

India: Preparing the Rajasthan Secondary Towns Development Investment Program

Project Name	Preparing the Rajasthan Secondary Towns Development Investment Program	
Project Number	42267-027	
Country	India	
Project Status	Approved	
Project Type / Modality of Assistance	Technical Assistance	
Source of Funding / Amount	TA 9339-IND: Preparing the Rajasthan Secondary Towns Development Investment Program Technical Assistance Special Fund US\$ 1.30 million	
Strategic Agendas	Environmentally sustainable growth Inclusive economic growth	
Drivers of Change	Governance and capacity development Knowledge solutions Partnerships	
Sector / Subsector	Water and other urban infrastructure and services - Urban sewerage - Urban water supply	
Gender Equity and Mainstreaming	Effective gender mainstreaming	
Description	The transaction technical assistance (TRTA) will help the GOR prepare the proposed investment program. The TRTA will carry out due diligence on technical, economic, financial, governance, safeguards, gender, poverty, social, natural hazard and climate resilience aspects for the ensuing investment program. The TRTA will enhance project readiness by assisting the GOR in undertaking advance actions, including identification of lands for project facilities. The GOR has taken advance actions of preparing detailed project reports (DPRs) and bidding documents for the subprojects under the RSTDIP. The TRTA will assist in the preparation of a sector assessment, road maps, and investment plan, and a pre-feasibility study for future projects.	
Project Rationale and Linkage to Country/Regional Strategy	Assisting the target secondary towns along the capital city, Jaipur, is an integral part of investment program preparation, without which the program implementation may face significant start-up delays. The TRTA is synchronized to maximize knowledge transfer and suggest the ways to suitably coordinate with ongoing and other proposed projects in water and wastewater sectors in Rajasthan.
