PREFACE

Keeping in view the objective and scope of the SMR, the present report “Social Safeguard Monitoring Report” covering the period - January to June, 2015 has been prepared. This report has been developed by collecting information from both the sources, i.e. primary as well as secondary. The secondary sources of information were the monthly progress reports already submitted to the PIUs set up under Infrastructure Development Investment Programme for Tourism, Government of Uttarakhand at Dehradun, Kotdwar and Bhimtal during the last six months respectively. Similarly, primary sources of information were collected from different stakeholders including the officials of the PIU /PMU and the local masses residing in the project /subproject areas by the 3 DSCs. The local leaders / influentials were also contacted during the field visits undertaken for having the consultation meetings at different locations respectively. For smooth collection of information from primary sources, checklists were used. During consultation meetings, information was collected by using the participatory appraisal (PA) method.

This report is an outcome of the qualitative and quantitative information collected from different sources. Simple statistical techniques have been used for analysis of data.

The report has been presented in nine sections dealing with the different aspects in different chapters respectively. They are as follows:

Project Fact Sheet
Program Background & Description
Institutional Arrangements
Status of IR & IP Impact
Implementation of Resettlement Activities
Policy and Legal Framework
Grievance Redress mechanism has been established in this Program
Public Consultations
Lessons Learnt and Good Practices

1. Project Fact Sheet:

Loan no.	2833 IND
Project Name	Infrastructure Development Investment Programme for Tourism, Uttarakhand
Executing Agency	Tourism Development Department Government of Uttarakhand is the Executing Agency (EA) for IDIPT. The EA has established the Program Management Units (PMU) to execute, manage and monitor the implementation of the Investment Program, and to provide overall policy directions. PMU has the mandate to closely supervise and monitor every component under the Investment Program.
Implementing Agency	03 PIUs have been set up at Dehradun, Bhimtal and Kotdwar for implementation of the subprojects and program activities.
Monitoring Period Covered	January 2014 to June 2014

2. Program Background & Description:

The Infrastructure Development Investment Program for Tourism (IDIPT) targets enhanced economic growth and provision of livelihood opportunities for local communities through tourism infrastructure development with a focus on preservation and development of natural and cultural heritage and incidental services. The Program supports the state of Uttarakhand to develop the tourism sector as a key driver for economic growth.

A- Objectives

The program objectives are:

- To enhance economic growth of the region.
- To provide livelihood opportunities for local communities through tourism infrastructure development, with a focus on preservation and development of natural and cultural heritage and incidental services.

B- Impact and Outcome

The expected impact of the Program is increased volume of domestic and international tourists to destinations within the state of Uttarakhand. The expected outcome of the Program is enhanced tourism environment in the state of Uttarakhand.

C- Outputs

The outputs of the Program are:

1. Improved basic urban infrastructure and services at tourist destinations and attractions.
2. Improved connectivity
3. Enhanced quality of natural and cultural attractions
4. Greater participation by local communities in tourism-related economic activities
5. Strengthened capacity of sector agencies and local communities for planning, development, management, and marketing of tourist destinations and attractions

This consolidated report outlines monitoring implementation of social safeguard activities between January 2015 and June 2015 in accordance with the ADB Safeguard Policies.

Table 1: Details of Subprojects/packages under Tranche-2 and Scope of Land Acquisition and Resettlement:

Sl. No.	Package Reference No.	Project Description	Contract Signing Date	Name of the Contractor	Contract Value/ project cost Crore INR	Scope of LA and Resettlement
1	UK/IDIP T/DDN/01	Development of Tourism infrastructure facilities at Assan Barrage Dehradun- Lot 1	10.2.2014*	M/S Rajendra Kumar Tripathi, Pratapgarh	2.61	Category C of ADB (SPS), 2009. No impact
2	UK/IDIPT /DDN/02	Development of Tourism infrastructure facilities at Assan Barrage Dehradun- Lot 2		Dropped		
3	UK/IDIP T/DDN/03	Development of Yamuna Circuit (Tiger Falls & Lakhamandal Temple)- Lot 1	9.6.2014	M/S Aradhya Engineers and Construction & Pvt. Ltd, Rishikesh	1.73	Lakhamandal: Category C has No impact Tiger Falls: Category B have Minor Impact on 4 APs/DPs
4	UK/IDIP T/DDN/04	Development of Yamuna Circuit (Deoban)- Lot 2		Under Force Accounts. MOU has been signed with Forest Deptt.		Category C of ADB (SPS), 2009. No impact
5	UK/IDIP T/DDN/05	Development of Yamuna Circuit (Hanol Mahasue & Tree Samdi) - Lot 3	15.5.2014	M/s Dagmo Riba Itanagar	8.75	Category C of ADB (SPS), 2009. No impact
6	UK/IDIPT /DDN/06(Lot-1)	Development of Adventure Tourist Centre in Uttarakhand (Lot-1)			1.97	Category C of ADB (SPS), 2009. No impact

7	UK/IDIP T/DDN/0 6(Lot-2)	Development of Adventure Tourist Centre in Uttakhand(Lot-2)			0.70	Category C of ADB (SPS), 2009. No impact
8	UK/IDIPT /KOT/01	Development of North Entry in Corbett Sub- project	9.07.2014	M/s Dagmo Riba Itanagar	11.01	Category C of ADB (SPS), 2009. No impact
9	UK/IDIPT /KOT/02	Signage Sub- project in Uttarakhand	30.12.2014	M/s Reynober SA, Madrid Spain in JV with M/s Prabhatam Advertising Pvt. Ltd	47.08	Category C of ADB (SPS), 2009. No impact
10	UK/IDIPT /KOT/03- Lot-1	Adventure Sports Centre at Tehri under PIU Kotdwar - Lot 1	27.012015	M/s Litmus Marine Innovation Pvt. Ltd., Mumbai	3.71	Category C of ADB (SPS), 2009. No impact
11	UK/IDIPT /KOT/03- Lot-2	Adventure Sports Centre at Tehri under PIU Kotdwar - Lot 2	30.12.2014	M/s Sunil Garg& Co. in JV with M/s Jai Durgey Trading and Construction Co.	11.98	Category C of ADB (SPS), 2009. No impact
12	UK/IDIPT /KOT/04	Haridwar Ganga Canal (1.83 M US\$)		Kept in abeyance		
13	UK/IDIPT /KOT/05	Beautification of Jagjit-pur /Silt ejector canal at Haridwar (1.33 M US\$)				
14	UK/IDIPT /BHT/01	Upgradation of Tourist Facilities at TRH Parichay	15.5.2014	M/SDegmoRiba Itanagar	4.39	Category C of ADB (SPS), 2009. No impact
15	UK/IDIPT /BHT/02	Amelioration of Lake Naukuchiatal	26.6.2014	M/S Global Aqua Treatment Technology Pvt. Ltd, Rudrapur	12.70	Category C of ADB (SPS), 2009. No impact
16	UK/IDIPT /BHT/03 Lot 1	Trek Trail from Pithoragarh to Chandak	3.6.2014	M/S Soar Valley Construction & JS Matiyani, Pithoragarh	0.89	Category C of ADB (SPS), 2009. No impact

17	UK/IDIPT /BHT/03 Lot 2	View Point at Mostamanu Temple	3.6.2014	M/S Soar Valley Construction & JS Matiyani, Pithoragarh	0.81	Category C of ADB (SPS), 2009. No impact
18	UK/IDIPT /BHT/03 Lot 3	Conservation of Pithoragarh Fort			1.02	Category C of ADB (SPS), 2009. No impact
19	UK/IDIPT /BHT/04(Lot-1)	Development of Adventure Center Baur Jalsaya(Lot-1)			0.75	Category C of ADB (SPS), 2009. No impact
20	UK/IDIPT /BHT/04(Lot-2)	Development of Adventure Center Baur Jalsaya(Lot-2)			0.80	Category C of ADB (SPS), 2009. No impact

3. Institutional Arrangements:

Tourism Development Department Government of Uttarakhand is the Executing Agency (EA) for IDIPT. The EA has established the Program Management Units (PMU) to execute, manage and monitor the implementation of the Investment Program, and to provide overall policy directions. PMU has the mandate to closely supervise and monitor every component under the Investment Program. The PMU is assisted by the Project Management Consultant (PMC) who manages the Program and assures technical quality of the design and construction.

03 PIUs have been set up at Dehradun, Bhimtal and Kotdwar for implementation of the subprojects and program activities. The PIU is headed by an Executive Engineer (EE) and the social safeguards issues are under the purview of Community Development Officer (CDO) posted at each PIU. The PIU Head will report to PMU. The CDO at PIU will report to PIU Head and seek guidance with regard to resettlement plan implementation from Community Development Specialist (CDS) at PMU and will be main link between the RP implementation agency, APs/DPs and PMU. The Design and Supervision Consultants (DSC), who are designing the Infrastructure, managing the tendering of Contractors and supervising construction, support the PIUs. The Safeguard Specialists of the DSC together with the Community/Social Development Officer of PIUs provide guidance for the implementation of Resettlement Plans.

Table 2: Institutional Roles and Responsibilities:

Activities	Responsible Agency
Sub-project Initiation Stage	
Finalization of sites/alignments for sub project	PIU/DSC
Disclosure of proposed land acquisition and sub-project details by issuing Public Notice Meetings at community/ household level with APs/DPs of land/property Formation of Valuation Committees	PIU/DSC

RP/DDR Preparation Stage	
Conducting Census of all APs/DPs	PIU/DSC
Conducting FGDs/ meetings / workshops during SIA surveys	PIU/DSC
Computation of Replacement Values of land/properties proposed for acquisition and for associated assets	PIU/DSC
Categorization of APs/DPs for finalizing entitlements	PIU/DSC
Formulating compensation and rehabilitation measures Conducting discussions/ meetings/ workshops with all APs/DPs and other stakeholders.	PIU/DSC
Fixing compensation for land/property with titleholders	PIU/DSC
Finalizing entitlements and rehabilitation packages	PIU/DSC
Disclosure of final entitlements and rehabilitation packages	PIU/DSC
Approval of RP/DDR	PMU/ADB
RP Implementation Stage	
Implementation of proposed rehabilitation measures	PIU/DSC
Consultations with APs/DPs during rehabilitation activities	PIU/DSC
Grievance Redressal Committee (Both at State level and City level)	PMU/PIU/DSC
Internal Monitoring	PMU
External Monitoring	External

Table 3: Institutional Status Readiness Checklist:

No	Item	Status (Ready/Not ready/NA)	Follow up required (Y/N)	Completion Deadline
1	Mobilization of civil works contractor	Ready	Y	
2	Mobilization of Project Supervision	Ready	Y	
3	EA's Safeguards Unit with designated staff	Ready	Y	
4	Recruitment of External Monitoring Agency	NA	N	

4. Status of IR & IP Impact:

In Tranche 2 of IDIPT Uttarakhand there is no case of land acquisition in any subproject. In 1 subproject package the minor impact was anticipated in terms of temporary loss of livelihood of 03 APs and permanent loss of a Structure resulted permanent loss of livelihood of 01 DP, in the package no. (UKIDIPT/DDN/03) Development of Yamuna Circuit (Tiger falls) for which a RP was prepared Therefore the project tranche is coming under IR category "B" due to 01 subproject. There is no indigenous people living in the subproject area having attachment to distinct habitation or territories within the subproject areas resulting in IP category "C".

In Tranche 3, of IDIPT Uttarakhand there is no case of permanent land acquisition in any subproject. In 2 subproject packages the minor impact was anticipated in terms of temporary loss of livelihood-

Till date 14 Due Diligence Reports (DDRs) and 03 RPs were prepared for the subprojects, of Tranche 2 and Tranche 3 following SPS 2009. These DD Rs & RPs have been approved by ADB as per the **Annexure**

Table 4: Project Social Safeguards Impact Categorization:

Project Data			
Name of Project	Loan No-2833-IND: Infrastructure Development Investment Program for Tourism, Uttarakhand		
Project Disbursement Status	0.31 Million \$ (Jan-June 2014)		
Type of contract	<input checked="" type="checkbox"/> Regular	<input type="checkbox"/> Design-Build	<input type="checkbox"/> Combined
Safeguards Categorization	A	B	C
IR		B	
IP			C

Table 5: Safeguard Requirements:

No	Item	Status (Ready/Not ready/NA)	Follow up required (Y/N)	Completion Deadline
1	Safeguards monitoring included in the project progress report	Ready	Y	
2	Final/ updated RP/IPP1 prepared and submitted	NA		
3	Project's Grievance Redress Mechanism established	Ready	Y	
4	Recruitment of third independent party for negotiated land acquisition	NA		
5	Project's ESMS (for FI) established	NA		

Table 6: Design and Engineering Status

Item	Status (Y/N)	Follow up required (Y/N)	Type of Required Action (Please tick appropriate box)
Final detailed engineering design of the sub project completed	Y	N	<input type="checkbox"/> Updated draft IR/IP <input type="checkbox"/> New RP/IPP preparation <input checked="" type="checkbox"/> No action
Changes in project design/ scope (occurred or envisaged)	N	N	<input type="checkbox"/> Project re-categorization (IR/IP) <input type="checkbox"/> IR/IP Impact assessment <input type="checkbox"/> New RP/IPP preparation <input checked="" type="checkbox"/> No action

¹ Detail checklist for RP/IPP provided in DDR reports.

Table 7: Project IR Impact- Tranche 2 (Current) and Tranche 3**(a) Impact as per RP: Tiger Falls- Tranche 2**

Type of Impact	Number of APs/DPs
1. Permanent Loss	
Title Holder/Land Owner	01 (It was to be demolished and the DP to be compensated adequately as per RP but during implementation, the structure has been saved by minor engineering adjustments.)
Total Loss of land (sq.mts)	13.38
Loss of trees	NIL
Total land Holding in that Particular Plot (sq.mts)	NIL
Occupation	Business: Tea Snack
Vulnerability	NA
Annual Income (INR)	1.20 Lacs.
2. Temporary Loss	
A) Temporary Loss/ Disruption of Business(Nos)	03
B) Temporary Loss/ Disruption of Business Employees of the business enterprises(Nos)	Nil
3. Encroacher in ROW	
A) Encroacher in ROW(Nos)	03
Affected CPRs	NIL

Note: The project will not acquire land under the Indian LAAR 2013, because the displaced persons are non-titled occupants of Government land. However, according to ADB's SPS 2009, there were 4 Displaced Persons (DPs) anticipated to be impacted during RP preparation, permanent loss of livelihood was anticipated for 01 and temporarily loss of income was anticipated for rest of the 3. As per RP, the former was supposed to lose his commercial structure permanently, while the other 3 were supposed to be shifted back from the ROW to the adjacent land privately owned by these 3 DPs, from where they can eventually continue their business activities. This impact was mitigated/ minimized by the engineering team by some minor changes in the drawing without change in scope of work of the contractor and compromising output of the subproject package. Provisions for compensation of livelihood losses have nevertheless been included in the RP in case business interruptions prove to be unavoidable. Furthermore, the sub project will seek to minimize involuntary resettlement impacts by carrying out civil works outside the tourism season. In case of any impact all the non-land losses will be compensated accordance with the RP and RF of the Project. The proposed project does not have any adverse impact on vulnerable, indigenous people or women, so as to widen gender inequality.

