#### **ES4: Reasons for delay in payments**

6. The following reasons have been identified for delay in land and non-land payments:

- **Land compensation** - 1,566 are un-paid DPs due to following reasons and list of un-paid DPs is presented in Annex 3.1.
  - **Meager Amount of Compensation:** 1,022 DPs have compensation amount less than the cost of opening the bank accounts. These are termed as DPs with meager amount of compensation. In this context, an action plan is proposed..
  - **DPs Untraceable at Given Addresses:** 478 DPs are found not living in the project area. NHA made all possible efforts to contact the missing DPs but remained unable to find those DPs. However, NHA continues to try to find out the missing DPs through meetings with other DPs and field level officials of revenue department.
  - **Land Ownership Disputes:** Another 58 DPs have issues related to land ownership/ title issues and can not be paid unless the land transferred to their names.
  - **Land Litigation:** 6 DPs are contesting in the court for compensation enhancement. They will be compensated as per court decision. However, the hearings are under process.
  - Others 2 DPs have their crops on Government land and payment to these DPs is under process;
- **Non-land payments** –1,263 un-paid DPs
  - 1,263 un-paid DPs include 1,136 DPs of crop compensation, 125 DPs of trees compensation and 2 DPs of structures (Annex 3.2 and 3.3);
- **Allowances/ Livelihood Restoration** - 2 un-paid DPs
  - 2 un-paid DPs (2 have their structures allowances).

#### **ES5: Good Faith Efforts made to Ensure 100% Payments**

7. NHA agreed to make full payments to all the DPs and has made good faith efforts, which include the following:

- The DPs who were not available, NHA issued public notices to receive their payments. Copy of a public notice is given in Annex 4.6.
- Unpaid compensation amount/ funds have been put in project account and DPs with their whereabouts unknown informed through a local (the daily newspaper “*Shamal*” to come and receive their compensation). A copy of notice published in newspaper is given in Annex 4.2.
- Consultative process with DPs continued to ensure that payments to be made as and when the DPs come forward to claim the payments;
- Information regarding early collection of compensation was also displayed through “*Banners*” at prominent places in all concerned villages. A photograph of displayed Banner in different villages (Annex 4.3).

- Information disclosure was completed by disclosing the LARP related information to all DPs. A copy of information brochure is given in Annex 4.1
- Project management (PIU) has planned to make “cash payment” at site to DPs who have meager amounts of compensation/ allowances. In this context, an approval has already been accorded from competent authority of NHA (Annex 4.5).

## ES6: Conclusions

8. The report confirms that the LARP implementation including cash compensation for land & non-land impacts and allowances covering vulnerability and livelihood restoration and rehabilitation aspects is going smoothly at advance stage of completion. A continuous monitoring is required to ensure the implementation of LARP and any implementation issue could be timely addressed.

9. **Substantial progress on land and nonland compensation:** The above progress reflects that 95.44% compensation of land and 95.25% of non-land items has been provided to 2,231 DPs (58.76%) and 1,303 DPs (50.78%) respectively. This second quarterly EM report of package-I reveals that on the whole, 371 DPs have received their payment belonging to different categories of impacts during the Quarter (Jan – Mar, 2015). Out of which, 166 DPs have received their payments of land compensation, while 174 DPs and 31 DPs have received their non-land payments (crops & trees) and allowances/ livelihood restoration respectively.

10. The number of DPs by category of impact who received payment during the quarter (Jan. - Mar., 2015) is depicted in table below.

**No. of DPs received payment of compensation during the Quarter (Jan – Mar 2015)**

Impact Category	No of DPs received Payment during the Quarter
A) Land compensation	166
→ Payment of meager amounts	12
→ Payment to not traceable DPs	91
→ Title issues regarding land ownership	57
→ Court cases – enhancement of price of land	-
→ Payment of underprocess cases	-
→ Others – calculations errors by revenue authority	6
B) Non-land payments	174
→ Payment of crops	152
→ Payment of trees compensation	20
→ Payment of structures	2
C) Allowances/ livelihood restoration	31
<b>Total</b>	<b>371*</b>

\* Total includes DPs having more than one payment (i.e. land, crops, tree & allowances).

