Cooperation No. ATN/OC-13961-TT. Feasibility
studies for a risk-resilient coastal zone management
program.

Dear Honourable Dr. Bhoendradatt Tewarie:

The purpose of this letter of agreement, hereinafter referred to as the “Agreement”, between the Republic of Trinidad and Tobago (hereinafter referred to as the “Beneficiary”) and the Inter-American Development Bank (hereinafter referred to as the “Bank”) which we are submitting for your consideration, is to formalize the terms and conditions of a grant for a nonreimbursable technical cooperation to the Beneficiary, up to the amount of five hundred thousand dollars of the United States of America (US\$500,000), or its equivalent in other convertible currencies, which shall be chargeable to the resources of the Disaster Prevention Fund (hereinafter referred to as the “Contribution”) to finance the procurement of goods and non-consulting services and the selection and contracting of consultants necessary for the execution of a technical cooperation program to support the feasibility studies for a risk-resilient coastal zone management program (hereinafter referred to as the “Project”) which is described in the Annex to this Agreement. Unless otherwise stated in this Agreement, the term “dollars” shall hereinafter refer to the currency of legal tender in the United States of America.

The Bank and the Beneficiary agree upon the following:

First. Components of the Agreement. This Agreement consists of this part one, referred to as the “Special Conditions”, part two, referred to as the “General Conditions”, and the Annex attached hereto. The prevalence between the aforesaid parts and the Annex is established in Article 1 of the General Conditions.

Second. Executing Agency. (a) The execution of the activities and utilization of the resources of the Bank’s Contribution under component 1 and the overall Project coordination shall be carried out by the Ministry of Planning and Sustainable Development, hereinafter referred to as interchangeably the “Executing Agency”, “MPSD” or the “Ministry”.

(b) The Bank will carry out the execution of the activities and the utilization of the resources of the Banks’ Contribution for component 2 of the Project.

Third. Conditions Precedent to First Disbursement. The first disbursement of the Financing shall be subject to the fulfillment, to the satisfaction of the Bank, of the conditions precedent stipulated in Article 2 of the General Conditions.

Fourth. Reimbursement of Expenditures Chargeable to the Contribution. With the consent of the Bank, resources of the Contribution may be used to reimburse expenditures incurred or to finance those that may be incurred in the Project on or after August 15, 2013, and up to the effective date of this Agreement, provided that requirements substantially similar to those set forth in this Agreement have been fulfilled.

Fifth. Deadlines. (a) The period for execution of the Project shall be eighteen months (18) months, from the effective date of this Agreement.

(b) The period for disbursement of the resources of the Contribution shall be twenty (20) months from the effective date of this Agreement. Any part of the Contribution which has not been utilized within this period shall be canceled.

(c) The aforementioned deadlines and any others that may be stipulated in this Agreement may be extended only when duly justified, and with the written consent of the Bank.

Sixth. Total Cost of the Project and Additional Resources. (a) The Beneficiary undertakes, to make timely provision of the resources required, in addition to the Contribution, for the complete and uninterrupted execution of the Project (hereinafter referred to as the "Counterpart Resources"). The total amount of Counterpart Resources required is estimated to be the equivalent of one hundred sixty thousand dollars (US\$160,000), to make up a sum equivalent to six hundred sixty thousand dollars (US\$660,000), which is estimated to be the total cost of the Project. These estimates do not reduce the obligation of the Beneficiary to provide any additional resources required to complete the Project.

(b) The Counterpart Resources provided by the Beneficiary may be in kind and shall be used to finance the cost categories which are chargeable to it, as established in the Project's budget set forth in the Annex.

Seventh. Recognition of Expenses Chargeable to the Counterpart Resources. The Bank may recognize as part of the Counterpart Resources for the Project expenditures incurred or which may be incurred in the Project on or after August 15, 2013, and up to the effective date of this Agreement, provided that requirements substantially similar to those set forth in this Agreement have been fulfilled.

Eighth. Currencies for Disbursements. The Bank shall disburse the Contribution in dollars. The Bank may convert these convertible currencies into other currencies, including the local currency, by applying the exchange rate indicated in Article 9 of the General Conditions.

Ninth. Exchange Rate. For the purposes of Article 9 of the General Conditions of this Agreement, the parties agree that the applicable exchange rate shall be as stated in

paragraph (b)(ii) of said Article. In this case, the applicable rate shall be the rate in effect on the date on which the Beneficiary, the Executing Agency, or any other person or entity with delegated authority to incur expenditures, makes the respective payments to the contractor or supplier.

Tenth. Use of the Contribution. The resources of the Contribution may be used only for the contracting of consultants and for the procurement of goods and non-consulting services of the member countries of the Bank. Consequently, the procedures and specific bidding documents for bidding processes or other forms of contracting for goods and non-consulting services financed with the resources of the Contribution shall allow free competition of providers of goods, non-consulting services and of consultants of said countries.

Eleventh. Procurement of Goods and Non-consulting Services. (a) For purposes of Article 11(f) of the General Conditions, the Parties agree that the Procurement Policies are those dated March 2011, which are contained in document GN-2349-9, approved by the Bank on April 19, 2011. If the Procurement Policies are amended by the Bank, the procurement of goods and works and non-consulting services shall be carried out in accordance with the provisions of the modified Procurement Policies, once they are made known to the Beneficiary and the Beneficiary agrees in writing to apply them.

(b) For the procurement of goods and non-consulting services, any of the methods described in the Procurement Policies may be used, provided that such method has been identified for the respective procurement in the Procurement Plan approved by Bank.

