RE: Support for the Development of a National Airlift Diversification Plan

In reference to the captioned subject, and as a result of the damage inflicted by Hurricane Joaquin, I have been directed to advise that while the Ministry of Finance is supportive of this Technical Cooperation, it is of the view that the majority of resources should be dedicated to capacity building, as well as the strategic business plan for the rehabilitation and operation of the Family Island airports.

Should you require further clarification in this regard, please do not hesitate to contact the undersigned.

Sincerely,

RE: Support for the Development of a National Airlift Diversification Plan (BH-T1044)

Further to our letter dated October 22, 2015 confirming the support to the Ministry of Finance for the project in caption, please be advised that the Ministry of Finance is requesting that the Bank be the executing agency for the operation to facilitate use of the Bank's procurement procedures which are more responsive to the state of emergency conditions which currently exist in the wake of hurricane Joaquin.

Should you require further clarification in this regard, please do not hesitate to contact the undersigned.

Sincerely
