions to ADB.

Resettlement Budget: The resettlement cost estimate for the Pali Bulk Water includes resettlement assistance, as outlined in the entitlement matrix, support cost for RP implementation and contingency provision amounting to be 5% of the total cost. Funds for resettlement will be released in a timely manner. The total resettlement cost for the subproject is INR 28,54,665/-. The resettlement cost items and estimates are outlined in Table 13. The CAPC / implementing NGO will be involved in facilitating the disbursement process, and will facilitate opening bank accounts for the affected persons who do not have bank accounts. Payment of the compensation will be ensured before the start of civil works.

Annexure 7 : Distribution of ID Card to DP

दिनांक 18.07.2016 को जयपुर से पाली गया और अधीक्षण अधीशाषी अभियंता से बैठक कर ओवर ब्रिज से सीबीआई चौराहा ओर सीबीआई चौराहे से महाराणा प्रताप चौराहा माईक्रो प्लान पर हस्ताक्षर करवाया और इसके बारे में जानकारी दी।

दिनांक 19.07.2016 को पाली में और अधीशाषी अभियंता से बैठक कर ओवर ब्रिज से सीबीआई चौराहा ओर सीबीआई चौराहे से महाराणा प्रताप चौराहा माईक्रो प्लान पर हस्ताक्षर करवाया और इसके बारे में जानकारी दी। ओर फिर सीबीआई चौराहे से महाराणा प्रताप चौराहा तक प्रभावित व्यक्तियों को **ID Card** वितरित किये ओर उनसे बैंक कि पासबुक कि फोटो कॉपी प्राप्त कि गई। इस क्षेत्र में कुल 30 लोग प्रभावित थे। जिनमें से सभी 30 प्रभावित लोगों कि बैंक कि पासबुक कि फोटो कॉपी/जानकारी प्राप्त कि गई। ओर लोगों को पाली में होने वाले जल वितरण ओर सीवर कार्य के बारे में जानकारी दी।

दिनांक 20.07.2016 को पाली में ओवरब्रिज से महाराणा प्रताप चौराहे तक प्रभावित व्यक्तियों को **ID Card** वितरित किये ओर उनसे बैंक कि पासबुक कि फोटो कॉपी प्राप्त कि गई। इस क्षेत्र में कुल 4 लोग प्रभावित थे। जिनमें से 2 प्रभावित लोगों को आईडी कार्ड वितरीत किया गया। ओर लोगों को पाली में होने वाले जल वितरण ओर सीवर कार्य के बारे में जानकारी दी।

Confirmation of ID cards distributed to the identified DPs in Pali (CBI Chauraha to Maharana Pratap Circle)

Appendix 9 : Impact mitigated on 28 vendors during laying of water supply pipeline(Patel Circle to Tagore Chouraha),Tonk

Written confirmation by PMDSC/PIU and Project contractor to adopt the mitigation strategy to avoid the impact on roadside vendors(Patel Circle to Tagore Chouraha and Patel Circle to Circuit House)

29.9.2016

Joint Site visit near Patel Circle, Circuit House and Tagore Choraha

As decided earlier by PIU, a joint site visit of PIU, Contractor & PMDSC SSS was conducted in Tonk and areas where work is proposed (including DPs areas of Patel Circle to Tagore Choraha 28 and Patel Circle to Circuit House 08 Vendors) were visited.

As per the methodology explained by the contractor to be adopted, the access of the vendors will not be blocked/disturbed as the existing ROW will be sufficient for laying of required Pipe Lines.

Contractor has also assured that barricading will be done in such a manner (not compromising on Safety) that the access is made available to vendors and if required access will be ensured by using wooden planks or steel plates.

Annexure 10: Public Consultation

Public consultations were done near different site locations of water supply project in Pali to access the awareness of general public, present water supply situations, environmental and health conditions in town, their opinion about the proposed project and any suggestion if any. It was found that the sanitation conditions are very poor and no sewerage system exists in town. Most of the households are dependent on individual septic tanks and may dispose their sewer directly in to drains, which ultimately mix with river through municipal nallas. Water supply is provided only 1-2 hours daily in most of areas, whereas in some areas on alternate days. People had keen interest in proposed water supply system and shown their full co-operation during execution. They were willing to bear the inconvenience caused due to proposed works for improved water supply system. Outbreak of infectious diseases; like malaria, diarrhea and stomach infections were also reported due to poor water supply and sewer system. Some movable shopkeepers were noted within ROW in market and residential areas and most of them were ready to relocate to other places during execution.

Detailed consultation with the local public and villagers was conducted. As informed, the information about the project was disseminated in advance and no inconvenience was observed during the execution of the work. The villagers are willing to pay for water connections as presently they have to arrange water from quite a distance

S.No.	Date and place of consultation	Works being executed at/near site	Persons consulted	Topics discussed during consultation	Outcome of consultation
1.	17.11.2016, Tegor Choraha, Tonk	Laying of 110 mm DI pipe for water supply	1. Brijmohan Saini, Tea seller (AP) 2. Gayrshi Lal Saini, Tea seller (AP) 3. Kamlesh Saini, Fruit/vegetable seller (APs)	Difficulties due to construction works like loss of access, dust problem, noise problem, destruction of utilities, any other complains	Access were left for vendors, no dust and noise problem, work was satisfactory
2	17.11.2016, Tegor Choraha, Tonk	Bahir Road Near Hospital	Bhawar Lal, Tea seller (other vendor – shifted to this location) Kamlesh Saini, Fruit/vegetable seller (AP)	Influx of vendors near hospital at Bahir Road Tegore Chora	The no. of vendors like snacks vendors, Vegetable vendors in the area has increased in last 2-3 months due to start of New Maternity Govt. Hospital.
3.	Permanent Shops at Bahir Road	Laying of 110 mm DI pipe for water supply	Shop Owners Contractors Labour in charge	Dissemination of information	Prior Information about the work schedule not provided. Provisions of Grievance registration not known.
4.	Labour with labour at STP Site Moli Pura, Bisalpur Colony OHSR Site	STP Work OHSR Work	Labors & Contractor Staff	Wages, Attendance, Overtime	Equal wage for same work not confirmed by labour.