(c) The threshold for determining the use of international competitive bidding will be made available to the Beneficiary or the Executing Agency, as the case may be, at www.iadb.org/procurement. Below that threshold, the selection method shall be determined according to the complexity and characteristics of the procurement, which should be reflected in the Procurement Plan approved by the Bank.

Twelfth. Selection and Contracting of Consultant Services. (a) For purposes of the provisions of Article 11(f) of the General Conditions, the Parties agree that the Consultant Policies are those dated March 2011, which are contained in document GN-2350-9, approved by the Bank on April 19, 2011. If the Consultant Policies are amended by the Bank, the selection and contracting of consulting services will be carried out in accordance with the provisions of the amended Consultant Policies, once they are made known to the Beneficiary and the Beneficiary agrees in writing to apply them.

(b) For the selection and contracting of consulting services, any of the methods described in the Consultant Policies may be used, provided that such method for the respective procurement has been identified in the Procurement Plan approved by Bank.

(c) The threshold for determining the short list of international consultants will be made available to the Beneficiary or the Executing Agency, as the case may be, at www.iadb.org/procurement. Below that threshold, the short list may be composed entirely of national consultants of the Beneficiary's country.

Thirteenth. Procurement Plan update. In order to update the Procurement Plan of the Project, in accordance with the provisions of Article 11(c) of the General Conditions, the Beneficiary must use the implementation and monitoring system of procurement plans as determined by the Bank. This Procurement Plan shall be updated every twelve (12) months or as needed during the Project execution, and each updated version shall be submitted to the Bank for review and approval.

Fourteenth. Monitoring and Evaluation. The Beneficiary shall present to the satisfaction of the Bank: (i) semi-annual progress reports, within thirty (30) days after the end of each calendar semester; and (ii) a final report, within six (6) months after completion of the last activity of the Project. Sixteenth. Access to Information. (a) The Beneficiary undertakes to notify the Bank, in writing, within a maximum period of ten (10) working days from the date of signature of this Agreement, whether it considers this Agreement to contain information that may qualify as an exception to the principle of disclosure of information under the Access to Information Policy of the Bank, in which case the Beneficiary undertakes to identify such information in the relevant provisions of the Agreement. In accordance with the aforementioned policy, the Bank will make available on its “Web” page the text of this Agreement once it has entered into effect and the aforementioned period has expired, excluding only that information which the Beneficiary has identified as an exception to the principle of disclosure of information under this policy.

(b) In accordance with the Access to Information Policy referred to above, and subject to the provisions thereof, the Bank will disclose to the public the AFS it receives from the Beneficiary in accordance with Paragraph Sixteenth.

(c) In cases where the Beneficiary identifies information contained in the AFS that it considers confidential under the exceptions provided in the Access to Information Policy, it shall prepare an abridged version of the AFS, acceptable to the Bank, for public disclosure.

**GENERAL CONDITIONS APPLICABLE TO NONREIMBURSABLE
TECHNICAL COOPERATIONS**

Article 1. Application and scope of General Conditions. (a) These General Conditions set forth terms and conditions generally applicable to all nonreimbursable technical cooperations granted by the Bank, and their provisions form an integral part of this Agreement. Any exception to these General Conditions shall be expressly stated in the text of the Special Conditions.

(b) If any provision of the Special Conditions or of the Annex or Annexes should present any inconsistency or contradiction with these General Conditions, the provisions of the Special Conditions or the corresponding Annex shall prevail. In case of inconsistencies or contradictions between the Special Conditions and the corresponding Annex or Annexes, specific provisions shall prevail over general provisions.

Article 2. Conditions prior to first disbursement. (a) The first disbursement of the Contribution shall be subject to the fulfillment of the following requirements by the Beneficiary, directly or through the Executing Agency:

- (i) Designation of the person or persons authorized to represent it in all acts relating to the execution of this Agreement, and submission to the Bank of authenticated specimen signatures of such persons. If two or more officials are designated, the designation shall indicate whether they may act severally or jointly; and
- (ii) Presentation to the Bank of a timetable for the use of the Counterpart Resources.

(b) If within one hundred eighty (180) days from the date of entry into effect of this Agreement, or within such longer period as the parties may agree in writing, the conditions precedent to the first disbursement established in this Article and in the Special Conditions have not been fulfilled, the Bank may terminate this Agreement by giving notice to the Beneficiary or to the Executing Agency, as the case may be.

Article 3. Requisites for all disbursements. In order for the Bank to make any disbursement, it shall be necessary that: (a) the Beneficiary or the Executing Agency, as the case may be, shall have submitted in writing, or by electronic means in such form and conditions as may be specified by the Bank, a disbursement request and, in support thereof, shall have supplied to the Bank such pertinent documents and other background materials as the Bank may have required; (b) the Beneficiary or the Executing Agency, as the case may be, shall have opened and maintains one or more bank accounts in a financial institution in which the Bank shall make the disbursements of the Contribution; (c) unless the Bank otherwise agrees, disbursement requests must be presented no later than thirty (30)

calendar days prior to the expiration date of the period for disbursement or of any extension thereof which the Beneficiary or the Executing Agency, as the case may be, and the Bank may have agreed to in writing; and (d) none of the circumstances described in Article 7 of these General Conditions shall have occurred.

Article 4. Disbursement procedures of the Contribution. (a) The Bank shall make disbursements of the Contribution as follows: (i) by transferring to the Beneficiary or the Executing Agency, as the case may be, the sums to which it is entitled under this Agreement, by means of reimbursement of expenditures or advance of funds¹; (ii) by making payments on behalf of and in agreement with the Beneficiary or the Executing Agency, as the case may be, to third parties or other banking institutions; and (iii) by utilizing such other modality as the parties may agree upon in writing. Any banking expenses that may be charged by any third party in connection with disbursements shall be borne by the Beneficiary or the Executing Agency, as the case may be.

