Project Development Objectives

Project Development Objective (from Project Appraisal Document)

The Program Development Objective is: Increased access to safety net and disaster risk management systems, complementary livelihoods services and nutrition support for food insecure households in rural Ethiopia.

This will be achieved through 1) support for building core instruments and tools of social protection and DRM systems, 2) delivery of safety net and enhanced access to livelihoods services for vulnerable rural households, and 3) improved program management and institutional coordination.

The project will also contribute to the higher level objectives of (i) improved household food security, livelihoods and nutrition, and (ii) enhanced household and community resilience to shocks. This is consistent with the higher level objectives of the ongoing APL series supporting the PSNP.

Has the Project Development Objective been changed since Board Approval of the Project Objective?
