World Bank Lending	250.00

Decision

The review did authorize the preparation to continue

Note to Task Teams: End of system generated content, document is editable from here.

The concept stage program information document summarizes the main elements of the evolving operation. **The total length of the main body (i.e., Sections B to E) should not exceed 2 pages (in “Calibri” 11 point font size).**

Please delete this note when finalizing the document.

B. Introduction and Context

Country Context

Note to Task Teams: This section should summarize briefly the country's main economic and development challenges and context for the operation, including recent macroeconomic developments and the adequacy of the macroeconomic climate, progress on institutional and structural reforms related to the operation, and the political context, when needed. For sector-focused operations it should describe the main related development challenges and reform agenda. **This section is expected to have 1-2 paragraphs. *Please delete this note when finalizing the document.***

Relationship to CPF

Note to Task Teams: This section summarize how the proposed operation is linked to CPF outcomes and the twin goals of ending extreme poverty and promoting shared prosperity in a sustainable manner, and how other operations are complementing the operation to achieve CPF outcomes. **This section is expected to have 1 paragraph. *Please delete this note when finalizing the document.***

C. Proposed Development Objective(s)

Note to Task Teams: The PDO has been pre-populated from the datasheet for the first time for your convenience. Please keep it up to date whenever it is changed in the datasheet.

This section should provide a clear, succinct statement of the program development objectives. **This section is expected to have 1 paragraph. *Please delete this note when finalizing the document.***

The programmatic DPF series aims to support reforms strengthening public sector institutions and laying the foundations for sustained, private sector-led development.

Key Results

Note to Task Teams: This section should briefly describe the main results expected from the operation as set out in the Program Document (1 paragraph). **This section is expected to have 1 paragraph. *Please delete this note when finalizing the document.***

D. Concept Description

Note to Task Teams: This section should describe the main policy areas where specific actions are supported by the proposed operation. A brief description of the proposed prior actions should also be included in this section, including the linkages to the Government's program. **This section is expected to have 2-3 paragraphs.**

Please delete this note when finalizing the document.

E. Poverty and Social Impacts, and Environmental, Forests, and Other Natural Resource Aspects

Poverty and Social Impacts

Note to Task Teams: This section should highlight (i) prior actions supported under the program which are likely to have significant poverty and social effects (positive or negative) especially for poor people and vulnerable groups and (ii) those prior actions where such effects are to be determined. It should (i) briefly summarize any relevant analytic knowledge of these effects and of the borrower's systems for reducing adverse effects or enhancing positive effects associated with the specific policies being supported and (ii) highlight any proposed future analysis during preparation of the DPF to inform the poverty and social assessment. **This section is expected to have 1 paragraph. Please delete this note when finalizing the document.**

Environmental, Forests, and Other Natural Resource Aspects

This section should highlight (i) prior actions supported under the program effects on environment, forests and natural resources and (ii) those prior actions where such effects are to be determined. It should (i) briefly summarize any relevant analytic knowledge of these effects and of the borrower's systems for reducing adverse effects or enhancing positive effects associated with the specific policies being supported and (ii) highlight any proposed future analysis during preparation of the DPF to inform the assessment of environmental impacts. **This section is expected to have 1 paragraph. Please delete this note when finalizing the document.**