(b) With resources of the Contribution and upon fulfillment of the requirements set forth in Articles 2 and 3 of these General Conditions and the pertinent requirements established in the Special Conditions, the Bank may disburse resources of the Contribution in order to:

- (i) Reimburse the Beneficiary or the Executing Agency, as the case may be, for expenditures related to the execution of the Project that have been financed with its own resources or with other sources of financing and that are eligible to be financed with resources of the Contribution, pursuant to the provisions of this Agreement. Except by express agreement between the parties, the disbursement requests for reimbursing expenditures financed by the Beneficiary or Executing Agency, as the case may be, shall be made promptly following the incurrence of such expenses, or no later than sixty (60) days following the conclusion of each calendar semester or within such other term as the parties may agree; and
- (ii) Advance resources to the Beneficiary or the Executing Agency, as the case may be, based on the liquidity needs of the Project, to cover expenditures related to the execution of the Project that are eligible to be financed with resources of the Contribution, pursuant to the provisions of this Agreement. The maximum amount of each advance of funds shall be set by the Bank and will consist of a defined amount based on the liquidity needs of the Project to cover periodic projected expenditures that are eligible to be financed by the Contribution. At no time may the maximum amount of an advance of funds exceed the amount required to finance such expenditures during a period of six (6) months, in accordance with the investment schedule and the cash flow required to meet such purpose and the capacity demonstrated by the Beneficiary or the Executing Agency, as the case may be, to efficiently manage the resources of the Contribution.

¹ “Advance of Funds” means the amount of resources advanced by the Bank to the Beneficiary or the Executing Agency, as the case may be, chargeable to the resources of the Contribution, to cover eligible expenditures of the Project.

(c) The Bank may: (i) increase the maximum amount of an Advance of Funds when, in the opinion of the Bank, immediate cash flow needs that merit such increase arise, upon presentation to the Bank by the Beneficiary or the Executing Agency, as the case may be, of a request duly justified and accompanied by a statement of projected expenditures for the execution of the Project during the corresponding advance of funds period in effect; or (ii) make a new advance of funds based on the provisions of paragraph (b)(ii) above, provided that at least eighty percent (80%) of the total amount of resources disbursed as an advance of funds has been justified.

(d) The Bank may also reduce or cancel the total aggregate balance of any Advance or Advances of Funds should the Bank determine that the disbursed resources of the Contribution have not been used or justified to the Bank sufficiently and on a timely basis, to the Bank's satisfaction, in accordance with the provisions established in this Agreement.

Article 5. Closing Period². The Beneficiary or the Executing Agency, as the case may be, shall: (a) present to the Bank's satisfaction, within a period of ninety (90) days from the date stipulated for the final disbursement of the Contribution, the supporting documentation relating to expenditures made for the execution of the Project, and any other information that the Bank may have requested; and (b) return to the Bank, at the latest on the date of expiration of the Closing Period, the balance of the disbursed resources of the Contribution that have not been utilized or not been duly justified. If audit services are to be financed with resources of the Contribution, and such services will not be concluded and paid for prior to the expiration of the Closing Period referred to in section (a) above, the Beneficiary or the Executing Agency, as the case may be, shall inform and reach agreement with the Bank as to the way in which payment for such services will take place, and shall return to the Bank the resources of the Contribution allotted for such purpose, should the Bank not receive the audited financial statements and other audited reports within the periods stipulated in this Agreement.

Article 6. Expenditures chargeable to the Contribution. The Contribution shall exclusively finance those categories of expenditures which are set forth as chargeable to the Contribution in the budget contained in the Annex that describes the Project. Only direct and actual expenditures made for the execution of the Project may be charged to the Contribution. Indirect or general operating expenses, which are not included in the Project budget, cannot be charged to the Contribution.

Article 7. Suspension and cancellation of disbursements. (a) The Bank may suspend disbursements or cancel the undisbursed portion of the Contribution if any of the following circumstances occurs: (i) the failure of the Beneficiary or the Executing Agency, as the case may be, to fulfill any obligation stipulated in this Agreement; and (ii) any circumstance which, in the Bank's opinion, may render unlikely the attainment of the objectives of the Project. Under these circumstances, the Bank shall notify in writing the Beneficiary or the Executing Agency, as the case may be, so that it may present its points of view, and after thirty (30) days from the date of the Bank's notice, it may suspend the disbursement or cancel the undisbursed portion of the Contribution.

² "Closing Period" means a ninety (90)-day period from the date stipulated for the final disbursement of the Contribution, in order to finalize pending payments to third parties, to present the final justification of expenditures made, to reconcile the books and records, and to reimburse to the Bank the resources disbursed from the Contribution but not utilized and justified.

(b) Pursuant to paragraph (a) above, the parties agree that upon the occurrence of institutional or organizational changes within the Beneficiary or the Executing Agency, which, in the Bank's opinion, might affect the timely attainment of the Project's objectives, the Bank shall review and evaluate the likely attainment of the objectives and may at its discretion, suspend, condition or cancel the disbursements of the Contribution.

