#### Implementation Status and Key Decisions

The original USMID Program has fully disbursed the total credit of SDR 97.4 million, and the PDO achieved.

The USMID Additional Financing (AF) of US\$360 million was approved by Board in May 15, 2018, signed on February 25, 2019 and declared effective on May 11, 2019. Out of the total Program funding of SDR231.70 million, cumulative total disbursement now stands at (USD140.3 m) representing 41 percent of the total funding. The Annual Performance Assessments (APA) to inform disbursement for FY21/22 have been completed by the independent IVA firm and the Quality Assurance Review (QAR) by the Bank completed. The client will submit request for disbursement for FY2021/22 before end June 2021. In addition, the design of prioritized infrastructure has been completed in the packaged seven clusters (covering 22 Cities/MCs). Contracts have been signed in three clusters and two additional clusters are likely to sign by end April or early May 2021. There is need for close supervision of the contracts once implementation starts to avoid slippages.