11. The compensation disbursement process is ongoing with all payable amounts (land, non-land items and allowances) available with NHA and Government treasury for payments to the DPs. Efforts are being continuously made by NHA to complete the payment of, a) remaining 1566 DPs of land, b) 1263 DPs of non-land and c) allowances of 2 DPs. This progress will be validated by the EMA through semi-annual reports.

12. **Rehabilitation Assistance and Livelihood Restoration Allowances:** The progress reflects that out of 141 DPs, compensation of allowances/ livelihood restoration has been paid to 139 DPs, while the payment of allowances to remaining 2 DPs are under process.

13. It is confirmed that NHA has made all necessary good faith efforts to make 100% disbursement of compensation to the DPs. It is also indicated that land has been transferred (mutated) to NHA; however, the clearance of right of way is in process.

14. For the minor ongoing payments, the construction work will progress as the payments completed and this will require validation by EMA.

### ES7: Recommendations

15. Keeping in view the implementation status of LARP of Package-I, the recommendations forwarded are as below:

- i) NHA efforts must continue and monitored till all DPs are fully compensated<sup>6</sup> to comply with Principle 11 of SPS 2009.
- ii) The PIU's resettlement and social mobilization capacity will be adequate enough for efficient implementation of LARP after mobilization of social safeguard and management consultants.
- iii) The grievance redress committee has been notified but this needs to be effectively functional to resolve community complaints/ issues both at field and project level. There is a need to maintain a community complaint management register (CCMR), so that timely redress of community complaints could be ensured. In this context, a sample template for maintaining a community complaint register is as below.

#### Sample Template for record management of community complainists

Sr. No.	Identification of Complainer						Description of Complaint	Location of Issue	Action Taken	Status of Action Taken		Time Taken in case of Issue Resolved (weeks)	If issue (s) not Resolved (Give Reasons)	Give details, in case the issue was forwarded to the project office	Remarks
	Date	Name of Complainer	Father's Name	Address	NIC #	Occupation				Issues Resolved	Not Resolved

2

.															
n															

- iv) The study has shown that the training plays a vital role in the capacity building of officials/ staff involved in the implementation of LARP. It can be suggested that job specific trainings for the implementation of LARP (s) is required to ensure social safeguards compliance in accordance with ADB SPS 2009.
- v) The compensation disbursement process is ongoing with all payable amounts (land, non-land items and allowances) available with NHA and Government treasury for payments to the DPs. The proposed action plan for the implementation of LARP has been prepared and presented in Table ES-B.

<sup>6</sup>Pay compensation and provide other resettlement entitlements before physical or economic displacement. Implement the resettlement plan under close supervision throughout project implementation.

- vi) Total length of package I road is 20.3 km. All types of payments payable to the DPs as per LARP have been completed in different subsections totaling about 18.7 kms. Out of which 17.300 km have already been cleared for construction activities as per first External Monitoring report, while the RoW of another 1.350 km is cleared for construction work as per this second external monitoring report. However, the construction activities will remain on hold in the specified reaches (as identified in table below and in part B of linear map at Annex-A) totaling of 1.650 km untill the payments are fully made and are validated. The payments in these subsections are in process; although the progress is slow due to the reasons of meager amount of compensation awaiting opening of bank accounts by DPs and some DPs not available at their given addresses, land ownership disputes, inheritance and compensation apportionment cases.