(b) Anticipated Impact as per RP- Kartikeya Swami Temple -Tranche 3

S.No	Name Of Components	Permanent Impact on Land Acquisition and Resettlement	Temporary Impact	Remarks
A	Kartikeya swami Temple			
1	The development of the 3km pathway to the main shrine using natural stone paving and provision of railings at places, viewing decks and rest sheds on the route.	NO	NO	2.5 Kms. Of stretch belongs to forest Dept. and 500 mtrs to Mandir Samittee (Temple Committee). The process for getting NOC from Forest Dept. is under way. See Annexure 10 & 11. No IR impact is envisaged
2	Improvement in the temple complex, including repair works for the roofs and existing Dharamsala. .Seating arrangement and stone benches within the temple complex.	NO	NO	All the works will be executed within the premises of the temple / on vacant temple trust land. No IR impact is envisaged. NOC from Forest Dept. is required as temple comes under reserve forest. The correspondence with forest department regarding NOC have been shown in Annexure 10 & 11.
3	Signage at strategic places –both informative and directional	NO	NO	
4	Toilet facilities	NO	NO	
5	Landscaping of the entrance areas.	NO	NO	
6	Site development of camping site	NO	NO	
7	Restoration of Temple premises	NO	NO	
8	Construction of retailing wall and breast wall along with pathway	NO	NO	
9	Construction of entrance gate.	NO	NO	
10	Development of Solar lighting and Fire Fighting work	NO	NO	
11	Development of Pathway covering shelter.	NO		

12	Capacity building for temple committee members for O&M activities.	NO	NO	
B.	Durgadhar Temple precinct			
13	Upgradation of infrastructure around the approach area of the temple, including drinking water facilities and sanitation	NO	NO	All the works will be constructed within the temple complex / on Temple Trust & Panchayat land No IR impact envisaged.
14	Parking facility and vehicular approach along with adjoining retaining walls	NO	NO	
15	Solid waste management	NO	NO	
16	Pathway development with railings & protection wall wherever necessary and signage and seating and lighting	NO	NO	
17	Temple entrance arch	NO	NO	
18	Improvement of the temple complex in terms of restructuring of the newly added temporary structures and overall landscaping to facilitate better movement and space for gathering of pilgrims and tourists	NO	NO	
19	Lodging facilities with rooms and dormitories and toilet block at the rear side of the temple complex and a langar hall	NO	NO	
20	Area confinement with edge wall , viewing decks etc	NO	NO	
21	Restoration of Temple premises	NO	NO	
22	Construction of C.C road(main road to Temple,400 mtr length with drain	NO	NO	
23	Development of Solar lighting and Fire Fighting work.	NO	NO	
24	Capacity building for temple committee members for O&M activities.	NO	NO	
C	Tungeshwar temple precinct			
25	Entrance area development with appropriate signage	NO	NO	Will be constructed on Temple trust land No IR impact envisaged.
26	Development of the 1.5km long pathway with railing to the main temple, increase in width and edge protection wherever required.	NO	YES	Temporary livelihood impact may be on <u>7 numbers of DPs</u> as the work will be carried out in front of these shops and

				possibility of blockage of access foreseen.
27	Seating arrangements , viewing decks and toilet facilities	NO	NO	All the works will be executed within the premises of temple No IR impact envisaged.
28	Signage along the pathway and Temple premises.	NO	NO	This particular stretch is almost free and under the jurisdiction of temple trust During upgradation. No IR impact envisaged.
29	Improvement in the temple precinct	NO	NO	Works will be executed within the premises of temple No IR impact envisaged.
30	Construction of entrance gate	NO	NO	
31	Lodging facilities and langar hall	NO	NO	
32	Development of Solar lighting and Fire Fighting work			
33	Improvement in the drinking water facility for the approach areas	NO	NO	
34	Capacity building for temple committee members for O&M activities.	NO	NO	

Note: The project will not acquire land under the Indian (The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013, LARRA, 2013. All the works will be undertaken in vacant land owned by government (Temple Trust and Village Panchayat). All necessary no-objection certificates (NOC) have been obtained from Temple Trust and Village Panchayat for Infrastructure development works in Durgadhar and Tungeshwar Precinct. Land records have been verified by Revenue Inspector for Durgadhar and Tungeshwar Temple areas development works. Kartikeya Swami temple and its nearby areas are under the jurisdiction of Forest Department The correspondence with forest department has been made regarding NOC. Interpretation centre at Rudraprayag, which was proposed under SAR is not considered under the DRP due to non-availability of Land.

Civil works will not result in any permanent impact to common properties, residences and commercial structures. However, during development of the 1.5km long pathway with railing from main entrance to main temple (Tungeshwar), temporary livelihood impact may be on 7 commercial activities , as the work will be carried out in front of their shops, resulting to possibility of blockage of access for 7 days during construction. The existing width of this particular street is around 3 to 5 mtr. Temporary livelihood impacts will be caused due to blockage of access during works execution. Efforts will be made during execution time to minimize the impact by scheduling civil works at night and in phases. None of these small business structures are to be demolished. Provisions for compensation of temporary livelihood losses have been included in the RP in case business interruptions prove to be unavoidable. No NTH were identified in project areas

Table 7(C): Acnticipated Impact as per RP -Creation of Pedestrian Routes for Pilgrims and Tourist in Haridwar (5.8KMs)- Tranche 3

Type of Impact	Number of APs
	1.Impact on title holder(TH)
Title Holder/Land Owner	NIL
Total Loss of Private land(sq.mts)	NIL(Proposed facilities will be developed in Government Land)
	2.Impact on Non Title Holder(NTH)
Structures to be demolished-	3
Shops to be shifted	11
Shops to lose access	15
Mobile vendors	32
	3.Socio-economic Profile
Vulnerability	3 Women Headed Households SC-Nil, ST-NIL, Physicallly Challenged-NIL
Average Annual income of NTH (INR).	48000
Affected CPRs	NIL
Gender Composition of DPs	Male- 56 Female-5
Religion composition	Hindu-55 Muslim-6
Education Level	37%- Illiterate. 40%-Upto 5 th Standard. 23%-10 th Standard

Summary of the Impact and profile of DPs.

Type of Impact	Number of APs	
1. Permanent Loss		
Title Holder/Land Owner	NIL	
Total Loss of Private land(sq.mts)	NIL(Proposed facilities will be developed in Government Land)	
2. Temporary Loss		
A) Temporary Loss/ Disruption of Business(Nos)	23- Squatters 38- Kiosks	
Vulnerability	3 Women Headed Households SC-Nil, ST-Nil, Physically Challenged- Nil	

N.B.: Temporary shops- would lose access and would be entitled for shifting allowance in addition to livelihood loss which has been computed within R&R budget.

Mobile vendors however would be facilitated to move outside ROW.

Note: The project will not acquire any land as the land is available with Government to create the facilities. All the proposed infrastructure work will be carried out in land belongs to irrigation department. The 11.3 Kms road improvement work and construction of 2 foot over bridge will be carried out within the limit of existing ROW. Due to any change of proposal which require any additional land from private parties, it will be done under the Indian LAAR 2013 (The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013). All the works will be undertaken in land owned by government (Department of Irrigation, Government of Uttarakhand). The Sub-Project will be located primarily on public owned land (Irrigation Department, Government of Uttarakhand. No other land acquisition and resettlement impact are envisaged in this project.

Civil works will not result in any permanent impacts to common properties. There may be some impacts on some commercial and residential squatters who are doing business in their temporary structure erected in some junction and either side of the canal side and it is within the impact zone. The improvement work as far as possible will be carried out within the ROW in road shoulders (3.5 mts). However, in certain junctions (near Rishikhal bridge, Singhaduar bridge, Jatwara bridge, NH crossing near Manglore crossing etc.) there may be some temporary impacts² including likely demolition of non title holders business structures which may disrupt some business activities and livelihood of people. These impacts will be clearly known at the time of drawing up of the construction schedule of the contractor. These impacts will be documented and surely mitigated. The Resettlement impact like demolition of structure and providing cash assistance, shifting of business activities temporarily will be completed before the contractor is deployed as preconstruction activity to hand over the encumbrance free stretch. The temporary impact will be mitigated by shifting of business or providing access to the mobile vendors to support them to run

² To determine the extent of temporary impact due to the road improvement work, transect walks were undertaken along the proposed corridors. Representative transects of 200 mts were conducted in 6 locations, namely (near Rishikhal bridge, Singhaduar bridge, Jatwara bridge, NH crossing near Manglore crossing and Kaliyar Chauraha market). In the absence of detailed designs, inputs were obtained from the engineers to assess the extent of impacts likely due to the proposed improvements.

uninterrupted livelihood pursuit and mitigated at the time of construction³ as per the policy provisions on case by case basis. The civil work contractor will assist DPs to transfer their movable stalls and wares temporarily to the other side of the road during construction. In case of disruption of access, the contractor will provide assistance through provision of planks etc.

The following types of likely impact has been identified during census survey and transact walk Those are:1]non title holder commercial structures (shops) which needs to be demolished (3 nos) as they are located in the project impact zone needs resettlement assistance for relocation;2] non title holder shops(11 nos) to be shifted temporarily during construction needs assistance;3] non title holders shops(15 nos) who will lose access needs proper uninterrupted access to continue their livelihood activities during construction; and 4] and mobile vendors(32) who needs proper access or needs place to continue their livelihood activities.

Of the vulnerable category, Only 3 are Women Headed Household who are running shops. There are no SC, ST or physically challenged persons other than WHH under the vulnerable category. As per entitlement mentioned in RF “Vulnerable households will be given priority in project construction employment”. The subproject will seek to minimize resettlement impacts by carrying out civil works at night, in phased manner, and during holidays when shops are closed. Provisions for compensation of temporary livelihood losses have been included in this RP in case business interruptions prove to be unavoidable. During detailed design or at execution phase, if any additional impact is noticed, RP will be revised as per SPS(2009) and necessary arrangement will be made for them. The proposed project does not have any impact on indigenous people or women, so as to widen gender inequality

5. Implementation of Resettlement Activities:

Table 8: RP/ IPP Monitoring Checklist:

Item No.	Safeguards Related Requirements	Status (Ready/Not ready/ NA)	Completion Deadline	Progress to Date/ Remarks
1.0	MANAGEMENT			
Institutional and Financing Arrangements				
1.1	Financing and budget : (i) safeguard office and staff; (ii) RP/IPP cost	Ready		
1.2	Establish Safeguard Unit: (i) resettlement offices (ii) resettlement staff as in RP (iii) safeguards' database (iv) facilities (v) safeguards training	Ready		
Updating of DDR/RP/IPP based on Detailed Design		NA		

³ The excavation etc for the road improvements usually lasts a maximum of 07day duration. The construction will be scheduled in such a way as to minimize disruption.

Item No.	Safeguards Related Requirements	Status (Ready/Not ready/ NA)	Completion Deadline	Progress to Date/ Remarks
1.3	Update DDR/RP/IPP: (i) revise based on DMS (ii) revise implementation schedule (iii) revise budget	Ready		All subproject packages are Category C for IR and IPP only 01 Tiger falls is IR Category B
1.4	Compensation rates: (i) approved by Government; (ii) Adequate as per RP/RF; (iii) APs/DPs informed.	Ready	Impact Avoided	Tiger Falls Category B
Disclosure and Grievance Redress Arrangements				
1.5	Disclose final/updated RP/IPP: (i) to the APs/DPs in local language; (ii) in ADB website; (iii) in EA's website	Ready	Completed for Current Tranche	All subprojects Category C for IR and IPP only 01 Tiger falls is IR Category B
1.6	Disclose project activities to affected communities: (i) put up a project sign boards; (ii) distribution of project leaflets and GRM to affected communities	Ready	Leaflets distributed, Notice Issued to APs/DPs but due to disagreement of Village Panchayat	
1.7	Grievance redress committees: (i) clear terms of reference; (ii) appointment decree; (iii) publicly disclosed among DPs.	Ready	Shall be complied with	
1.8	Grievance redress records: (i) list and numbers of grievances received; (ii) numbers of resolved issues; (iii) numbers of cases under GRC review; (iv) outstanding cases (filed to court)	Ready	Shall be complied with	All subprojects Category C for IR and IPP Only 01 Tiger falls is IR Category B
Monitoring and Reporting Arrangements				
1.9	Set up internal monitoring system : (i) assessment on capacity and staff requirements; (ii) criteria of safeguards assessment ; (iii) reporting mechanism	Ready		
1.10	Appoint external monitoring agency (as relevant): (i) recruitment schedule; (ii) TOR; (iv) baseline survey (v) reporting mechanism (vi) action taken by management on reports.	NA*		All subprojects Category C for IR and IPP Only 01 Tiger falls is IR Category B

Item No.	Safeguards Related Requirements	Status (Ready/Not ready/ NA)	Completion Deadline	Progress to Date/ Remarks
1.11	Reporting: (i) frequency; (ii) timeliness; (iii) identified issues; (iv) action taken and/recommendation.	NA		All subprojects Category C for IR and IPP Only 01 Tiger falls is IR Category B
2.0	RP/IPP IMPLEMENTATION			
Consultation				
2.1	Consultation: (i) responsibility; (ii) stakeholders Identified; (iii) consultation and process; (iv) documentation	Ready	It was successfully done at local level, PM level and finally PD level and impact avoided	All subprojects Category C for IR and IPP Only 01 Tiger falls is IR Category B
Mapping and Assets Inventory				
2.2	AP/DP Identity cards & affected assets records: (i) issuance and distribution of AP/DP ID cards, (ii) detail measurements survey of affected assets and documentation	Ready	Shall be complied with	Category C for IR and IPP only 01 Tiger falls is IR Category B
2.3	Land acquisition activities: (i) maps of affected and relocation sites; (ii) acquisition & relocation schedule; (iii) coordination with the asset's acquiring, transfer and registration bodies	NA		Category C for IR and IPP
2.4	Common property/ public assets: (i) final inventory; (ii) restoration plan and schedule; (iii) funding sources	NA		Category C for IR and IPP
Compensation, Relocation and Rehabilitation		NA		
2.5	Payment of compensation and entitlements (as stated in the RP): (i) schedule of payment; (ii) records/ receipts of payment	Ready	Shall be complied with	Category C for IR and IPP only 01 Tiger falls is IR Category B
2.6	Relocation of process (relocation site readiness): (i) housing & associated facilities established; (ii) transfer of new land/plot/ house ownerships completed	NA		Category C for IR and IPP

Item No.	Safeguards Related Requirements	Status (Ready/Not ready/ NA)	Completion Deadline	Progress to Date/ Remarks
2.7	Provision of (a) income restoration, (b) additional assistance for vulnerable APs/DPs, (c) training, etc. (as stated in the RP): (i) per type of activities; (ii) schedule of implementation	Ready	Shall be complied with	Category C for IR and IPP only 01 Tiger falls is IR Category B
Monitoring and Reporting				
2.8	Submission of the reports: (i) semi-annual monitoring reports; (ii) external monitoring and evaluation reports (as required); (iii) completion report	Ready	2 Reports submitted	Category C for IR and IPP
2.9	Transfer of acquired assets to the acquiring agency	NA		

* External Monitoring not required, Internal Monitoring is sufficient for the project.

6. Key Findings of Monitoring

Three DSC centers i.e. Dehradun, Bhimtal and Kotdwar have been setup for designing and supervision of the sub projects. In order to monitor the Impacts, several site visits and consultative inspections has been made during Jan-June ,2015 period in the project areas.

3	Conservation and Development of Rural Tourism sites in District Rudraprayag, Chamoli, Uttarkashi (3 Lots)	Under process	Design

6.1.1 ***Development of Tourism Infrastructure facilities at Assan Barrage:*** The resettlement monitoring review has been done in the project site and it has found that there is no IR impact in the project site. All the works are undertaking in the existing campus of GMVN(See table .As per the commitment of GMVN, most of the casual staffs, who was deployed in the Asan site for providing catering and other works has been shifted to other units of GMVN and no livelihood loss of causal workers has been interrupted so far.GMVN has made a temporary shed in front of the main gate and providing catering service to the tourist. During this reporting period it has been shown that due to influx of tourist from April to July, GMVN have increased their staffs at Assan Site for providing catering service for the tourists. Details are in the below table.