S.No.	Date and place of consultation	Works being executed at/near site	Persons consulted	Topics discussed during consultation	Outcome of consultation
					Overtime Records not know to labour.
5	Near Women Hospital (29.12.2016)	Laying for water supply line (completed in Nov. 2016)	1. Mahesh Khandelwal 2. Meghraj 3. Bhawani Shankar (Permanent shops)	Difficulties due to construction works like loss of access, dust problem, noise problem, destruction of utilities, any other complaints	Access were left for shops, no dust and noise problem, no damage to utilities were done, work was satisfactory
6	Near Women Hospital (29.12.2016)	Laying of Sewer Line	1) Shankar Lal Mahawar , Fruit Vendor 2) Mr. Mohan Ahuja, ND Medicals	Difficulties due to construction works like loss of access, dust problem, noise problem, destruction of utilities, any other complaints. Prior information of work and grievance mechanism.	Access were left for shops, no dust and noise problem, damage to utilities were done and restored, however contractor could have done it promptly, work was satisfactory over all. Prior information of work not provided.
7	Date and place of consultation	Works being executed at/near site	Persons consulted	Topics discussed during consultation	Outcome of consultation
8	STP Site Soran(29.12.2016)	Construction of STP	1. Kamlal W/o DevlalGujar 2. KaluBheel	Difficulties due to construction works dust problem, noise problem, any other complaints	No dust and noise problem, work is being done satisfactorily and no problem is reported from current work. However dumping of waste (by Nagar Parishad) is not liked by villagers. Lack of project related information in villagers.
9	Mahadev wali, Shiv Shakti Nagar	Sewer Line 200 mm dia.	Dr. K. L. Gurjar (resident) Dr. Rameshwar Sharma (resident) Madhu Sharma (Corporator)	Difficulties due to construction works dust problem, noise problem, any other complaints	No dust and noise problem, work is being done satisfactory and no problem is reported from current work. Project related information is not provided in the area however, street wise information is

S.No.	Date and place of consultation	Works being executed at/near site	Persons consulted	Topics discussed during consultation	Outcome of consultation

Annexure 11: Orientation program with Project Contractor and PIUs

Orientation program with Project Contractor and PIUs was held and safeguard issues were deliberated in detail in both Pali and Tonk town.

Topic	Issues	Action
1. Environmental Safeguard	1.1. Introduction of ADB's Safeguard Policy Statement (SPS -2009)	
	1.2. Requirement of contractor's Safety Personnel and compliance of EMP	Contractor
	1.3. Various permission required to be obtained prior to start of construction for Tree Cutting, Road Cutting and Road Closing/diversion etc.	Contractor/PIU
	1.4. Labour Accommodation and basic facilities required for labour was discussed in detail	Contractor
	1.5. Requirement of Consent from RPCB for Crushers, Batching Plants, DG Sets etc. wherever required	Contractor
	1.6. Requirement in Construction Camps	Contractor
	1.7. Requirement for Baseline Environment Monitoring (at the earliest)	Contractor
	1.8. Updating required in IEE & EMP/ Monitoring	PMDSC Expert
	1.9. Land Issues and Hindrance Mapping	PIU/Contractor/ PMDSC
	1.10. Use of PPEs, Safety in Trench Work, road safety, Signage	Contractor
	1.11. Labour Insurance/Health Checkup of workers	Contractor
	1.12. Road Restoration	Contractor/PIU
2. Social Safeguard	2.1. Introduction to SPS 2009	PMU/ PIU /PMDSC/ CAPC/Contractor/ Line Agency
	2.2. Introduction to Agreed Resettlement Framework	
	2.3. Type of Impact envisaged and Mitigation Measures	
	2.4. Resettlement Plan and its components	
	2.5. Contractor's role in minimization of involuntary resettlement during finalization of design and during execution	
	2.6. Requirement of preparation/updating of Resettlement plan by PMDSC and requirement of contractor to intimate about final scope/alignment/change of scope and mitigation plan for congested areas including liaison with concerned department	
	2.7. Requirement of 100% Socio Economic Survey (by PMDSC) as per finalized alignment / scope	
	2.8. Informed about Gender Action Plan (GAP) requirement of ADB and role and responsibilities of the contractor	
	2.9. Grievance Redress Mechanism/Grievance Redress Committee /City Level Committee	
	2.10. Role and responsibility of Community Awareness Participation Consultant (CAPC)	
	2.11. Requirement of Coordination between contractor IPIU and PMDSC	
	2.12. Desired documentation for Safeguard Compliance.

