

MINISTRY OF DIGITAL ECONOMY AND DIGITAL TRANSFORMATION (MENTD)

TOGO DIGITAL ACCELERATION PROJECT P179138

Negotiations Version

ENVIRONMENTAL AND SOCIAL COMMITMENT PLAN (ESCP)

September 2024

1 / 14

ENVIRONMENTAL AND SOCIAL COMMITMENT PLAN (ESCP)

- 1. The Government of the Republic of Togo (hereinafter referred to as the Recipient) will implement the "Digital Acceleration Project in Togo (P179138, the Project), in association with the Ministry of Digital Economy and Digital Transformation (MENTD), the Ministry of Higher Education and Research, the Ministry of Primary and Secondary Education (MEPS), the Minister of Technical Education, The Ministry of Vocational Training and Apprenticeship, the Ministry of Health and Public Hygiene (MSHP), the Ministry of Universal Access to Health Care and Health Coverage (MAUSCS), the Ministry of Territorial Administration, Decentralization and Customary Chiefdom (MATDCC), the Ministry of Economy and Finance (MEF), the Ministry of Environment and Forest Resources (MERF), Agence Togo Digital (ATD) and Société des Infrastructures Numériques (SIN), as set out in the Financing Agreement. The International Development Association, acting as an accredited entity (the Association), has agreed to provide financing for the Project as set forth in the agreement referred to above.
- 2. The Recipient shall ensure that the Project is implemented in accordance with the Environmental and Social Standards (ESSs) and this Environmental and Social Commitment Plan ("ESCP"), in a manner acceptable to the Association. The ESCP forms part of the Financing Agreement. Unless otherwise specified in this ESCP, the capitalized terms used therein have the meanings ascribed to them in the referred agreement.
- 3. Without limitation to the foregoing, this ESCP sets out the material measures and actions that the Recipient will implement or cause to be carried out, including, if applicable, the timeframe for such actions and measures, institutional, staffing, training, monitoring and reporting arrangements, and grievance mechanism. The ESCP also sets out the environmental and social instruments to be adopted and implemented under the Project, to be subject to prior consultation and disclosure, in accordance with the ESSs, and in form and substance acceptable to the Association. Once adopted, such environmental and social instruments may be revised from time to time with the prior written agreement of the Association.
- 4. As agreed between the Association and the Government of Togo, this ESCP may be revised from time to time during Project implementation, as necessary, to reflect adaptive management of Project changes or unforeseen circumstances or in response to an assessment of Project performance. In such circumstances, the Recipient, through MENTD, and the Association agree to revise the ESCP accordingly, through an exchange of letters signed between the Association and the MENTD. The Recipient shall promptly disclose the revised ESCP.

MATERIAL MEASURES AND	ACTIONS	TIMELINE/ TIMELINE	RESPONSIBLE ENTITY
MONITORING AND REPORTING			
Has REGULAR REPORTING preparing and submitting to the Association on a the environmental, social, health and safety (H including but not limited to the implementation of and implementation of the environmental and so safety, required under the ESCP, Stakeholder en of the Grievance Redress Mechanism(s) (GRM) Abuse/Sexual Harassment (SEA/SH) and measu BBINCIDENTS AND ACCIDENTS	ESHS) performance of the Project, of the ESCP, the status of preparation cial instruments, including health and ngagement activities and functioning addressing Sexual Exploitation and	Submit quarterly reports to the Association, throughout Project implementation after the Effective Date. Transmit each report to the Association not later than 15 days after the end of each quarter.	Project Implementation Unit (PIU) within MENTD. PIU within MENTD.
promptly notify the Association of any incident which has, or is likely to have, a significant adv affected communities, the public or workers, is accidents resulting in death or serious or mu- requirements and working conditions, exclusion Provide sufficient detail on the scope, severity, a accident, indicating immediate measures taken of information provided by any contractor and the SEA/SH complaints, no identifying information included in the notification. Any notification of an information sharing protocol to respect the survivor. A standard incident/accident reporting subcontractors and suppliers. This form does no Subsequently, at the request of the Association, on the incident or accident and propose measu- recurrence.	rerse effect on the environment, the ncluding, inter alia, SEA, (SH) and ltiple injuries, alleged violations of and discrimination of populations. nd possible causes of the incident or or to be taken to address it, and any supervising entity, if applicable. For n about the complainant should be SEA/SH/VCE incidents will follow the confidentiality and safety of the g form is sent by the Recipient to all t apply to SEA/SH incidents. the Recipient shall prepare a report	or accident no later than 48 hours after becoming aware of it and no more than 24 hours in the case of fatalities and allegations of SEA/SH. Thereafter, submit a report to the Association no later than 5 working days after becoming aware of the incident or accident. Ensure that survivors of SEA/SH/VCE are provided with medical, psychosocial support, and legal assistance by referring them to the relevant SEA/SH/VCE service providers in the project area within 48 hours. Reporting of SEA/SH cases should be based on the principle of confidentiality and should be stored in a secure location with limited access. This systematic reporting system should remain in place throughout Project implementation.	