Table 10: Status of works and IR issues

Scope of works	Present status	IR Impacts
Providing furnished accommodation facilities (cottages and dormitory) for the tourists in place of old structures (huts)	Under progress	No impact was shown. Works are going on in the existing campus of GMVN.NOC obtained from GMVN(SEE ANNEXURE 1)
Construction of new jetty for safe and comfortable ride by boats for visitors who prefers boating	Under progress	-DO-
Improvement of existing cafeteria	Under progress	-DO-
Improvement of existing walkways	Under progress	-DO-
Construction of public toilets, restaurant, office and other amenities in place of old ones	Under progress	-DO-
Construction of parking area, entrance gate and guard room at the entrance of site	Under progress	-DO-
Procurement of research and monitoring equipment (e.g., cameras) to monitor habitat quality of the birds and to provide information at the interpretation centre	Under progress	-DO-
Providing adequate signage to inform/educate people	Under progress	-DO-
Landscaping and restructuring of electrical and water supply	Under progress	-DO-

Table 11 :Details of GMVN workers at Asan site during construction

8	Surendra Singh	Room Boy	Asan Site	Previously shifted DakPathar office now in Asan site
9	Mahendra Singh	Room Boy	Asan Site	DakPathar
10	Arvind Methane	Guide	Asan Site	DakPathar

2.1.1 Gender Issues:

During this reporting period it has been shown that 5 nos of Women labor has been engaged for Asan site. All female workers from Outsider and living in the camp with their husband ,who are also involves in the construction activities. Rest shelters/camps are available for the workers especially for women. Contractor is provided equal wages and benefits to men and women for work of equal value or type.

**Women labourers at work- Asan Barrage.**

2.1.2: Child labor: No child labor is involved in the construction works.

2.1.3: Provision of Drinking Water and Toilets at Site: Provision of safe drinking water, separate toilet is provided by the contractor for the labors. Total 4 nos of toilet are at site.

2.1.4: Grievance Redress mechanism; No Grievances received so far. Instruction given to the Contractorto maintain Grievances register on site.

2.1.5: Public Consultation on site: Near the Asan site, no habitation. No vendor and hawkers are shown nearby site. Consultation and meeting was concentrate to the project labors

Several meeting and consultation was held with Labors, Contractor and GMVN employee in Asan site.

Consultation was also made with the tourists. Contractor informed that presently 23-25 workers at site. Most of the workers are unskilled and few are skilled engaged in welding and electricity works.

During interaction with labors, they informed that contractor paying Rs.500/day to Skilled labor and 300/day to Unskilled labor.

Equal wages are paying to the women workers. Contractor informed that Safety equipments like-glove, gum boot, helmet, jacket etc has been provided for the labors and female workers are hesitating to wear helmet and other safety tools.

During interaction, consultant explain the advantage of wearing safety equipments and requested to mobilize safety officers at site to maintain the safety issues at site.

6.1.2 Development of Yamuna Circuit (Tiger Falls):As per surveyed data based on initial design , total 4 DPs were identified under these sub-project package, impact was anticipated in terms of temporary loss of livelihood of 03 APs/DPs and permanent loss of a Govt. structure resulted permanent loss of livelihood of 01 DP. The exact impact on APs/DPs was analyzed in IIIrd & IV th quarter of 2014 during execution and found avoidable with minor

change in the drawing on request of Village Panchayat in the open meeting of 03 Villages held on 9th September 2014 and works executed during non-peak season, when three shops along the pathway were not on the site and thus impact has reduced to zero during RP implementation.

During vth and vith quarter, site visit were conducted in all the working areas. And it was shown that all the works are running on vacant govt land and there are no expected impacts on private land, private properties like housing, shops, commercial buildings, religious and community infrastructure. Status of works and IR issues are mentioned in table..

Table 12 : Status of works and IR issues

Scope of works	Present status	IR Impacts
Designed parking lots for the visitors and Design of public toilets for visitors,	Under progress	No impact, executing in vacant land. revenue records obtained.(See annexure 2) Design has been changed to minimize the impact on one nos of commercial shops.
Design of a visitor kiosk for the interpretation of the history of the tourist destination and its setting,	Under progress	No impact constructed in parking areas.
Design of a low impact viewing platform to facilitate viewing the water falls,	Under progress	No impact
Relocating the changing room at the base of the water falls to another ideal location identified onsite,	Not started yet	No impact
Upgrading of the 1.5 km access trail to the bottom of the water fall with strong emphasis on improving visitor safety,	Completed	No impact. Works were started non-peak season and completed before peak season to avoid impact on 3nos of seasonal petty shop.
Introduction of directional and informative signage on the trail which leads to the water falls,	Not started yet	No impact
Restoration of existing bridge and construction of new bridge in the site	Under progress	No impact, construction works are going on in vacant govt land.(See annexure 2)

Gender Issues:

During this reporting period it has been shown that 3 nos of Women labor has been engaged in site. All female workers from Outsider and living in the rented room with their husband, who are also involves in the construction activities. Contractor is providing equal wages and benefits to men and women for work of equal value or type.

Women labourers at Tiger Falls site

2.2.2: Child labor: No child labor is involved in the construction works.

2.2.3: Provision of Drinking Water and Toilets at Site: Provision of safe drinking water, separate toilet is provided by the contractor for the labors. Total 4 nos of toilet are at site.

2.2.4: Grievance Redress mechanism: No Grievances received so far. Instruction given to the Contractor to maintain Grievances register on site.

2.2.5: Public Consultation on site: Near the site, no habitation. No vendor and hawkers are shown nearby site. Consultation and meeting was concentrate to the project labors. Several meeting and consultation was held with Labors..Contractor informed that presently 15 workers at site. Most of the workers are unskilled and few are skilled engaged in welding works. During interaction with labors, they informed that contractor paying Rs.550/day to Skilled labor and 300/day to Unskilled labor. Equal wages are paying to the women workers. Contractor informed that Safety equipments like-glove, gum boot, helmet, jacket etc has been provided for the lobors and female workers are hesitating to wear helmet and other safety tools. During interaction, consultant explain the advantage of wear safety equipments and requested to mobilize safety officers at site to maintain the safety issues at site. Consultant informed that:

- sign boards should be at different location locations and contact numbers for concerns/ complaints
- All the emergency number in hindi script should be at site emergency prevention
- All safety rules at work, and Provision of adequate health and safety measures such as water, food, sanitation, personal protective equipment, workers insurance, and medical facilities.

6.1.3 Development of Yamuna Circuit (Development of Tourism Infrastructure Facilities of Lakhamandal Temple):

Lakhamandal is an ancient temple, enshrining Lord Shiva, Lakha Mandal is a prime attraction for both a common man and a pilgrim alike. Old temples of Shiva, the Pandavas and Parsuram are aplenty in this area. Lakhamandal's main attractions are its archaeological and religious assets as well as offering experiences of village life. This spot is rich with ancient temples, sculptures and inscriptions. Lakhamandal temple is under ASI.

As per Detailed Project Report and final design, no involuntary resettlement was involved in this sub-project and brief due-diligence report was prepared for the documentary requirement for the ADB. Now civil works has been started and monitoring is going on to identify the Resettlement Impacts, if any, due to the Project implementations. PMU/PMC/PIU/DSC team have carried out several site visits and consultative inspections in the project areas after the commencement of civil works and it has been confirmed that the implementation of the project would not have any resettlement impact. Most of the works are executing in the existing premises while parking are constructed in the vacant Govt. NOC has been obtained from ASI, Temple Trust and Village Panchayat. Status of works and IR issues are mentioned in table.

Table 13: Status of works and IR issues

Scope of works	Present status	IR Impacts
Recreating the parking space with public toilets for visitors	Under progress	No impact, executing in vacant land. Revenue records has been obtained. (See annexure 3)
Construction of an entrance gate at the beginning of the approach road which helps the visitors to locate the traditional ASI protected temple complex from the main road	Completed	No impact

Rebuilding the 300mt long approach road	Completed	No impact road was completely free and vacant. No resident and shops are adjacent to the road.
Design of appropriate directional and informational Signage that directs the visitors from the parking space and entrance gate to the temple complex	Not started yet	No impact
Design of appropriate lighting along the pedestrian trail that leads to the temple	Not started yet	No impact
Up gradation of existing public toilet block by the side of the trail in addition to the one at the vehicular parking space	Completed	No impact
Restoration of drinking water fountains at suitable points identified	Completed	No impact
Introducing litterbins at identified spots as part of solid waste management system	Not started yet	No impact

Gender Issues: During this reporting period it has been shown that 3nosof Women labor has been engaged in site. All female workers from Outsider and living in the room hired by the contractor. Contractor is provided equal wages and benefits to men and women for work of equal value or type.

Child labor: No child labor is involved in the construction works.

Provision of Drinking Water and Toilets at Site: Provision of safe drinking water, separate toilet is provided by the contractor for the labors. Total 2nos of toilet are at site.

Grievance Redress mechanism: No Grievances received so far. Instruction given to the Contractor to maintain Grievances register on site.

2.3.5: Public Consultation: Meeting and consultation was held with the contractor, Temple trust members and project labors. During meeting, Temple trust members suggested that fencing should be required for the retaining wall for sustainability and all the pedestrians adjoining to the temple should be renovated under this packages. During meeting with contractor and labors few suggestions were given:

- Provide sign boards at different location locations and contact numbers for concerns/ complaints
- All safety rules at work, and Provision of adequate health and safety measures such as water, food, sanitation, personal protective equipment, workers insurance, and medical facilities.
- The Contractor shall consult with members of temple trust, village panchayat as well as local residents before and during execution of works, because they are familiar of the site, conditions etc.
- Training workers and providing them with appropriate incentives to use and comply with health and safety procedures and protective equipment;
- Having emergency prevention, preparedness, and response arrangements in place.

6.1.4 Development of Yamuna Circuit (Hanol Mahasu):

This is an ancient temple, enshrining Lord Shiva, is a prime attraction for both a common man and a pilgrim alike. Lord 'Mahasu' is worshipped in the village of Hanol, lying on the eastern bank of the Tons. The temple of the deity constructed in the 'Huna' architectural style elevated at 1429 mts.

above sea level is 186 kms from Dehradun. This temple is Archaeological survey of India protected monument.

As per Detailed Project Report and final design, no involuntary resettlement was involved in this sub-project and brief due-diligence report was prepared for the documentary requirement for the ADB. Now civil works is under progress and monitoring is going on to identify the Resettlement Impacts, if any, due to the Project implementations. PMU/PMC/PIU/DSC team have carried out several site visits and consultative inspections in the project areas after the commencement of civil works and it has been confirmed that the implementation of the project would not have any resettlement impact. Work is executing in vacant Govt and Temple trust land for which NOC has been obtained from Temple Trust and Village Panchayat. However, the consultation activities and public meeting is going on regularly for aware the people.

Table 14: Status of works and IR issues

Scope of works	Present status	IR Impacts
Improvement of the approach road to the HanolMahasu Temple Precinct from the main road	Under progress	No impact unforeseen.
Improvement of the pathway leading to the entrance of the temple	Under progress	No impact unforeseen.
Construction of an entrance gate at the beginning of the main approach road	Under progress	No impact unforeseen.
Recreating the parking space with public toilets for visitors	Under progress	Construction works is going on in vacant govt land. Record obtained. (See annexure 4&5).
Design of appropriate directional and informational Signage that directs the visitors from the parking space and entrance gate to the temple complex	Not started	Signages will be installed in the vacant land.
Design of appropriate lighting along the pedestrian trail that leads to the temple	Not started	Impact will not be arise.
Restoration of drinking water fountains at suitable points identified	Not started	Impact will not be arise.
Introducing litterbins at identified spots	Not started	Impact will not be arise.
Development of SnanGhat	Not started	Works will be carried out in the vacant govt land.(See annexure 3).
Construction of Dharamshala	Under progress	Construction works is going on in vacant temple trust land.NOC obtained. (See annexure 5)

Gender Issues: During this reporting period it has been shown that 3 nos of Women labor has been engaged in site. All female workers from Outsider and living in the room hired by the contractor. Contractor is provided equal wages and benefits to men and women for work of equal value or type.

Child labor: No child labor is involved in the construction works.

Provision of Drinking Water and Toilets at Site: Provision of safe drinking water, separate toilet is provided by the contractor for the labors. Total 4 nos of toilet are at site.

Grievance Redress mechanism; No Grievances received so far. Instruction given to the Contractor to maintain Grievances register on site.

Public Consultation : Public Disclosure meeting was held for make people aware about the Sub-project components and about the participation of the community during the infrastructure development phase. Interaction with the stakeholders is going on regularly for develop the sense of ownership. During interaction and meeting, they informed that this project will be handed over to the Committee for the operation and maintenance of the assets and the support of the temple committee and local villagers needed for making this successful tourist point with the help of local community. Meeting with contractor was held and instruction was given for Increase workforce in front of temple, so works should be completed on time and all safety rules and provision of adequate health and safety measures such as water, food, sanitation, personal protective equipment, workers insurance, and medical facilities should be at site. Instruction also given for continue interaction with committee members and villagers because they are familiar of the site, conditions etc Grievances register must be in a site for register any grievances/complain. On dated 11th Feb, 2015, meeting was held with the stakeholders for developed the sense of ownership among the community towards the sustainability of the projects. A total number of 45 villagers of Hanol and representatives of Youth group, Temple committee members and Women group members participated in the meeting.

The basic objective of this meeting was:

- Enhanced quality of natural and cultural tourist attractions
 - Livelihood opportunities at local community level
 - Improved basic infrastructure and services at tourist destinations
 - Strengthened capacity of concerned sector agencies and local communities for planning, development, management and marketing of tourist destinations and attractions
 - Enhanced capacity to promote local communities to participate and small businesses at the destination points.
- During the session a short visit to the village done by a group of villagers and found the sanitation problem in the village. Most of the villagers accepted open defecation problem in the village. Villagers said, “Everyday more than 100 visitors used to visit Mahasu temple and there is no Public toilet Facility is available in the village. The biggest challenge is the day by day increased number of visitors to the temple and there are no sufficient basic facilities like Sanitation, Drinking water etc.”
- Mrs. Nandini Rajguru, Village Pradhan Hanol said, “Till April 2015 we are constructing 10-14 private toilet blocks with the help of different schemes. By the end of the April month most of the houses in the village will own their own toilets. So, the open defecation problem by villagers will be solved. In IDIPT project, facilities like Toilets, Pathway development should be done on priority basis and fixing of Dust bins at different places so that visitors/pilgrims can use facilities and it help to reduce in open defecation problem and proper management of solid waste. She also added that we were trying to develop our Hanol village as Atal Aadarsh Gram.”

- Villagers also discussed the problem of plastic use. after a long discussion on plastic use villagers come up with that we will use paper bages or cloth bages to purchase their daily needs and they also demanded that training on making paper bags will help to reduce this problem. will not throw the household debries.

Institutional Mechanism and capacity development Training

Discussed the need and the importance of the self-help groups in the sub-project area as there is no SHG in the village only Yuvak Mandal dal which has members of Hanol and Chatra village and working as a cultural group. It was told that IDIPT is working in a convergence model for the development of the area. Our focus is on integrated sustainable tourism development with preservation and conservation of natural and cultural Heritage. The area has potential of increased tourist's inflow and it will increase day by day with better accessibility and promotion. With increased tourist inflow, villagers will have opportunities to provide basic visitor/ tourist services as accommodation, food, guide services etc. as well as there will be increased demand for local products, artifacts etc. which will result in enhanced livelihood opportunities for the locals.