(c) In addition to the provisions of paragraph (a) above, the Bank may: (i) suspend disbursement if, in accordance with the Bank's sanctions procedures, it is determined at any stage that an employee, agent or representative of the Beneficiary or the Executing Agency has committed a prohibited practice, as defined in Article 8 of these General Conditions (hereinafter "Prohibited Practices") during the procurement process or during the execution of a contract; and (ii) cancel the undisbursed portion of the Contribution pertaining unequivocally to the procurement of certain goods, works or related services, or consulting services, if (A) it determines at any time that the procurement was carried out without following the procedures set forth in this Agreement; or (B) in accordance with the Bank's sanctions procedures, it is determined that any firm, entity or individual bidding for or participating in a Bank-financed activity including, inter alia, applicants, bidders, contractors, consulting firms and individual consultants, personnel, subcontractors, sub-consultants, providers of goods or services, concessionaires, the Beneficiary or the Executing Agency (including their respective officers, employees and representatives, irrespective of whether the agency is express or implied) has committed a Prohibited Practice during any stage of procurement or during the execution of a contract, when there is evidence that the representative of the Beneficiary or the Executing Agency has not taken the appropriate corrective action (including, among other things, adequate notice to the Bank upon learning of the Prohibited Practice) within a time period which the Bank considers reasonable.

Article 8. Prohibited Practices. (a) For the purposes of this Agreement, a Prohibited Practice shall be understood to include the following practices: (i) a "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party; (ii) a "fraudulent practice" is any act or omission, including a misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain a financial or other benefit or to avoid an obligation; (iii) a "coercive practice" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party; (iv) a "collusive practice" is an arrangement between two or more parties designed to achieve an improper purpose, including influencing improperly the actions of another party; and (v) an "obstructive practice" is: (A) deliberately destroying, falsifying, altering or concealing evidence material to the investigation or making false statements to investigators in order to materially impede a Bank Group investigation into allegations of a corrupt, fraudulent, coercive or collusive practice; and/or threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or (B) acts intended to materially impede the exercise of the Bank's inspection and audit rights provided in Articles 13(c), 14(g) and 15(e) of these General Conditions.

(b) In addition to the provisions in Articles 7(c)(i) and 7(c)(ii)(B) of these General Conditions, if it is demonstrated that in accordance with the sanctions procedures of the Bank any firm, entity or individual bidding for or participating in a Bank-financed activity including, inter alia,

applicants, bidders, suppliers, contractors, consulting firms and individual consultants, personnel, sub-contractors, sub-consultants, goods and service providers, concessionaires, the Beneficiary or the Executing Agencies (including their respective officers, employees, and agents, irrespective of whether the agency is express or implied) has engaged in a Prohibited Practice, during any stage of the procurement process or during the execution of a contract, the Bank may:

- (i) decline to finance any proposal to award a contract for the procurement of works, goods, related services and the contracting of consultant services;
- (ii) declare a procurement ineligible for Bank financing, when there is evidence that the representative of the Beneficiary or the Executing has not taken the adequate remedial measures (including, among other things, adequate notice to the Bank upon learning of the Prohibited Practice) within a time period which the Bank considers reasonable;
- (iii) issue a reprimand in the form of a formal letter of censure of the firm's, entity's or individual's behavior;
- (iv) declare that a firm, entity, or individual is ineligible, either permanently or for a stated period of time, to (A) be awarded or participate in Bank-financed activities, and (B) be designated sub-consultant, sub-contractor, or goods and services supplier of an otherwise eligible firm being awarded a contract to execute Bank-financed activities;
- (v) refer the matter to appropriate law enforcement authorities; and/or
- (vi) impose other sanctions that it deems to be appropriate under the circumstances, including the imposition of fines representing reimbursement of the Bank for costs associated with investigations and proceedings. Such other sanctions may be imposed in addition to or in lieu of the sanctions mentioned in Article 7(c)(i), in Article 7(c)(ii)(B) and in this Article 8(b), numerals (i) through (v).

(c) The provisions of Article 7(c)(i) and Article 8(b)(i) shall be applicable in cases where the parties have been declared temporarily ineligible for the award of new contracts pending a final decision of a sanction proceeding, or otherwise.

(d) The imposition of any measure to be taken by the Bank pursuant to the provisions referred to above may be public.

(e) Any firm, entity or individual bidding for or participating in a Bank-financed activity including, inter alia, applicants, bidders, contractors, consulting firms and individual consultants, personnel, sub-contractors, sub-consultants, providers of goods or services, concessionaires, the Beneficiary or the Executing Agency (including their respective officers, employees, and agents, irrespective of whether the agency is express or implied) may be subject to sanctions pursuant to

agreements that the Bank may have with other international financing institutions regarding the mutual enforcement of debarment decisions. For purposes of this sub-paragraph (e) the term “sanction” shall mean any debarment, conditions on future contracting or any publicly-disclosed action taken in response to a violation of an international financing institution applicable framework for addressing allegations of Prohibited Practices.

(f) When a Beneficiary procures goods, works or services other than consulting services directly from a specialized agency or hires a specialized agency to provide technical assistance under an agreement between the Beneficiary and such specialized agency, all provisions contained in this Agreement regarding sanctions and Prohibited Practices shall apply in their entirety to applicants, bidders, contractors, consulting firms or individual consultants, personnel, sub-contractors, sub-consultants, suppliers of goods and services (including their respective officers, employees, and agents, irrespective of whether the agency is express or implied), or any other entity that has signed contracts with such specialized agency to supply such goods, works or services other than consulting services in connection with Bank-financed activities. The Bank retains the right to require the Beneficiary to invoke remedies such as suspension or termination. The Beneficiary agrees that contracts with specialized agencies shall include provisions requiring said agencies to consult the Bank’s list of firms and individuals declared ineligible temporarily or permanently by the Bank. In the event that a specialized agency signs a contract or purchase order with a firm or an individual declared ineligible either temporarily or permanently by the Bank, the Bank will not finance the related expenditures and will apply other remedies as appropriate.

