Independent Auditor's Report

To the Management of the Project "Water Resources and Irrigation Project" and Ministry of Finance of the Republic of Albania.

We have audited the accompanying special purpose financial information comprising the statement of sources and uses of funds, statement of withdrawal applications and the related notes of the "Water Resources and Irrigation Project" (further referred to as the "Project"), implemented by the Ministry of Agriculture, Rural Development and Water Administration (MARDWA) and Ministry of Environment financed under International Bank for Reconstruction and Development (IBRD) Loan Agreement Number 8211-AL, Swedish International Development Cooperation Agency (SIDA) Grant No TF014255 and Government of Albania Contribution for the period from 1 January to 31 December 2015. The special purpose financial information has been prepared by the management of the Project in accordance with policies described in note 2 of the special purpose financial information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the special purpose financial information in accordance with the accounting policies described in note 2 and the relevant provisions set out in the Loan Agreement 8211-AL, and for such internal control as management determines is necessary to enable the preparation of the special purpose financial information that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the special purpose financial information based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the special purpose financial information is free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the special purpose financial information. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the special purpose financial information, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the special purpose financial information preparation and fair presentation in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the special purpose financial information. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the special purpose financial information of the Project "Water Resources and Irrigation Project" is prepared, in all material respects, in accordance with the cash receipts and disbursement basis of accounting as set out in note 2 to the special purpose financial information.

Restriction on Use and Distribution

Without modifying our opinion, we draw attention to note 2 to the special purpose financial information, which describes the basis of accounting. The special purpose financial information is prepared to assist the Project to comply with the financial reporting provisions of the financing agreements set out in the note 1 to the special purpose information. As a result, the special purpose financial information may not be suitable for another purpose. Our report is intended solely for the Project, the donors and the Government of Albania and should not be used by or distributed to parties other than the Project, the donors or the Government of Albania.

Notes to the Special Purpose Financial Information

1. General

The Water Resources and Irrigation Project ("the Project") is financed by the International Bank for Reconstruction and Development ("IBRD") and the Swedish Government through Swedish International Development Cooperation Agency ("SIDA") and GoA contribution. The total project cost is EUR 34.88 million, of which EUR 31.0 million would be from an IBRD Specific Investment Loan (SIL). The Swedish International Development Agency (SIDA) will co-finance USD 4.675 million (EUR 3.88 million) and Government of Albania EUR 6,95 million towards the costs of strengthening IWRM and project management.

Project beneficiaries include water resource management institutions, including Ministry of Environment (MoE) and Ministry of Agriculture, Rural Development and Water Administration (MARDWA).

The main development objective of the Project is to increase the area under improved irrigation and drainage, improve the safety of dams and establish the institutional basis for improved water resource management in two priority river basins, namely the Drini-Buna and Seman.

The start date of the Project was 26 August 2010 when the Ministry of Finance agreed on the Advance Agreement for Preparation of Proposed Water Resources and Irrigation Project (the Project Preparation Advance or PPA). Through the PPA, IBRD agreed to advance an amount maximum to USD 1 million. This fund aimed preparing a feasibility study which provided information on the existing status of the 14 dams and associated irrigation systems, which represent the first phase of the Project. During February 2012, the project preparation phase was supported by SIDA which agreed to contribute an amount maximum to 1.8 million Swedish Krona. This amount was intended to be used for the preparation of the study on "Environmental and Social Impact Assessment, Resettlement Policy and Baseline Surveys". After the finalization of the project preparation phase, in December 2012, IBRD agreed to lend the total amount of EUR 31 million for the implementation of the project while SIDA agreed to grant a total amount which will maximum to USD 4.675 million. The project has been declared effective on May 13, 2013. The Grant Agreement nr.TF014255 between Government of Albania and Swedish International Development Bank (IBRD), acting as administrator of grant funds provided by Sweden, represented by the Swedish Agency for Cooperation and international development (SIDA), has been approved by Council of Ministers Decision no.636 date 31.07.2013

WATER RESOURCES AND IRRIGATION PROJECT

For the year ended 31 December 2015

amounts are expressed in EUR unless otherwise stated

During 2015 by means of the Council of Ministers Decision no.91 dated 04.02.2015 "For some amendments to Decision no.939 dated 09.10.2013, the Council of Ministers assigned the state responsibilities, that were previously administered by the Ministry of Environment, to the Ministry of Agriculture, Rural Development and Water Administration.

Consequently, the budget program "Water Administration" in accordance with the Grant Swedish TF 014 255 for the project of Water Resources and Irrigation, Part 3 "Institutional Support for integrated management of water resources and Part 4" Support the implementation ", was effectively assigned to MARDWA.

The implementation phase of the Project consists of the following components:

- Component 1: Dam and I&D Systems Rehabilitation. This component will be implemented by MARDWA. The objective is to rehabilitate I &D systems and dam infrastructure.
- Component 2: Institutional Support for Irrigation and Drainage. This component will be implemented by MARDWA. The objective is to improve the performance of organizations that provide irrigation services.
- Component 3: Institutional Support for Integrated Water Resources. This component will be implemented by MoE. (now MARDWA) Its objective is to establish the strategic framework to manage water resources at the national level and at the level of the Drin-Buna and Semani River basins.
- Component 4: Implementation Support. This component will be jointly implemented by MARDWA and MoE. Its objective is to manage project resources in accordance with the project's objectives and procedures as outlined in the Project Operational Manual.

2. Summary of significant accounting policies

2.1 Basis of preparation

The special purpose financial information has been prepared in accordance with the receipts and the Cash Basis of Accounting as further explained in note 4 Recognition of income and expenses. The financial information includes the period from 1 January 2015 to 31 December 2015. Cumulative information on cash receipts and disbursements from the Project's inception to 31 December 2015 is presented in the Statement of Sources and Uses of Funds.

The special purpose financial information is presented in EUR. The functional currency of the project is EUR.

The special purpose financial information comprises the Statement of Sources and Uses of Funds, Statement of Expenditures and a summary of significant accounting policies and other explanatory notes.

The Statements of Special and Project Accounts associated with the Project as supplementary schedules in appendices.

2.2 Summary of significant accounting policies

A summary of significant accounting policies underlying the preparation of the Project's special purpose financial information is presented below.

2.3 Foreign currency transactions

Funds are received in EUR and expenses are paid in LEK, USD, and EUR. The Project has adopted EUR as its reporting currency for consistency with the reporting needs of its main donor, the World Bank.

Cash and bank balances in other currencies are converted into EUR at the year-end rate of exchange. Transactions in currencies other than EUR are converted to the reporting currency at the rate ruling at the date of the transaction.

As at the year-end, 1 Euro is equivalent to 137.28 ALL, 1 USD is equivalent to 125.79 ALL and 1 SEK is equivalent to 14.96 ALL (Exchange rate Bank of Albania 31.12.2015)

2.4 Recognition of income and expenses

Income is recognized when received rather than when earned, and expenses are recognized when paid rather than when incurred. Accordingly, direct payments of the Project's expenses are recognized as sources and uses of funds at the time the payment is made.

2.5 Taxation

The Project is exempt from income tax and the Government of Albania is responsible for reimbursement of Value Added Tax ("VAT") and local cost. The VAT amount stands for the contribution of Albanian Government into the project. The Project is liable for personnel income tax, social security contributions and withholding tax, and other expenditures.