	MATERIAL MEASURES AND ACTIONS	TIMELINE/ TIMELINE	RESPONSIBLE ENTITY
С	MONTHLY CONTRACTOR REPORTS Require contractors and supervising firms to produce monthly monitoring reports on ESHS performance in accordance with the indicators specified in the respective bidding documents and contracts and submit these reports to the Association.	Submit monthly reports to the Association upon request and as annexes to the reports due under Action A above.	PIU within MENTD Contractors and prime contractors
D	NOTIFICATIONS OF DAAB REVIEW OF CONTRACTOR'S COMPLIANCE WITH SEA/SH-PREVENTION AND RESPONSE OBLIGATIONS Notify the Association of any request submitted to the Dispute Prevention and Resolution Board (DAAB) to initiate a process to review contractors' compliance with obligations to prevent or respond to SEA and/or SH specified in the works contract with said contractors; and if any such request is made, notify the Association: (i) of the DAAB's decision with respect to such request; (ii) the supplier's notice, if any, of dissatisfaction with the DAAB's decision; (iii) any notice received at the commencement of an emergency arbitration proceeding or a full arbitration proceeding regarding the DAAB's decision and (iv) the resulting emergency arbitration order and/or the resulting full arbitration order, if any	No later than seven (07) days after the issuance or receipt, if any, of the relevant document (i.e., request to the DAAB, DAAB decision, notice of dissatisfaction, notice of commencement of emergency/full arbitration, emergency/full arbitration order, if applicable).	- Ministry of Economy and Finance - PIU within the MENTD.
ESS1: A	ASSESSMENT AND MANAGEMENT OF ENVIRONMENTAL AND SOCIAL RISKS	AND IMPACTS	
1.1	ORGANIZATIONAL STRUCTURE Establish and maintain the PIU responsible for the management of environmental, social, health and safety issues and staffed with qualified staff and adequate resources to support the management of the Project's ESHS risks and impacts, including (i) an environmental specialist and (ii) a social development and gender specialist. Recruit a security consultant as required to be responsible for all aspects of security monitoring and management, including liaison with armed forces, local communities, and security audits at project sites. The terms of reference and qualifications of all applicants shall be subject to the Association's no objection procedure.	The PIU should be in place no later than three (3) months after effectiveness of the project with key personnel, including the environmental specialist and the social development and gender specialist, as provided for in the financing agreement, and maintained throughout project implementation. Hire a security consultant if necessary.	MENTD.

	MATERIAL MEASURES AND ACTIONS	TIMELINE/ TIMELINE	RESPONSIBLE ENTITY
1.2	ENVIRONMENTAL AND SOCIAL INSTRUMENTS	- Adopt the ESIA and ESMP prior to	PIU within MENTD.
	- Adopt and implement, as necessary, an Environmental and Social Impact	the start of any activity requiring the	
	Assessment (ESIA) and prepare and implement the corresponding Environmental	preparation of such an instrument, and	
	and Social Management Plan (ESMP) for subprojects/activities that require it,	thereafter implement the ESIA and	
	including subprojects under Components 1 and 2 of the Project, in accordance with	ESMP, including specific plans	
	the relevant ESSs. The ESMP will be followed by specific plans to be prepared by	throughout Project implementation.	
	suppliers (C-ESMP, Specific Waste Management and Disposal Plan (PPGED),	- Adopt the ESMF prior to project	
	Environmental Assurance Plan (PAE), Safety and Health Protection Plan (PPSPS)).	appraisal.	
		- Adopt the SEA/SH prevention and	
	- Adopt and implement an Environmental and Social Management Framework	management action plan no later than	
	(ESMF) for the Project, in accordance with the relevant ESSs.	three (3) months after the effective date	
		of the Project	
	- Adopt and implement the following risk assessment and management tools and	- Adopt the PGS no later than the	
	instruments for the Project, in accordance with the relevant ESSs and the	effective date of the Project.	
	Environmental, Health and Safety Guidelines (ESHS):		
	✓ an Environmental and Social Management Framework (ESMF);	Require environmental compliance	
	✓ SEA/SH Prevention and Management Action Plan	certificates on ESIAs and ESMPs	
	✓ Safety Management Plan (SMP);	before works begin.	
	✓ E&S audits (if required).