Article 9. Exchange rate for Projects financed with funds expressed in dollars of the United States of America.

(a) Disbursements:

- (i) The equivalence in dollars of the United States of America of other convertible currencies in which the disbursements of the Contribution may be made, shall be calculated applying the exchange rate in effect in the market on the date of the disbursement; and
- (ii) The equivalence in dollars of the United States of America of the local currency, or other non-convertible currencies, in the case of regional Projects, in which the disbursements of the Contribution may be made, shall be calculated applying, on the date of the disbursement, the exchange rate established pursuant to the understanding in force between the Bank and the respective country for the purpose of maintaining the value of its currency, or other non-convertible currencies, in the case of regional Projects, held by the Bank.

be, shall be calculated using one of the following exchange rates in accordance with the provisions set forth in the Special Conditions of this Agreement: (i) the same exchange rate used in the conversion of the resources disbursed in the currency of the Contribution to the currency of the country of the Beneficiary or the Executing Agency. In this case, for purposes of reimbursement of expenditures chargeable to the Contribution and the recognition of expenditures chargeable to the local counterpart, the applicable exchange rate shall be the prevailing exchange rate on the date on which the reimbursement request is presented to the Bank; or (ii) the prevailing exchange rate in the country of the Beneficiary or the Executing Agency, as the case may be, on the actual date of the payment of the expenditure in the currency of the country of the Beneficiary or the Executing Agency.

Article 10. Exchange rate for Projects financed with funds constituted in convertible currencies other than Dollars of the United States of America. (a) Disbursements. The Bank may convert the disbursed currency chargeable to the resources of the trust fund indicated in the Special Conditions in:

- (i) Other convertible currencies applying the exchange rate in effect in the market on the date of the disbursement; or
 - (ii) The local currency or other non-convertible currencies, in the case of regional Projects, applying, on the date of the disbursement, the following procedure: (A) the equivalence of the currency of the trust fund indicated in the Special Conditions shall be calculated in dollars of the United States of America, applying the exchange rate in effect in the market; (B) next, the equivalence of these dollars of the United States of America shall be calculated in local currency or other non-convertible currencies, in the case of regional Projects, applying the exchange rate established pursuant to the understanding in force between the Bank and the respective country for the purpose of maintaining the value of its currency held by the Bank.

In this case, for purposes of reimbursement of expenditures chargeable to the Contribution and recognition of expenditures chargeable to the local counterpart, the applicable exchange rate shall be the prevailing exchange rate on the date on which the reimbursement request is presented to the Bank; or (ii) the prevailing exchange rate in force in the country of the Beneficiary or Executing Agency, as the

case may be, on the actual date of the payment of the expenditure in the currency of the country of the Beneficiary or the Executing Agency, as the case may be.

Article 11. Selection and contracting of non-consulting services, procurement of goods and contracting of consulting services. (a) Subject to the provisions of subparagraph (b) of this Article, the Beneficiary undertakes to carry out and, where appropriate, cause the Executing Agency or the Contracting Agency, if any, to carry out the procurement of non-consulting services as well as the procurement of goods, in accordance with the Procurement Policies and the Procurement Plan approved by the Bank, and the selection and contracting of consulting services, in accordance with the Consultant Policies and the Procurement Plan approved by the Bank. The Beneficiary acknowledges and undertakes to inform the Executing Agency, the Contracting Agency and the specialized agency, as the case may be, of the Procurement Policies and the Consultant Policies.

The Beneficiary, directly or via the Executing Agency as the case may be, undertakes to notify the Bank of any change in legislation or change affecting [such legislation](#), in which case the Bank may cancel, suspend or change the terms of its validation. The use of country systems does not constitute a waiver of the application of the provisions set forth in Section I of the Procurement Policies and Consultant Policies, including the requirement that the respective procurements and contracting of services be set forth in the Procurement Plan, and said use of country systems is subject to the other provisions of this Contract.

(c) The Beneficiary, directly or via the Executing Agency as the case may be, undertakes to update the Procurement Plan at least annually or more frequently, depending on the Project needs. Each updated version of the Procurement Plan shall be submitted for review and approval of the Bank.

(d) The Bank will conduct a review of the selection process, contracting and procurement, *ex-ante* or *ex-post*, as set forth in the Procurement Plan. At any time during the execution of the Project, the Bank may change the method of review of these processes, with prior notice to the Beneficiary or the Executing Agency. The changes approved by the Bank shall be reflected in the Procurement Plan.

(e) The Beneficiary, directly or via the Executing Agency, as the case may be, agrees to obtain, prior to awarding the contract for each of the works of the Project, if any, legal possession of the property where the construction of the respective work is to take place, easements or other rights required for its construction and use, as well as water rights required for the work in question.

(f) For purposes of this Article: (i) “Contracting Agency” means the entity with legal capacity to enter into contracts and, as agreed with the Beneficiary or the Executing Agency, as the case may be, assumes all or part of the responsibility of carrying out the procurement of goods and works, consulting services or non-consulting services for the Project; (ii) “Procurement Plan” means

(h) When the goods and services procured for the Project are financed entirely with Counterpart Resources, the Beneficiary or the Executing Agency, as the case may be, shall, whenever possible, follow procedures that allow for the participation of several bidders or proponents, and shall take into account principles of economy, efficiency and reasonability of price.