Suprintending Egnieer, PIU, RUSDP, Tonk, Pali, Sri Ganganagar, Hanumangarh, Jhunjhunu and Bhilwara			
Team Leader Shah Technical Consultant Pvt. Ltd. Jaipur			
Subject:- Nomination of Social & Environmental Nodal officer & Coordinator of each project town for proper monitoring of ADB safeguard policy and addressing of safeguard related Grievances through Grievance Redress Mechanism.			
Reference:- Agreed Resettlement framework during Loan Negotiation-3183 IND			
<p>All PIUs are directed to issue an office order to nominate one engineer from PIU to work as Nodal officer and one support engineer from PMDSC to work as coordinator in their respective towns.</p> <p>It will be additional responsibility of Nodal officer, PIU to ensure day to day monitoring of implementation of Environmental Management and Monitoring Plan (EMMP) provisions and Resettlement Plan (RP) Provisions as per ADB Safeguard Policy & compliance in that particular town and Coordinator, PMDSC will coordinate with PMDSC Social/ Environmental Expert and NGO in safeguard implementation.</p> <p>Further it is directed that all the PIU should maintain proper separate records of safeguard related Grievances received in their town and ensure that the safeguard related Grievances received are resolved as per Grievance Redress Mechanism (GRM) prescribed in RP/RF which is summarized as under (for ready reference) with help of NGO & coordinator of city DSC engineer:-</p>			
Methodology of multi-tier GRM	Responsibility/ Action to be taken	Time Frame	Record Keeping
1st level: Grievances that are immediate and urgent in the perception of the complainant, the contractor, and supervision personnel from PIU and PMDSC on-site will provide the most easily accessible or first level of contact for quick resolution of grievances	SE/EE PIU will resolve issues in consultation with supervision personnel (ACM). Coordinator PMDSC, Nodal Officer PIU, Contractor, implementing NGO and CAPC.	PIU will resolve issues within 3 days of receipt of a complaint/ grievance.	CAPC expert will oversee the matters and prioritize / follow up the issues with PIU/Contractor. All the Nodal officers / Coordinators/CAPC Experts/Implementation NGO will record Grievances timely in the format enclosed as Annexure 1. CAPC Expert and contractor will Enter the general Grievance received (in a summarized manner) in Grievance Register (format enclosed as Annexure 2) on receipt form public forwarded to head of IPIU or Nodal officer/ coordinator or any other implementation authority for resolve in time and provide summarized information as and when required. The grievance register will be endorsed by all field agencies involved in implementation of EMMP and RP. NGO engaged for safeguard implementation will record and maintain records of Grievances received from APs and will forward the same to PMDSC / PIU Engineering staff for taking up for compliance the same with PIU/ contractor. CAPC will also oversee/register the safeguard grievances till engagement of safeguard implementing NGO.
2nd level: All grievances that cannot be	Project Officers (Environment/Social) PMU	PMU will resolve issues	Nodal officer / CAPC expert will keep records of the matter referred to PMU and
			

Methodology of multi-tier GRM	Responsibility/ Action to be taken	Time Frame	Record Keeping
redressed within 3 days at field will be referred to PMU through PO Social/Environment by nodal officer PIU and CAPC expert.	in consultation with PMU, PIU, PMDSC/CAPC and the Contractor will resolve the issued referred.	within 7 days of receipt of a complaint/ grievance	will documents the outcome of each grievance resolved in the Grievance Register.
3rd level: All the grievances that are not addressed by PMU within 7 days, will be brought to the notice of Grievance Redress Committee (GRC)	SE/EE PIU will coordinate with PO Social/ PO Environment or other official of PMU and will prepare agenda for the GRC meeting accordingly and ensure keeping the same in GRC.	The GRC will resolve the grievance within 15 days of receiving the complaint	Nodal officer, PIU/CAPC will be responsible to see through the process of redress of each grievance and document the outcomes.
4th level: Very major issues that are beyond the jurisdictional authority of the CLC or those that have the potential to cause social conflicts or environmental damage or those that remain unresolved at PMU/CLC level, will be referred to the Empowered Committee (EC).	SE/EE PIU will assist PMU officials to prepare agenda for the Empowered committee meeting.		SE/EE PIU will keep records of Empowered committee meeting and will ensure documentation of outcome.
Please note that an aggrieved person shall have access to the country's legal system at any stage, and accessing the country's legal system can run parallel to accessing the GRM and is not dependent on the negative outcome of the GRM.			

PIU nodal officer will monitor the entire process and all decisions taken by the PIU, PMU, GRC and EC and will be communicated to the APs by safeguard implementing NGO / city CAPC expert. Coordinator PMDSC will ensure communication of decisions/ status of grievances to concerned Environmental/R&R Expert of PMDSC.

All IPIUs will ensure timely issuance of order with a copy to Project Officer (Social & Environment), PMU and PMDSC experts. Further PIUs will be responsible to ensure redressal of grievances as per GRM procedures summarized above.

<p>Team Leader PMDSC, Jaipur</p>	
<p>Subject:- Engagement of 6 Nos. Additional Social safeguard Support staff in PMDSC contract for Implementation of Resettlement Plan in 6 Project Towns Namely Bhilwara, Jhunjhunu, Sri Ganganagar, Hanumangarh, Tonk, And Pali under Phase-III of RUIDP (ADB Loan No. IND-3183)</p>	
<p>Ref: ADB E-mail dated e-mail dated 19.10.2016 and 25.10.2016</p>	
<p>Dear Sir,</p>	
<p>As per e-mail dated 19.10.2016 ADB has advised RUIDP that PMDSC can take services of individual or local NGO to carry out survey of affected persons and any support required for RP Implementation. PMDSC's Resettlement expert should be responsible for supervising such individual or Local NGO. ADB will support a variation to PMDSC's contract if required. The scope of RP Implementation and Monitoring & supervision is already defined in the scope of PMDSC Social Safeguard Specialist (PMDSC SSS). Therefore to support PMDSC SSS, 6 Nos. Additional Social safeguard Support staff (One person per town for 36 MM) shall be engaged under PMDSC contract and overall 216 additional Man Months permitted for RP Implementation & income restoration activities and internal monitoring.</p>	
<p>The additional Safeguard Support staff shall work as RP implementation officer/ staff (One in each town) and shall be mobilized in each town. They will ensure implementation of approved RP as per directions of R&R Expert, PMDSC in field and will also provide all the required support/ data to the Core team at Jaipur for internal monitoring of RP implementation.</p>	
<p>The Remuneration and out of pocket expenses to 6 Nos. of additional Safeguard Support Staff shall be same as approved rate of Safeguard Support Staff in PMDSC contract agreement (In PMDSC Contract Remuneration rate for Safeguard Support Staff is Rs. 70000/- per month per person and there is no separate OPE allocated). These additional Safeguard Support shall be attend Jaipur as per direction of PMU, for Quarterly / Bi-annual internal monitoring cum hand holding training organize at PMU level.</p>	
<p>The CVs of additional Safeguard Support staff to be engaged for RP implementation shall be approved as per laid down procedure of support engineer, in consultation/ interaction with CV examination committee of PMU. The required Qualifications & Experience for additional Safeguard Support staff for RP implementation shall be as below;</p>	
<ul style="list-style-type: none"> • Post Graduate degree in any of the social science such as Sociology, Social Anthropology, Human Resource Development, Economics and Political Science etc. • Preferable minimum of three years experience in implementing social ADB safeguard policies 2009 or have implemented RP in Phase- II of RUIDP. • Experience in Social work of Resettlement and Rehabilitation of displaced persons. • Experience in income generation and micro-credit activities 	

The scope of work for 6 nos. of Additional Safeguard Support Staff to Work as Resettlement Plan Implementation Officer/ Staff, Schedule of activities and reporting requirement are defined and enclosed as TOR of Additional safeguard Support staff for RP Implementation. The Additional social safeguard support staff to be mobilized by the PMDSC will also Support IEC activities supporting to APs & work under CAPC and will be supervised & monitored jointly by CAPC / Social Expert PMDSC.