Name of the speaker: Ms. Kiranjeet Sandhu, DSC, Dehradun

Open discussion between the team and villagers:

- The villagers, mandir samittee members and other stakeholders welcomed the concept.
- The program should take initiatives to promote small entrepreneurial activities for the local community.
- Villagers agreed for the construction of sanitation units at household level.
- Villagers agreed to avoid the use of plastics in their daily use and villagers said in every month they will help to clean their village and made village free from plastic use.
- **Strategies adopted for making village action plan:**
 - FGD's with groups and committees of Men/Women- for developing village action plan discussion was done with men & women group. Men group was more interested in the trainings of Tomato & Amla processing because both the raw materials found excessively in the village.
 - Status of SHG's and other groups:- there is no Self Help Group's of male & female in village. Yuvak Mangal Dal exists of Hanol & Chatra villagers. The group is involved in cultural programs of the Mahasu Devta temple trust activities.

Consultations- Yamuna Circuit (Hanol Mahasu):

6.2.1 Upgradation of Tourist Facilities at TRH Parichay

As on June, 2015 the physical work progress was 24.92%. A total of 63 labourers were engaged of which 33 were skilled and 30 were unskilled labour including 4 Nos of unskilled women from the project area. The project thus, generated direct employment to the local people. The Contract was awarded in the month of May, 2014 but the labourers were mobilized in the month of July 2014. The contractor has provided basic safety equipments like boots, jacket and helmet, however, he has been asked to maintain the First Aid Box at the site.

The resettlement monitoring review has been done at the project site and it was found that there is no IR impact at the project site. All the works are being carried out in the existing campus of KMVN. As per the commitment of KMVN, most of the casual staff, who were deployed at the TRH Parichay site for providing catering and other works, have been shifted to other units of KMVN and no livelihood loss has taken place to them. Details are shown in the table below.

Table 18: Details of KMVN workers at TRH Parichay during the construction.

S.No	Name of Staffs	Designation	Previous Location where they worked	New locations where, they have been shifted
1	Mr.H.DBhatt	Manager	TRH Parichay	Dhikala, Ramnagar
2	Mr.BholaArya	Receptionist	TRH Parichay	TRH Parichay
3	Mr.ShankarLal	Cook	TRH Parichay	TRH Tallital, Nainital
4	Mr.PitamberDumka	Waiter	TRH Parichay	TRH Naukuchiatal
5	Mr.RanjeetSinghKarki	Cook	TRH Parichay	TRH Mukteshwar
6	Mr.BrijeshKumar	Room cleaner	TRH Parichay	TRH Parichay
7	Mr.SundarLal	Helper(Cook)	TRH Parichay	TRH Parichay
8	Mr.MohanChandra	Gardener	TRH Parichay	TRH Parichay

Gender Issues

Women labourers are engaged by the contractor at TRH Parichay Site and provided safe drinking water from Government Water Supply Scheme. Existing toilet facilities of TRH Parichay are provided to them. No child labourer is involved in the construction activities. Rest shelters/camps are also available for the workers especially for women labourers. Contractor is paying equal wages / benefits to men and women workers for work of equal value / type.

Grievance Redress mechanism

No Grievance has been reported so far. Also, the contractor is maintaining the Grievance Register at the site.

Public Consultation on site

Several meetings and consultations were held with the labourers, Contractor and KMVN employees at TRH Parichay site. Contractor informed that they have already engaged women labourers and necessary provisions have been made for their lodging and fooding. Attendance Registeris being maintained regularly. Safety equipments like Shoes, helmet, jacket etc have been provided for the labourers. The contractor isbeing regularly, instructed by the DSC and PIU team for taking care of labourer's safety during construction of works.

Ongoing RR Masonry Work

6.2.2 Amelioration of Lake Naukuchiatal

The Contract was awarded in the month of May, 2014 but the contractor mobilized labourer in the month of July 2014. As on June, 2015 the physical work progress was 100% (Construction Part). A total of 18 labours were engaged of which 8 were skilled and 10 were unskilled labour with no women labourer. Most of the labourers are from the project area itself. The Project thus has generated direct employment to the local people. Although the contractor has provided basic safety equipment like boots, jacket and helmet, however, he has been asked to maintain First Aid box at the site.

Gender Issues

No women labourer has been engaged under the project. Similarly, no child labourer is involved in the construction activities. Contractor has been instructed for providing equal wages and benefits to men and women workers for work of equal value/ type.

Grievance Redress Mechanism

No Grievance has been reported so far from the labourers/villagers side. However, contractor is maintaining the Grievance Register also at the site.

Public Consultation at site

Several meetings and consultations were held with labourers, contractor at project site. Attendance Register is maintained regularly. Safety equipments like Shoes, helmet, jacket etc, have been provided for the labourers and contractor is being regularly instructed by the DSC and PIU team for maintaining labourers' safety during construction.

6.2.3 Trek Trail from Pithoragarh to Chandak

The Contract was awarded in the month of May, 2014 but the contractor mobilized labour in the month of July 2014. As on June, 2015, the physical work progress was 32.65%. A total of 21 labourers were engaged of which 9 were skilled and 12 were unskilled labourer with no women labourer. Due to minor civil works, all the labourers were engaged from surrounding villages. The Project thus, has generated direct employment to the local people. Although the contractor has provided basic safety equipments like boots, jacket and helmet, however, he has also been asked to maintain the First Aid Box at site.

Gender Issues

No women labourer has been engaged under the project. Similarly, no child labourer is involved in the construction work. However, contractor has been instructed for providing equal wages and benefits to men and women for work of equal value / type.

Grievance Redress Mechanism

No Grievance has been reported so far, from the labourer/ local masses. Contractor is maintaining the Grievance Register at the site.

Public Consultation at site

Several meetings and consultations were held with labourers and Contractor at project site. It was found that Attendance Register is maintained regularly. Safety equipments like Shoes, helmet, jacket, etc have been provided to the labourers and contractor, regularly, is being instructed by the DSC and PIU teams for maintaining labour safety during construction.

6.2.4 View Point at Mostamanu Temple

The Contract was awarded in the month of May, 2014 but the contractor mobilized the labour in the month of July 2014. As on June, 2015 the physical work progress was 65.22%. A total of 18 labourers were engaged of which 8 were skilled and 10 were unskilled labourer with no women labourer. Due to minor civil works, all the labourers were engaged from surrounding villages. The Project, thus, has generated direct employment to the local persons. Although the contractor has provided basic safety equipment like boots, jacket and helmet, however, he has been instructed to maintain First Aid box at the site.

Gender Issues

No women labourer has been engaged under the project. Similarly, no child labourer is involved in the construction activities. Contractor has been instructed for providing equal wages and benefits to men and women labourers for work of equal value / type.

Grievance Redress Mechanism

No Grievance has been received so far; also, contractor is maintaining the Grievance Register at the site.

Public Consultation at site

Several meetings and consultations were held with Labourers, Contractor at project site. Attendance Register is maintained regularly. Safety equipments like Shoes, helmet, jacket etc, have been provided for the labourers, however, the contractor is being regularly instructed by the DSC and PIU team for taking care of labourers safety during construction.

1	Public Consultation Meetings held at Taluka /Village	01/02/2015	39	22	17	Discussion on community based rural tourism development for economic growth and livelihood promotion in Takula village.	Development of basic amenities / separate toilets for women and drinking water facility at all the tourist spot.
	Total		39	22	17		

Concerns and issues raised during such FGDs as reported by DSC Bhimtal

- The team leader visited the Mostamanu temple and Trek trail subprojects along with the SDM, Pithoragarh and PM, PIU Bhimtal. He explained them all aspects including social also, involved in both the projects. During the discussions, emphasis was more on increasing the involvement of local masses at every stage of implementation of the programme. People were found taking much interest during the construction activities.
- Planning for preparation of micro plan relating to the Rural Tourism was done by studying the relevant literature / reports available. In this regard, reports sent by the Project Management Unit, Dehradun were also consulted and requisite format / checklist was developed for collecting information during the survey at village level.
- During the course of preparation of micro plan, information from the concerned village/ block etc, were also collected and data analysis was done for preparation of the said micro plan. Similarly, preparations were made for conducting the community consultation meetings.
- After knowing the current status of the projects, the DPR of Pithoragarh Phase II under Tranche III was modified incorporating the social aspects. During said period, findings relating to the social safeguards were also presented to the Project Director, IDIPT during the review meeting at Dehradun.
- To resolve the issue of Private path (Rasta) under Naukuchiyatal sub project, again and again visits were undertaken to the sites and held discussions with the local masses of the concerned village.
- Stakeholders consultation meetings were attended at village/ block level dealing with the social issues and minutes of the meeting s were also finalized. Similarly, existing literature relating to preparation of micro plan on Jageshwar was studied and draft plan was prepared. During this process, PIU was also consulted.

- The Social Safeguard Monitoring report for the period - July to December 2014 after getting reviewed was submitted to the PMU, IDIPT, Dehradun. Similarly, Due Diligence Report on Pithoragarh Phase II project along with the compliance status report on tourism village/ block was also prepared.

6.3 DSC KOTDWAR

1. Under PIU Kotdwar, total 6 sub-projects were finalized. Out of these, 3 numbers of sub-projects (includes four contract packages) were decided under tranche 2 and remaining 3 sub projects (includes three contract packages) are under tranche 3. Involuntary Resettlement (IR) documents such as Resettlement Plan (RP), Categorization Check List (CCL) and Due Diligence Report (DDR) have prepared following ADB's Safeguard Policy Statement (SPS), 2009 for all sub projects. Under Tranche 2, three numbers of sub projects are under implementation, while implementation of 2 sub projects in tranche 3 is about to start. DPR of one sub project under tranche 3 is under preparation.
2. Under tranche 2, all sub-projects were classified as under Category 'C'. Under tranche 3, 1 sub-project is classified as involuntary resettlement Category 'B', while 2 numbers sub-project reported under Category 'C'.
3. As far as project impact was concerned no APs/DPs are under tranche 2 packages. Under tranche 3, in 1 package (UK/IDIPT/III/KOT/01), minor impact has been identified in terms of temporary loss of livelihood of 49 DPs. Details are mentioned in Table 1.

Table 20: Details of DPs under different Packages under Tranche 2

Sl. No	Package no	Name of Packages	Status of Sub-projects	DPs Identified as per Final Design	Revised DPs
1.	UK/IDIPT/KOT/01.	Development of Tourism Infrastructure for North Corbett Entry Point at Kotdwar.	Works in under progress.	NIL	NIL
2.	UK/IDIPT/KOT/02.	Implementation of Tourism Signage throughout Uttarakhand.	Works in under progress.	NIL	NIL
3.	UK/IDIPT/KOT/03- Lot-1.	Adventure Sports Centre at Tehri under PIU Kotdwar - Lot 1.	Works in under progress.	NIL	NIL

Status of Involuntary Resettlement (IR) Documentation:

5 Initially, under tranche 2 sub-projects, all are reported under Category 'C'. Under tranche 3, 1 sub-project is classified as involuntary resettlement Category 'B', while 2 nos sub-project reported under Category 'C'. Tranche 3 sub-projects are not started yet. But, the bidding process is under progress.

Table 5: Sub-project details and status of DDR/RP under Tranche 2 and 3 (DSC, Kotdwar)

Sl.No.	Package No	Status of DDR/ RP	Social Safeguard Categorization	Remarks
1.	UK/IDIPT/KOT/01 (Development of Tourism Infrastructure for North Corbett entry point at Kotdwar).	As per SPS, this sub-project is under category C. Brief due-diligence report (DDR) is made and submitted to ADB and approved by ADB.	Category C of ADB (SPS), 2009. No impact.	
2.	UK/IDIPT/KOT/02 (Implementation of Tourism Signage throughout Uttarakhand).	As per SPS, this sub-project is under category C. Brief due-diligence report (DDR) is made and submitted to ADB and approved by ADB.	Category C of ADB (SPS), 2009. No impact .	
3.	UK/IDIPT/KOT/03- Lot-1 (Adventure Sports Centre at Tehri under PIU Kotdwar - Lot 1).	As per SPS, this sub-project is under category C. Brief due-diligence report (DDR) is made and submitted to ADB and approved by ADB.	Category C of ADB (SPS), 2009. No impact.	

Sl.No.	Package No	Status of DDR/ RP	Social Safeguard Categorization	Remarks
4.	UK/IDIPT/KOT/03-Lot-2 (Adventure Sports Centre at Tehri under PIU Kotdwar - Lot 2).	As per SPS, this sub-project is under category C. Brief due-diligence report (DDR) is made and submitted to ADB and approved by ADB.	Category C of ADB (SPS), 2009. No impact.	
5.	UK/IDIPT/III/KOT/01 (Creation of Pedestrian Routes for Pilgrims and Tourist in Haridwar).	This subproject has been categorized as "B" for Involuntary Resettlement (IR) impact as per the ADB's Safeguard Policy Statement, 2009 (SPS). Resettlement Plan has been prepared and submitted to the ADB and approved by ADB.	Category B of ADB (SPS), 2009.	
6.	UK/IDIPT/III/KOT/02 (Development of Tourism Infrastructure in Sem Mukhem (Tehri Garhwal).	As per SPS, this sub-project is under category C. Brief due-diligence report (DDR) is made and submitted to ADB and approved by ADB.	Category C of ADB (SPS), 2009. No impact.	
7.	UK/IDIPT/III/KOT/03 (Development of Rural Tourism Infrastructure in Pauri and Tehri Garhwal).	As per SPS, this sub-project is under category C. Brief due-diligence report (DDR) is made and submitted to ADB and approved by ADB.	Category C of ADB (SPS), 2009. No impact.	

6 Project Impacts:

In order to identify the Impacts of sub-projects under Tranche 2, several site visits and consultative inspections has been made during Jan-June, 2015 in the project areas and it has been confirmed that the implementation of the above project would not have any resettlement impact .All the works are executed in Government Land, Vacant Panchayat land or Temple Trust Land. (Revenue records have been collected for confirmation). No private land acquisition and resettlement issues are involved in all these projects. All the works are executing in the vacant land of Govt//Temple Trust/Panchayat.

Initially, 49 DPs were identified in one Tranche 3 sub-project, (UK/IDIPT/III/KOT/01) - Creation of Pedestrian Routes for Pilgrims and Tourist in Haridwar and the impact was anticipated in terms of temporary loss of livelihood. The overall IR category of IDIPT Uttarakhand is "B". The exact impact on APs/DPs will be analyzed during execution.

7 Grievances Redress Mechanism

During this reporting period no Grievances were received.

8 Physical Progress of Sub-Projects:

Status of physical progress of the sub-projects is shown in the table below:

Table 6: Status of Physical Progress of Sub-projects

S. No.	Sub-Project Name	Award of contract	Cumulative Progress (%)
1.	UK/IDIPT/KOT/01 (Development of Tourism Infrastructure for North Corbett entry point at Kotdwar).	Contract Awarded Contract Signing Date:- 09.07.2014.	25.0
2.	UK/IDIPT/KOT/02 (Implementation of Tourism Signage throughout Uttarakhand).	Contract Awarded Contract Signing Date:- 30.12.2014.	10.22
3.	UK/IDIPT/KOT/03- Lot-1 (Adventure Sports Centre at Tehri under PIU Kotdwar - Lot 1).	Contract Awarded Contract Signing Date:- 30.12.2014.	0.0
4.	UK/IDIPT/KOT/03-Lot-2 (Adventure Sports Centre at Tehri under PIU Kotdwar - Lot 2).	Contract Awarded Contract Signing Date:- 27.01.2015.	7.16
5.	UK/IDIPT/III/KOT/01 (Creation of Pedestrian Routes for Pilgrims and Tourist in Haridwar)	Construction work not yet started.	
6.	UK/IDIPT/III/KOT/02 (Development of Tourism Infrastructure in Sem Mukhem (Tehri).	Construction work not yet started.	
7.	UK/IDIPT/III/KOT/03 (Development of Rural Tourism Infrastructure in Pauri and Tehri Garhwal).	Construction work not yet started.	