(i) When sources of financing other than resources of the Contribution or of the Counterpart Resources are used, the Beneficiary or the Executing Agency, as the case may be, may agree with the financing entity the procedure to be followed for the procurement of goods and related services and the contracting of consultants. Notwithstanding, at the Bank's request, the Beneficiary or the Executing Agency, as the case may be, shall demonstrate the reasonability of both the price agreed upon or paid for the procurement of such goods and related services or the contracting of consultants, and of the financial conditions of the credits. The Beneficiary or the Executing Agency, as the case may be, shall likewise demonstrate that the quality of the goods and related services and of the consultants meets the technical requirements of the Program.

(j) During the execution of the Program, the goods referred to in subsection (a) above shall be used exclusively for the execution of the Program. Following the completion of the execution of the Project, such goods may be used for other purposes.

Article 13. Financial information and internal control systems. (a) The Beneficiary or the Executing Agency, as the case may be, shall maintain: (i) a financial information system acceptable to the Bank that enables accounting, budgetary and financial record-keeping, as well as the issuance of financial statements and other reports related to the resources of the Contribution and other financial sources, as the case may be; and (ii) an internal control structure that enables effective Project management; provides reliability regarding the financial information and the physical, magnetic and electronic records and files; and enables the fulfillment of the provisions of this Agreement.

(b) The Beneficiary or the Executing Agency, as the case may be, shall preserve the original records of the Project for a minimum period of three (3) years after the date agreed upon for the final disbursement of the Contribution, in such a way as to: (i) make possible the identification of the sums received from the different sources; (ii) show, in accordance with the financial information system approved by the Bank, the expenditures made for the Project, both with the resources of the Contribution and with the other funds to be provided for its complete execution; (iii) include sufficient detail to identify the services contracted and the goods procured, as the case may be, as well as the utilization of such services and goods; (iv) provide evidence as to conformity in the acceptance, authorization and payments for the contracted services or purchased goods, as the case may be; (v) maintain documentation relating to the bidding process and the execution of the contracts financed by the Bank and other financial sources, including, but not limited to, bid requests, bid packages and summaries, bid evaluations, contracts, correspondence, work product and drafts, invoices, certificates and acceptance reports, and receipts, including documents relating to the payment of commissions, and payments to agents, consultants and contractors; and (vi) show the cost of the Project in relation to each category in the Project's budget.

(c) The Beneficiary agrees that bidding documents, requests for proposals and contracts financed with resources of the Contribution that the Beneficiary or the Executing Agency celebrate, shall include a provision that requires providers of goods or services, contractors, subcontractors, consultants and representatives, personnel, sub-consultants, subcontractors, or concessionaires retain all documents and records relating to Bank-financed activities for a period of seven (7) years after completion of the work referred to in the respective contract.

Article 14. External audit. (a) The Beneficiary or the Executing Agency, as the case may be, shall present to the Bank, during the period of Project execution and within the deadlines and with the frequency provided in the Special Conditions of this Agreement, the Project's financial statements and other reports, and any additional financial information relating thereto that the Bank may request, in accordance with accounting principles and standards acceptable to the Bank.

(b) The Beneficiary agrees to have the financial statements and other reports, as indicated in the Special Conditions of this Agreement, audited by independent auditors acceptable to the Bank, in accordance with auditing principles and standards acceptable to the Bank, and to present to the Bank's satisfaction such information as may be requested by the Bank related to the independent auditors whose services have been engaged.

(c) The Beneficiary shall select and hire directly or through the Executing Agency, the independent auditing services that are necessary for the timely submission of the financial statements and other reports indicated in paragraph (b) above, no later than four (4) months before the closing of each fiscal year of the country of the Beneficiary, beginning on the date on which this Agreement enters into effect, or such other time as may be agreed upon between the parties, in accordance with procedures and terms of reference previously agreed upon with the Bank. The Beneficiary or the Executing Agency, as the case may be, shall authorize the auditors to provide the Bank with any additional information it may reasonably request with respect to the audited financial statements and other audited reports.

(d) In cases in which the audit is to be performed by an official auditing agency and such agency is unable to perform the audit in accordance with requirements satisfactory to the Bank or within the deadlines, for the period of duration or with the frequency mentioned in this Agreement, the Beneficiary or the Executing Agency, as the case may be, shall select and contract the services of independent auditors acceptable to the Bank, as provided under section (c) above.

(e) Notwithstanding the provisions above, the Bank may, on an exceptional basis and subject to prior agreement between the parties, select and hire the services of independent auditors to prepare the financial statements and other audited reports required pursuant to this Agreement when: (i) the benefits of the selection and hiring of such services by the Bank outweigh the costs of doing so; (ii) there is limited access to the services of qualified private firms and independent public accountants within the country; or (iii) special circumstances warrant the selection and hiring of such services by the Bank.

(f) The Bank shall have the right to request the Beneficiary or the Executing Agency, as the case may be, to have other types of independent audits and/or services carried out relating to the

auditing of projects, of the Executing Agency and related entities, of the financial information system, and of the bank accounts of the Project, among others. The nature, frequency, scope, timing, methodology, type of applicable auditing norms, reports, selection procedures and terms of reference shall be agreed upon between the parties.

All the costs relating to transportation, salaries, and other expenses of such personnel shall be borne by the Bank.

(c) The Beneficiary or the Executing Agency, as the case may be, shall, upon request of an authorized representative of the Bank, provide to the Bank any documents, including procurement-related documents that the Bank may reasonably request. In addition, the Beneficiary and the Executing Agency shall make their personnel available, when requested and upon reasonable notice, to respond to questions from Bank personnel, which arise during the review or audit of such documents. The Beneficiary or the Executing Agency, as the case may be, shall produce the documents in a timely manner or shall submit an affidavit to the Bank setting forth the reasons why the requested material is unavailable or is being withheld.