Please send concurrence for engagement of 6 Nos. Additional Social safeguard Support staff, for RP Implementation and please put up variation case in PMDSC contract, due to creation of Additional Social safeguard Support staff to PMU.

You are further requested to take immediate action for engagement of 2 Nos Additional safeguard Support staff for RP Implementation for Tonk & Pali Project towns where civil works already commence & RPs have already approved by ADB.

Enclosed: TOR of Additional safeguard Support staff

(Dr. Preetam B. Yashvant IAS)

Project Director, RUIDP

<p>No: F3 (201) (16)RUIDP/PMU/PH-III/ADB Social Safeguard/General/2015-16/10365 Date: 09.2016 - 3/10/2016</p>	
<p>Suprintending Egnieer, PIU, RUSDP, Tonk, Pali, Sri Ganganagar, Hanumangarh, Jhunjhunu and Bhilwara</p>	
<p>Subject:- Disbursement of Payment to displaced persons (DPs)/ project affected persons (APs) under R&R implementation under RUIDP for Phase-3 (RUSDP).</p>	
<p>Reference:- Agreed Resettlement framework during Loan Negotiation-3183 IND.</p>	
<p>In compliance of ADB Safeguard Policy, it is directed that:-</p>	
<ol style="list-style-type: none"> 1. Implementation of ADB Police and Resettlement Plan (RP) is a contractual obligation. revised RPs (Water Supply and Sewerage Work of Tonk & Pali and Bulk Water Scheme for Pali) have been submitted to ADB for approval. It is therefore directed that in case mitigation of adverse impact on potential displaced persons (DPs)/ project affected persons (APs) is not possible (even after careful planning and following the mitigation measures prescribed in the RP), disbursement of payment to Affected Persons (APs) should be done before taking up any work in project affected persons areas. Disbursement of compensation against the livelihood losses, Shifting/ Vulnerability Assistance, and escalation against delay in payment as defined in RP with respect to cut off date shall be made prior to start of any civil work in the affected areas. 2. Payment should be made directly by concerned SE PIU from State share as per PAM where \$5.78 Million allocated for resettlement cost (100% finance by Government of Rajasthan) under ADB loan No 3183-IND, by issuing sanction order in favor of DPs /APs and making ECS/NEFT transaction from bank through concerned Treasury. The sanction order should include amount, bank & branch name, bank A/C number and IFSC code number. Copy of Sanction Order/NEFT transaction advice, should be provided to DPs /APs and Social Expert of PMDSC/ RP implanting agency for information. 3. Draft RPs of all the packages already prepared by PPTA team and approved by ADB indicating the categorization of Packages (available at ADB website), hence it is mandatory to start implementation of RP, before start of any civil work especially in DPs/APs areas. For Resettlement Plan implantation following methodology should be followed by every PIU:- <ul style="list-style-type: none"> • Contractor should submit two month advance action plan to PIU of execution of civil work of the DPs /APs affected areas. • Prior intimation of contractor's work schedule (along with alignment details) should be provided by Nodal Officer PIU and Coordinator PMDSC to all the concerned agencies involved in Implementation/ Community participation. 	
<p align="center"><i>Amnash Chaur</i></p>	

- Disclosure of summary RP in vernacular language at prominent places (after approval of ADB) including public places/ offices. Disclosure of RP / Entitlement Matrix will also be done to DPs/APs (through leaflets duly approved by PIU). Advance notice of work (at least 30 days prior) should be circulated to DPs/APs.
 - ID cards should also be issued after freezing of alignment; PMDSC SSS will prepare, verify and provide the required Micro plan for necessary payments to PIU. All the compensation should be made prior to start of any civil work streetwise /stretch wise.
4. No work shall be executed in DPs/APs area prior to disbursement of necessary compensation as per RP/ Micro plan. Necessary instruction should be issued by PIU to concerned Contractor for necessary compliance of ADB policy
- ADB missions will visit all towns and it is the responsibility of PIU to ensure that payment to DP/AP is made timely so that these types of issues are not encountered during visits.

Annexure 16: Meeting minutes of City Level Committee, Hanumangarh on dated 01.07.2016