## Hassanabdal – Havelian Expressway Project (E-35)

### IMPLEMENTATION OF LARP PACKAGE-I

#### External Monitoring Report

(Jan – Mar, 2015)

## 1. INTRODUCTION

### 1.1 Background

1. National Highway Authority (NHA) is currently implementing the two major road sector projects that include National Highway Development Sector Investment Program (NHDSIP) and National Trade Corridor Highway Improvement Program (NTCHIP) with the financial assistance of Asian Development Bank through Multi-Tranche Financing facilities MFF-I and MFF-II. These sub-projects are subject to the social safeguard policy of ADB. The National Highway Authority (NHA) under the financial assistance of Asian Development Bank (ADB) is implementing E-35 (Expressway).

2. ADB Safeguards Policy Statement (2009) requires preparation and implementation of “Land Acquisition and Resettlement Plans (LARP)”. Monitoring is an integral part of resettlement process that entails the monitoring of LARP implementation and discloses monitoring reports.

3. This Second External Monitoring Report (EMR) presents the status of implementation of Land Acquisition and Resettlement Plan (LARP) of package I of Hassanabdal – Havelian Expressway Project (ADB Loan No. 3121: Pak NTCHIP Tranche 2), as validated in the field up to 31 March 2015. The package-I covers a road distance of 20+300 km starting from the chainage 0+000 to 20+300 (i.e., 0+000 to 007+000 – Punjab; and 7+000 to 20+300 – Khyber Pakhtunkhwa-KPK).

### 1.2 Project Description

4. The Government of Pakistan (GoP) is concentrating on the development of road infrastructure and its major emphasis is on the construction of new motorways/ expressways and improvement of the efficiency of existing roads from single to dual carriageways. The construction of Hassanabdal to Havelian Expressway (E-35) is an effort towards this objective.

5. The E-35 Project is divided into two phases. Phase-I consists of road portion from Hassanabdal to Havelian and Phase-II includes road portion from Havelian to Mansehra. The length of Phase-I is 58.6 km. The Right of Way (RoW) of the Expressway is 80 m.

#### Package-wise details are as below:

- Package –I: 000+000 - 007+000 – Punjab portion  
000+007 - 020+300 – KPK portion
- Package-II: 020+300 - 039+500 – KPK portion
- Package-III: 039+500 - 058+600 – KPK portion

6. The location map of the proposed road alignment is presented in Figure 1.1.

### 1.3 Objectives of the External Monitoring

7. Monitoring is an integral part of resettlement process that entails monitoring of preparation and implementation of Land acquisition & Resettlement Plans (LARP) and as laid down in the ADB's SPS 2009.

8. In accordance with the ToR, the objective of the external M&E is to review implementation, as well as to assess and validate the i) achievement of resettlement objectives, ii) changes in living standards and livelihood and restoration of the economic and social base of the displaced persons (DPs), iii) the effectiveness, impact and sustainability of the proposed entitlements, iv) the need for further mitigation measures (if any), v) institutional arrangements and capacity to implement resettlement, and suggest recommendations and remedial measures/ time-based corrective action plan.

9. Thus, the external monitoring will enable the project management to make timely decisions on corrective measures needed to implement resettlement effectively, and learn strategic lessons for future policy formulation and planning.

## **2. METHODOLOGY**

### **2.1 General**

10. This section of the report covers the review of status of progress regarding implementation of LARP of Package-I as of 31 March 2015, review of project related documents, data collection in field surveys consisting of interviews, consultative meetings with DPs including women, physical verification; and review of institutional arrangements for LARP implementation and redressal of community complaints. In addition to field survey, consultative meetings were also held with the project management and staff involved in the implementation of LARP of Package-I.

### **2.2 Consultative Meetings**

Meetings were also held with the Land Acquisition Collector (LAC), Deputy Director (Land) and project engineering staff involved in various LAR activities, including status of payment, reasons for non-payment, status of redressal of community complaints and training/ capacity building).

### **2.3 Review of Project Documents**

12. The project documents, including resettlement framework, land acquisition and resettlement plan; internal monitoring reports, status of LAR implementation, ADB Aide Memoire and other relevant documents were reviewed. The official letters issued and other notifications relating to the LARP implementation were reviewed and provided as annexes for ready reference. Similarly, the list of community complaints and status of their redress was also reviewed, analyzed.