(d) If the Beneficiary or the Executing Agency, as the case may be, refuses to comply with the Bank's request, or otherwise obstructs the Bank's review of the matter, the Bank in its sole discretion may take such measures as it considers appropriate against the Beneficiary or Executing Agency, as the case may be.

(e) The Beneficiary agrees that bidding documents, requests for proposals and contracts financed with resources of the Contribution that the Beneficiary or the Executing Agency enter into shall include a provision that requires applicants, bidders, providers of goods or services and their representative, contractors, sub-contractors, consultants and their representatives, sub-consultants, service providers and concessionaires to: (i) permit the Bank to inspect any and all accounts, records, and other documents relating to the submission of bids and contract performance as well as to have them audited by auditors appointed by the Bank; (ii) assist the Bank with its investigation; and (iii) deliver any document necessary for the investigation of allegations of Prohibited Practices and make available their employees or agents with knowledge of the Bank-financed activities to respond to questions from Bank personnel or any properly designated investigator, agent, auditor or consultant

Article 19. Limitation of the Bank's Obligation. It is understood that the granting of the Contribution by the Bank does not constitute any obligation whatsoever on its behalf to totally or partially finance any project or program that may directly or indirectly result from the execution of the Project.

Article 20. Arbitration. For the solution of any controversy which may arise hereunder and which is not resolved by agreement of the parties, said parties shall unconditionally and irrevocably submit to the following arbitration procedure and award:

(a) **Composition of the Tribunal.** The Arbitration Tribunal shall be composed of three (3) members, to be appointed in the following manner: one by the Bank, another by the Beneficiary, and a third, hereinafter called the "Referee", by direct agreement between the parties or through their respective arbitrators. If the parties or the arbitrators fail to agree on who shall be the Referee, or if one of the parties fails to appoint the arbitrator, the Referee shall be appointed, at the request of either party, by the Secretary General of the Organization of American States. If either of

the parties fails to appoint an arbitrator, he or she shall be appointed by the Referee. If either of the appointed arbitrators or the Referee is unwilling or unable to act or to continue to act, his or her successor shall be appointed in the same manner as for the original appointment. The successor shall perform the same functions and shall have the same powers as his or her predecessor.

(b) **Initiation of the Procedure.** In order to submit the controversy to arbitration, the claimant shall address to the other party a written communication setting forth the nature of the claim, the satisfaction or compensation sought, and the name of the arbitrator it has appointed. The party receiving such communication shall, within forty-five (45) days, notify the adverse party of the name of the person it has appointed as arbitrator. If, within thirty (30) days after delivery of such notification to the claimant, the parties have not agreed upon the person who is to act as Referee, either party may request the Secretary General of the Organization of American States to make the appointment.

In cases of agreements with Argentina, the parties agree that in paragraphs (a) and (b), above, where it reads: "Secretary General of the Organization of American States", it shall read instead: "President of the International Court of Justice."

(c) **Convening of the Tribunal.** The Arbitration Tribunal shall be convened in Washington, District of Columbia, on the date designated by the Referee and, once convened, the Tribunal itself shall decide when it shall meet.

In cases of agreements with Argentina, the parties agree that this paragraph (c) shall read instead: "The Arbitration Tribunal shall be convened at the place and date it designates and, once convened, it shall meet on the date decided by the Tribunal."

(d) **Procedure.**

- (i) The Tribunal shall be competent only to hear the matter in controversy. It shall adopt its own procedures and may on its own initiative designate whatever experts it considers necessary. In any case, it shall give the parties the opportunity to make oral presentations.
- (ii) The Tribunal shall proceed ex aequo et bono, basing itself on the terms of this Agreement, and shall issue an award even if either party should fail to appear or to present its case.
- (iii) The award shall be in writing and shall be adopted with the concurrent vote of at least two of the members of the Tribunal. It shall be handed down within sixty (60) days from the date on which the Referee has been appointed, unless the Tribunal determines that, due to special and unforeseen circumstances, such period should be extended. The parties shall be notified of the award by means of a communication signed by at least two members of the Tribunal. The parties agree that any award of the Tribunal shall be complied with

within thirty (30) days from the date of notification and it shall be final and not be subject to any appeal.

(e) **Costs.** The fees of each arbitrator shall be paid by the party which appointed him or her and the fees of the Referee shall be paid by both parties in equal proportion. Prior to the convening of the Tribunal, the parties shall agree on the remuneration of any other person who by mutual agreement, they deem should participate in the arbitration proceedings. If such agreement is not reached in a timely manner, the Tribunal itself may determine the compensation that is reasonable for such person under the circumstances. Each party shall defray its own expenses in the arbitration proceedings but the expenses of the Tribunal shall be divided and borne equally by both parties. Any doubt regarding the division of expenses or the manner in which they are to be paid shall be determined, without appeal, by the Tribunal.

(f) **Notification.** All notifications regarding the arbitration proceeding or the award shall be made in the manner provided in this Article. The parties expressly waive any other form of notification.

In cases of Agreements with Ecuador, the parties agree that, for the purposes of notification, this paragraph (f) shall read: "All notifications regarding the arbitration proceeding or to the award shall be made in the manner provided in the Agreement. The parties expressly waive any other form of notification. Notwithstanding the foregoing, any party delivering a notification hereunder must also notify the Attorney General (Procurador General del Estado) of Ecuador."