 <p>फोन : 91 141 2721966 ई मेल : mail.ruidp@rajasthan.gov.in</p>	<p>राजस्थान सरकार कार्यालय परियोजना निदेशक राजस्थान शहरी आधारभूत विकास परियोजना(आरयूआईडीपी) ए.वी.एस. बिल्डिंग, जवाहर सर्किल, जे.एल.एन. मार्ग, जयपुर</p>	<p>फैक्स : 91 141 27219 वेबसाइट : www.ruidp.rajasthan.gov.in</p>
क्रमांक:- 6216-32		दिनांक:- 12-07-2016
—बैठक कार्यवाही विवरण—		
<p>राज्य सरकार के आदेश क्रमांक एफ.6(45)ए.आर./Gr.-3/99 दिनांक 13.09.2013 की अनुपालना में हनुमानगढ़ शहर में आरयूआईडीपी फेज-III के कार्यों की विस्तृत जानकारी देने, विचार विमर्श करने व सुझाव आमन्त्रण हेतु श्रीमान जिला कलेक्टर महोदय की अध्यक्षता में दिनांक 01.07.2016 को सिटी लेवल कमेटी की समीक्षा बैठक आयोजित की गई जिसमें उपस्थित जन प्रतिनिधियों व अधिकारियों का विवरण अनुच्छेद 'अ' पर संलग्न है।</p> <p>सर्वप्रथम पीएमडीएससी, कन्सलटेन्ट, आरयूआईडीपी, जयपुर द्वारा हनुमानगढ़ शहर में जन स्वास्थ्य अभियांत्रिकी विभाग द्वारा संचालित पेयजल योजना व यूआईडीएसएसएमटी के तहत सीवरेज क्षेत्र में किए गये कार्यों की वर्तमान स्थिति के बारे में प्रस्तुतीकरण (प्रेजेंटेशन) के माध्यम से बताया गया। हनुमानगढ़ शहर जिला मुख्यालय है जो कि राजस्थान के उत्तर-पश्चिमी क्षेत्र में स्थिति है। हनुमानगढ़ शहर दो आबादियों में बसा हुआ है एक आबादी जो कि उत्तर की ओर है हनुमानगढ़ जंक्शन है व दूसरी ओर दक्षिण दिशा में हनुमानगढ़ टाऊन है। दोनों आबादियों के बीच में बरसाती नदी घग्घर नदी का बहाव क्षेत्र है। जयपुर से हनुमानगढ़ की दूरी 400 किलोमीटर है तथा निकट के शहर गंगानगर से 85 किमी. व बीकानेर से 240 किमी. दूरी पर है। हनुमानगढ़ जिले के साथ हरियाणा व पंजाब की सीमाएं सटी हुई हैं। इस जिले अधिकांश भूमि समतल व रेतीली है। जिले में भाखरा प्रणाली व आईजीएनपी प्रणाली की सिंचाई सुविधा उपलब्ध है। जिले का मुख्य व्यवसाय खेती है तथा शहर में कपास व चावल से संबंधित औद्योगिक इकाईयां स्थापित हैं।</p>		
अ. जल प्रदाय योजना शहर हनुमानगढ़ :-		
<p>वर्तमान में हनुमानगढ़ शहर की जलप्रदाय योजना का मुख्य हैडवर्क्स हनुमानगढ़ जंक्शन में भाखड़ा नहर प्रणाली की सादुल ब्रांच के नजदीक बना हुआ है। यह नहर योजना का मुख्य जल स्रोत है। नहर से जल योजना हेतु 8 ब्यूसेक का आऊटलेट स्थापित है। राधाटर हैडवर्क्स पर निर्मित चार सवाटर भण्डारण जलाशयों, जिनकी कुल क्षमता 147 एमएल है, में जल भण्डारण किया जाता है। हैडवर्क्स पर 2 जल शोधन संयंत्र (आरजीएफ) निर्मित हैं जिनकी क्षमता क्रमशः 7.59 एमएलडी व 4.54 एमएलडी है। जल शोधन संयंत्र से प्राप्त स्वच्छ व उपचारित जल को स्वच्छ जलाशयों में एकत्रित कर जंक्शन क्षेत्र में 5 उच्च जलाशयों व</p>		

कुछ क्षेत्र को सीधे ही पम्पिंग के माध्यम से 5 जोन में प्रतिदिन 1 से $1\frac{1}{2}$ घंटे तक उपभोक्ताओं को पेयजल उपलब्ध करवाया जाता है।

टाऊन क्षेत्र हेतु मुख्य हैडवर्क्स से 600 एमएम व 500एमएम व्यास की 6500 मीटर डीआईके-7 पाईप लाईन डली हुई है जिसमें स्वच्छ जल बूस्टिंग कर बरकत नगर में स्थित पम्पिंग स्टेशन में उपलब्ध करवाया जाता है। इस पम्पिंग स्टेशन से हनुमानगढ़ टाऊन के 3 जोनों में 3 उच्च जलाशयों के माध्यम से प्रतिदिन 1 से $1\frac{1}{2}$ घंटे तक उपभोक्ताओं को पेयजल उपलब्ध करवाया जाता है। जलप्रदाय योजना पर एसी व पीवीसी की विभिन्न साइज की वितरण की पाईप लाईनों की कुल लम्बाई 161 किमी है। योजना पर कुल जल उत्पादन 12.13 एमएलडी है तथा शहर में पेयजल उपलब्धता का सेवा स्तर 83 एलपीसीडी है। रा बाटर जल भण्डारण क्षमता 6 से 7 दिवस की ही उपलब्ध है।

अतः पेयजल क्षेत्र में पेयजल सेवा स्तर मापदण्डों के अनुसार 135 एलपीसीडी तक बढ़ाने, समस्त जल उपभोक्ताओं को प्रतिदिन पर्याप्त दबाव से लगातार पेयजल उपलब्ध करवाने व वर्तमान में पेयजल वितरण में 40 से 45 प्रतिशत छीजत को घटा कर डीएमए (डिस्ट्रिक्ट मीटरड ऐरिया) में अधिकतम 7 प्रतिशत तक करने के लिए आरयूआईडीपी द्वारा कंसलटेंट (पीएमडीएससी) के माध्यम से विस्तार जल प्रदाय योजना हनुमानगढ़ की डीपीआर बनाई गई है (जिसका इन्टरमिडियेट डिजाइन वर्ष 2031 व अल्टीमेट डिजाइन वर्ष 2046 है) में प्रस्तावित मुख्य कार्यों का विवरण निम्नानुसार है:-

1. आऊटलेट की क्षमता बढ़ाना - 51.179 एमएलडी की वर्ष 2046 की मांग हेतु।
2. इनलेट चैनल क्षमता - 51.179 एमएलडी की वर्ष 2046 की मांग हेतु।
3. नए दो रॉ बाटर जल भण्डारण जलाशय- क्षमता 758 एमएलडी वर्ष 2031 तक की मांग लिये 21 दिनों तक पर्याप्त।
4. नया फिल्टर (आरजीएफ)- क्षमता 34 एमएलडी वर्ष 2031 तक की मांग
5. राईजिंग मैन - (150 एमएम से 400 एमएम तक डीआईके- 9)- 14.51 किमी. (वर्ष 2046 तक के लिए)
6. स्वच्छ जलाशय - कुल क्षमता 7 एमएल चारों पम्पिंग स्टेशन पर वर्ष 2031 तक की मांग के लिये।
7. वितरण पाईप लाईन -एचडीपीई 75 एमएम से 355 एमएम व्यास - 493 किमी. (वर्ष 2046)
8. हाऊस सर्विस कनेक्शन- 31,000 जल संबंध।