Consultation details are discussed in Section 4 of this report.

### **2.5 Data Collection and Analysis**

14. Data from both PIU and field was collected, analysed and accordingly updated the results. The data collection, compilation and updation was completed during the the period of 25 Mar – 10 Apr, 2015, while it took a number of weeks for the preparation of linear map by the PIU by involving technical/ engineering staff and revenue staff. The filed survey under this report covered the status of LARP implementation of Package-I<sup>7</sup>. Thus, the report covered the status of progress of LARP implementation as of 31 Mar 2015.

15. All collected data were inputted on the computer and accordingly the data was analyzed in order to derive tables. The results were presented in the format of count, sum, means, percentage and numbers. Furthermore, in accordance with the procedures/ methods laid-down in the approved LARP, the implementation of Entitlement Matrix and other components was monitored/ verified.

#### **4. CONSULTATIVE MEETINGS**

28. The consultative meetings (3 Nos. consisting of 48 participants/ DPs) were held with DPs/ local community and the major feedback highlighted as under:

##### **4.1 Consultative Meetings with DPs**

###### **a) Concerns/ Issues**

29. 31. Generally no serious issues were highlighted by the DPs/ local community. However, some minor concerns pointed out are as below:

- Some DPs pointed out that the payments of additional awards are still not paid.
- Lost structures have been fully compensated keeping in view their entitlements.
- DPs with small amount of payments are not much interested in getting their payments.
- NHA to facilitate in the processing of claims for the revenue department
- Some more cooperation and assistance from NHA staff will be required for processing the claims of remaining payments
- Some people need access/ approach roads and passage to villagers wherever necessary along the proposed road alignment

###### Women Issues

During the consultations with women, the female enumerators' highlighted the following concerns of the local women:

- Copies of information disclosure should also be provided to the titled women.
- Income generation activities for women in the area may be explored and accordingly some training (skill enhancement) may be organized and provided to local women.
- Women routine activities should not be disturbed especially during the construction stage such as work in farm fields, school teachers' mobility, privacy concerns, local mobility etc.
- Some appropriate jobs (office job) may be provided to the local women (especially DPs households) depending upon the education/ skill, which may be a contributory factor towards the household's livelihood.

###### **b) Redress of Issues**

- NHA/ revenue staff will make the payments of additional/ new awards at the earliest possible, so that this concern of DPs should immediately addressed.
- Few cases have been entered in the court, which are relating to the price enhancement in case of land compensation. In this context, a number of hearings have been taken place.
- NHA will facilitate the DPs/ local community regarding implementation of LAR

activities and payment of compensation from revenue department and office of the Project Director.

- NHA has planned to make the payment in cash at site/ respective village as there are many payments having a meager amount especially in case of non-land impacts.

#### Women Issues

- Eligible and entitled women (if any left) will be paid in accordance with LARF & LARP.
- NHA may allocate some funds for skill enhancement training of women, so that they can be involved in income generation activities to improve their livelihood.
- Some women preferably belonging to the DPs will be employed in the project-related job particularly in office work.

## 4.2 Information Disclosure

31. The objective was to inform the DPs/ locals regarding entitled compensation and livelihood allowances and other related concerns regarding the modalities of implementation of the compensation and livelihood allowances. The Information brochure/ pamphlet (translated in local language, i.e. Urdu) have already been distributed among affected persons. The information brochure summarizing the provisions of the LARP have been given to the DPs whose land, trees, crops or other assets and incomes are affected by the proposed road project. A copy of Information Disclosure is presented in Annex 4.1.

32. In addition to above, information was also published in local newspaper that the un-paid DPs can receive their entitled compensation of land and other non-land affected items. The notices/ advertisement & banners have also been displayed in each village, so that all un-paid DPs may receive their compensation and other entitled allowances.

33. In this context, a copy of advertisement given in a local newspaper (the Daily Shamal) and a “*banner*” is presented in Annex 4.2 and 4.3 respectively.