THE PROJECT

Feasibility Studies for a Risk-resilient Coastal Zone Management Program

I. Objective

- 1.01** The general objective of the Project is to strengthen the policy framework and local capacity for risk-resilient Integrated Coastal Zone Management (ICZM) in Trinidad and Tobago, with a view towards making future investments in the sustainable development and management of the country's coastal zone.
- 1.02** The specific objectives of the Project are to: (i) support the on-going development of an ICZM policy framework as mandated by Cabinet; (ii) build the foundational capacity for developing and implementing an investment program; and (iii) provide designs and feasibility analyses for the investment program for consideration for Bank financing.

II. Description

- 2.01** To achieve the objectives described in the previous section, the Project will finance the following activities:

Component 1: Support to Policy Framework and Institutional Sustainability for risk-resilient ICZM

- 2.02** This component will assist the Government of Trinidad and Tobago (GOTT) in establishing a fully-endorsed framework for ICZM and help build the capacity needed to deliver an ICZM investment program. First, experts in ICZM and knowledge of the local context will be contracted to support the National ICZM Steering Committee in assessing information gaps and providing the quantitative justification and rationale for the Policy Framework being developed as part of their mandate. Specific studies will include: (i) assessment of proposed coastal and marine development plans and potential socio-economic conflicts and synergies; (ii) economic analysis of the contribution of the coastal zone of both Trinidad and Tobago to the national economy and the sustainable development of potential growth poles; (iii) physical assessment and valuation of ecosystem services, including coastal stabilization, flood protection, water quality control, recreational and provisioning services and identification of measures to build ecosystem resilience; (iv) establishment of priorities and an action plan for nation-wide vulnerability and risk assessment. Second, the network of agencies active in ICZM, including the agencies represented in the National ICZM Steering Committee, will receive capacity building in a series of workshops focusing on recent trends in ICZM, including the integration of disaster risk management and climate change adaptation, the

mainstreaming of ecosystem services and biodiversity, economic analysis of investment options, science-based coastal engineering (including non-structural measures), and ecosystem-based coastal protection. The design of the training program will be based on a needs assessment. Third, the Project will finance public awareness and consultation activities, including: (i) public consultations for the proposed Policy Framework, tailored to the most appropriate modalities for ensuring meaningful engagement of stakeholders in both Trinidad and Tobago; and (ii) multi-media campaigns aimed at increasing awareness and understanding of coastal risks and the benefits of risk-resilient ICZM.

Component 2: Design and feasibility analysis of risk-resilient ICZM investment program

- 2.03** This component will support the preparation of a risk-resilient ICZM investment program that is consistent with the Policy Framework developed by the National ICZM Steering Committee and international best practice in ICZM in the Caribbean while simultaneously recognizing the unique characteristics of both Trinidad and Tobago's coastal zones. As such the investment loan to be designed through the technical cooperation will combine: (i) sound science on assets, processes and risks in the coastal zone, including those associated with natural disasters and climate change; (ii) an effective governance structure involving key stakeholders; and (iii) investments that address specific relevant issues for sustainable coastal development in Trinidad and Tobago (in this case coastal risks such as shoreline and cliff instability, coastal flooding, sea level rise, conflicts between coastal uses, coastal public access) with innovative approaches.
- 2.04** In order to deliver an investment package, this component will finance the services of an internationally recognized firm with experience in the design and feasibility analysis of coastal investment programs to work with the GOTT on two sets of activities. First, the firm will prepare the specifications of baseline scientific studies needed for coastal risk assessment and management, including: (i) validation of priority baseline information gaps (e.g., bathymetry, coastal and oceanographic processes, hazards, risks) and how to fill them cost-effectively; (ii) preparation of terms of reference for baseline studies; and (iii) preparation of terms of reference for an integrated national coastal information platform. In addition to the specifications, the firm will be responsible for estimating the costs of the studies. Second, the firm will conduct the feasibility analysis of the investment package, including: (i) validation of coastal infrastructure investment priorities (Trinidad component and Tobago component), to include where appropriate ecosystem-based coastal protection, non-structural and soft-engineering measures; (ii) preparation of engineering and non-structural designs for pilot investments; and (iii) feasibility analysis of investments in accordance with the requirements of the Bank for public sector financing, including socioeconomic, environmental, financial, and institutional feasibility.

III. Total Cost of the Project

IV. Execution

- 4.01** The Executing Agency of component 1 and of the overall Project coordination will be the Ministry of Planning and Sustainable Development (MPSD), which is charged with overseeing and directing the policies that guide socio-economic planning and spatial development. The MPSD is spearheading the formulation of the National Spatial Development Strategy, promoting a more comprehensive and inclusive approach to spatial planning. The MPSD coordinates with several agencies involved in sustainable development and ICZM, including the Ministry of Works. The MPSD is a member of the National ICZM Steering Committee, serving as chair of the Social and Economic Development Working Group. For the financial management of the operation, the Executing Agency will purchase and install financial management software and assign a part-time project accountant to provide the necessary financial management support.
- 4.02** The National ICZM Steering Committee will serve as the Technical Advisory Committee (TAC) for the Project. In that capacity, the National ICZM Committee will provide technical advice in the execution of the studies in Components 1 and 2, validate the needs assessments for capacity building and review and comment on consultants' interim results and draft reports. A project coordinator will be hired by the MPSD with the resources of the Contribution to liaise with the National ICZM Steering Committee, to finalize terms of reference, coordinate the recruitment of consultants and ensure timely submission of results.
- 4.03** The Bank will execute Component 2 of the Project, and will carry out the selection and contracting of the consulting services of that component pursuant to its policies.