	Incorporate relevant aspects of the ESCP, including relevant environmental and social	procurement documents. Supervision	
	instruments, labor management procedures, and code of conduct, in the ESHS	of contractors throughout Project	
	specifications of the bidding documents issued to contractors and project managers.	implementation.	
	Then, ensure that these contractors and their subcontractors comply with the ESHS		
	specifications of their respective contracts.		
1.4.	TECHNICAL SUPPORT	Throughout Project implementation.	PIU within MENTD.
	Ensure that any consultations, studies (including feasibility studies, if any), capacity		
	building, training, and any other technical assistance activities under the Project are		
	carried out in accordance with terms of reference acceptable to the Association and		
	consistent with the ESSs. Subsequently, ensure that the outputs of these activities are		
ECC2 I	in line with the terms of reference.		
ESS2: 1	ABOR AND WORKING CONDITIONS		

	MATERIAL MEASURES AND ACTIONS	TIMELINE/ TIMELINE	RESPONSIBLE ENTITY
2.1	LABOR MANAGEMENT PROCEDURES Adopt and implement labor management procedures (LMP) established for the Project, including, inter alia, provisions on working conditions, management of the employer-worker relationship, occupational health and safety (including personal protective equipment and emergency preparedness and preparedness and response), Code of Conduct (including on SEA/SH), forced labor, child labor, migrant workers, grievance mechanism for project workers, and requirements for contractors, subcontractors, and contractors.	Adopt LMPs prior to Project Appraisal and thereafter implement LMP throughout Project implementation.	PIU within MENTD.
2.2.	GRIEVANCE MECHANISM FOR PROJECT WORKERS: Establish and operationalize a Grievance Redress Mechanism (GRM) for Project workers, as described in the LMP and in accordance with Togolese labor legislation and ESS2.	Adopt the GRM prior to hiring workers for the Project, and thereafter maintain and operate throughout Project implementation.	PIU within MENTD.
	RESOURCE EFFICIENCY AND POLLUTION PREVENTION AND MANAGEME		
3.1	WASTE AND HAZARDOUS MATERIALS MANAGEMENT PLAN Adopt and implement a waste management plan (WMP) to manage hazardous and non-hazardous waste, including e-waste, in accordance with ESS3. Specific measures will also be included in sub-project ESIA reports and ESMPs.	Measures related to waste management/DMP will be incorporated into the ESMF, to be adopted prior to project appraisal, and the ESIAs and ESMP prior to the commencement of works. These waste management measures will be maintained and implemented throughout Project implementation.	PIU within MENTD. Ministry of Environment and Forest Resources (MERF) Agence National de Gestion de l'Environnement (ANGE).
3.2	RESOURCE EFFICIENCY AND POLLUTION PREVENTION AND MANAGEMENT Integrate resource efficiency (raw materials, energy and water), pollution prevention and management measures in the ESMP to be prepared under action 1.2 above for subprojects/activities	Same timeframe as for the adoption and implementation of the ESMP, and implementation of measures throughout Project implementation.	PIU within MENTD.
ESS4: (COMMUNITY HEALTH AND SAFETY		
4.1	TRAFFIC AND ROAD SAFETY Include traffic and road safety risk management measures in the ESMP to be developed under action 1.2 above.	Same timeframe as for the adoption and implementation of the ESMP.	PIU within MENTD. Entrepreneurs
4.2	COMMUNITY HEALTH AND SAFETY Assess and manage the risks and impacts that Project activities may generate on local populations, including risks related to labor influx and migrant workers, GBV/SEA/SH and violence against children (VIE), behavior of Project workers in relation to respect of community customs, security and HIV/AIDS risks, labor influx, emergency response, and include mitigation measures in the ESMPs to be prepared in accordance with the ESMF.	Prior to the start of construction	PIU within MENTD Entrepreneurs Oversight mission