6.3.1: Development of Tourism Infrastructure for North Corbett Entry point at Kotdwar: In order to identify the Impacts, several site visits and consultative inspections has been made during Jan-June, 2015 in the sub project areas and it has been confirmed that the implementation of the

above project does not have any resettlement impact. All the works either executed in land owned by Department of Tourism, Govt. of Uttarakhand. No private land acquisition and resettlement issues are involved in the sub project. The resettlement monitoring review has been done in the sub project site and it has found that there is no IR impact in the project site.

Table 7: Status of Works and IR issues

Scope of works	Present status	IR Impacts
Providing furnished accommodation facilities (cottages and dormitory) for the tourists in place of old structures (huts)	Under progress.	There is no impact. Works are going on in land owned by Govt. of Uttarakhand.
Construction of new jetty for safe and comfortable ride by boats for visitors who prefers boating	Under progress.	-DO-
Improvement of existing cafeteria	Under progress.	-DO-
Improvement of existing walkways	Under progress.	-DO-
Construction of public toilets, restaurant, office and other amenities in place of old ones	Under progress.	-DO-
Construction of parking area, entrance gate and guard room at the entrance of site	Under progress.	-DO-
Procurement of research and monitoring equipment (e.g., cameras) to monitor habitat quality of the birds and to provide information at the interpretation centre	Under progress.	-DO-
Providing adequate signage to inform/educate people	Under progress.	-DO-
Landscaping and restructuring of electrical and water supply	Under progress.	-DO-
Site Clearance	Under progress.	
Interpretation Centre – 1 No.	Restoration work is under progress.	
Convention Centre cum Restaurant – 1 No.	Under progress.	
Cottages – 8 No.	Slab Casting of 3 cottages are done, other 5 cottages are in progress.	
Staff Quarter – 1 No.	Under progress.	
Open air theatre – 1 No.	Yet to start.	
Car parking, Internal road, Path-way, Baloon pad etc.	Work for internal pathway is under progress.	
Generator Shed	Under progress.	
Repairing & strengthening of exiting boundary wall, and new construction of boundary wall	Under Progress.	

Scope of works	Present status	IR Impacts
Water garden (Up gradation of existing ground level reservoir -1No.)	Work is not started yet.	
Repair of existing temple	Under progress.	
Repair of existing guard room	Under progress.	
Shifting of existing gas-godown and it's new construction – 1No.	Under progress.	
Rehabilitation quarter for existing staff of gas-godown – 1 No.	Under progress.	
Entrance Plaza – 1	Under progress.	
Entrance Plaza – 2	Work yet not started.	
Septic Tank – 50 Users (1 No.), 30 Users (3 No.), 10 Users (2 No.)	Under progress.	
Drain	Work yet not started.	
Sinking of 200mmX100mm Dia, Deep tube well	Work yet not started.	
Over head reservoir – OHR	Under progress.	
External & internal plumbing work	Work yet not started.	
Landscaping	Work yet not started.	
Electrical work including appliances	Work yet not started.	
Fencing for electrical works	Work yet not started.	
Wall for adventure climbing	Work yet not started.	
Baloon for adverting	Work yet not started.	
Cost of civil work for water fountain (15 mm)	Work yet not started.	
Cost of foundation including pumping, pipe line works and light & music system etc. All complete.	Work yet not started.	
Cost of furniture.	Work yet not started.	

Gender Issues:

During this reporting period, it has been found that 10 nos of Women labors have been engaged at the Kotdwar site. All female workers are from outside and living in the camp with their husbands, who are also involved in the construction activities. Rest shelters/camps are available for the workers especially for women. Contractor has provided equal wages and benefits to men and women for work of equal value or type.

Child labor: No child labor is involved in the construction works.

Provision of Drinking Water and Toilets at Site: Provision of safe drinking water, separate toilet is provided by the contractor for the labors. Two numbers of toilets are available at site.

Grievance Redress mechanism; No Grievances received so far. Instruction is given to the Contractor to maintain Grievances register on site.

Public Consultation on site: Near the Kotdwar site, there is no habitation. No vendor and hawkers are seen near the site. Therefore, consultations and meetings were concentrated to the project labors. Several meeting and consultation was held with Labors, Contractor and GMVN employee in Kotdwar site.

At present 70 workers are engaged at site. Most of the workers are unskilled and few are skilled engaged in civil construction works. During interaction with labors, they informed that contractor paying Rs.450/day to skilled labor and 300/day to unskilled labor.

Equal wages are being paid to the men and women workers. Contractor confirmed and it was observed that Safety equipment like-glove, gum boot, helmet, jacket etc has been provided for the all the labors but female workers are hesitating to wear helmet and other safety tools.

During interaction, consultants explained the advantage of wearing safety equipment and requested the contractor to mobilize safety officers at site for maintaining the safety issues at site.

Photographs of Meetings and Consultation at Kotdwar Sub Project Site

6.3.2: Implementation of Tourism Signage throughout Uttarakhand: As per surveyed data based on initial design, there is no DP under the sub-project. During the reporting period, site visits were conducted in all the working areas. It has been found that all the works are executed on the sides of existing roads and there is no impact on private land, private properties like housing, shops, commercial buildings, religious and community infrastructure. Status of works and IR issues are mentioned in table..

Table 7: Status of works and IR issues

Scope of works	Present status	IR Impacts
Fabrication and Erection of 15 numbers of welcome road signages (Signage Type 1) at Entry Points to Uttarakhand State.	Under progress.	No impact.
Fabrication and Erection of 1863 numbers of road signages (Signage Type 2, 3 and 4) in 13 districts of Uttarakhand State.	Under progress.	No impact.
Construction of 150 numbers of Special Signages(Signage Type 5) in Uttarakhand State.	Under progress.	No impact.

Gender Issues:

No women and child labour found at the construction sites.

Child labor: No child labor is involved in the construction works.

Provision of Drinking Water and Toilets at Site: Provision of safe drinking water is provided by the contractor for the labors at the sites of erection of signages.

Grievance Redress mechanism; No Grievances received so far. Instruction is given to the Contractor to maintain Grievances register on site.

Public Consultation on site: Public consultations were done near the locations of erected signages under the sub project. During public consultations, the benefits of the sub project were explained to people. Also, consultations were held with Labors of the contractor. About 30 labors are engaged by the contractor at different locations of erection of road signages. During interaction

with labors, they informed that contractor is paying Rs.450/day to skilled labor and 300/day to unskilled labor. Equal wages are paid to the women workers. Contractor informed that Safety equipments like-glove, gum boot, helmet, jacket etc has been provided for the labors. During interaction, consultant explained the advantage of wear safety equipments and requested to mobilize safety officers at site for maintain the safety issues at site.

6.3.3: Adventure Sports Centre at Tehri: Under the contract package, an adventure tourist center is being constructed on the bank of Tehri Lake. Water sports facilities will be provided to tourists at the center. Under the sub project, water sports equipments will be procured in a separate contract package.

As per Detailed Project Report and final design, no involuntary resettlement was involved in this sub-project and brief due-diligence report was prepared for the documentary requirement for the ADB. Now, civil works has been started and monitoring is going on to identify the Resettlement Impacts, if any, due to project implementation. PMU/PMC/PIU/DSC team have carried out several site visits and consultative inspections in the sub project areas after the commencement of civil works and it has been confirmed that the implementation of the project would not have any resettlement impact. Works under the subproject are executing in Govt. land. Status of works and IR issues are mentioned in table.

Table 8: Status of Works and IR Issues

Scope of works	Present status	IR Impacts
Earth work and Site preparation work at Site.	Under progress.	No impact. Construction is taking place in Govt. land.
Construction of Raft and Column foundations.	Completed.	No impact.
Construction of plinth beams and columns.	Completed.	No impact.
Construction of retaining wall.	Not started yet.	No impact.
Land development including protection work.	Under progress.	No impact.
Adventure tourist building.	Under progress.	No impact.
Drive way, Approach road & Steps towards Jheel.	Under progress.	No impact.
Septic tank – 2 Nos. (Each 30 users).	Not started yet.	
Compound wall.	Under progress.	No impact.

Furniture .	Not started yet.	
Safety equipment including CCTV.	Not started yet.	

Gender Issues: During this reporting period, it has been found that 10 nos. of Women labor has been engaged in site. All female workers are from outside and living with their family in the huts constructed by the contractor. Contractor is providing equal wages and benefits to men and women.

Child labor: No child labor is involved in the construction works.

Provision of Drinking Water and Toilets at Site: Provision of safe drinking water, separate toilet is provided by the contractor for the labors. Total 4 numbers of toilets are available at site.

Grievance Redress mechanism; No Grievances received so far. Instruction is given to the contractor to maintain Grievances register on site.

: Public Consultation: Meeting and consultation was held with the contractor and project labors. During meeting with contractor and labors, the following aspects were explained:

- Provide sign boards at different locations of the site and contact numbers for concerns/ complaints.
- All safety rules at work, and provision of adequate health and safety measures such as water, food, sanitation, personal protective equipment, workers insurance, and medical facilities.
- The Contractor shall consult with members of village panchayat as well as local residents before and during execution of works, because they are familiar of the site, conditions etc.
- Training workers and providing them with appropriate incentives to use and comply with health and safety procedures and protective equipment;
- Having emergency prevention, preparedness, and response arrangements in place.

7. Policy and Legal Framework:

The policy framework and entitlements for the program as well as for this subproject are now to be based on national laws: The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act 2013⁴, state laws and regulations: ADB's Safeguard Policy Statement, 2009 (SPS); and the agreed Resettlement Framework (RF). Based on these, the core involuntary resettlement principles applicable are: (i) land acquisition, and other involuntary resettlement impacts will be avoided or minimized exploring all viable alternative subproject designs; (ii) where unavoidable, time-bound Resettlement Plans will be prepared and APs will be assisted in improving or at least regaining their pre-program standard of living; (iii) consultation with APs on compensation, disclosure of resettlement information to APs, and participation of affected persons in planning and implementing subprojects will be ensured; (iv) vulnerable groups will be provided special assistance; (v) payment of compensation to APs including non-titled persons (e.g., informal dwellers/squatters, and encroachers) for acquired assets at replacement rates; (vi) payment of compensation and resettlement assistance prior to the contractor taking physical acquisition of the land and prior to the commencement of any construction activities; (vii) provision of income restoration and rehabilitation; and (viii) establishment of appropriate grievance redress mechanisms. A detailed policy framework including the comparison of new national law and policies with ADB' SPS is given in **Annexure-**

8. Grievance Redress Mechanism has been established in this Program:

GRC has been established. A grievance of the public and, particularly, the DPs is first brought to the notice to the implementing NGO and Safeguard Expert of DSC, which will be forwarded to the PIU. Grievances not redressed by the PIU will be referred to the PMU level, who will, based on review of the grievances, address them in consultation with the Community/Social Development Specialist of the PMU. Should the grievance remain unresolved, the Project Director, will refer the issue to the State level empowered committee, which will act as Grievance Redress Committee (GRC) for the Facility. The GRC will resolve the issue within one month from the date of registration of any case in the GRC.

9. Public Consultations:

The activities undertaken during the reporting period have been presented along with the Photographs as documentary evidence of public consultations/Disclosure Meetings/trainings etc in the report under 3 DSCs.

Information is disseminated to APs/DPs through various means. The finalized DDRs/RP were disclosed at ADB's website and is disclosed at UTDB web-site. The DDRs/RP are being translated in local language (Hindi) in a leaflet form and PIUs are distributing them among the local community, tourists, line departments, contractors, labour etc. at each subproject site. The information dissemination and consultation will be continued throughout the program implementation.

The Community/Social Development Officer of PIUs and Safeguard Specialist of DSCs are in process of conducting consultations and disseminating information to all APs/DPs. The public disclosure meetings, orientation of labour on safety measures etc. have been organised at Assan Barrage site, Hanol, Lakhamandal, North Entry Corbett, Tehri, and Naukuchiatal - the details have already been covered with photographs. The RPs in the local language have been made available at offices of the: (i) Urban Local Bodies (ULBs)/ Village Panchayats (ii) relevant local government line agencies (GMVN & KMVN, Forest, Irrigation etc.); and (iii) PMU and PIUs.

⁴The policy framework and entitlements for the program as well as for this subproject will now be based on new national law (applicability is from January 2014) namely: The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act 2013 and state laws and regulations. ; ADB's Safeguard Policy Statement, 2009 (SPS); and the agreed Resettlement Framework (RF).

DDRs/RP have been kept in the public libraries, accessible to citizens as a means to disclose the document and at the same time creating wider public awareness.

The PMU and PIUs provide information on IR policies and features of the DDRs/RP in the disclosure meetings. Basic information such as sub-project location, impact estimates, entitlements, and implementation schedule will be presented in the form of a brochure/ leaflet that is circulated among DPs/APs.(Annexure -IV.copy of hindi leaflet being disseminated in Tiger Falls sub project being in Category B as per IR of ADB.)Posters containing basic DDRs/RP information will also be posted in different localities to increase awareness if the impact is major.

10. Lessons Learnt and Good Practices:

1. All the measures are being taken to minimize the IR impacts at all sites by the design team, although no private land acquisition and resettlement impact is envisaged in any of the subproject where the civil works are in progress. The required measures are being taken as per the RP/DDRs for the temporary disruption of the livelihood of the GMVN/KMVN staff working at the site and the DPs whose livelihood is getting affected due to the civil works. The monitoring of all the site are being done as per the ADB safeguard policy statement 2009, on regular basis by the PIUs and DSCs as mentioned above for all the packages, where implementation is under progress.
2. All the DDRs and RPs are prepared after extensive consultation with stakeholders and DPs under the program (both Tr -2 and Tr-3) and have been disclosed on the Program and ADB website. The same have also been disclosed to the stakeholders, local community and DPs by translating the salient features into the local language and distributed the information with the help of leaflets, handbills by hand and by displaying on boards of the local administration, the temple committees and GMVN/KMVN offices. With the help of these IEC the stakeholders have been informed with the level of impacts, entitlement to the Displaced Persons, the eligibility criteria, the principles and procedures of compensation. A notice has also been served to the DPs prior to the commencement of works.
3. Informative signages about the project, its components and their corresponding cost have been placed at the project site for maintaining the transparency.
4. The works are being done with minimum inconvenience to the local community and the tourists. The program team has explained the importance of short term inconveniences and long term benefits of the program to the public and people in general cooperate as they understand that the tourist inflow will be increased as outcome of the subprojects. The visitors will spend more time to see the natural sites and to know importance of cultural and heritage sites, use the facilities and pay for them, which will help in improving economy of the region. It will also be a good income source for Uttaranchal Tourism.
5. All the basic information of Displaced Persons, like location, composition of structure, gender of household head, housing type, occupation and employment pattern, income source & level etc. were covered to know more about the socio-economic status of the DPs.
6. Consultation, informal discussion, awareness generation and information dissemination is the regular practice being adopted by all PIUs and the DSCs. Meeting and FGD have been carried out by community development expert of PMU also in the respective villages, where works are proposed and training has been given to start the livelihood activities through groups near the project areas.

