Project Development Objectives

Project Development Objective (from Project Appraisal Document)

The overall objective of the grant is to meet EITI requirements and support Afghanistan to become an EITI compliant country. Other objectives are to help establish a sound EITI implementation mechanism to enhance the Government's capacity to effectively regulate Afghanistan's minerals and hydrocarbon resources sector in a transparent manner, fostering private investment in the sector and ensuring that extractive industries benefit those who are most impacted.

Has the Project Development Objective been changed since Board Approval of the Project Objective?

Implementation Status and Key Decisions

The MDTF Phase II became effective recently and it is still in too early a stage for a meaningful progress to report. Just to mention, some preliminary work being done on part of initiating communication and outreach activities such as developing the AEITI website and preparing for broadcasting EITI video spots and documentary. Most of the activities are still at the procurement stages.
