Implementation Status and Key Decisions

The Program was approved by the WBG Board on September, 28, 2017, and the Loan Agreement was signed on December 22. The Loan has now to be approved by the Congress to reach effectiveness. The Dominican Republic Government has shown strong commitment towards achieving the PDO in the two focus areas included in the policy matrix. Given the very brief implementation window since approval of the program no key decisions have been made to date.
