Dear Vishal,

Hope this email finds you well.

I'm a researcher trying to understand global livestock supply chains.

As part of my work and in view of the proposed IFC loan to Ferme Agro-pastorale Jambo Sarl, I would like to know whether your company supplies, or it's planning to supply, livestock (or poultry) farmers with animal feed.

Asking as wheat and soybean are among the major components of most animal feed worldwide, but I could not find any specific reference to its production on your company's website.

Thank you in advance for your support.

Kind regards,
Alessandro

Hi Alessandro,

Good day.

May you pls give me your credentials. What company you work for and what are you looking to find out with this information.

Thanks & Regards

Ferme Agro - Pastorale Jambo

Dear Vishal,

Thank you for your prompt response.

I work for a non-governmental organization that studies multilateral development banks' (MDBs) investments into the agriculture sector in order to promote these institutions' accountability and transparency. As part of my work, I would like to specifically understand what portion of MDBs' investments is supporting livestock supply chains.

The work is part of an effort to generally understand international financial flows into animal farming, and disclose aggregated data about that, as well as - if needed - a few examples.

Thanks again for your cooperation.

Kind regards,
Alessandro

Dear Vishal,

Excuse me for the additional email.

I did not clarify that earlier, but as a matter of security, I would like to keep the name of my organization confidential. Hope that's OK with you. At the same time, as an IFC's stakeholder, I would expect to be provided with transparent information.

Thank you for your understanding.

Kind regards,
Alessandro
