<b>7a. Project Development Objectives/Outcomes</b>
<b>Original/Current Project Development Objectives/Outcomes</b>
The objective of the Project is to support capacity development and investment climate reforms in order to accelerate economic growth. One of the medium term outcomes in Malawi's Country Assistance Strategy (CAS) is an improved climate for private business. This project is one instrument by which the Bank seeks to achieve this outcome. This will be done by reducing the regulatory burden and costs of doing business; improving service delivery to the private sector; access to finance for Small and Medium Enterprises (SMEs); and by strengthening support for technical and business management skills, thereby improving productivity and competitiveness at the firm level.