7. Brochures in vernacular language summarizing the project, impacts, entitlement of Displaced Persons distributed to DPs, so that they aware about the eligibility criteria, entitlement, basis principal and process of compensation. Prior to the commencement of works , notice has also issued to the DPs wherever the case was.
8. Leaflet has been prepared for all the sub-projects and distributed to the stakeholders for their understanding about the sub-projects. Review meeting of Project units are held on regular basis for review the works.
9. All the Institutional Arrangements have been well established for compliance of ADB safeguard policy.
10. Safeguard Specialist has been appointed in PMU/PIUs/PMC and DSCs for review and implementation of safeguard procedures.
11. Valuation Committee (VC) has been constituted and is being performed properly at PMU for taking major decision regarding the compensation packages of the DPs by assessing the actual situation in the field after listening the version of DPs and local community. The IR impact has avoided completely by following the 1st principle of SPS 2009. The follow up of the committee is so strong that the matter has been resolved by organizing 02 continuous meetings on 22nd and 30th Sept, 2014 for Tiger Fall subproject. and suggestion of Villagers and Panchayat by change in the design by GRC was made at the time of implementation.
12. When a request received from Mr. Khajan Singh (whose structure was proposed to be dismantled during development of parking near entrance gate of Tiger Fall) was carefully attended by the program authority and took necessary decision in favour of DP to avoid IR impact from the project, which is a commendable example of the 1st principle of SPS 2009.
13. Most of the causal workers of GMVN/KMVN at Asan and TRH Parichay sites have been shifted to the other units of GMVN/KMVN prior to dismantle of existing structures. The livelihood of none of the worker has been impacted due to execution of the subproject packages.
14. Besides the Tiger Falls case, (which has been solved to the satisfaction of DP), no grievances has been reported by the local people till date from any of the site.
15. The Grievance registers have been maintained by the contractors on the sites to register grievances.
16. Review meeting of Project units are held on regular basis for review the works.
17. SLEC meetings are being organized on regular basis to review the progress of the works and its timely completion etc.
18. Village Panchayats and Temple Trusts have given their consent for taking responsibility for the Operation and Maintenance of the project assets at the time of RP/DDR preparation.
19. Few local labourers have also been engaged in the construction activities and all the workers have a job card and the six days working provision as per the GCC 63. Local labours are given priority for the construction activities thus creating livelihood opportunities for the local villagers in the project area.
20. Considering the Gender aspect, women representation are visible in the project units and also construction works. Further, meeting and FGDs have been carried out by the females in the respective villages, where works are proposed and training has been imparted in groups for livelihood activities nearby the project areas. It has been noticed during site visits that approximately 15% female workers are engaged in construction activities covering all 08 sites during the reporting period.

21. All the basic information of Displaced Persons, like location, composition of structure, gender of household head, housing type, occupation and employment pattern, income source & level etc. were covered to know more about the socio-economic status of the DPs.
22. All the DDRs and RPs are prepared after extensive consultation with stakeholders and DPs under the program (both Tr 2 and Tr 3) have been disclosed on the Program and ADB website. The same have also been disclosed to the stakeholders, local community and DPs by translating the salient features into the local language and distributed the information with the help of leaflets, handbills by hand and by displaying on boards of the local administration, the temple committees and GMVN/KMVN offices. With the help of these IEC the stakeholders have been informed with the level of impacts, entitlement to the Displaced Persons, the eligibility criteria, the principles and procedures of compensation. A notice has also been served to the DPs prior to the commencement of works.
23. Informative signages about the project, its components and their corresponding cost have been placed at the project site for maintaining the transparency.
24. All the measures are being taken to minimize the IR impacts at all sites by the design team. Although no private land acquisition and resettlement impact envisaged in any of the subproject, where the civil works are in progress. The required measures are being taken as per the RP/DDR for the temporary disruption of the livelihood of the GMVN/KMVN staff working at the site and the DPs whose livelihood is getting affected due to the civil works. The monitoring of all the site are being done as per the ADB safeguard policy statement 2009, on regular basis by the PIUs and DSCs as mentioned above for all the packages, where implementation is under progress.
25. When a request received from Mr.Khajan Singh (whose structure was proposed to be dismantled during development of parking near entrance gate of Tiger Fall) was carefully attended by the program authority and took necessary decision in favour of DP to avoid IR impact from the project, which is a commendable example of the 1st principle of SPS 2009.
26. Valuation Committee (VC) has been constituted and is being performed properly at PMU for taking major decision regarding the compensation packages of the DPs by assessing the actual situation in the field after listening the version of DPs and local community. The IR impact has avoided completely by following the 1st principle of SPS 2009. The follow up of the committee is so strong that the matter has been resolved by organizing 02 continuous meetings on 22nd and 30th Sept, 2014 for Tiger Fall subproject. and suggestion of Villagers and Panchayat by change in the design by GRC was made at the time of implementation.
27. The works are being done with minimum inconvenience to the local community and the tourists. The program team has explained the importance of short term inconveniences and long term benefits of the program to the public and people in general cooperate as they understand that the tourist inflow will be increased as outcome of the subprojects. The visitors will spend more time to see the natural sites and to know importance of cultural and heritage sites, use the facilities and pay for them, which will help in improving economy of the region. It will also be a good income source for Uttarakhand Tourism.
28. Most of the casual workers of GMVN/KMVN at Asan and TRH Parichay sites have been shifted to the other units of GMVN/KMVN prior to dismantle of existing structures. The livelihood of none of the worker has been impacted due to execution of the subproject packages.
29. Besides the Tiger Falls case, (which has been solved to the satisfaction of DP), no grievances has been reported by the local people till date from any of the site. The registers have been maintained by the contractors on the sites to register grievances.
30. It has been noticed during site visits that approximately 15% female workers are engaged in construction activities covering all 08 sites during the reporting period.

31. Few local laborers have also been engaged in the construction activities and all the workers have a job card and the six days working provision as per the GCC 63. Local labours are given priority for the construction activities thus creating livelihood opportunities for the local villagers in the project area
32. Considering the Gender aspect, women representation are visible in the project units and also construction works. Further, meeting and FGDs have been carried out by the females in the respective villages, where works are proposed and training has been imparted in groups for livelihood activities nearby the project areas.
33. Meeting and FGD have been carried out by community development expert in the respective villages, where works are proposed and training has been given to start the livelihood activities through groups near the project areas.
34. Consultation, informal discussion, awareness generation and information dissemination is the regular practice being adopted by all PIUs and the DSCs.
35. Brouchores in vernacular language summarizing the project, impacts, entitlement of Displaced Persons distributed to DPs, so that they are aware about the eligibility criteria, entitlement, basis principal and process of compensation. Prior to the commencement of works, notice has also been issued to the DPs wherever the case was.
36. Leaflet has been prepared for all the sub-projects and distributed to the stakeholders for their understanding about the sub-projects. Review meeting of Project units are held on regular basis for review the works.
37. SLEC meetings are being organized on regular basis to review the progress of the works, and its timely completion etc.
38. Review meeting of Project units are held on regular basis for review the works.
39. All the Institutional Arrangements have been well established for compliance of ADB safeguard policy.
40. Safeguard Specialist has been appointed in PMU/PIUs/PMC and DSCs for review and implementation of safeguard procedures.
41. Village Panchayats and Temple Trusts have given their consent for taking responsibility for the Operation and Maintenance of the project assets.

Annexure I: Status of Resettlement Plan/Due Diligence Reports approved by ADB

S.No.	RP/DDR	Status
1.	AsanBarage Lot-1	Approved by ADB on 22 nd April 2014
2.	Yamuna Circuit Lot-1 Tiger Falls (RP)	Approved by ADB on 1 st May 2014
3.	Yamuna Circuit Lot-1 Lakhamandal	Approved by ADB on 27 th May 2014
4.	Yamuna Circuit Lot -3 Hanol	Approved by ADB on 27 th May 2014
5.	Yamuna Circuit Lot-2 Deovan	MoU finalized by forest deptt.
6.	Development of Adventure Sports Centre, Uttarakhand	Submitted by 25 th August 2014
7.	North Entry Corbett	Approved by ADB on 6 th June 2014
8.	Signage Sub-Project Uttarakhand	Not Needed
9.	Adventure Sports Centre at Tehri Lot- 1 & 2	Approved by ADB on 12 th June 2014
10.	TRH Parichay	Approved by ADB on 4 th June 2014
11.	Amelioration of Lake Naukuchiatal	Approved by ADB on 4 th June 2014
12.	Trek Trail from Pithoragarh to Chandak	Approved by ADB on 5 th June 2014
13.	View Point at Mostamanu Temple	Approved by ADB on 13 th June 2014
14.	Conservation of Pithoragarh Fort	Approved by ADB on 20 th June 2014
15.	Development of Adventure Centers under PIU Bhimtal Lot-1 & Lot-2	Submitted by 25 th August 2014

Tranche-3

15	Development of Tourism Safety & Management System	Submitted
16	Provision of Solar Facilities at Tourist Guest Houses (in Uttarakhand)	Not required.
17	Development of traditional medicine and Yoga Training centres	Not required

Annexure II: Policy and Legal Framework

The policy framework and entitlements for the Program are based on national laws: **The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013** and ADB'S Safeguard Policy Statement, 2009 (SPS). The salient features of Government and ADB policies are summarized below.

I. Government Policy

The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (The Central Government has notified January 01, 2014 as the effective date of the act,)

The act provides for transparent process and fair compensation to land owners and those affected by land acquisition, for land acquired for public purpose. In determining market price, (Sec 26 read with 1st Schedule) the land owner in urban area will get twice, due to the 100% solatium and in rural area, the multiplying factor is 1 to 2 depending on distance from nearest urban center, to be notified by appropriate government, and then 100% solatium.

Traditionally R&R has been in the form of a one-time compensation, which was decided using the last registered sale or a similar sale in the vicinity of the land as a base. After the proposed project is set up, the land prices rise owing to the benefits of the development. This creates considerable dissatisfaction amongst the displaced people. To prevent such issues, the entire R&R package stipulates the provision of employment by the project owner in cases where jobs are generated by the project and basic infrastructure including drinking water, individual electric connections, health centre etc for the resettled. Over and above this, delivery of the compensation and the R&R are proposed to be preconditions to the transfer of the land title.

The procedure for acquisition and R&R will include a Social Impact Assessment (SIA) which will cover the investigation of public purpose, minimum extent of land required thereof, estimation of displacement and social impact on affected families apart from the overall cost versus benefit analysis for the proposed project.

The act restricts the use of emergency clause to defense, national security and natural calamities. Since there is no land acquisition in "legal terms" in this subproject, therefore this is not applicable.

They are as follows:

- Transportation cost for displaced families - Each affected family which is displaced shall get a one-time financial assistance of Rs. 50000/- as transportation cost for shifting of the family, building materials, belongings and cattle. In this case, commercial structure of one of the DPs will be demolished which will not result in displacement but will involve transportation of building materials salvaged.
- Each affected family which is displaced from the land acquired shall be given a monthly subsistence allowance equivalent to Rs. 3000/- per month for a period of one year from the date of award. This is applicable to those families whose livelihood is primarily dependent on land acquired. In this sub-project, the livelihood of DPs is not primarily dependent on land to be cleared. As such, assistance for temporary livelihood disruption is provided for six (6) months @ Rs. 3000/- per month.
 - Each affected family having cattle or having a petty shop shall get one-time financial assistance of such amount as the appropriate Government may, by notification, specify subject to a minimum of Rs. 25000/- for construction of cattle shed or petty shop as the case may be. In this sub-project, 3 petty shops will be impacted. A minimum of Rs. 25000/- each has been provided for these petty shops.

II. ADB'S Safeguard Policy Statement, 2009 (SPS)

- a. The three important elements of ADB's involuntary resettlement policy are
- (i) Compensation to replace lost assets, livelihood, and income; (ii) assistance for relocation, including provision of relocation sites with appropriate facilities and services; and
 - (iii) Assistance for rehabilitation to achieve at least the same level of well-being with the project as without it.
- b. For any ADB operation requiring involuntary resettlement, resettlement planning is an integral part of project design, to be dealt with from the earliest stages of the project cycle, taking into account the following basic principles:
- (i) Involuntary resettlement will be avoided whenever feasible.
 - (ii) Where population displacement is unavoidable, it should be minimized.
 - (iii) All lost assets acquired or affected will be compensated. Compensation is based on the principle of replacement cost.
 - (iv) Each involuntary resettlement is conceived and executed as part of a development project or program. Affected persons need to be provided with sufficient resources to reestablish their livelihoods and homes with time-bound action in co-ordination with civil works.
 - (v) Affected persons are to be fully informed and closely consulted.
 - (vi) Affected persons are to be assisted to integrate economically and socially into host communities so that adverse impacts on the host communities are minimized and social harmony is promoted.
 - (vii) The absence of a formal title to land is not a bar to ADB policy entitlements. Affected persons are to be identified and recorded as early as possible to establish their eligibility, through a census which serves as a cut-off date, and prevents subsequent influx of encroachers.
 - (viii) Particular attention will be paid to vulnerable groups including those without legal title to land or other assets; households headed by women; the elderly or disabled; and indigenous groups. Assistance must be provided to help them improve their socio-economic status.
 - (ix) The full resettlement costs will be included in the presentation of project costs and benefits.

Comparison of Government and ADB Policies

A policy comparison between LA Act, New LA Act 2013 and ADB's Safeguards Policy Statement, 2009 is presented in the following table along with measures to bridge the gap.

Comparison between ADB's Requirements and the Requirements of the Government of India (RFCTLARRA) and Gap Filling Measures

S. No.	ADB Safeguard Requirements (SPS, 2009)	Provisions in the RFCTLARRA, 2013	Measures to bridge the Gaps
	Objectives		
1	Avoid involuntary resettlement wherever feasible	Same	
2	If unavoidable, minimize involuntary resettlement by exploring project and design alternatives	Same	
3	To enhance, or at least restore, the livelihoods of all displaced persons in real terms relative to pre-project levels		The SPS requirements will be followed.
4	To improve the standards of living of the displaced poor and other vulnerable groups.		The SPS requirements will be followed.
	Policy Principles		
5	Screen the project early on to identify past, present, and future involuntary resettlement impacts and risks.	While the policy does not specify any requirement for screening of the project at an early stage for resettlement impacts and risks, it requires carrying out social impact assessment before any proposal for land acquisition (Section-16).	Screening of all sub-projects in line with the IR checklist of ADB, towards enabling identification of the potential resettlement impacts and associated risks.
6	Determine the scope of resettlement planning through a survey and/or census of displaced persons, including a gender analysis, specifically related to resettlement impacts and risks	Carry out census of affected people and their assets to be affected, livelihood loss and common property to be affected; R&R scheme including time line for implementation.(Section: 16. (1) and (2)).	The SPS requirements will be followed.
7	Carryout consultations with displaced persons, host communities and concerned NGOs. Inform all displaced persons of their entitlements and resettlement options	Consultation with Panchayat, Municipality, to carry out SIA. (Section: 4. (1)) Public hearing for Social Impact Assessment. Section: 5. Discussion on and Public hearing for Draft Rehabilitation and Resettlement Scheme Section: 16. (4). and (5).	
8	Establish a project level grievance redress mechanism	Establishment of Land Acquisition, Rehabilitation and Resettlement Authority for disposal of disputes relating to land acquisition, compensation, rehabilitation and resettlement. Section: 51. (1). and Section: 64. The Requiring Body or any person aggrieved by the Award passed by an Authority under section 69 may file an appeal to the High Court within sixty days from the date of award. Section: 74. (1). and (2).	A project level GRM is included in the RP.

S.No.	ADB Safeguard Requirements (SPS, 2009)	Provisions in the RFCTLARRA, 2013	Measures to bridge the Gaps
9	Where involuntary resettlement impacts and risks are highly complex and sensitive, compensation and resettlement decisions should be preceded by a social preparation phase.	Social Impact Assessment is must before taking final decision on acquisition of land followed by preparation of R&R Scheme	Social Impact Assessment, awareness campaigns, and social preparation phase will be done for any projects with significant impacts.
10	Improve or restore the livelihoods of all displaced persons through (i) land-based resettlement strategies (ii) prompt replacement of assets with access to assets of equal or higher value, (iii) prompt compensation at full replacement cost for assets that cannot be restored, and (iv) additional revenues and services through benefit sharing schemes where possible.	Land for land in case of irrigation projects to the land owners losing agricultural land. Land for land in every project to land owners belong to SC and ST community up to 2.5 acres of land. Section: 31 and The Second Schedule Provision of housing units in case of displacement. Offer for developed land. Section: 31 and The Second Schedule Recognizes 3 methods and whichever is higher will be considered which will be multiplied by a factor given in The First Schedule. Compensation given earlier will not be considered; If rates not available floor price can be set; Steps to be taken to update the market value. (Section 26 and The First Schedule) Provision for employment, fishing rights, annuity policy etc. (Section: 31 and The Second Schedule)	The SPS requirements will be followed. Structures to be compensated at replacement cost without depreciation
11	If there is relocation, secured tenure to relocation land, better housing at resettlement sites with comparable access to employment and production opportunities, integration of resettled persons economically and socially into their host communities, and extension of project benefits to host communities; provide transitional support and development assistance, such as land development, credit facilities, training, or employment opportunities; and (iii) civic infrastructure and community services, as required.	A family as a unit will receive R&R grant over and above the compensation and those who are not entitled to compensation. Section: 31 Homeless entitled to constructed house, land for land in irrigation projects in lieu of compensation, in case of acquisition for urbanization 20% of developed land reserved for owners at a prices equal to compensation' jobs or a one-time payment or annuity for 20 years' subsistence grant, transportation, land and house registered on joint name husband and wife, etc. Second Schedule Provision for infrastructural amenities in resettlement areas. Section: 32 and Third Schedule	Alternative resettlement site is proposed in the framework.

