

CONTRIBUTION TO THE ADB RESULTS FRAMEWORK

No.	Level 2 Results Framework Indicators (Outputs and Outcomes)	Targets	Methods / Comments
None			<p>Policy-based loans do not usually deliver identifiable outputs that can be directly attributable to the program.</p> <p>Subprogram 3 makes an indirect contribution to the Asian Development Bank (ADB) Results Framework, particularly through (i) the volume of cross-border cargo facilitated (Regional Cooperation and Integration); (ii) the number of microfinance accounts and end borrowers reached (Finance); and (iii) the number of students trained under improved quality assurance systems (Education).</p> <p>Subprogram 3 contributes to ADB's Strategy 2020 by addressing binding constraints to private sector development in the Kyrgyz Republic. Some of the indicators to be monitored include (i) gross fixed capital formation, private sector; (ii) lending to the private sector as a % of gross domestic product; and (iii) the number of women entrepreneurs.</p>