## 4.3 Efforts made to ensure all Payments

34. NHA agreed to make full payments to all the DPs and has made good faith efforts, which include the following:

- The DPs who were not available, NHA issued public notices to receive their payments. Copy of a public notice is given in Annex 4.6.
- Unpaid compensation amount/ funds have been put in project account and DPs with their whereabouts unknown informed through a local (the daily newspaper “*Shamal*” to come and receive their compensation). A copy of notice published in newspaper is given in Annex 4.2.
- Consultative process with DPs continued to ensure that payments to be made as and when the DPs come forward to claim the payments;
- Information regarding early collection of compensation was also displayed through “*Banners*” at prominent places in all concerned villages. A photograph of displayed Banner in different villages (Annex 4.3).
- Information disclosure was completed by disclosing the LARP related information to all DPs. A copy of information brochure is given in Annex 4.1
- Project management (PIU) has planned to make “cash payment” at site to DPs who have meager amounts of compensation/ allowances. In this context, an approval has already been accorded from competent authority of NHA (Annex 4.5).

## **5. INTERNAL MONITORING REPORT**

35. In accordance with the LARP, Internal Monitoring report (IMR) has been prepared by the PIU and accordingly submitted to ADB. Internal monitoring report needs to be improved by incorporating selected monitoring indicators regarding disbursement of compensation, number of up-paid DPs; balance amount of compensation, complaints resolution and monitoring & evaluation/ MIS and status/ or need of training of staff (if any).

36. In addition, existing and proposed institutional arrangements also need to be discussed in the report, so that the gaps in institutional arrangement for LARP implementation could be bridged. In case training provided to the project staff relating to the LARP implementation needs to be described including, description of training, category of staff attended training and adequacy of training.

## **6. GRIEVANCE REDRESS MECHANISM**

37. In accordance with the LARP, the Grievance Redress Committee (GRC) has been notified (Annex 4.4) headed by the Project Director (E-35) including Director (LM&IS), LAC and AD (Land) as the members of GRC.

38. The grievances are received and reported to the members of the GRC. GRC involved DPCs in the grievance redressal process. Due to lack of required staff (GR Specialist/ MIS), the records of complaints is not fully maintained.

39. Most of the complaints received were relating to the assessment of prices by the revenue authorities. Accordingly, 12 DPs have entered their reference in the court for price enhancement and the hearings are in progress.

40. There is need to maintain a Community Complaints Management Register (CCMR) at PIU for proper record management of complaints. The information on register needs to be maintained in such a way that the status of complaints could be analyzed. Fortnightly or monthly GRC meetings are essential for review and timely redress of entered/ registered complaints.

## **7. INSTITUTIONAL ARRANGEMENTS FOR LARP IMPLEMENTATION**

41. NHA has established a Project Implementation Unit (PIU) under the General Manager E-35 at Abbotabad. The PIU is headed by a Project Director and other staff includes Deputy Director, Assistant Director (Engineering), Assistant Director (Land) and Land Acquisition Collector (LAC) with support staff.

42. The PIU is currently inadequate resettlement and social mobilization capacity for efficient implementation of LARP and proposed actions, which needs to be strengthened through, a) institutional strengthening of safeguard management, b) providing necessary job specific training regarding implementation of LARP and proposed action plan in this regard and redress of community complaints.

## 8. CONCLUSIONS AND RECOMMENDATIONS

### 8.1 Conclusions

43. The report confirms that the LARP implementation including cash compensation for land & non-land impacts and allowances covering vulnerability and livelihood restoration and rehabilitation aspects is going smoothly at advance stage of completion. A continuous monitoring is required to ensure the implementation of LARP and any implementation issue could be timely addressed.