S.No.	ADB Safeguard Requirements (SPS, 2009)	Provisions in the RFCTLARRA, 2013	Measures to bridge the Gaps
12	Improve the standards of living of the displaced poor and other vulnerable groups, including women, to at least national minimum standards	Landless people are considered and eligible for R&R grants. Section: 16. (2). Widows, divorcees, abandoned women will be considered as separate family and entitled to R&R provisions Section: 3. (m) Homeless entitled to constructed house and landless entitled to land in irrigation project. Second Schedule Special provision for Scheduled Caste/Scheduled Tribe; Section: 41. Additional provisions for SC&ST for land for land in irrigation projects, additional sum over and above the subsistence grant. Second Schedule	The entitlement matrix includes the requirements of both the SPS and the RFCTLARRA.
13	If land acquisition is through negotiated settlement, ensure that those who enter into negotiated settlements will maintain the same or better income and livelihood status	R&R entitlements apply in case of land acquired/purchased for PPP projects and for Private Companies. Section: 2. (2), and 46.	Not envisaged.
14	Ensure that displaced persons without titles to land or any recognizable legal rights to land are eligible for resettlement assistance and compensation for loss of non-land assets.	The Act recognises: Section: 3. (c) a family which does not own any land but belong to the family of an agricultural labourer, tenant, share-croppers, or artisans or working in affected area for three years prior to the acquisition of the land the Scheduled Tribes and other traditional forest dweller who have lost any of their forest rights family whose primary source of livelihood for three years prior to the acquisition of the land is dependent on forests or water bodies and includes gatherers of forest produce, hunters, fisher folk and boatmen a family residing or earning livelihoods on any land in the urban areas for preceding three years or more prior to the acquisition of the land	RF mandates that in the case of land acquisition, the date of publication of preliminary notification for acquisition under Section 11(1) of the RFCTLARRA will be treated as the cut-off date for title holders, and for non-titleholders, such as, squatters, the start date of the project census survey.
15	Prepare a resettlement plan elaborating on displaced persons' entitlements, the income and livelihood restoration strategy, institutional arrangements, monitoring and reporting framework, budget, and time- bound implementation schedule.	Preparation of Rehabilitation and Resettlement Scheme including time line for implementation. Section: 16. (1) and (2). Separate development plans to be prepared. Section 41	

S.No	ADB Safeguard Requirements (SPS, 2009)	Provisions in the RFCTLARRA, 2013	Measures to bridge the Gaps
16	Disclose a draft resettlement plan, including documentation of the consultation process in a timely manner, before project appraisal, in an accessible place and a form and language(s) understandable to displaced persons and other stakeholders. Disclose the final resettlement plan and its updates to displaced persons and other stakeholders	The draft Rehabilitation and Resettlement Scheme prepared shall be made known locally by wide publicity in the affected area and discussed in the concerned Gram Sabhas or Municipalities and in website. Section: 16. (4) The approved Rehabilitation and Resettlement Scheme to be made available in the local language to the Panchayat, Municipality or Municipal Corporation and in website. Section: 18.	In addition to the publishing of the approved resettlement plans, the RF includes provision for disclosure of the various documents pertaining to RP implementation, as well as disclosure to the affected persons through public meetings and workshops.
10	Include the full costs of measures proposed in the resettlement plan as part of project's costs and benefits. For a project with significant involuntary resettlement impacts and / or indigenous peoples plan, consider implementing the involuntary resettlement component of the project as a stand-alone operation.	The requiring body shall bear the cost of acquisition covering compensation and R&R cost. Section: 19. (2) and Section 95. (1)	The SPS requirements will be followed.-
17	Pay compensation and provide other resettlement entitlements before physical or economic displacement. Implement the resettlement plan under close supervision throughout project implementation.	The Collector shall take possession of land after ensuring that full payment of compensation as well as rehabilitation and resettlement entitlements are paid within three months for the compensation and a period of six months for the monetary part of rehabilitation and resettlement entitlements. Section: 38. (1) The Collector shall be responsible for ensuring that the rehabilitation and resettlement process is completed in all its aspects before displacing the affected families. Section: 38. (2)	The SPS requirements will be followed.
18	Monitor and assess resettlement outcomes, their impacts on the standards of living of displaced persons, and whether the objectives of the resettlement plan have been achieved by taking into account the baseline conditions and the results of resettlement monitoring. Disclose monitoring reports.	The Rehabilitation and Resettlement Committee, to monitor and review the progress of implementation of the Rehabilitation and Resettlement scheme and to carry out postimplementation social audits in consultation with the Gram Sabha in rural areas and municipality in urban areas. Section: 45. (1) Set up National and State level Monitoring Committee to review and monitor progress. Section 48-50	The SPS requirements will be followed.

Annexure-III : State Level Empowered Committee

8th State Level Empowered Committee (SLEC) Meeting

"Infrastructure Development Investment Program for Tourism" (IDIPT)

Tourism Department, Government of Uttarakhand

Date & Time : 28 February 2015.

Venue : Conference Hall, Chief Secretary, Government of Uttarakhand, Secretariat, Dehradun

Chaired by : Chief Secretary, Government of Uttarakhand

Attended by : Members/Representatives SLEC (List of Attendees Annexure-I)

Agenda wise discussion was as below :-

Agenda Item

Discussion/Decision

The Agenda discussed on 28 February 2015 :-

1. Status and compliance of 7th SLEC

The Program Director has given the compliance report on the instructions issued by the 7th SLEC as per minutes of meeting.

- (i)(a) Regarding Almora and Champawat sub projects SLEC was intimated that the renovation and adaptive re-use of Almora, Champawat and Banasur Fort have been divided into two phases. In the first phase, the construction of District Magistrate Office, Tehsildar Office, Banasur Fort and some other components like Rani Mahal were considered.

Regarding the design and facilities of new offices, the consultation with concern District Magistrate is in process. One round of discussion has been done with District Administration and after incorporating their suggestions, the consultants are proceeding for second part of discussion on 1st March 2015. The land identification, detailed topographical survey and sub soil investigation of both sites have been completed and finally agreed drawing/design of Tehsildar Office/District Magistrate Office shall be presented once it is approved by District Administration.

On the subject, serious reservations on success of the project has been expressed by ACS and Secy Urban Development considering the shifting of existing Govt Offices, SLEC has been intimated that considering the announcement made by Hon'ble Chief Minister, the schemes were kept and all efforts are being made to make it a success.

30/3/15
PD

- (b) Regarding the Nainital sub project, Program Director has intimated that the components of cantilever deck walk has been dropped from the project. Also as directed by SLEC, the facade improvement of Ashok and Capital Cinema have also been dropped as the legal status of ownership is still not finalized. Provision of pedestrian walk was in Mall road has been incorporated.

On the subject ACS has asked to show the corrected case to SLEC after above compliances.

- (c) Regarding Solar facilities at Guest Houses, the Program Director intimated the SLEC that bid under two stage and two envelop is in process to ascertain latest technology and appropriate maintenance issue.
- (d) All the above sub projects were considered in 7th SLEC to achieved the 30% limit of administrative and financial sanction with advance contracting. Intended re-look if alters the scope may jeopardize the position of State in front of ADB & GOI, and T-III loan signing may be deferred for 2016.

The firm decision requires to be taken in this regard and ADB & DEA may be intimated accordingly for inability of signing of the loan in 2015.

During the discussion the shift of opinion of some of the key SLEC members from their opinion during 7th SLEC was observed. On the strength therefore, Secy Tourism has requested the chair to get video recording of all meetings to avoid such shifts on stand.

2. Approval of DPR - Development of Tourism Infrastructure in Kartikeya Swami Circuit

- (a) A presentation was made by DSC experts showing the present condition of the trek and facilities available. The proposed intervention were also explained. While the non-clearance of on-line application of forest clearance has been discussed, the SLEC was intimated that the project site visit is conducted by Ranger and ACF alongwith geologist and there has been no objection. On DFO is recommendation also, there is no indication of any risk of damage to flora & fauna, tree cuttings, environmental degradation, heritage sight destruction etc. Therefore, unreasonably denying of clearance by DFO should be over ruled by higher authorities for which CCF and Nodal Officer

30/3/15
PD

Forest were invited for the meeting but they could not be heard. SLEC has desired and directed for a sight visit by the Program Director, District Magistrate and DFO to submit a report on this issue.

On the interventions, the committee was found having different opinion. While some of the member were of the opinion to keep such facilities as they are to maintain the serenity and adventure, the others were of the opinion that tourist needs to be given safety and minimum convenience to promote such stations as alternative tourist destinations. Secy Tourism has categorically stated this confused State of Affairs resulting in confused and contradictory signals. Program authorities requested the chair to guide and issue clear stand of the Govt on the subject. The proposal shall be re-put up to SLEC after the site visit of the Program Director, District Magistrate and DFO. DSC was asked to economies the proposal for best use of resource available.

- (b) The ASI non clearance on the Guest House earlier approved by SLEC within 300 meter of Hanol Temple was intimated to committee. It was also intimated that an alternate location beyond 300 meter has been identified as revenue land over which proposed Guest House is being built. Chairman SLEC has asked the consultant to keep the ambience of the area by incorporating hill architect amalgamating into the proposed construction while approving the changed design and facilities.

Approval of DPR - Development of Tourist Safety and Management System (TSMS)

The case was presented by the consultant. It was intimated to SLEC that two stage two envelop process shall be adopted while finalizing the bid and the technical proposal received shall be presented before a committee of following :-

1. ACS.
2. Secretary, Tourism
3. Secretary, IT
4. Program Director, UTDB.
5. SDMA Representative
6. MD, KMVN
7. MD, GMVN

A 30/3/15
PD

Addl Secy PWD has requested to include E & C of PWD also a member of the committee which was agreed by SLEC.

SLEC approve the DPR for further action at PMU level.

3. Operation and Maintenance Model of Tranche-II Subprojects

SLEC while changing the some of the already taken O & M Models during DPR sanctioning stage approved the following O & M Model :-

<u>Ser No</u>	<u>Name of the project</u>	<u>Agencies on O & M Model</u>
1.	Asan Barrage - Lot-1	-GMVN should be O & M agency considering eco sensitivity of Asan conservation reserve.
2.	Tiger Fall and Lakhamandal Temple Lot-1	-Gram Panchayat for Tiger Fall and Lakhamandal Temple committee for Lakhamandal.
3.	Development of Yamuna Circuit (Hanol Mahasu)- Lot-3	-Mandir Samitti for 300 metre activities and GMVN for new Guest House.
4.	Development of Adventure Tourist Centre in Uttarakhand	-UTDB shall be the owner and a centre shall run by the society having District Magistrate as a Chairman, District Adventure Sports Officer as Secy, DFO and other related field experts of District as members.
5.	Development of North Entry in Corbett	-GMVN
6.	Development of Adventure Tourist Centre at Tehri	-GMVN
7.	Signage	-The tourist department through concerned DTDO.
8.	Up-gradation of Tourist Facilities at TRH Parichay	-KMN
9.	Amelioration of Lake Naukuchiatal	-Nainital Lake Development Authority
10.	Trek Trail from Pithoragarh	-Nagar Palika, Pithoragarh
11.	View Point at Mostamanu Temple	-Mostamanu Temple Committee
12.	Conservation of Pithoragarh Fort	-KMN
13.	Adventure Tourist Centre at Baur Jalashay	-The successful bidder who is constructing the facility for 10 years under control of UTDB.

30/3/16
PD

4. Revision of Pay - Scale of PMU/PIU IDIPT

After considering the rational of utmost necessity of marginal enhancement of existing basic salary of employees which was based on 2010 SLEC has agreed for proposed enhancement.

<u>Ser No</u>	<u>Post</u>	<u>Present Salary</u>	<u>Proposed Salary</u>
1.	Addl Program Director	37400- 67000+Grade Pay 8700	37400- 67000+Grade Pay 10000
2.	Project Manager PIU	15600- 39100+Grade Pay 6600	15600- 39100+Grade Pay 6600
3.	Lekhaadhikari/Account Manager/Nagar Vit/Vit Visheshagya	25000.00	35000.00
4.	Shayak Lekhakar	15000.00	25000.00
5.	Samjik/Samudayik Visheshagya	40000.00	50000.00
6.	Safe Guard Specilist	40000.00	50000.00
7.	Marketing and Training Specialist (Tourism)	40000.00	50000.00
8.	Forest Conservation Specialist	40000.00	50000.00
9.	Procurement Specialist	40000.00	50000.00
10.	Civil Engineer Building and infrastructure	15600- 39100+Grade Pay 6600	15600- 39100+Grade Pay 8700
11.	Conservation Architect	35000.00	45000.00
12.	MIS	25000.00	35000.00
13.	Office Manager	30000.00	40000.00
14.	Support Engineer	25000.00	35000.00
15.	Support Architect	25000.00	35000.00
16.	Samudaik Vikas Adhikari	25000.00	35000.00

The cumulative effect of this enhancement is only 4.02 lac per month and the provision of increment of administrative expenditure are saving sufficiently available to accommodate this.

The agenda wise discussions as noted are placed above for necessary addition/correction. On getting such modification/corrections noting will be converted into minutes of meeting and circulated to all members.

1. The Director Finance, UTDB & IDIPT
2. The Addl Program Director, IDIPT.
3. The Team Leader, PMC.
4. The Team Leader, DSC Dehradun, Kotdwar and Bhimtal.

(Asheesh Joshi, IAS)

Addl CEO, UTDB, Member Secretary,
SLEC & Program Director

9th State Level Empowered Committee (SLEC) Meeting
"Infrastructure Development Investment Program for Tourism" (IDIPT)

Tourism Department, Government of Uttarakhand

Date & Time: 31st March 2015

Venue: Chamber, Chief Secretary, Government of Uttarakhand, Secretariat, Dehradun

Chaired by: Chief Secretary, Government of Uttarakhand

Attended by: Members / Representatives SLEC (list of Attendees Annexure – I)

Agenda Item

Discussion/Decision

1- Compliance of 8th SLEC

- (i) **Restoration and Reuse of Almora Fort:**
Compliances of 7th & 8th SLEC's instructions were briefed by PD. SLEC was informed that design has been done after due consultation with District Magistrate Almora, Commissioner Kumaun and local stakeholders. The design & DPR has been finalized with suggested improvements of stakeholders and presented before SLEC, as detailed in annexed presentation. The per sq. ft. cost of the Project is found economical and less than Rs. 2000/sqft thus acceptable to SLEC. The design & DPR is approved by SLEC.
- (ii) **Restoration and Reuse of Champawat Fort:**
Compliances of 7th & 8th SLEC's instructions were briefed by PD. SLEC was informed that design has been done after due consultation with District Magistrate Champawat, SDM, Commissioner Kumaun and local stakeholders. The design & DPR has been finalized with suggested improvements and presented before SLEC. SLEC approved the above design & DPR as detailed in annexed presentation with a suggestion to improve the façade as per hill architecture.
- (iii) **Nainital Cultural Heritage & Urban Place Making:** In compliance of instructions given in 7th & 8th SLEC's, PD informed SLEC that

NAS

components of construction of cantilever walkway along lake and façade improvement of Ashok & Capital Cinema has been dropped. It is also intimated that pedestrian walkway in upper mall has been included after consultation with DM, Commissioner and other stakeholders. The DPR has been finalized with suggested improvements and presented to SLEC. SLEC approved the above design & the DPR as detailed in annexed presentation.