पेयजल वितरण व्यवस्था हेतु मुख्य हैडवर्क्स के अतिरिक्त 3 अन्य पम्पिंग स्टेशन प्रस्तावित किये गये हैं जिनमें से दो खुंजा, सैक्टर 12 जो कि जंक्शन क्षेत्र में है व एक बरकत कॉलोनी, हनुमानगढ़ टाऊन में है जो कि पूर्व से संधारण में है। नगर परिषद् क्षेत्र हनुमानगढ़ के अन्तर्गत पूरे आबाद क्षेत्र के लिये नई जल वितरण पाईप लाइन को बिछाकर जोड़ने का प्रावधान लिया गया है। वितरण के लिये पूर्व में निर्मित 8 उच्च

21

2

जलाशयों में से 5 उच्च जलाशयों का आवश्यक मरम्मत व नवीनीकरण के पश्चात् संचालन में लिया जाना प्रस्तावित किया गया है। शेष 3 उच्च जलाशयों को जन स्वास्थ्य अभियांत्रिकी विभाग द्वारा नाकाश घोषित करने की कार्यवाही की जा रही है। पांच जलाशयों से लाभान्वित क्षेत्र के अलावा अन्य क्षेत्रों में पेयजल हेतु पम्पिंग स्टेशन से पम्पिंग के माध्यम से लगातार व पर्याप्त दबाव से जल वितरण व्यवस्था का प्रस्ताव लिया गया है तथा डीएमए (डिस्ट्रिक्ट मीटरर्ड ऐरिया) में अधिकतम छीजत 7 प्रतिशत की सुनिश्चितता प्रस्तावित की गई है। वाटर सप्लाई का पूरा तंत्र 'स्काल्डा' के तहत संचालित, नियंत्रित व संधारित किया जाना प्रस्तावित है।

प्रस्तावित जल प्रदाय हनुमानगढ़ की अनुमानित लागत रु. 98.00 करोड़ है।

जन प्रतिनिधियों/अन्य विभागों के अधिकारियों द्वारा दिये गए सुझाव :-

1. श्री हिसारिया, अध्यक्ष, नगर परिषद् हनुमानगढ़ ने सुझाव दिया कि वर्तमान में डली हुई जल वितरण की समस्त पाईप लाइनों का चिन्हीकरण कर सही पाई गई पेयजल पाईप लाइनों को छोड़कर अन्य सभी खराब पाईप लाइनों को बदला जाए।
इस संबंध में आरयूआईडीपी द्वारा अवगत करवाया गया कि प्रस्ताव में शहर में अधिकतम एसी एवं पीपीसी/यूपीपीसी जल वितरण पाईप लाईन है अतः समस्त जल योजना क्षेत्र में नई एचडीपीई पाईप लाइनों का प्रावधान लिया गया है।
2. श्री हिसारिया, अध्यक्ष, नगर परिषद् हनुमानगढ़ ने सुझाव दिया कि कार्य के दौरान पाईप लाइनों को बिछाने के कारण क्षतिग्रस्त सड़कों को सही मापदण्डों से रिपेयर करवाये जाने का प्रावधान रखा जाये।
इस संबंध में आरयूआईडीपी द्वारा यह आश्वस्त किया गया कि प्रस्ताव में पाईप लाइनों के बिछाने के कारण क्षतिग्रस्त सड़कों के रेस्टोरेशन का कार्य नये मापदण्डों के अनुसार लिया गया है तथा सदस्यों को नये मापदण्डों को विस्तृत रूप से अवगत कराया गया।
3. श्री हिसारिया, अध्यक्ष, नगर परिषद् हनुमानगढ़ ने सुझाव दिया कि परियोजना में लिये गये 31,000 घरेलु जल संबंध अत्यन्त कम है क्योंकि वर्तमान में 29,000 जल संबंध स्थापित है, अतः परियोजना में न्यूनतम 40,000 जल संबंध प्रस्तावित किए जाने चाहिए।
इस संबंध में आरयूआईडीपी द्वारा न्यूनतम 40,000 जल संबंध प्रस्तावित करने का प्रावधान हेतु आश्वस्त किया गया है।
4. उपाध्यक्ष, नगर परिषद् द्वारा जंक्शन क्षेत्र गांधीनगर में उच्च जलाशय बना कर जल वितरण व्यवस्था हेतु मांग रखी गई जिस पर आरयूआईडीपी द्वारा बताया गया कि इस संबंध में तकनीकी जांच कर तदनुसार निर्णय लेने की कार्यवाही की जावेगी।
5. श्री हिसारिया, अध्यक्ष, नगर परिषद् हनुमानगढ़ द्वारा जल संबंध लेने की औपचारिकताओं में आ रही कठिनाईयों के संबंध में विस्तृत चर्चा की गई तथा इस संबंध में यह निर्णय लिया गया कि जल संबंध को जारी करने की पोलिसी(नीति) सरकार व विभाग स्तर की है। इस हेतु आरयूआईडीपी द्वारा प्रस्ताव सक्षम स्तर पर अनुमोदन हेतु प्रस्तुत किया जायेगा।

सिवरेज मैनेजमेंट क्षेत्र :-

हनुमानगढ़ शहर में यूआईडीएसएसएमटी के अन्तर्गत सिवरेज पाईप लाइनों से वार्ड नं. 3, 6, 8, 40, 41 और 43 को पूर्ण रूप से सीवर पाईप लाईन से जोड़ा गया तथा कुल 23 वार्डों में कुछ हिस्सों में पाईप लाईन डाली गई तथा जंक्शन व टाऊन में 2-2 पम्पिंग स्टेशन निर्मित किए गए व एक सीवरेज ट्रीटमेंट प्लांट हनुमानगढ़ जंक्शन क्षमता 7.50 एमएलडी, WSP Technology बना कर चालू