44. **Substantial progress on land and nonland compensation:** The above progress reflects that 95.44% compensation of land and 95.25% of non-land items has been provided to 2,231 DPs (58.76%) and 1,303 DPs (50.78%) respectively. The compensation disbursement process is ongoing with all payable amounts (land, non-land items and allowances) available with NHA and Government treasury for payments to the DPs. Efforts are being continuously made by NHA to complete the payment of, a) remaining 1566 DPs of land, b) 1263 DPs of non-land and c) allowances of 2 DPs. This progress will be validated by the EMA through semi-annual reports.

45. **Rehabilitation Assistance and Livelihood Restoration Allowances:** The progress reflects that out of 141 DPs, compensation of allowances/ livelihood restoration has been paid to 139 DPs, while the payment of allowances to remaining 2 DPs are under process. This second quarterly EM report of package-I reveals that on the whole, 371 DPs have received their payment belonging to different categories of impacts during the Quarter (Jan – Mar, 2015). Out of which, 165 DPs have received their payments of land compensation, while 174 DPs and 31 DPs have received their non-land payments (crops & trees) and allowances/ livelihood restoration respectively.

46. The number of DPs by category of impact who received payment during the quarter (Jan. - Mar., 2015) is depicted in Table 8.1.

**Table 8.1: No. of DPs received payment of compensation during the Quarter (Jan – Mar 2015)**

→ Payment of underprocess cases	-
→ Others – calculations errors by revenue authority	6
B) Non-land payments	<b>174</b>
→ Payment of crops	152
→ Payment of trees compensation	20
→ Payment of structures	2
C) Allowances/ livelihood restoration	<b>31</b>
Total	<b>371*</b>

\* Total includes DPs having more than one payment (i.e. land, crops, tree & allowances).

47. It is confirmed that NHA has made all necessary good faith efforts to make 100% disbursement of compensation to the DPs. It is also indicated that land has been transferred (mutated) to NHA; however, the clearance of right of way is in process.

48. For the minor ongoing payments, the construction work will progress as the payments completed and this will require validation by EMA.

## 8.2 Recommendations

49. Keeping in view the implementation status of LARP of Package-I, the recommendations forwarded are as below:

- i) NHA efforts must continue and monitored till all DPs are fully compensated<sup>13</sup> to comply with Principle 11 of SPS 2009.
- ii) The PIU's resettlement and social mobilization capacity will be adequate enough for efficient implementation of LARP after mobilization of social safeguard and management consultants.
- iii) The grievance redress committee has been notified but this needs to be effectively functional to resolve community complaints/ issues both at field and project level. There is a need to maintain a community complaint management register (CCMR), so that timely redress of community complaints could be ensured. In this context, a sample template for maintaining a community complaint register is as below.

### Sample Template for record management of community complainsts

- iv) The study has shown that the training plays a vital role in the capacity building of officials/ staff involved in the implementation of LARP. It can be suggested that job specific trainings for the implementation of LARP (s) is required to ensure social safeguards compliance in accordance with ADB SPS 2009.
- v) The compensation disbursement process is ongoing with all payable amounts (land, non-land items and allowances) available with NHA and Government

<sup>13</sup>Pay compensation and provide other resettlement entitlements before physical or economic displacement. Implement the resettlement plan under close supervision throughout project implementation.

treasury for payments to the DPs. The proposed action plan for the implementation of LARP has been prepared and presented in Table ES-B.

- vi) Total length of package I road is 20.3 km. All types of payments payable to the DPs as per LARP have been completed in different subsections totaling about 18.7 kms. Out of which 17.300 km have already been cleared for construction activities as per first External Monitoring report, while the RoW of another 1.350 km is cleared for construction work as per this second external monitoring report. However, the construction activities will remain on hold in the specified reaches (as identified in table below and in part B of linear map at Annex-A) totaling of 1.650 km untill the payments are fully made and are validated. The payments in these subsections are in process; although the progress is slow due to the reasons of meager amount of compensation awaiting opening of bank accounts by DPs and some DPs not available at their given addresses, land ownership disputes, inheritance and compensation apportionment cases.(Table 8.2)