2- Development of Kartikeya Swami Circuit:

The DPR has been revised as per the suggestions given in 8th SLEC meeting. The final DPR has been presented before SLEC. SLEC was informed about the overruling of the negative review of DFO by Addl. PCCF on the forest clearance. Further SLEC has suggested that in case of any hindrance in future the possibility of dividing the proposal into linear and non linear may be explored. The Design & DPR have been approved by SLEC as detailed in annexed presentation.

3- DPR of "Conservation & Development of Rural Tourism Sites in Rudraprayag, Chamoli and Uttarkashi District of Uttarakhand"

The DPR was presented in two parts covering software and hardware activities in 11 Villages. SLEC suggested to drop 02 Villages, **Raithal & Basru** from the subproject village list because of the earlier investment in the villages.

SLEC suggested the following scope of work to be added in the DPR:

- (a) Construct 3-4 toughen glass houses with aluminum frame in **Niti Village** and reduce scope of improvement of parking to labeling only.
- (b) Construct 3 kms. motorable road from **Harsil to Mukhba Village**.
- (c) Construct 10-14 wooden cottage/huts with kitchen facility along with the glass house for high end tourist by demolishing dilapidated GMVN guest

Nth

- house with additional land of PWD and the adjacent school in Harsil Village.
- (d) Aesthetically improve Harsil Helipad.
 - (e) Develop Temporary camping site on 2 acre adjacent vacant land
 - (f) Explore the possibilities of inclusion of "development of Mungragarh near Naugaon, Uttarakashi" in Rural Tourism subproject.

DPR for remaining 6 Villages have been approved by SLEC as detailed in annexed presentation.

4- DPR Restoration of Pithoragath Fort Phase-II

The major components of DPR were explained to SLEC by the consultant. SLEC accepted the concept & design of proposed project but suggested to change it to pre-engineered structure rather than of a RCC structure in multilevel parking and put up again in next SLEC for approval.

5- Change in Qualification and Experience of Civil Engineer (Building & Infrastructure)

The current eligibility criteria of Civil Engineer (Building & Infrastructure) which encourages retired government personnel who do not suit as per the requirements of externally aided projects was discussed. It is proposed that to attract young professionals from market, a change in qualification is essential, which was accepted by SLEC as detailed in presentation.

The Meeting was concluded with the permission of the Chair.

N. Ravi Shanker

38 डा. सुरेश शर्मा सलाहकार, WAPCO कीमत One

बैठक में कुल उपस्थित 39 लोगों की रही। बैठक का संक्षिप्त कार्यवृत्त निम्नवत् है-

बैठक का आयोजन वाष्कोस लि. (ओ. रि. पर्यटन व्यवसाय) निवास कार्यक्रम हेतु, जयपुर पर्यटन विभाग पर्यटन की नियोजन व निरीक्षण संस्था है) से आगे इसे सलाहकार डा. सुरेश शर्मा द्वारा परियोजना प्रस्तुत करने के सहयोग से लिया गया। सलाहकार द्वारा सर्वप्रथम सभी प्रतिभागियों का स्वागत किया गया व परिचय दिया गया।

तत्पश्चात् पर्यटन योजना, वाष्कोस व पी.आई.सी. की जानकारी दी गयी एवं पर्यटक आग ताकुला के संबंध में बुकरी गरी हाग की बैठक का एजेंडा प्रस्तुत किया गया जो निम्न प्रकार है-

1. गांधी ग्राम ताकुला को पर्यटक आग के रूप में विकसित करने के संबंध में सामुदायिक राय लेना।
2. पर्यटन आग के रूप में ताकुला आग को संसाधन स्थिति का आकलन व मूल्यांकन
3. पर्यटन आग ताकुला हेतु समुदाय आधारित पर्यटन की कार्य योजना तैयार करना।

एजेन्डा - 1 गांधी ग्राम ताकुला को पर्यटक ग्राम के रूप में विकसित किये जाने के संकल्प में सामुदायिक राय लेना -

समास्कार द्वारा समुदाय के मुख्य पर्यटक ग्राम की अवधारणा पर जानकारी देने हुए बताया गया कि ग्राम व लोकस्थिति पर्यटन को विकसित कर ग्राम में रह रहे परिवारों की आजीविका में सुधार लाने के उद्देश्य से ग्राम पर्यटन विकसित किया जा रहा है जिससे एक तरफ पलायन रुक रहा है तो ग्रामवासियों को आजीविका सुधार भी हो रहा है। कागेखर जनपद में आजीविका परियोजनाओं के अन्तर्गत पर्यटन ग्राम सूची का उदाहरण देने हुए उन्होंने बताया कि वहाँ प्रतिवर्ष ग्राम में 20-15 लाख की आमदानी ग्राम के 40 परिवारों की आजीविका में सुधार हुआ है। ऐसी ही प्रयोग ग्राम ताकुला में किया जा सकता है इस गांव की खासियत यह है कि यहाँ गांधी जी द्वारा 1929 वा 1931 में दो बार विराम किया गया था एक यह गांव नैनीताल से मात्र 5 कि० की दूरी पर मुख्य लड़क मार्ग पर अवस्थित है।

ग्राम के युवा समूह श्री नीरज जोशी द्वारा अपने विचार रखते हुए सुझाव दिया गया कि ग्राम में गांधी जी की आदों को संग्रहीत रखने हेतु गांधी मंदिर, पुस्तकालय, संग्रहालय, पार्क, प्रतिमा स्थापित होनी चाहिए एवं सरकारी तंत्र द्वारा विकसित किये जाने वाले अवसरों का अवसर का अवसर है यहाँ से दूरवासी देने वाले उपस्थित व वांछित Line का कोई सानी नहीं है अतः बु. प्र. नि. निगम यहाँ पर गैस वकूत भी संचालित कर सकता है जिससे स्थानीय मुवाक़ातों को रोजगार भी प्राप्त होगा। इससे ज़िमे यहाँ पर सब्जी, पानी, बिजली आदि मूलभूत सुविधाओं की दुर्लभ करना होगा, श्री जोशी के द्वारा दिये गये सुझावों का सभी के द्वारा समर्थन दिया गया एवं सभी ने

गांधी ग्राम तामुला को पर्यटन ग्राम के रूप में विकसित
किये जाने की बात अपनी लक्ष्यता व्यक्त की गयी।

एनेक्सा सं-2 - पर्यटन ग्राम के रूप में तामुला ग्राम का
संसाधन स्थिति का आकलन व आकलन -

मन्नाहरण प्र. मन्नाहरण द्वारा सुगमकर्ता की भूमिका निम्न
हुये जन सङ्ग्रह से ग्राम की संसाधन स्थिति को
आकलित करने हेतु सहाय्यी आग्रीण आकलन टन्स का
व्यवहार करते हुये जानकारी उपलब्ध करने को निवेदन
किया गया। तत्पश्चात् जन सङ्ग्राहिता से ग्राम का
सांस्कृतिक / सामाजिक / संसाधन आकलन तैयार किया
गया (संलग्नक - 1) आकलन में ग्राम में निम्न
कर रहे परिवारों के भवन, रास्ते, मंदिर, जंगल,
खेत, पेपलकस्कोव आदि को दर्शाया गया। साथ ही
पर्यटन ग्राम योजनात्मक विकसित किये जा सकने वाले
स्थानों को भी दर्शाया गया।

इसी प्रकार रास्ते, आर्थिक वर्गीकरण,
भौतिकीयता, पर्यावरण, ग्रीन आदि टन्स का
अभ्यास का ग्राम से संबंधित महत्वपूर्ण जानकारी
एकत्र की गयी।

एकत्र की गयी जानकारी एवं सांस्कृतिक व्यक्तियों
द्वारा निम्न प्रमुख आकलन / हेतु निकल कर आगे
विशेष आध्यात्मिक पर्यटन कार्य योजना तैयार की जा सकती है।

1. सतही के द्वारा एक मत्र से मुख्य गरीब ग्राम के
मध्यमक यन्त्री सङ्क पड़वाने की बात रखी गयी निम्न
पर्यटन की आवागमनी पर्यटन स्थल तक बनेगी।
2. विजली की पक्की व्यवस्था करने आवश्यक है।
3. पानी की उचित व निश्चित व्यवस्था ग्राम
पर्यटन हेतु आवश्यक है।
4. गांधी मन्दिर का जीर्णोद्धार आवश्यक है एवं इसे

- पर्यटकों हेतु खोला जाना चाहिये। इसके परिसर में गांधी पार्क, गांधी वाचनालय, गांधी झरना केन्द्र व गांधी स्मारक व संग्रहालय विकसित किया जाए व इसके प्रबंधन व रखरखाव की उचित व्यवस्था हो।
5. पर्यटकों के आवास व्यवस्था हेतु सरकारी पर्यटक आवास गृह एवं निजी होमस्टे को बढ़ावा दिया जाए।
6. ग्राम में इच्छुक होमस्टे नागरिकों की सूची संलग्न है (संलग्नक - 2)
7. ग्राम में बेरोजगार युवाओं हेतु आजीवनिका के माध्यम से विभिन्न विषयों में ग्राम के उच्च पर्यटन आधारित परिक्षण प्रदान कराया जाए। ग्राम में उपलब्ध युवा जो पर्यटक व्यवसाय से जुड़कर रोजगार कला चाहते हैं उनकी सूची संलग्न है (संलग्नक - 3)
8. ग्राम में गांधी मंदिर परिसर में पुराना गांधी मंदिर आश्रम का भवन खराब अवस्था में है उसे विधिवत कर गामोद्योग भवन के रूप में संचालित किया जाए एवं ग्राम पर गामोद्योग आधारित मंदिराश्रमों के उद्देश्यों जैसे सिनई, बिनाई, कताई, रसायन प्रसंस्करण, ऐषणा आदि विभिन्न प्रशिक्षण व उत्पादन उपविधियों को आयोजित की जायें। ग्राम में उपरोक्त विभिन्न मंदिराश्रमों पर उपाय लवण्ड एवं प्रशिक्षणाधीन उपलब्ध हो इ मंदिराश्रमों की प्रभावित सूची संलग्न है (संलग्नक - 4)
9. पार्किंग की समुचित व्यवस्था की जानी चाहिये। साथ ही कूड़ा निस्तारण का प्रबंध भी सुनिश्चित किया जाना चाहिये।
10. उपरोक्त व्यवस्था प्रबंधन हेतु गांधी ग्राम पर्यटन समिति का गठन किया जाए।
11. ग्राम को मुख्य सड़क से जोड़ने वाले स्थान पर दो आकर्षक पर्यटक द्वार बनाये जायें।
12. ग्राम के उत्साही युवा समितियों द्वारा पर्यटकों हेतु तीन दिवसीय श्रमण कार्यक्रम की रूपरेखा भी तैयार

करे उत्सुत की गयी।

प्रथम दिन - तामुला से स्फुर्ताले बाघपाख से करेन
करे दुर्गे वाटरफाल, रनुपताले, सडिघाताले, डको
गार्डन, किलवरी, केवगार्डन से वापस तामुला

द्वितीय सिस - तामुला से पलवाडांगर, मनोरा, वेधशाला,
हनुमानगरी, लीतलादेनी मंदिर से वापस तामुला

तृतीय दिवस - तामुला से मैनीताल व स्थानीय गुच्छा
जैसे बोटिंग, मासगोड, छुइसवारी, द्रानी रोपवे, ओटिया
वांगर, राज भवन, नैनादेनी मंदिर, निदिमाधर, चर्च
ग्रमण व तामुला वापसी।

इसे बड़ा कर इसमें असे ताक जैसे कीमतान, सातमक
नैनुनियाताले व मंदिर जैसे छोड़ारवाक, नीमेश्वर, कैंची
झाक आदि को भी जोड़ा जा सकता है।

बैठक के उपरान्त ग्राहवाहिनों के साथ गांधी मंदिर, प्रस्तावित
पर्यटक स्थल व ग्राह का स्थानीय निरीक्षण किया गया।
ग्राह के ट्रा-जेन्ट वाक के दौरान ग्राह के महत्वपूर्ण सामाजिक
व पर्यावरणीय संसाधनों का अवलोकन किया गया व निम्न
महत्वपूर्ण मानकारी सूचना ली गयी।

1. ग्राह का इतिहास अधिक पुराना नहीं है सन 1890 के
आसपास 1-2 परिवार गांव में आकर बसे व अंग्रेजों के
समय यहाँ चेन्नै अस्पताल (स्कान स्थान) विनियत किया गया।
2. ग्राह की पहचान सन 1929 में खरी जब आसता गांधी जी
आपने मैनीताल गुच्छा के दौरान यहाँ रुके। उनके द्वारा स्थापित
शिलालेख गांधी मन्दिर में लगा हुआ है। वे पुरा, पक्का में
यहाँ आकर रुके। तत्पश्चात लीलादेवी वर्मा जी यहाँ आकर
रुकी व उन्होंने स्कूल की स्थापना की।
3. आजादी के बाद यहाँ गांधी महिला माध्यम खोला गया जो
आज लण्डर में तब्दील हो गया है।
4. समग्र समय पर यहाँ विभिन्न जातियों के लोग आकर बसे हैं

वर्तमान समय में नागभग 15 गावियों के 42 परिवार ग्राम में निवास कर रहे हैं।

5. ग्राम नैनीताल से 5 कि. पूर्व में हल्द्वानी मोटर मार्ग के समीप स्थित है व चारों तीनों ओर से सड़क व चौकी ओर से ग्राम रस्सी की सीमा से लगा हुआ है।

6. ग्राम का सफाया वन पंचायत जंगल नहीं है व उत्तर पूर्व में मनोरा रिजर्व फॉरेस्ट (बांज-चीड़ वृक्ष युक्त) से घिरा हुआ है।

7. ग्राम में पेयजल के दो प्राकृतिक स्रोत प्रदूष में स्थित हैं जो दोनों आगों की पेयजल व्यवस्था पूरी करते हैं।

8. गांव में बिजली, पानी की समस्या वर्ष पर्यन्त रहती है। सिंचाई व्यवस्था का पूर्ण अभाव है।

9. कृषि जो उप जमीन ना के बराबर है ग्रामवासी अपनी अवरमरत इति हेतु औसती खेती करें व फल बेचते हैं।

10. नागभग 2570 परिवारों (10 परिवार) द्वारा पशुपालन किया जाता है जिनमें गाय व भैंस प्रमुख हैं दो परिवार बकरी पालते हैं।

11. ग्राम के 20% परिवारों के पास पक्की नौकरी (सरकारी) है शेष 80% परिवार निजी नौकरी, मजदूरी कर अपना गुजारा करते हैं।

12. ग्राम में जंगली जानवरों का आतंक है जो फसलों को बहुत नुकसान पहुँचाते हैं।

संक्षेप: ग्राम को पर्यटक ग्राम के रूप में विकसित कर समुदाय की आर्थिकी में सुधार किया जा सकता है। ग्राम में उपलब्ध संसाधनों व संभावनाओं को देखते हुए विभिन्न कार्यक्रमों को लागू करने व आपन पूर्ण सहयोग उपदान करने हेतु ग्राम वासी कोत संकल्पित हैं।