८२

किया गया तथा दूसरे टाऊन में 5.00 एमएलडी को जो कि निर्माणाधीन है व लगभग 35 प्रतिशत पूर्ण हो चुका है व SBR Technology पर आधारित है। कुल सीवररेज पाईप लाईन लगभग 143 किमी डाली गई।

प्रस्तावित कार्यों का विवरण :-

1. आरयूआईडीपी के तृतीय चरण में वार्ड संख्या 9, 12, 13, 14, व 20 को पूर्णतया व 16 वार्डों में कुछ हिस्सों में सीवर की पाईप लाईन डाली जानी प्रस्तावित है। एक पम्पिंग स्टेशन क्षमता 6.04 एमएलडी जंक्शन एरिया के गुरुनानक नगर के सामने प्रस्तावित है तथा सीवर की कुल पाईप लाईन 112 किमी डाली जाना प्रस्तावित है।
2. 2 एमएलडी क्षमता का सीवररेज प्लांट जंक्शन में नई जगह इंडस्ट्रीज एरिया में व 2 एमएलडी क्षमता का सीवररेज प्लांट टाऊन में वर्तमान में निर्माणाधीन 5 एमएलडी एसटीपी की भूमि में ही बनाना प्रस्तावित है। इसके साथ ही, 7.50 एमएलडी एसटीपी जो कि पुरानी प्रणाली के अंतर्गत संधारित है को अपग्रेडेशन किया जाना प्रस्तावित है।

इस सीवररेज परियोजना की कुल लागत राशी रु 76.00 करोड़ अनुमानित है,

इन दोनों क्षेत्रों की परियोजनाओं का निर्माण कार्य एक ही कार्यादेश के माध्यम से करवाया जाना प्रस्तावित है ताकि सभी क्षेत्रों का कार्य चरण बद्धरूप से तथा सीवर वद्य जल प्रदाय योजना की पाईप लाईन एक गली में डालने के पश्चात तथा क्षतिग्रस्त सड़क के पुर्ननिर्माण के बाद ही दूसरी गली का कार्य प्रारम्भ करें जैसे प्रावधान लिए गए हैं। ताकि आमजन को कम से कम समय के लिए न्यूनतम असुविधा हो। कार्य प्रारम्भ होने के पश्चात् 30 माह में पूर्ण कर योजना के संधारण हेतु 10 वर्ष का समय निविदा प्रपत्र में रखा जाना प्रस्तावित है।

सीवररेज योजना में जन प्रतिनिधियों/अधिकारियों के सुझाव :-

1. श्री हिंसारिया अध्यक्ष, नगर परिषद् हनुमानगढ़ ने सुझाव दिया कि सीवर कार्य के दौरान बिछाई गई सीवर लाईनो के कारण क्षतिग्रस्त सड़कों को सही किया जावे तथा एक लेन में सीवर का कार्य रोड रेस्टोरेशन सहित पूर्ण करने के पश्चात् ही दूसरी लेन में कार्य प्रस्तावित किया जावे इस संबंध में आरयूआईडीपी द्वारा यह आश्वस्त किया गया कि एक लेन में सीवर लाईन डालने के पश्चात् व सड़क के रेस्टोरेशन किये जाने के पश्चात् ही दूसरा कार्य प्रारम्भ करने का प्रस्ताव लिया गया है जिससे जनता को कार्य के दौरान कम से कम अवधि के लिए न्यूनतम असुविधा रहे।
2. नगर परिषद् अध्यक्ष द्वारा परियोजना में शेष रहे वार्ड 42, 44, 45, जोन 2ए, जोन 5ई, 5डी गांधीनगर क्षेत्र व जोन 1ए के कुछ भाग हनुमानगढ़ टाऊन में वार्ड संख्या 6, 23 24, 25, 34, 35, 36 तथा जोन 2ए व जोन 1ए को सीवररेज योजना से लाभान्वित करने हेतु आग्रह किया गया। इस पर आरयूआईडीपी द्वारा पुनः तकनीकी व उपलब्ध बजट के मध्य नजर उचित कार्यवाही करने हेतु निर्णय लिया गया।
3. नगर परिषद्, हनुमानगढ़ द्वारा फंड तृतीय के तहत हनुमानगढ़ जंक्शन में पुर्व में निर्मित 7.5 एम. एल.डी. का एस.टी.पी. जो कि डब्ल्यू.एस.पी. तकनीक पर आधारित है को अपग्रेड करने का सुझाव

42

4

दिया। आरयूआईडीपी द्वारा अवगत कराया गया कि इस STP को अपग्रेड करने का प्रस्ताव लिया गया है जिसमें 100 BOD के सीवरेज वाटर को 10 BOD करने या इससे भी कम करने का प्रावधान लिया गया है। दोनों प्रस्तावित एसटीपी के पास 2 एम.एल.डी. का एक भण्डारण (उच्च जलाशय) बनाने की योजना ली गई है। बैठक में इस पर चर्चा की गई तथा जन प्रतिनिधियों द्वारा जवर्शन क्षेत्र के एसटीपी पर भण्डारण को 2 एम.एल.डी. के स्थान पर 3 एम.एल.डी. करने हेतु आग्रह किया गया जिस पर आरयूआईडीपी द्वारा सहमति दी गई।

4. श्रीमान जिला कलेक्टर महोदय द्वारा पूर्व की सीवरेज की समस्याओं को विनियत करते हुए इस फेज में जेटिंग मशीन का प्रावधान लेने हेतु निर्देश दिये गये।
5. आरयूआईडीपी द्वारा अवगत कराया गया कि सीवरेज कार्य का निर्धारण स्वीकृत राशि की सीमा को देखते हुए किया गया है। जन प्रतिनिधियों के सुझाव के अनुसार बताए गये क्षेत्र को सीवरेज योजना में शामिल करने पर अतिरिक्त राशि (लगभग रुपये 25 से 30 करोड़) की व्यवस्था जिला प्रशासन/नगर परिषद स्तर पर अमूल योजना या अन्य किसी योजना से किये जाने पर विचार कर निर्णय से आरयूआईडीपी को अवगत कराया जाना उचित रहेगा।

अन्त में जिला कलेक्टर महोदय ने सभी अधिकारियों को समन्वय रखकर योजना के कार्य को सुचारु रूप से करने के निर्देश प्रदान किये गये तथा मुख्य अभियन्ता द्वारा सभी का धन्यवाद व्यक्त करते हुए मिति का समापन किया गया।

Transcript of Directions issued by CLC Meeting:-

Scope of RUIDP works was deliberated in the meeting and suggestions from all the members were received. All the departments were directed to work in cooperation for smooth execution of RUIDP works.

अनुच्छेद- 'अ'

श्रीमान जिला कलेक्टर महोदय, हनुमानगढ़ की अध्यक्षता में दिनांक 01.07.2016 को सिटी लेवल कमेटी की समीक्षा बैठक में उपस्थित जन प्रतिनिधियों व अधिकारियों का विवरण : -

क्र० सं०	नाम अधिकारी	पदनाम
1	श्रीमान ज्ञानाराम	जिला कलेक्टर, हनुमानगढ़
2	श्री राजकुमार हिसारिया	अध्यक्ष, नगर परिषद, हनुमानगढ़
3	नगीना बाई	उपाध्यक्ष, नगर परिषद, हनुमानगढ़
4	श्री बने सिंह	मुख्य अभियन्ता (वाटर सप्लाई), आरयूआईडीपी, जयपुर
5	श्री प्रवीण आकोदिया	अधीक्षण अभियन्ता (वाटर सप्लाई), आरयूआईडीपी, जयपुर
6	श्री डी.आर.जागिड	अधीक्षण अभियन्ता (वेस्ट वाटर), आरयूआईडीपी, जयपुर
7	श्री दलीप कुमार गौड	अधीक्षण अभियन्ता, आरयूआईडीपी, हनुमानगढ़
8	श्री अमर चन्द गहलोत	अधीक्षण अभियन्ता, जन स्वा. अभि० विभाग, वृत्त हनुमानगढ़
9	श्री ओमवीर सिंह	मेनेजर रिडकोर, हनुमानगढ़
10	श्री सुभास बंसल	सहायक अभियन्ता, नगर परिषद, हनुमानगढ़ जक्शन
11	श्री राजेन्द्र स्वामी	सहायक अभियन्ता, नगर परिषद, हनुमानगढ़ टाउन
12	श्री महेन्द्र नाथ	एस.एस.ई. उत्तर पश्चिम रेल्वे, हनुमानगढ़
13	श्री एम.पी.जाखड	अधिशायी अभियन्ता, सार्वजनिक निर्माण विभाग, हनुमानगढ़
14	श्री वी.एस. राजपुरोहित	अधिशायी अभियन्ता, सार्वजनिक निर्माण विभाग, हनुमानगढ़
15	श्री कुरदा राम	अधिशायी अभियन्ता, डब्ल्यू.आर.डी., हनुमानगढ़
17	श्री डी.पी. चाहर	सहायक अभियन्ता, जन स्वा. अभि० विभाग हनुमानगढ़
17	श्री सुरेश विश्णोई	सूचना एवं जन सम्पर्क अधिकारी, हनुमानगढ़
18	श्री ऐ.के. शर्मा	अधिशायी अभियन्ता, जोधपुर विद्युत वितरण निगम लि०, हनुमानगढ़
19	श्री एम०एम० पण्डित	डी.टी.एल. पीएमडीएससी, आरयूआईडीपी जयपुर
20	श्री आर. राजशेखर	पीएमडीएससी, आरयूआईडीपी जयपुर
21	श्री आलोक भार्गव	पीएमडीएससी, आरयूआईडीपी जयपुर

Annexure 17: Confirmation letter of DPs to commenced the works in their areas in non-working day

समान: भौजिया रोड

L&T द्वारा पानी की पाइप लाइन
जब शुरु किया गया उस समय
मेरी दुकान बंद थी। पूर्व में
भी हमें सम्पर्क किया गया
था, जिसमें हमने अकात
कराया था कि महीने के
एक दिन में दुकान बंद
रखता हूँ। लेकिन ध्यान में
रखते काम किया गया और
मेरी व्यस्तता पर किसी
तरह की व्याख्यान नहीं आई।

पिंटू मिश्रा
पारस मल सैन

Water Pipe line work of L&T was executed near our shops. We were consulted and informed about the proposed work. As suggested by us the work has been executed on the weekly off hence no impact was sustained by us.

Sajid (Pintu Mistri) &
Paras Mal Sain

Annexure 18: Brainstorming Session at PMU on dated (24th & 25th October, 2016)**RAJASTHAN URBAN INFRASTRUCTURE DEVELOPMENT PROJECT
Brainstorming Session on Project Related Issues****PROGRAM REPORT**

A Brainstorming session on Project Related Issues was held in Conference Hall of RUIDP, Jaipur on **24th & 25th October**, 2016. The broad objective of the workshop was to bring clarity on Environmental and Social Safeguard Implementation and Document requirements and chalk out those issues which need further debate and discussions. The participants included SEs, EEs, AEns, JEns from PMU and PIUs of Phase III. (list enclosed).

Program Objectives: - The program aimed to make the participants aware of the Bid Document Provisions and Safeguard Policy Statement (SPS).

Main points discussed on social and environment safeguard related issues:-

1. Conditions of Approval of Revised RP by ADB for Phase III – Way Forward
2. Importance of consultation and ADB Disclosure Policy
3. GRM
4. Steps in case unforeseen impacts are identified
5. Role of contractor with respect of DBO Contract
6. Documentation requirement for ADB funded Project
7. EHS Requirements under ADB Project
8. Gender Issues

The session ended with a vote of thanks.

Rajasthan Urban Infrastructure Development Project (RUIDP)

Brainstorming Session on "Project Related Issues"
